Notes to the Financial Statements

For the year ended 30 June 2022

Note 1: Summary of Significant Accounting Policies

The trustees have prepared the financial statements on the basis that the superannuation fund is a non-reporting entity because there are no users dependent on general purpose financial statements. The financial statements are therefore special purpose financial statements that have been prepared in order to meet the requirements of the Superannuation Industry (Supervision) Act 1993 and accompanying Regulations, the trust deed of the fund and the needs of members.

The financial statements have also been prepared on a cash basis unless otherwise stated and are based on historical costs, except for investments, which have been measured at market values.

The following significant accounting policies, which are consistent with the policies applied in the previous period unless otherwise stated, have been adopted in the preparation of the financial statements.

a. Measurement of Investments

The fund initially recognises:

- i. an investment when it controls the future economic benefits expected to flow from the asset. For financial assets, the trade date is considered the date on which control of the future economic benefits attributable to the asset passes to the fund; and
- ii. a financial liability on the date it becomes a party to the contractual provisions of the instrument.

Investments of the fund have been measured at their market values, which is the amount that a willing buyer of the asset could reasonably be expected to pay to acquire the asset from a willing seller if the following assumptions were made:

- that the buyer and seller deal with each other at arm's length in relation to the sale;
- that the sale occurred after proper marketing of the asset; and
- that the buyer and the seller acted knowledgeably and prudentially in relation to the sale.

Market values have been determined as follows:

- i. shares and other securities listed on the Australian Securities Exchange by reference to the relevant market quotations at the end of the reporting period;
- ii. units in managed funds by reference to the unit redemption price at the end of the reporting period;
- iii. fixed interest securities by reference to the redemption price at the end of the reporting period; and
- iv. investment properties at trustees' assessment of their realisable value.

Financial liabilities, such as trade creditors and other payables, are measured at the gross value of the outstanding balance at the reporting date. The trustees have determined that the gross values of the fund's financial liabilities are equivalent to their market values. Any remeasurement changes in the gross values of non-current financial liabilities (including liabilities for members accrued benefits) are recognised in the operating statement in the periods in which they occur.

b. Cash and Cash Equivalents

Cash and cash equivalents include cash on hand and at call, deposits with banks and short-term, highly liquid investments that are readily convertible to cash and are subject to an insignificant risk of change in value.

c. Revenue

Revenue is recognised at the market value of the consideration received or receivable.

Interest revenue

Notes to the Financial Statements

For the year ended 30 June 2022

Interest revenue is recognised in respect of fixed-interest securities, and cash and cash equivalent balances. Interest revenue is recognised upon receipt.

Dividend revenue

Dividend revenue is recognised when the dividend has been paid or, in the case of dividend reinvestment schemes, when the dividend is credited to the benefit of the fund.

Rental revenue

Rental revenue arising from operating leases on investment properties is recognised upon receipt.

Distribution revenue

Distributions from trusts are recognised as at the date the unit value is quoted ex-distributions and if not received at the end of the reporting period, are reflected in the statement of financial position as a receivable.

Contributions and Transfers

Contributions received and transfers in are recognised when the control and the benefits from the revenue is transferred to the fund. Contributions and transfers in are recognised gross of any taxes.

Remeasurement changes in market values

Remeasurement changes in the market values of assets are recognised as income and are determined as the difference between the market value at year-end or consideration received (if sold during the year) and the market value as at the prior year-end or cost (if the investment was acquired during the period).

d. Expenses

Expense are recognised and reflected in the operating statement when they are incurred.

e. Benefits Paid

Benefits are recognised when a valid withdrawal notice is received and approved by the trustee(s) in accordance with the fund's Trust Deed.

f. Liability for Accrued Benefits

The liability for accrued benefits represents the fund's present obligation to pay benefits to members and beneficiaries and has been calculated as the difference between the carrying amount of the assets and the carrying amount of the other payables and income tax liabilities as at the end of the reporting period.

g. Income Tax

The income tax expense (revenue) for the year comprises current income tax expense (revenue) and deferred income tax expense (revenue).

Current income tax expense charged to the profit or loss is the tax payable (refundable) on taxable income. Current tax liabilities (assets) are therefore measured at the amounts expected to be paid to (refunded from) the relevant taxation authority.

Deferred income tax expense reflects movements in deferred tax liability balances during the year as well as unused tax losses.

Except for business combinations, no deferred income tax is recognised from the initial recognition of an asset or liability where there is no effect on accounting or taxable profit or loss.

Notes to the Financial Statements

For the year ended 30 June 2022

Deferred tax assets and liabilities are calculated at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled and their measurement also reflects the manner in which the trustees expect to recover or settle the carrying amount of the related asset or liability.

Deferred tax assets relating to temporary differences and unused tax losses are recognised only to the extent that it is probable that future taxable profit will be available against which the benefits of the deferred tax asset can be utilised.

Current tax assets and liabilities are offset where a legally enforceable right of set-off exists and it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur. Deferred tax assets and liabilities are offset where:

(a) a legally enforceable right of set-off exists; and

(b) the deferred tax assets and liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities, where it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur in future periods in which significant amounts of deferred tax assets or liabilities are expected to be recovered or settled.

The rate of tax used to determine income tax expense (revenue) and current tax liabilities (assets) is 15%, the applicable rate for a complying superannuation fund. This rate is applied to taxable income, after any claim for exempt current pension income, where applicable. The top personal marginal tax rate is applied to a non-complying superannuation fund and to non-arm's length income (NALI).

h. Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or other payables in the statement of financial position.

i. Critical Accounting Estimates and Judgments

The preparation of financial statements requires the trustees to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future period affected.

j. Events Subsequent to Balance Date

The superannuation fund is an Accumulation fund and consequently any reduction or increment in market value of the fund is a reduction in member benefits. Any significant movement in the market value of investments after balance date has not been brought to account. Investments are in principle held for the long term and it is not appropriate to bring any subsequent reduction or increment in market values to account as at year end. Net movement in market values subsequent to balance date will be recognised in the next financial year.

In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the impact this will have on the superannuation fund.

Minutes of Meeting of the Directors of Maione Co Pty Ltd (ACN 087 297 327) as Trustee for D & M Maione Family Super Fund

Held at: 16 Shelton Drive
ATHELSTONE SA 5076

Held on:

Present: Domenic Maione
Maria Maione

Minutes: The Chair reported that the minutes of the previous meeting had been signed as a true record.

The company acts as trustee of D & M Maione Family Super Fund.

Financial Statements: It was resolved that the financial statements would be prepared as special purpose financial statements as, in the opinion of the directors of the trustee company, the superannuation fund is a non-reporting entity and therefore is not required to comply with all the Australian Accounting Standards.

The Chair tabled the financial statements and notes to the financial statements of the superannuation fund in respect of the year ended 30th June 2022 and it was resolved that such statements be and are hereby adopted as tabled.

Trustee Declaration: It was resolved that the trustee declaration included in the superannuation fund's financial statements be signed.

Income Tax Return: Being satisfied that the fund had complied with the requirements of the Superannuation Industry (Supervision) Act 1993 (SISA) and Regulations during the year ended 30th June 2022, it was resolved that, once the audit has been finalised and the audit report issued, the annual return be approved and signed by

the trustee and lodged with the Australian Taxation Office by TTO Chartered Accountants.

Investment Strategy: The allocation of the fund's assets and the fund's investment performance over the financial year were reviewed and found to be within the acceptable ranges outlined in the investment strategy. After considering the risk, rate of return, diversification and liquidity of the investments, the ability of the fund to discharge its existing liabilities and the provision of insurance cover for fund members, it was resolved that the investment strategy continues to reflect the purposes and circumstances of the fund and its members. Accordingly, no changes to the investment strategy were required.

Allocation of Income: It was resolved that the income of the fund would be allocated to the members in accordance with the fund's trust deed, on a fair and reasonable basis.

Investment Acquisitions/Disposals: It was resolved to ratify the investment acquisitions and disposals throughout the financial year ended 30th June 2022.

Auditors and Tax Agents: It was resolved that Tony Boys will continue acting as auditor and TTO Chartered Accountants will continue as tax agent of the fund for the year ending 30th June 2023.

Director's Status: Each of the directors confirmed that they are qualified to act as a director of the trustee company and that they are not a disqualified person as defined by s120 of the SISA.

All resolutions for this meeting were made in accordance with the SISA and Regulations.

There being no further business the meeting was closed.

Signed as a true and correct record
