NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

AS AT 30 JUNE 2022

NOTE 1: ACCOUNTING POLICIES

The financial statements are a general purpose financial report that have been prepared in accordance with applicable Accounting Standards and other mandatory professional reporting requirements (Urgent Issues Group Consensus Views), the fund's trust deed and relevant legislative requirements. The accounting policies have been consistently applied, unless otherwise stated.

The following is a summary of the material accounting policies adopted by the fund in the preparation of the financial statements.

(a) Measurement of Assets

Assets of the fund have been measured at net market values after allowing for costs of realisation. Changes in the net market value of assets are brought to account in the operating statement in the periods in which they occur.

Net market values have been determined as follows:

- (i) Shares in listed companies, government securities and other fixed interest securities by reference to the relevant market quotations at the reporting date;
- (ii) Units in managed funds by reference to the unit redemption price at the reporting date.

(b) Liability for Accrued Benefits

The liability for accrued benefits is the fund's present obligation to pay benefits to members and beneficiaries and has been calculated as the difference between the carrying amounts of the assets and the carrying amounts of the sundry liabilities and income tax liabilities as at reporting date.

(c) Vested Benefits

Vested benefits are benefits which are not conditional upon continued membership of the fund and include benefits which members are entitled to receive had they terminated their membership of the fund at the reporting date.
