Hi Taf

Re: Sunpeaks Account queries on 2 items;

On 11/7/19 I changed the Virgin income protection to exclude myself and reduce the amount paid out. This resulted in a refund of \$935.93. The change is recorded in the attached changed policy document.

The \$1156.06 that was debit in October is the annual premium for the new Virgin Income protection schedule, which covers John only. The policy schedule is attached.
