### Notes

<sup>1</sup> Security Transactions – The number of units transacted 'on' or 'off' your holding over the statement period.

<sup>2</sup> Security Price – This is the security price as at the close of trading. The security price for a sale or purchase of securities has not been included in your periodic statement because Sydney Airport does not have access to the actual market prices at which you have transacted.

<sup>3</sup> Securities Held – The number of securities on register as at the close of business.

<sup>4</sup> Security Value – The number of securities held multiplied by the security price at the close of trading.

<sup>5</sup> Indirect costs of your investment – This approximate amount has been deducted from your investment and includes amounts that have reduced the return on your investment but are not charged directly to you as a fee. The amount has been rounded to two decimal places and includes: tax and professional costs associated with foreign litigation; regulation, management and administration of Sydney Airport Trust 1; legal services; tax compliance and director fees.
