Investor Account Information

Interest

Select Investment Account

Interest payable in respect to the Select Investment Account is generally due to be paid by the borrower monthly (but may vary as detailed in the relevant Supplementary Product Disclosure Statement), commencing one month after the settlement date of each selected investment. Once the borrower has made the payment required under the loan, the payment has to be cleared and this may take up to five (5) business days. Interest distributions are paid to your nominated account.

Other Investment Accounts

Interest on your funds invested in these Accounts is calculated on the daily balance held by you and is paid monthly within fourteen (14) days after the end of each month to your nominated account.

What happens if the borrower is late making payments?

Borrowers are required to make payment on time and are encouraged to do so. If they do not meet this requirement, they may be required to pay interest at a higher rate.

Select Investment Account

We will write to you in relation to each investment if arrears occur. With the Select Investment Account, the investment return cannot be paid to you unless the borrower has made their interest repayment, consequently this has a higher level of investment risk than the pooled investment offerings. If the borrower makes a repayment late, you may be entitled to receive half of any late payment fee collected. This is not offered to our pooled investment account investors.

Other Investment Accounts

Repayment arrears on any one loan will have an effect on, but will not cause the cessation of, your monthly interest payment. You will therefore still receive monthly interest payments fourteen (14) days after the end of the month. Rates of return are variable and determined monthly.
