10 October 2023

Dear Luke & Virginie,

Supersmo Self Managed Super Fund

On behalf of the above self-managed super fund, please find enclosed the following documentation;

- a) 2023 Financial Statements including Declaration by Trustees and Members Statements
- b) 2023 Income Tax Return
- c) Engagement Letter
- d) Management Representation Letter
- e) Investment Strategy
- f) Trustees' Minutes/Resolutions (generated from Class)
- g) Letters of intent to claim a tax deduction
- h) Trustee Declarations

Would you please sign each document where indicated and return all documents to our office for lodgment with the Australian Taxation Office (ATO) and filing in your fund register.

The fund income tax return must be lodged by 31 October 2023. We estimate fund income tax of **\$1,213.00** is refundable in respect of the 2023 financial year.

The S.I.S. Act 1993 requires that trustees of superannuation funds review their written investment strategy annually to ensure that it conforms to the actual spread and type of investments held by the fund. You should note that the minutes from the meeting of trustees indicate that your current investment strategy has been reviewed for the year ended 30 June 2023.

We have provided a copy of your last written investment strategy for your perusal. If the fund's portfolio of investments does not conform to your written investment strategy either now or at a future time, would you please prepare an updated investment strategy and forward this to us, in order to comply with the act.

For your retention, please find enclosed a bound copy of the fund's financial statements, and a copy of the income tax return.

GST / BAS Reconciliation

We have adjusted your records to reflect *GST under-remitted on rent as well as GST under-claimed on rental property expenses*, as such there needs to be an additional amount claimed from the Tax Office for GST overstated of \$149. To do this you will need to amend your next Business Activity Statement (BAS) by **increasing 1B** by \$149.

Commercial Lease

As per the Superannuation Industry Supervisions (SIS) Act a lease of a commercial property must be conducted on an arm's length basis. It is recommended that a valid commercial tenancy agreement be in place in regard to your property. Please ensure that the lease on your property is up to date and valid and that we are provided with the most recent copy.

Property valuation

Effective, 1 July 2012 the ATO has introduced changes to the rules regarding how a Self Managed Super Fund values its assets. As such, you are required to obtain a market valuation of your property by a qualified independent valuer every year. Please ensure this valuation is obtained during the current financial year and that we are provided with a copy for your 2024 income tax return.

Audit

Upon receipt of your signed documentation, we will forward all required superannuation records to our auditor so that an independent audit report may be prepared for the year and ensure your fund's ongoing compliance. A copy of this audit report, together with any comments or recommendations provided by the auditor, will be forwarded to you in due course.

Our Fees

Since we have now completed your Income Tax Return, we have enclosed an invoice for our services. The invoice gives you a detailed description of our work performed. Our payment terms are 14 days from invoice, and payment options are shown on our invoice for your convenience. Please note we are unable to lodge your return/s until payment of our fees have been made.

11 October 2023

Dear Trustees,

Terms of Engagement for SMSF Audit

Purpose

The Terms of Engagement for Audit Engagement Services (TE) confirms our understanding of the engagement and the nature and limitations of services provided.

The objective and scope of the audit

You have requested that we audit the Supersmo Self Managed Super Fund:

- a. financial report, which comprises the statement of financial position as at 30 June 2023 and the notes to the financial statements; and
- b. compliance during the same period with the requirements of the Superannuation Industry (Supervision) Act 1993 (SISA) and SIS Regulations (SISR) specified in the approved form auditor's report as issued by the Australian Taxation Office (ATO), which are sections 17A, 35AE, 35B, 35C(2), 62, 65, 66, 67, 67A, 67B, 82-85, 103,104, 104A, 105, 109 and 126K of the SISA and regulations 1.06(9A), 4.09, 4.09A, 5.03, 5.08, 6.17, 7.04, 8.02B, 13.12, 13.13, 13.14, and 13.18AA of the SISR.

We are pleased to confirm our acceptance and our understanding of this engagement by means of this letter. Our audit will be conducted pursuant to the SISA with the objective of our expressing an opinion on the financial report and the Supersmo Self Managed Super Fund's compliance with the specified requirements of the SISA and SISR.

We wish to draw your attention to our firm's system of quality control which has been established and maintained in accordance with the relevant APESB standard. As a result, our files may be subject to review as part of the quality control review program of the Accounting Profession which monitors compliance with professional standards by its members. We advise you that by accepting our engagement you acknowledge that, if requested, our files relating to this engagement will be made available under this program. Should this occur, we will advise you.

The responsibilities of the auditor

We will conduct our financial audit in accordance with Australian Auditing Standards and our compliance engagement in accordance with applicable Standards on Assurance Engagements, issued by the Auditing and Assurance Standards Board (AUASB) and with and the Accounting Professionals and Ethical Standards APES 210 Conformity with Auditing and Assurance Standards. These standards require that we comply with relevant ethical requirements relating to audit and assurance engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement and that you have complied, in all material respects, with the specified requirements of the SISA and SISR.

The annual audit of the financial reports and records of the Supersmo Self Managed Super Fund must be carried out during and after the end of each year of income. In accordance with section 35C of the SISA, we are required to provide to the trustees of the Supersmo Self Managed Super Fund an auditor's report in the approved form within the prescribed time as set out in the SISR, 28 days after the trustees have provided all documents relevant to the preparation of the auditor's report.

Financial audit

A financial audit involves performing audit procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. A financial audit also includes evaluating the appropriateness of the financial reporting framework, accounting policies used and the reasonableness of accounting estimates made by the trustees, as well as evaluating the overall presentation of the financial report. Due to the test nature and other inherent limitations of an audit, together with the inherent limitations of any accounting and internal control system, there is an unavoidable risk that even some material misstatements may remain undiscovered.

In making our risk assessments, we consider internal controls relevant to the Supersmo Self Managed Super Fund's preparation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Supersmo Self Managed Super Fund's internal controls. However, we expect to provide you with a separate letter concerning any significant deficiencies in the Supersmo Self Managed Super Fund's system of accounting and internal controls that come to our attention during the audit of the financial report. This will be in the form of a letter to the trustee.

Compliance engagement

A compliance engagement involves performing audit procedures to obtain audit evidence about the Supersmo Self Managed Super Fund's compliance with the provisions of the SISA and SISR specified in the ATO's approved form auditor's report.

Our compliance engagement with respect to investments includes determining whether the investments are made for the sole purpose of funding members' retirement, death or disability benefits and whether you have an investment strategy for the Supersmo Self Managed Super Fund, which has been reviewed regularly and gives due consideration to risk, return, liquidity, diversification and the insurance needs of members. Our procedures will include testing whether the investments are made for the allowable purposes in accordance with the investment strategy, but not for the purpose of assessing the appropriateness of those investments to the members.

During the course of our engagement, if we identify or suspect that Non-Compliance with Laws or Regulations (NOCLAR) has occurred or may occur, which may have a direct effect on material amounts or disclosures in the financial statements or compliance and may be fundamental to the fund's ability to continue its business or to avoid material penalty, we may:

- a. discuss the matter with the appropriate level of management, those charged with governance or the internal auditor, as appropriate,
- b. communicate the non-compliance or suspected non-compliance with the trustee and external auditor, unless prohibited by law or regulation,
- c. disclose the matter to an appropriate authority even when there is no legal or regulatory requirement to do so; and/or
- d. withdraw from the engagement and the professional relationship where permitted by law or regulation

Where appropriate we may inform you of our intention to disclose the matter to an appropriate authority before disclosing the matter. However, if we have reason to believe that the actual or intended conduct would constitute an imminent breach of a law or regulation that would cause substantial harm to the general public, we may immediately disclose the matter to an appropriate authority in order to prevent or mitigate the consequences of such imminent breach of law or regulation.

Any information pertaining to your affairs, whether it be provided by you, or through a Trusted Adviser, will be utilised and stored in an appropriate manner to maintain our professional standards and obligations. Further information on privacy is noted at section 10 of this letter.

The responsibilities of the trustees

We take this opportunity to remind you that it is the responsibility of the trustees to ensure that the Supersmo Self Managed Super Fund, at all times, complies with the SISA and SISR as well as any other legislation relevant to the Supersmo Self Managed Super Fund. The trustees are also responsible for the preparation and fair presentation of the financial report.

Our auditor's report will explain that the trustees are responsible for the preparation and the fair presentation of the financial report and for determining that the accounting policies used are consistent with the financial reporting requirements of the SMSF's governing rules, comply with the requirements of SISA and SISR and are appropriate to meet the needs of the members. This responsibility includes:

- a. Establishing and maintaining controls relevant to the preparation of a financial report that is free from misstatement, whether due to fraud or error. The system of accounting and internal control should be adequate in ensuring that all transactions are recorded and that the recorded transactions are valid, accurate, authorised, properly classified and promptly recorded, so as to facilitate the preparation of reliable financial information. This responsibility to maintain adequate internal controls also extends to the Supersmo Self Managed Super Fund's compliance with SIS including any Circulars and Guidelines issued by a relevant regulator to the extent applicable. The internal controls should be sufficient to prevent and/or detect material non-compliance with such legislative requirements,
- b. Selecting and applying appropriate accounting policies,
- c. Making accounting estimates that are reasonable in the circumstances; and

Making available to us all the books of the Supersmo Self Managed Super Fund, including any registers and general documents, minutes and other relevant papers of all Trustee meetings and giving us any information, explanations and assistance, we require for the purposes of our audit. Section 35C(2) of SISA requires that Trustees must give to the auditor any document, relevant to the conduct of the audit, that the auditor requests in writing within 14 days of the request.¹

As part of our audit process, we will request from the trustees written confirmation concerning representations made to us in connection with the audit.

Reporting

Our audit report is prepared for the members of the Supersmo Self Managed Super Fund and we disclaim any assumption of responsibility for any reliance on our report, or on the financial report to which it relates, to any person other than the members of the Supersmo Self Managed Super Fund, or for any purpose other than that for which it was prepared.

Report on matters identified

Under section 129 of the SISA, we are required to report to you in writing if during the course of, or in connection with, our audit, we become aware of any contravention of the SISA or SISR which we believe has occurred, is occurring or may occur. Furthermore, you should be aware that we are also required to notify the ATO of certain contraventions of the SISA and SISR that we become aware of during the audit, which meet the tests stipulated by the ATO, irrespective of the materiality of the contravention or action taken by the trustees to rectify the matter. Finally, under section 130, we are required to report to you and the ATO if we believe the financial position of the Supersmo Self Managed Super Fund may be or may be about to become unsatisfactory.

You should not assume that any matters reported to you, or that a report that there are no matters to be communicated, indicates that there are no additional matters, or matters that you should be aware of in meeting your responsibilities. The completed audit report may be provided to you as a signed

¹ If the Fund is a reporting entity this sentence requires amendment to read: 'Our auditor's report will explain that the trustees are responsible for the preparation and the fair presentation of the financial report in accordance with Australian Accounting Standards'.

hard copy or a signed electronic version.

Independence

We confirm that, to the best of our knowledge and belief, the engagement team meets the current independence requirements of the SISA and SISR including APES 110 *Code of Ethics for Professional Accountants* in relation to the audit of the Supersmo Self Managed Super Fund. In conducting our financial audit and compliance engagement, should we become aware that we have contravened the independence requirements, we shall notify you on a timely basis.

Our invoices may also include disbursements paid by us. These may include photocopying charges, telephone and facsimile transmission charges, travel fares and expenses, stamp duty and fees paid to third parties such as couriers, registration fees or fees for other professionals.

You own all original materials given to us.

We own all materials produced by us that resulted from our skill and attention to the extent that the materials produced by us incorporate any original materials you give to us.

In connection with your examination of the special purpose financial report of the Supersmo Self Managed Super Fund as of 30 June 2023, we acknowledge our responsibility for ensuring the financial report is in accordance with the accounting standards detailed in Note 1 to the financial statements. We confirm we have fulfilled our responsibility for the preparation of the financial report in accordance with the relevant financial reporting framework and confirm that the financial report is free of material misstatement, including omissions, and that we have approved the financial report, as evidenced by our signature on the trustee declaration attached to the financial report.

The following representations are made which are true to the best of our knowledge and belief:

Accounting Policies

All the significant accounting policies of the fund are adequately described in Note 1 to the financial statements and are consistent with the policies adopted last year, unless otherwise detailed in the notes to the financial statements.

Fund Books / Records / Minutes

As agreed in the terms of the audit engagement, all financial books, records and related data have been made available to you, including relevant minutes of the trustee's meetings and this information has been retained in the appropriate format for the required period of time.

We confirm all transactions have been recorded and are reflected in the financial report.

- a) The fund has satisfactory title to all assets disclosed in the statement of financial position; and
- b) No assets of the fund have been pledged to secure liabilities of the fund (unless the charge is permitted by the legislation) or of others.

Investments

- a) Investments as of 30 June 2023 are carried in the books at market value. Such amounts are considered reasonable in the light of present circumstances;

- b) There are no commitments, fixed or contingent, for the purchase or sale of long-term investments, that have not been disclosed in the financial report;
- c) The investment strategy has been determined with due regard to risk, return, liquidity and diversification; and
- d) Every effort has been made to ensure investments are acquired, maintained and disposed of on an arm's length basis.

Trust Deed

The fund is being conducted in accordance with its governing rules.

Income Tax Assessment Act, Superannuation Industry (Supervision) Act and Regulations

The fund is in compliance with the requirements of the relevant Income Tax Assessment Act, and the fund is being conducted in accordance with the Superannuation Industry (Supervision) Act 1993, and Superannuation Industry (Supervision) Regulations 1994 ("**SIS**") (with the exception of any contraventions as identified by you as the auditor) and we specifically confirm:

- a) The trustees/directors of corporate trustee have been nominated and may only be removed in such manner and circumstances as are allowed in the trust deed;

- d) The trustee has complied with the investment standards set out in SIS; and
- e) Information retention obligations have been complied with.

All known instances of non-compliance or suspected non-compliance with the relevant Income Tax Assessment Act or the SIS legislation whose effects should be considered when preparing the financial report, or that impact your obligation to report certain matters to the Australian Taxation Office have been disclosed to you.

Internal Controls

We acknowledge our responsibility for the design, implementation and maintenance of internal controls to prevent and detect fraud. We have established and maintained an adequate internal control structure to facilitate the preparation of a reliable financial report and to ensure that the assets of the fund are safeguarded from fraud or error. We have assessed the risk that the financial report may be materially mis-stated as a result of fraud and advise we have no knowledge of any actual, suspected or alleged fraud affecting the fund.

The fund does not have a formal process for identifying, estimating or assessing business risks relevant to the financial reporting objectives, and this is considered appropriate in the circumstances. There are no specific risks arising from the information technology utilised by the fund that require attention by the trustee.

To monitor internal controls over financial reporting, we review all reports provided by the information technology systems utilised by the fund for accuracy. This assists in determining if the information is sufficiently reliable for financial reporting purposes.

In instances where the fund uses a custodian, we confirm we have not been advised of any fraud, non-compliance with laws and regulations or uncorrected misstatements that would affect the financial report of the fund.

Contributions

Contributions, if any, received by the fund have been reviewed in line with the limits imposed by the legislation, taking into account contributions paid to other superannuation funds, and any excessive contributions will be dealt with as required by the ATO.

Legal Matters

We confirm you have been advised of all significant legal matters, and that all known actual or possible litigation and claims have been adequately accounted for and been appropriately disclosed in the financial report.

Any minutes of meetings with the fund's legal counsel have been provided for audit review.

Related Parties

All related party transactions have been brought to your attention.

Subsequent Events

Other than those reported, there are no events subsequent to year end, nor any new litigation or claims referred to the fund's legal counsel, that would require adjustment to, or disclosure in, the financial report.

Going Concern Assumption

We confirm we have no knowledge of any events or conditions that would cast significant doubt on the fund's ability to continue as a going concern.

Safeguarding Assets

We have considered the importance of safeguarding the assets of the fund, and we confirm we have the following procedures in place to achieve this:

- a) Authorised signatories on bank and investment accounts are regularly reviewed and considered appropriate; and
- b) Tangible assets are, where appropriate, adequately insured and appropriately stored.

Risk of Fraud

The nature, extent and frequency of assessments undertaken by us to conclude that there is a low risk that the financial report is materially misstated due to fraud, are informal and ad-hoc given the nature of the fund, however we confirm:

- a) The trustees are signatories on all transactions, no other party has the authority to act on behalf of the trustee; and
- b) Reconciliations are undertaken by the trustee or the fund's accountant for both investments held and all bank accounts maintained by the fund.

We have not identified any specific risks of fraud; however, we acknowledge that if fraud existed within the fund, the most likely areas of concern would be investments or cash being mis-appropriated or contributions being intercepted prior to being banked into the fund's bank account.

Procedures for Identifying and Responding to Fraud

As trustee we believe adequate controls are in place to reduce the risk of fraud, however, should fraudulent activity be identified, the trustee would ensure all trustees are aware of the situation and the fund's accountant and auditor would be informed.

Depending on the situation, steps would be implemented to cease the fraudulent activity and further controls would be put in place to limit any future activity from affecting the fund.

Existence of Fraud

We confirm we have no knowledge of any actual, suspected or alleged fraud affecting the fund.

Yours faithfully,

**REPORTING ENTITY
CONCEPT:**

It was resolved that, in the opinion of the trustee, the fund is not a reporting entity because it is unlikely that users exist who are unable to command the preparation of reports tailored so as to satisfy specifically all their information needs.

Therefore, the financial statements for the fund are to be prepared on the basis of the fund being a "non-reporting entity", and will therefore take the form of Special Purpose Financial Reports.

The completed Self-Managed Superannuation Fund Annual Return for the financial year ended 30 June 2023 was tabled for consideration at the meeting.

2. the fund satisfies the statutory requirements and conditions applicable to be classified as a 'Regulated Superannuation Fund/Complying Superannuation Fund' for the year of income and;
3. the income tax return be adopted in its present format and that the Return be signed by the Trustees.

REVIEW OF INVESTMENT STRATEGY:

The fund's investment performance for the year ended 30 June 2023 and existing investment strategy have been reviewed by the Trustees, after considering:

1. the risk involved in making, holding and realising, and the likely return from, the fund's investments having regard to its objectives and its expressed cash flow requirements;
2. the composition of the fund's investments as a whole including the extent to which the investments are diverse or involve the funds being exposed to risks from inadequate diversification;
3. the liquidity of the fund's investments having regard to its expected cash flow requirements;
4. the ability of the fund to discharge its existing and prospective liabilities;
5. whether the fund should hold a contract of insurance that provides insurance cover for members of the fund; and
6. the effect of the fund's investments on the above requirements and all matters relating to the prudential nature of the investment being continuously monitored, regularly reviewed and to make sure they adhere to fund's investment objectives and relevant legislation.

It was resolved that the aims and objectives of the investment strategy were being achieved and that the said investment strategy requires no further modification or adoption at this time.

1 Introduction

The crucial area of responsibility for a Trustee of a Self-Managed Superannuation fund (“SMSFs”) is investment management of the fund. Under the Superannuation Laws (the *Superannuation Industry Supervision Act 1993* - SISA) the Trustee of every SMSF is required to set an investment objective and in addition prepare and implement an investment strategy for the fund. The investment objective and strategy must reflect the purpose and circumstances of the particular super fund and have particular regard to:

- Investing in such a way as to maximise investment returns for retirement purposes for all members of the SMSF and in that regard consider the risk associated in holding the investment.
- Ensuring that there is appropriate diversification in investments and consideration of the benefits of investing across a number of different asset classes (for example shares, property, fixed interest, cash, etc.);
- The ability of the super fund to pay benefits as well as other costs of the superannuation fund as they become due and payable which may include the repayment of principal and interest where the Trustee of the fund undertakes Limited Recourse Borrowing Arrangement.
- The necessity of the Trustee to consider the insurance needs and requirements of all members of the
- SMSF.

An appropriate investment strategy should set out the investment objectives of the super fund and detail the investment methods the Trustee of the fund may use to achieve those objectives. Trustees must ensure all investment decisions are made in accordance with the investment strategy and that they are in writing – *this is the law*. Trustee also needs to ensure that they prepare, implement and regularly review the SMSF’S investment strategy.

Investment Rules are one of the most important requirements of the SISA and breaches of this requirement can result in the Trustee being fined or sued for loss or damages. In addition, the super fund can lose its complying status.

Whilst Trustees are not prevented from engaging or authorising other persons to act on or to do certain things on their behalf (e.g., engaging the services of an investment adviser or financial planner), they are bound to retain control over the fund. Ultimate responsibility and accountability for running the fund in a prudent manner lies with the Trustees.

For more information go to the Australian Taxation Office (ATO) website.

2 Investment Strategy Guideline – The Commissioners View

The ATO has released important guidelines in relation to investment objectives and investment strategies for Trustees of an SMSF and their advisers. An investment strategy should set out the investment objectives of the fund and detail the investment methods the Trustees may adopt to achieve these objectives.

The key obligations raised by the ATO concerning the fund’s investment objectives and investment strategy are as follows:

- The Trustees of an SMSF are solely responsible and directly accountable for the prudential management of their member’s benefits. They can use an adviser but ultimately, it is the Trustee who retains responsibility.
- As part of this prudential responsibility, the Trustees of an SMSF are required to prepare and implement an investment strategy for the superannuation fund;
- The strategy must reflect the purpose and circumstances of the fund and have particular regard to the membership profile, benefit structure, tax position and liquidity requirements of the fund;

- An investment strategy should set out the investment objectives of the fund and detail the investment methods the Trustees may adopt to achieve those objectives;
- It is the Trustees duty to make, implement and document decisions about investing fund assets and to carefully monitor the performance of those assets;
- The Trustees must ensure all investment decisions are made in accordance with the investment strategy;
- The investment strategy must be regularly reviewed;
- Insurance must be considered for all members of the fund; and
- Breaches of the investment strategy requirement may result in the Trustees being fined or sued for loss or damages. In addition, the fund could lose its complying status.

WHY AN INVESTMENT STRATEGY IS IMPORTANT

Where the fund does not complete an investment strategy or the ATO is of the view that the purported investment strategy does not amount to an investment strategy at all then there may be a breach of SIS Reg 4.09.

The breach may result, as noted in the ATO guidelines, in the following:

- The Trustee being liable to a monetary fine; the Trustee being able to be sued for any loss or damage caused as a consequence of the Trustee making an investment not covered by an investment strategy;
- The Superannuation Laws provide a defence to Trustees against an action for loss or damage suffered as a result of the Trustee making an investment. This defence is available when the Trustee can show that the investment was made in accordance with an investment strategy formulated and implemented under the investment strategy rules. If there is no investment strategy, then members of the fund may sue the Trustee for any loss or damage to their member benefits as a result of the Trustee making an investment not in accordance with the fund's investment strategy.
- The existence of a statutory defence allows Trustees to focus on the overall risks of the total investments, rather than the risk attached to each investment in isolation. This enables the Trustee to invest fund assets according to the investment strategy in what might, when considered in isolation, appear to represent a rather risky investment.

This emphasises the importance for Trustees to document their considerations and approaches to investment decision. An investment strategy must be reviewed regularly.

3 Investment Restrictions for SMSF trustees

SMSFs are restricted in the investments they can make. These restrictions aim to protect superannuation fund members from being overly exposed to risk and aim to ensure that the assets of the fund may be available to provide retirement income rather than providing current day support. In accordance with SISA the Trustees may not:

- Lend money or give other financial assistance to a member or a relative of a member of the fund.
- The use of superannuation assets by a member or members relative for no cost or on a guarantee to secure a personal loan would be in breach of the investment restrictions [SISA S65(1)].
- Intentionally acquire an asset from a member or a relative of a member of the fund (related party) unless it meets the following criteria: [SISA S66]
 - The asset is business real property, or a listed security; and
 - Is acquired at market value;
 - The asset is an "in-house asset" which, after being acquired by the Trustees would not result in the level of "in-house assets" of the fund exceeding more than 5% of the superannuation fund assets.

- Borrow any funds, other than to overcome cash flow problems in the payment of benefits or surcharge liabilities. Any borrowings may be restricted to a period not exceeding 90 days and may not exceed 10% of the market value of the fund's total assets. [SISA section 67]. However, the trustee of the fund may borrow pursuant to a limited recourse loan arrangement under SISA sections 67A and 67B to acquire a single acquirable asset that is allowed to be acquired by the Trustee of the fund.
- Acquire any fund assets for amounts other than arm's length consideration. Investments must be made and maintained on a strict commercial basis and any related party arrangement must not favour the related party although in certain conditions it may favour the Trustee of the SMSF. The purchase and sale price of super fund assets and the income from the assets should duly reflect a true market rate [SISA section 109].
- Trustees should consider the costs associated with the asset (i.e.: insurance costs particularly where there is an SMSF Borrowing). Also, where a fund acquires an asset which is utilised by the member at no cost, a breach of the Sole Purpose Test may have occurred.

4 The fund's Investment Guidelines

Trustees of SMSFs are responsible for determining investment strategies and selecting investments for each strategy consistent with the fund's investment objectives and more importantly the fund's purpose. The Trustee is responsible for monitoring on an ongoing basis whether investments remain consistent with investment strategies and remain appropriate for the fund. The Trustees are also responsible for periodically informing members of the fund's investment strategies and objectives. The Trustee of the fund may make and maintain an investment strategy for a single member of the fund or a specific superannuation interest in the fund such as a member's pension.

The governing rules of the fund allow the Trustee to invest in any or all (but not limited) to the following investment types:

Cash Management Trust

Prior to investing in any cash management trust, the Trustee should consider the rate of return and security of such investment against the expected rate of return offered by alternative investments to cash.

Debenture/Mortgage Funds

Prior to investing in any debenture/first or even second mortgage, the Trustee may consider the period of investment, the security offered, the accessibility of funds, the return, and likely interest rate movements. As there have been a number of failed debenture and mortgage funds in the past decade the Trustee should seek professional advice before investing in this type of asset class.

Unit Trusts

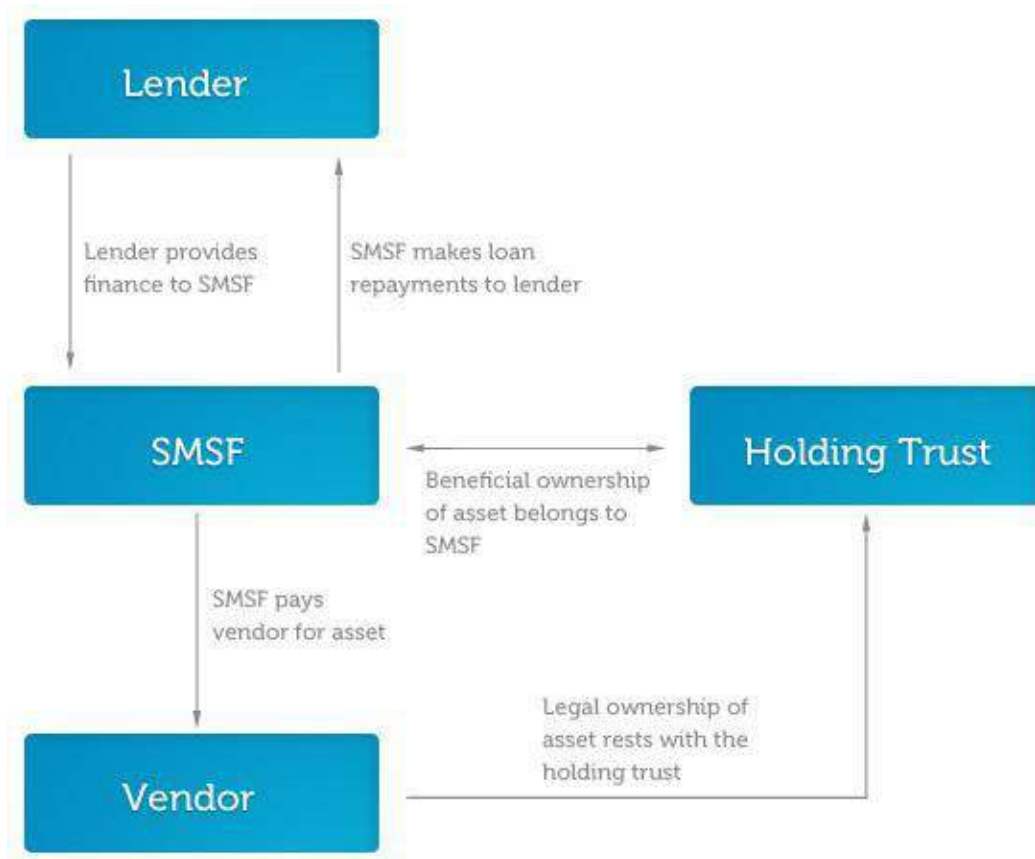

Prior to acquiring or disposing of any units in an unlisted unit trust the Trustee may:

- Obtain appropriate advice on whether the investment would constitute an impermissible in-house asset of the fund under SISA; and
- Obtain and consider valuations of all real and other property held by the unit trust to ensure the price of the units reflect true market value.

The Trustee may also ascertain the intentions of the Trustee of the unit trust in relation to borrowings (if any) and the use of the property as security.

Limited Recourse Borrowing Arrangement – SMSF Borrowing

SMSFs can now borrow via a limited recourse loan arrangement pursuant to section 67A of SISA. This must be done with the following structure:

Prior to using a Holding Trust for the purposes of a limited recourse loan the Trustee of the fund is to secure appropriate borrowing from a bank, credit union or even a related party and at the same time ensure the arrangement meets the limited recourse lending rules under the Superannuation Laws, does not breach any other laws and that the underlying property to be acquired is one that can be acquired by the Trustee. It must be a single acquirable asset such as commercial property or residential property.

The trustee is to include the value of the attached liability for the purposes of this investment strategy either directly or as a net value of the single acquired asset subject to the limited recourse loan arrangement.

Shares – Public Company

Prior to acquiring (or disposing) of any shares in public companies, the Trustee may consider the portfolio profile of the fund and the diversification of shareholding across different market sectors (industrial, retail, banking, mining and other sectors) with a view to attempting to obtain a reasonable diversification within the available assets. The Trustee may also consider advice in relation to expected capital growth and dividend income from the shareholding.

Shares – Private Company

Prior to acquiring or disposing of any shares in non-associated proprietary companies, the Trustee may obtain a valuation to satisfy itself that the price of the shares reflects true market values and constitute a prudent investment/disposal.

The Trustee may also consider the saleability, security and dividend return of the shares and may ensure that the acquisition is not an in-house asset beyond acceptable limits.

Direct Property

Prior to acquiring or disposing of any property to be held directly by the fund both within and outside Australia, the Trustee may obtain and consider property and rental valuations to satisfy the Trustee that the price of the property reflects the true market value and constitutes a prudent investment/disposal on an arm's length basis.

In obtaining a tenant (if any) for any property held by the fund, the Trustee may only enter into a lease with a fund member-, employer sponsor or their SISA Part 8 Associates where to do so would not constitute an impermissible in-house asset of the fund under SISA and provided that a written lease agreement is made, and the transaction is entered into on an arm's length basis with regular rental reviews. The Trustee should seek legal advice where a lease to a related party is contemplated.

In determining the proportion of fund assets to be invested directly in property, the Trustee may consider the liability profile and liquidity requirements of the fund.

Agribusiness Investment

Prior to investing in Agribusiness, the Trustee should consider the profile of the fund and seek expert advice on the appropriateness of the investment. Trustees should consider the protection, performance, risk and return (capital growth, liquidity and potential income) before acquiring investments in agribusiness. The Trustee should also consider the costs associated with the asset such as ongoing rent and maintenance and insurance costs.

Derivatives

Prior to investing in derivatives, the Trustee should have in place appropriate policies for their use, adequate controls on the use of derivatives and adequate checks on compliance with those controls.

For a derivative transaction to be allowed on existing investments, the Trustee must have prepared a Derivatives Risk Statement and only be entering into such a transaction for the purposes of:

- hedging against risk, not for speculation and;
- ensuring that the fund is not exposed to an asset class outside the limits set out in the investment strategy.

In-House Assets and Acquisition Restrictions

An in-house asset is where the Trustee of the fund invests, lends money or otherwise permits a related party of the fund to use an asset of the fund. Although an in-house investment is not directly prohibited – excluding loans to members or their relatives, there is a 5% limit on the amount of in-house assets an SMSF can hold.

The Trustee must not acquire an asset contrary to the restrictions contained in SISA with respect to fund members, employer sponsors or their Part 8 associates under SISA.

If in any doubt about the validity of an investment decision, the Trustee should seek professional advice or contact the ATO for assistance.

5 The Fund's Valuation Requirements

SIS Regulation 8.02B requires that when preparing accounts and statements required by subsection 35B(1) of the SISA, an asset must be valued at its market value. The term 'market value' takes the same meaning as provided in subsection 10(1) of the SISA, that is, the amount that a willing buyer of an asset could reasonably be expected to pay to acquire the asset from a willing seller if the following assumptions were made:

- that the buyer and seller dealt with each other at arm's length in relation to the sale;
- that the sale occurred after proper marketing of the asset; and
- that the buyer and seller acted knowledgeably and prudentially in relation to the sale.

6 Insurances in the Fund

As noted previously the SISR has been changed to include a requirement for Trustees of the fund to investigate whether the trustees of the fund should hold a contract of insurance that provides insurance cover for one or more members of the fund. In that regard the Explanatory Memorandum to the Regulation changes provides that:

"Regulation 4.09 requires trustees to formulate, regularly review and give effect to an investment strategy having regard to the whole circumstances of the fund. One circumstance SMSF trustees must have regard to is whether the trustees should hold insurance for their members, such as life insurance.

The Super System Review panel noted that less than 13 percent of SMSFs have insurance and that SMSF members were more likely to hold appropriate levels of insurance, or be able to hold insurance outside their superannuation, than members of other superannuation funds. In making its recommendation, the panel wanted to ensure that trustees consider holding insurance for SMSF members.

Trustees of SMSFs are expected to be self-reliant in determining the type and level of insurance cover members might require whether within or outside their SMSF. In meeting this requirement, trustees should have regard to the personal circumstances of their members and other legislative requirements such as the sole purpose test in section 62 SISA. Trustees may evidence this requirement by documenting decisions in the fund's investment strategy or minutes of trustee meetings that are held during the income year."

7 Investment Policy Statement

The SISA places certain duties, responsibilities and restrictions on Trustees when making investment decisions. They aim to protect and increase the member benefits for retirement, transition to retirement income stream and estate planning purposes. All investments must be made in accordance with the investment strategy.

A. Details of the fund

- Supersmo Self Managed Super Fund.
- The trustee of the fund is Supersmo Corp Pty Ltd.

The fund has been established to provide retirement benefits for the members of the fund. Membership of the fund is voluntary, and upon joining, members are required to provide certain minimum information to the Trustees. The fund is maintained as an SMSF under SISA and regulated by the ATO.

A.1 Members

The Members of Supersmo Self Managed Super Fund are:

Name of Member	Date of Birth
Luke Smolenski	18/08/1975
Virginie Smolenski	06/07/1977

A.2 Benefits

The current intention is to pay one or more benefits before or at retirement of the member provided the Superannuation Laws allow including the payment of:

- A lump sum
- An Accounts Based Pension
- A Transition to Retirement Income Stream, or
- Such other superannuation benefits as the Superannuation Laws allow.

The Trustee may invest fund assets having regard to the need to realise the investments at the members' dates of retirement, age preservation age, 60 (or such later date as the member nominates in accordance with the rules governing the payment of benefits from complying superannuation funds) or in the event of disability – whether permanent or temporary or upon the death of a member of the fund.

B. Investment Objective of the fund

The Trustees of the fund have the objective of maintaining the fund in line with the governing rules of the fund and SISA and through its investment strategy seeking to maximise the superannuation benefits of all members of the fund having regard to risk and reward.

C. Asset Management Strategy

In order to give effect to the investment objective of the fund, the Trustee may have regard to the investment principles outlined in the fund Rules in the implementation of its strategy and the actual making of its investments.

The Trustee must also satisfy that the proposed investment:

- Is permitted by the Trust Deed
- Complies with the law
- Is within the asset allocation of the adopted investment strategy

The Trustee may generally accept the following investments provided they comply with the investment strategy:

- Private or closely held unit trusts
- Private or unlisted companies
- Private business premises
- Domestic and international residential and commercial property
- Domestic companies listed on other exchanges
- Listed International securities
- Limited - Collectables, including art, coins, antiques
- Agribusiness investments

- Derivatives with limited investment risk

The Trustee may not accept these investments unless authorised by the Regulator:

- Family home
- Any mortgage where the family home is security
- Derivatives that have unlimited investment risk unless a Risk Management Strategy has been put in place by the Trustee
- In-house assets exceeding more than 5% of the superannuation fund's assets
- Assets not considered at arm's length or on a strictly commercial basis

D. Asset Class

It was resolved that the fund may also be permitted to invest in any or all of (but not limited to) the following investment types:

D.1 Investment Type

- Cash
- Property – both commercial and residential
- Australian Shares – both listed and unlisted shares
- International Shares – both listed and unlisted shares
- Australian Fixed Interest
- International Fixed Interest
- Mortgages
- Other

It was resolved that investments may be made directly or indirectly via unit trusts, instalment warrants, holding trusts or other vehicles as permitted under relevant statutes and regulations that may be deemed suitable by the Trustees.

Given the Trustees desire to maintain the flexibility of the fund, the Trustee has reserved the right to alter the investment mix of the fund at any time, in the manner they believe is the best at that time for the purpose of achieving the fund's objectives. The Trustees reserve the right to invest in any asset class not covered in the tables above.

D.2 Investment Risk and Return

It has been noted and accepted by the Trustees that growth assets such as Australian and International shares and property present greater potential risk and volatility than cash and fixed interest investments.

The Trustees recognise that the taxation benefits associated with the use of growth assets such as Australian and International shares and property may assist in achieving the fund's investment objectives. If the Trustee of the fund enters into a limited recourse loan or other borrowing arrangements in respect of the acquisition of a fund asset, then return may be enhanced however any market risk on the downside may be magnified. The Trustees of the fund are authorised to borrow and will take into account the benefits of leverage in their risk/return profile for the fund's investments.

E. Investment Management and Review

To monitor the success of the investment policy in achieving the investment objective, the Trustee may take the following action:

- a) compare the investment performance of the fund against a specific index;

- b) compare investment returns against cash rates available over a 12-month period.

The fund’s investment strategy is to be reviewed at least annually to ensure that it remains appropriate to the objectives and circumstances of the fund and its member(s). The Trustee undertakes to communicate with the members should they feel that any change in strategy should be contemplated in order to better achieve the fund objective.

F. Investment Strategy

In order to achieve the investment objective of the fund, the Trustee wishes to adopt and pursue the strategy set out hereunder. The Trustee reserves the right to implement more than one strategy as it sees fit, and to offer separate strategies to members and even for member superannuation interests. The Trustee also reserves the right to implement separate and different action plans in the acquisition and disposal of assets pursuant to this strategy.

The Trustee may consider the implementation of this objective through a single asset strategy where it considers it to be appropriate, provided all other investment strategy criteria are met.

F.1 Detailed Investment Strategy

The investment strategy detailed below is a plan for making, holding and realising the assets of the fund to meet the specific objective of the Trustee of the fund as outlined above. It focuses on key parameters relating to making an investment in the fund with the purpose of maximising member’s retirement balances or income streams.

F.2 Portfolio Allocation

In order to meet the investment objective of the fund the Trustee has determined Supersmo Self Managed Super Fund shall broadly be invested in the following asset classes and managed around the following ranges:

Asset Class	Asset Allocation Range (%)
Cash	0-90%
Australian Shares	0-50%
Residential Property	0-100%

F.3 Portfolio Diversification

In considering the degree of diversification appropriate to the fund, the Trustee has taken into account the following:

- a) the existing assets of the fund;
- b) the existing assets of the family other than assets held in the fund;
- c) its access to expert investment advice;
- d) the existing and projected membership and assets of the fund; and
- e) the current and expected future liabilities, cash flows and liquidity requirements of the fund

The Trustee is satisfied that the likely return and the potential gains to members retirement benefits from any inadequate diversification of its investments, including any geographical concentration of investments, outweigh the risks associated with the lack of diversification

F.4 Liabilities

The fund will need to have adequate funds held in cash/fixed interest to meet short term liabilities including insurance premiums, pension payments, lumpsum payments, tax liabilities, annual return fees, accounting fees, audit fees and other operational expenses of the fund. Further monies may be retained from time to time in cash/fixed interest in order to take advantage of investment opportunities as they arise. The Trustees of the fund are of the opinion that the investment strategy is structured in such a manner that the fund is sufficiently liquid to discharge its current and future liabilities.

Where the Trustee of the fund has undertaken a limited recourse lending arrangement the Trustee will need to ensure that it maintains cash flow to cover any interest and principal repayments, insurance premiums and other expenses associated with the arrangement.

F.5 Cash Flow and Liquidity

Cash flow requirements for the fund depend on the payment of expenses, pensions, insurance premiums and any loan repayments and it is the Trustee's intention to hold enough cash on hand to ensure these and other cash payments are made.

F.6 Fund Demographics

The Trustee has implemented its strategy taking into account the dates of retirement of the members of the fund. It has also taken into account the expressed intention of the members to receive their benefits as a lump sum / account-based pensions upon retirement.

F.7 Performance Monitoring

To monitor the success of the investment strategy in achieving the investment objectives, the Trustee may take the following action:

- compare investment returns against cash rates and CPI available over a 12-month period or a specific investment index; and
- may review this strategy on an annual basis or on such other basis as it believes appropriate.

F.8 Benchmarks

The Trustee may measure its success criteria against certain benchmarks and indices although there is no requirement to do so. The nominated benchmarks for performance may be as follows:

- a) Australian shares - all ordinaries accumulation index;
- b) Liquid assets - average cash management trusts;
- c) Australian fixed trusts - commonwealth all series, all maturities and accumulation index;
- d) Property trusts - average of composite property accumulation index;
- e) Such loans as may not be prohibited by SIS, and whether or not the loan may also count as an in-house asset of the fund - average rate for comparable loans from major banks;
- f) Such leases of fund property as may be permitted by SISA, and whether or not the lease may also count as an in-house asset of the fund – at a commercial rate obtained by the Trustee from a qualified source;
- g) Such acquisitions of assets as may not be prohibited by SISA, and whether or not the acquisition may also count as an in-house asset of the fund - for a commercial price reflected in comparable markets.
- h) Moses/Myer index for Investment Grade Artwork
- i) A residential property index in the area where the Trustee invests.

F.9 Insurance

As was noted and emphasised earlier in this investment strategy – insurances play an important role in protecting the fund's and a member's superannuation benefits. Superannuation law requires trustees to formulate, regularly review and have regard to whether the trustees should hold insurance for their members, such as life insurance.

The Trustees of the fund have reviewed the member's superannuation benefits, their family and other circumstances and have decided to implement the following insurance strategy for the fund:

The Trustee of the fund has been made aware of the insurances of its members outside the fund and in some cases other superannuation funds and has decided not to hold any insurance on behalf of its members until circumstances change.

Supersmo Self Managed Super Fund

Notes to the Financial Statements

As at 30 June 2023

Note 1 - Statement of Significant Accounting Policies

The following significant accounting policies have been adopted in the preparation and presentation of the financial statements. They have been consistently applied in the current and previous periods unless otherwise stated to ensure the financial information satisfies the concept of relevance and reliability.

(a) Statement of Compliance

The trustees have prepared the financial statements on the basis that the superannuation fund is not a reporting entity because it is not publicly accountable and is not required by law or governing document to prepare financial statements that comply with Australian Accounting Standards. The financial statements are therefore special purpose financial statements that have been prepared in order to meet the requirements of the *Superannuation Industry (Supervision) Act 1993* and *Regulations 1994*, the trust deed of the fund and the needs of members.

(b) Basis of Preparation

The financial statements have been prepared on a cash basis using historical costs convention unless stated otherwise. For investments and financial liabilities, they are measured at market values.

The financial statements are presented in Australian dollars, which is the functional currency of the fund.

(c) Use of Accounting Estimates and Judgments

The preparation of financial statements requires the trustees to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstance, the results of which form the basis of making the judgments. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future period affected.

(d) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks or financial institutions and short-term, highly liquid investments that are readily convertible to cash and are subject to an insignificant risk of change in value.

(e) Foreign Currency

Any foreign currency transactions during the financial year are brought to account using the exchange rate in effect at the date of the transaction. Foreign currency monetary items at reporting date are translated at the exchange rate existing at reporting date. Exchange differences are recognised in the operating statement in the period in which they arise.

(f) Valuation of Assets

Investment

An investment is initially recognised when as a result of past transactions or events, the Fund controls the future economic benefits expected to flow from the asset.

The investment assets are firstly recorded at cost, being the fair value of the consideration given. After initial recognition, they are measured at market value. Gains or losses arising from changes in market value are recognised on the Operating Statement in the periods in which they occur.

Market value as defined in s10 of *SISA 1993*, in relation to an asset, means the amount that a willing buyer of the asset could reasonably be expected to pay to acquire the asset from a willing seller if the following assumptions were made:

- i. that the buyer and the seller dealt with each other at arm's length in relation to the sale;
- ii. that the sale occurred after proper marketing of the asset;
- iii. that the buyer and the seller acted knowledgeably and prudentially in relation to the sale.

As disposal costs are generally immaterial unless otherwise stated, market value approximates fair value.

Supersmo Self Managed Super Fund

Notes to the Financial Statements

As at 30 June 2023

Market values for various types of investment have been determined as follows:

- i. listed securities, government and other fixed interest securities for which there is a readily available market quotation, the valuation is recorded as the last quoted sale price as at the close of business on reporting date. If the listed securities are foreign, they are also converted to Australian dollars using the exchange rate at the close of business on the reporting date;
- ii. unit trusts and managed funds are stated by reference to the unit redemption price quoted by the fund manager at the end of the reporting period;
- iii. unlisted investments are stated at the Trustees' valuation based on estimated market value at balance date; or where necessary, upon external valuers' expert opinions;
- iv. Investment properties are carried at market value and are held for the purpose of generating long-term rental yields and capital appreciation. The Trustees give consideration to the value of the investment property each financial year and revalue when a significant event occurs or when deemed appropriate. Where an external valuation has been obtained, the valuation is based on objective and supportable data and has been carried out by a property valuation service provider or qualified independent valuer as appropriate.

Financial Liabilities

The Fund initially recognises a financial liability on the date it becomes a party to the contractual provisions of the instrument.

Financial liabilities including credit balances of hedging instruments and derivatives are measured at market values as at the reporting date. Any change in market values of the financial liabilities since the beginning of the reporting period shall be included in the profit or loss for the reporting period. As disposal costs are generally immaterial, unless otherwise stated, market value approximates fair value.

Receivables and Payables

Current assets such as accounts receivable, which are expected to be recovered within twelve months after the reporting period, are carried at nominal amounts which approximate the fair values.

Accounts payable are recognised when the Fund becomes obliged to make future payments resulting from the goods and services received, whether or not billed to the Fund and are carried at nominal amounts which are equivalent to fair values.

(g) Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Fund and the revenue can be reliably measured. Revenue is measured at the fair value of consideration received or receivable. The following recognition criteria relate to the specific items of revenue the Fund receives:

Interest

The interest revenue is recognised by the Fund on a cash receipt basis, unless the Fund chooses the accrual method and the amount can be reliably measured by reference to the principal outstanding and using the effective interest rate of the instrument calculated at the acquisition or origination date.

Dividend Revenue

The entitlement to a dividend is based on the date the shares are quoted ex-dividend; the actual dividend revenue is recognised by the Fund when it is received.

Distribution Revenue

Distributions from unit trusts and managed funds are recognised as at the date the unit value is quoted ex-distributions and if not received at the end of the reporting period, are reflected in the statement of financial position as a receivable at market value.

Rental Income

Rent from investment properties is recognised by the Fund on a cash receipt basis.

Movement in market values

Changes in the market value of investments are determined as the difference between the market value at balance date or consideration received (if sold during the year) and the market value as at the prior year end or cost (if the investment was acquired during the period). All movements are recognised in the Operating Statement.

Contributions and Rollovers In

Contributions and rollovers in are recognised when the control and the benefits from the revenue have been attained and are recorded by the Fund, gross of any taxes, in the period to which they relate.

This report should be read in conjunction with the accompanying compilation report.

It is the intention of the trustee to allocate any such amounts recorded as unallocated contributions within 28 days following the end of the month to specific fund member, which will increase the liability for members accrued benefits.

Note 3 – Vested Benefits

**MINUTES OF THE MEETING OF THE DIRECTOR(S) OF THE CORPORATE TRUSTEE
 SUPERSMO CORP PTY LTD ATF
 SUPERSMO SELF MANAGED SUPER FUND
 HELD ON/...../..... AT
 17/52 HASTINGS ST, NOOSA HEADS QLD**

PRESENT

Luke Smolenski
 Virginie Smolenski

**ALLOCATION OF NET
 INCOME:**

It was resolved that the income of the fund be proportionally allocated to members based on the members' daily weighted average balances. The following amounts of income, and related amounts of tax, are to be credited to / debited from member accounts:

	Income	Fund Tax	Conts Tax	Direct Tax
<i>Mr Luke Smolenski</i>				
Accumulation	(17,113)	(1,802)	3,237	(979)
<i>Mrs Virginie Smolenski</i>				
Accumulation	(3,096)	(326)	0	(130)

**REPORTING ENTITY
 CONCEPT:**

It was resolved that, in the opinion of the trustee, the fund is not a reporting entity because it is unlikely that users exist who are unable to command the preparation of reports tailored so as to satisfy specifically all their information needs.

Therefore, the financial statements for the fund are to be prepared on the basis of the fund being a "non-reporting entity", and will therefore take the form of Special Purpose Financial Reports.

**REPORTS AND
 STATEMENTS:**

The Financial Reports consisting of Statement of Financial Position, Operating Statement and Notes to the Financial Statements, Trustee's Declaration, Compilation Report, Auditor's Report and Member Statement for the period ended 30 June 2023 were tabled for consideration at the meeting.

It was resolved that the financial statements be adopted in their present format and that the statement by the trustees attached to the financial reports be signed by the Trustees, stating that:

1. the financial statements are drawn up so as to present fairly the financial position of the fund as at 30 June 2023, the benefits accrued as a result of operations and its cash flow for the year then ended;
2. the financial statements have been prepared in accordance with the requirements of the trust deed and Australian Accounting Standards as noted in Note 1 to the Financial Statements and
3. the fund has operated substantially in accordance with the trust deed and the requirements of the *Superannuation Industry (Supervision) Act 1993 (SISA)*, during the year ended 30 June 2023.

INCOME TAX RETURN:

The completed Self-Managed Superannuation Fund Annual Return for the financial year ended 30 June 2023 was tabled for consideration at the meeting.

It was resolved that:

1. the particulars contained in the 2023 income tax return and the relevant records used to ascertain the taxable income, as shown, derived by the fund from all sources in and out of Australia during the year of income are true and correct and;
2. the fund satisfies the statutory requirements and conditions applicable to be classified as a 'Regulated Superannuation Fund/Complying Superannuation Fund' for the year of income and;
3. the income tax return be adopted in its present format and that the Return be signed by the Trustees.

REVIEW OF INVESTMENT STRATEGY:

The fund's investment performance for the year ended 30 June 2023 and existing investment strategy have been reviewed by the Trustees, after considering:

1. the risk involved in making, holding and realising, and the likely return from, the fund's investments having regard to its objectives and its expressed cash flow requirements;
2. the composition of the fund's investments as a whole including the extent to which the investments are diverse or involve the funds being exposed to risks from inadequate diversification;
3. the liquidity of the fund's investments having regard to its expected cash flow requirements;
4. the ability of the fund to discharge its existing and prospective liabilities;
5. whether the fund should hold a contract of insurance that provides insurance cover for members of the fund; and
6. the effect of the fund's investments on the above requirements and all matters relating to the prudential nature of the investment being continuously monitored, regularly reviewed and to make sure they adhere to fund's investment objectives and relevant legislation.

It was resolved that the aims and objectives of the investment strategy were being achieved and that the said investment strategy requires no further modification or adoption at this time.

TRUSTEE AND MEMBER STATUS:

Each of the trustee(s) confirmed that they are qualified to act as trustee(s) of the fund and that they are not disqualified persons as defined by Section 120 of the SISA.

Each of the member(s) confirmed that they are a member of the fund and agreed to be bound by the provisions contained within the Trust Deed of the fund (and any subsequent amendments).
