Please print

The investment strategies attached to these minutes were forwarded to each director prior to this meeting.

The Chairperson noted that in making each of the investment strategies consideration has been given to regulation 4.09 of the regulations under the *Superannuation Industry (Supervision) Act 1993* ('SIS Act'), the Fund's rules, the investment rules in the *SIS Act* and importantly that the strategies consider the following:

1. the risk involved in making, holding and realising, and the likely return from, the entity's investments having regard to its objectives and its expected cash flow requirements;
2. the composition of the entity's investments as a whole including the extent to which the investments are diverse or involve the entity in being exposed to risks from inadequate diversification;
3. the liquidity of the entity's investments having regard to its expected cash flow requirements;
4. the ability of the entity to discharge its existing and prospective liabilities; and
5. whether the trustee or trustees of the Fund should hold a contract of insurance that provides cover for one or more members of the Fund.

There were no comments or concerns raised by the directors in relation to any investment strategy.

As part of running separate investment strategies the trustee has decided to segregate assets and allocate them to each investment strategy. The allocation is found within the relevant investment strategy.

**Trustee resolutions:** It was resolved by the trustee to adopt separate investment strategies for the Fund and allocate assets as detailed in the investment strategy.

**Meeting closed:** There being no further business the meeting was declared closed.

Confirmed as a true and correct record.
