We suggest you carefully check all entries on your statement. Apparent errors or possible unauthorised transactions should be promptly reported to us.

The security of your Personal Identification Number (PIN) is very important. To avoid being liable for unauthorised transactions, you should follow the terms and conditions of your account. We also recommend some simple steps to protect your PIN:

- Memorise your PINs and passwords and destroy any communications advising you of new ones. Don't keep a record of your PINs or passwords, in written or electronic form.
- If you choose your own, ensure that it is not something easy to guess like your (or a family member's) birth date, name, phone number, postcode, driver's licence number or numbers that form a pattern.
- Don't tell anyone your PIN, not even friends, family or a bank representative.

Ensure nobody watches you enter your PIN or password. A good practice is to cover the keypad when you put in your PIN or password.

• Watch out for email, SMS or call scams asking for details relating to your account. If you receive suspicious emails, please contact us immediately. Please note: These are guidelines only. While following these steps will help you to protect your PIN, your liability for any losses arising from unauthorised transactions is determined in accordance with the ePayments Code. For further details, see

https://asic.gov.au/regulatory-resources/financial-services/epayments-code/ or visit bendigobank.com.au/mycard for all card related information. Business customers visit /mybusinesscard.
