The purchaser agrees to indemnify the Vendor against any claim for commission, including the Vendor's costs of defending any such claim, which may be made by any Real Estate Agent who asserts that he introduced the Purchaser to the Vendor or that the sale was otherwise brought about by his intervention;
- 33.2 This warranty and indemnity will not merge on completion;
- 33.3 The Vendor warrants that they have not entered into an exclusive agency agreement as at the date hereto with any agent other than the agent named on the front page of the Contract.
- 34.1 In the event of the Purchasers failure to complete this Contract on or prior to the completion date referred to on the front page herein, the Vendor shall be entitled to serve on the Purchaser a Notice to Complete making time of the essence. The parties agree that fourteen (14) days shall be reasonable notice for the purpose of any Notice to Complete.
- 34.2 The Parties further agree that in the event that such notice issues by the Vendor, the Purchaser shall allow on completion to the Vendor the sum of \$330.00 (including GST), the payment of which is an essential term of this Contract.
35. The inclusions listed herein are included in the purchase and the purchase price. The purchaser acknowledges:
- (a) that unless otherwise stated, none of the said inclusions are new;
 - (b) that the Vendor has not made and does not make any representation or warranty as to the state of repair and condition of such items, and
 - (c) they accept all of the said inclusions on the date on which the Purchaser is entitled to possession of the property hereunder in the state of repair and condition that same are now in, with reasonable wear and tear between the date hereof and the date on which the Purchaser is entitled to possession of the property hereunder excepted,
- Title to such inclusions shall pass on completion of this agreement and the Vendor shall not be required to give formal delivery in respect thereof. The Vendor shall not be responsible for any mechanical breakdown in respect of any of the inclusions.
- (d) they accept the improvements in their present position, condition and state of repair and subject to any defects whether latent or patent (except latent defects in title) and any dilapidation, contamination or infestation.

The Purchaser further acknowledges that they enter into this agreement not relying upon any warranties or representations made to them by or on behalf of the Vendor that are not contained in the Contract.
37. Without in any manner negating, limiting or restricting any rights or remedies which would have been available to the parties at Law or in Equity had this Special Condition not been included herein, should either party, prior to completion, being either the Purchaser or Vendor or any one or more of them shall:-
- (a) die; or

It is agreed between the parties that the amount payable pursuant to this provision is a genuine pre-estimate of the Vendor's loss of interest for the purchase money and liability for rates and other outgoings.
41. In the event of any inconsistency between Pages 4-19 of the 2019 NSW Contract for Sale of Land herein attached and these additional provisions it is expressly agreed that these additional provisions shall apply in respect of such inconsistency.

- (a) Division 2 of Part 3 of the Roads Act 1993, or

Not Applicable

- (b) any environmental planning instrument, or

No

- (c) any resolution of the council.

Armidale Dumaresq Council resolved on 25 September 2000 to require the dedication of splay corners for properties including allotments at the corner of road intersections in the former City areas where such splays do not already exist. These splays (extending 3m x 3m from the relevant corner boundary for minor roads or 5m x 5m from the relevant corner boundary for major roads) would be sought in connection with future subdivision activity or other significant development of relevant lands.

Council also resolved on 25 September 2000 to require the dedication of road widening (usually to a depth of 3 metres) in connection with future subdivision activity or other significant development of allotments fronting roads with a road reserve width of less than 20 metres and no dedicated pedestrian footpath strip. This typically applies to mid-block roads in the central area of Armidale.

For further details please contact Council.

7 Council and other public authority policies on hazard risk restrictions

Whether or not the land is affected by a policy that restricts the development of the land because of the likelihood of land slip, bushfire, tidal inundation, subsidence, acid sulphate soils or any other risk (other than flooding)

- (a) adopted by the council, or

Council has adopted by resolution a Chapter in Development Control Plan 2012 on contaminated land which may restrict the development of the land. The relevant policy is implemented when zoning, development or land use changes are proposed on lands which have been used or affected by certain activities. While Council records do provide information about contamination of some land in the local government area, Council does not have sufficient information about previous uses of this land to determine whether the land may be contaminated. Consideration of Council's adopted DCP and the application of provisions under relevant State legislation is warranted. Council has adopted geotechnical hazard mapping in Development Control Plan 2012, Chapter 2.6, which indicates that the land is potentially affected by Slope Instability. Investigation and possible precautionary works will be required in the event of development of the land.

- (b) adopted by any other public authority and notified to the council for the express purpose of its adoption by that authority being referred to in planning certificates issued by the Council that restricts the development of the land because of the likelihood of land slip, bushfire, tidal inundation, subsidence, acid sulphate soils or any other risk.

See Question 11 - Bushfire prone land.

- (1) Whether or not development on that land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls.
- (2) Whether or not development on that land or part of the land for any other purpose is subject to flood related development controls.

ANNEXURE 1

STATE ENVIRONMENTAL PLANNING POLICIES APPLYING TO ARMIDALE REGIONAL LOCAL GOVERNMENT AREA

SEPP - Caravan Parks

Ensures that where caravan parks or camping grounds are permitted under an environmental planning instrument, movable dwellings, as defined in the Local Government Act 1993, are also permitted. The specific kinds of movable dwellings allowed under the Local Government Act in caravan parks and camping grounds are subject to the provisions of the Caravan Parks Regulation. The policy ensures that development consent is required for new caravan parks and camping grounds and for additional long-term sites in existing caravan parks. It also enables, with the council's consent, long-term sites in caravan parks to be subdivided by leases of up to 20 years.

SEPP - Concurrences and Consents 2018

If there is an inconsistency between this Policy and another environmental planning instrument, whether made before or after the commencement of this Policy, this Policy prevails to the extent of the inconsistency

SEPP – No. 19 – Bushland in Urban Areas

The aim of this Policy is to protect and preserve bushland within the urban areas referred to in Schedule 1 because of:

- (a) Its value to the community as part of the natural heritage
- (b) Its aesthetic value
- (c) Its value as a recreational, educational and scientific resource

SEPP No. 55 – Remediation of Land

The aim of this Policy is to provide for a statewide planning approach to the remediation of contaminated land. In particular, this Policy aims to promote the remediation of contaminated land for the purpose of reducing the risk of harm to human health or any other aspect of the environment:

- (a) By specifying when consent is required, and when it is not required, for a remediation work, and
- (b) By specifying certain considerations that are relevant in rezoning land and in determining development applications in general and development application for consent to carry out a remediation work in particular, and
- (c) By requiring that a remediation work meet certain standards and notification requirements

SEPP No.70 – Affordable Rental Housing 2009

The aims of this Policy are:

- (a) To provide a consistent planning regime for the provision of affordable rental housing
- (b) To facilitate the effective delivery of new affordable rental housing by providing incentives by way of expanded zoning permissibility, floor space ratio bonuses and non-discretionary development standards
- (c) To facilitate the retention and mitigate the loss of existing affordable rental housing
- (d) To employ a balanced approach between obligations for retaining and mitigating the loss of existing affordable rental housing and incentives for the development of new affordable rental housing
- (e) To facilitate an expanded role for not-for-profit providers of affordable rental housing
- (f) To support local business centres by providing affordable rental housing for workers close to places of work
- (g) To facilitate the development of housing for the homeless and other disadvantaged people who may require support services, including group homes and supportive accommodation

SEPP – Primary Production and Rural Development) 2019

The aims of this policy are:

- (a) To facilitate the orderly economic use and development of lands for primary production
- (b) To reduce land use conflict and sterilisation of rural land by balancing primary production, residential development

- and the protection of native vegetation, biodiversity and water resources
- (c) To identify State significant agricultural lands for the purpose of ensuring the ongoing viability of agriculture on that land, having regard to social, economic and environmental considerations
 - (d) To simplify the regulatory process for smaller-scale low risk artificial waterbodies, and routine maintenance of artificial water supply or drainage, in irrigation areas and districts, and for routine and emergency work in irrigation areas and districts
 - (e) To encourage sustainable agriculture, including sustainable aquaculture
 - (f) To require consideration of the effects of all proposed development in the State on oyster aquaculture
 - (g) To identify aquaculture that is to be treated as designated development using a well-defined and concise development assessment regime based on environment risks associated with site and operational factors

SEPP No. 33 - Hazardous and Offensive Development

Provides new definitions for 'hazardous industry', 'hazardous storage establishment', 'offensive industry' and 'offensive storage establishment'. The definitions apply to all planning instruments, existing and future. The new definitions enable decisions to approve or refuse a development to be based on the merit of proposal. The consent authority must carefully consider the specifics of the case, the location and the way in which the proposed activity is to be carried out. The policy also requires specified matters to be considered for proposals that are 'potentially hazardous' or 'potentially offensive' as defined in the policy. For example, any application to carry out a potentially hazardous or potentially offensive development is to be advertised for public comment, and applications to carry out potentially hazardous development must be supported by a preliminary hazard analysis (PHA). The policy does not change the role of councils as consent authorities, land zoning, or the designated development provisions of the Environmental Planning and Assessment Act 1979.

SEPP No. 36 - Manufactured Home Estates

Helps establish well-designed and properly serviced manufactured home estates (MHEs) in suitable locations. Affordability and security of tenure for residents are important aspects. The policy applies to Gosford, Wyong and all local government areas outside the Sydney Region. To enable the immediate development of estates, the policy allows MHEs to be located on certain land where caravan parks are permitted. There are however, criteria that a proposal must satisfy before the local council can approve development. The policy also permits, with consent, the subdivision of estates either by community title or by leases of up to 20 years. A section 117 direction issued in conjunction with the policy guides councils in preparing local environmental plans for MHEs, enabling them to be excluded from the policy.

SEPP No. 44 - Koala Habitat Protection

Encourages the conservation and management of natural vegetation areas that provide habitat for koalas to ensure permanent free-living populations will be maintained over their present range. The policy applies to 107 local government areas. Local councils cannot approve development in an area affected by the policy without an investigation of core koala habitat. The policy provides the state-wide approach needed to enable appropriate development to continue, while ensuring there is ongoing protection of koalas and their habitat.

SEPP No. 55 - Remediation of Land

Introduces state-wide planning controls for the remediation of contaminated land. The policy states that land must not be developed if it is unsuitable for a proposed use because it is contaminated. If the land is unsuitable, remediation must take place before the land is developed. The policy makes remediation permissible across the State, defines when consent is required, requires all remediation to comply with standards, ensures land is investigated if contamination is suspected, and requires councils to be notified of all remediation proposals. To assist councils and developers, the Department, in conjunction with the Environment Protection Authority, has prepared Managing Land Contamination: Planning Guidelines.

SEPP No. 64 - Advertising and Signage

Aims to improve the amenity of urban and natural settings by managing the impact of outdoor advertising. The policy responds to growing concerns from the community, the advertising industry and local government that existing controls and guidelines were not effective. SEPP No. 64 offers the comprehensive provisions and consistent approach needed. SEPP 64 – Advertising and Signage: Explanatory Information should be read in conjunction with the policy.

SEPP No. 65 – Design Quality of Residential Apartment Development

This SEPP highlights 10 design quality principles to guide architects designing residential flats and to assist councils in assessing these developments.

The principles relate to key design issues such as:

- the context for design – the locality and streetscape
- scale, form and density of the building
- measures to achieve resource, energy and water efficiency
- landscape design to create useful outdoor spaces for residents
- safety and security, including ensuring public areas are safe, visible and well lit at night.

Aims to improve the design quality of flats of three or more storeys with four or more dwellings. The policy sets out a series of design principles for local councils or other consent authorities to consider when assessing development proposals for flats. It also creates a role for special design review panels and registered architects in the design and approval.

SEPP – Housing for Seniors or People with a Disability 2004

Aims to increase the supply and choice of housing for older people or people with a disability. Such housing is permitted, with council consent, wherever houses, flats, hospitals or certain 'special uses' are permitted in or adjoining urban areas, except for some environmentally sensitive lands. The policy contains development standards and matters a council and the Department of Planning must consider when determining development applications. For example, future residents must have reasonable access to services they require, taking into account convenience, affordability and the type and scale of housing. Relevant Government Circulars should be read in conjunction with this Policy.

SEPP Building Sustainability Index: BASIX 2004

This SEPP operates in conjunction with Environmental Planning and Assessment Amendment (Building Sustainability Index: BASIX) Regulation 2004 to ensure the effective introduction of BASIX in NSW. The SEPP ensures consistency in the implementation of BASIX throughout the State by overriding competing provisions in other environmental planning instruments and development control plans, and specifying that SEPP 1 does not apply in relation to any development standard arising under BASIX. The draft SEPP was exhibited together with draft Environmental Planning and Assessment Amendment (Building Sustainability Index: BASIX) Regulation 2004.

SEPP (Infrastructure) 2007

Provides a consistent planning regime for infrastructure and the provision of services across NSW, along with providing for consultation with relevant public authorities during the assessment process. The SEPP supports greater flexibility in the location of infrastructure and service facilities along with improved regulatory certainty and efficiency.

SEPP (Mining, Petroleum Production and Extractive Industries) 2007

Provides for the management and development of mineral, petroleum and extractive material resources.

SEPP (Exempt and Complying Development Codes) 2008

This policy aims to provide streamlined assessment processes for development that complies with specified development standards by:

- providing exempt and complying development codes that have State-wide application, and
- identifying types of development that are of minimal environmental impact that may be carried out without the need for development consent, and

- identifying types of complying development that may be carried out in accordance with a complying development certificate as defined in the *Environmental Planning and Assessment Act 1979*, and
- enabling the progressive extension of the types of development in this Policy, and
- providing transitional arrangements for the introduction of the State-wide codes, including the amendment of other environmental planning instruments.

SEPP (Affordable Rental Housing) 2009

This Policy aims to provide a consistent planning regime for the provision of affordable rental housing in the State and provides development standards for such housing, which are permissible with consent in residential zones.

SEPP (State and Regional Development) 2011

This Policy identifies classes of regional development (to be determined by Joint Regional Planning Panels) and classes of development that are considered to be State significant development, State significant infrastructure and critical State significant infrastructure (to be determined by the Minister or Minister's delegate).

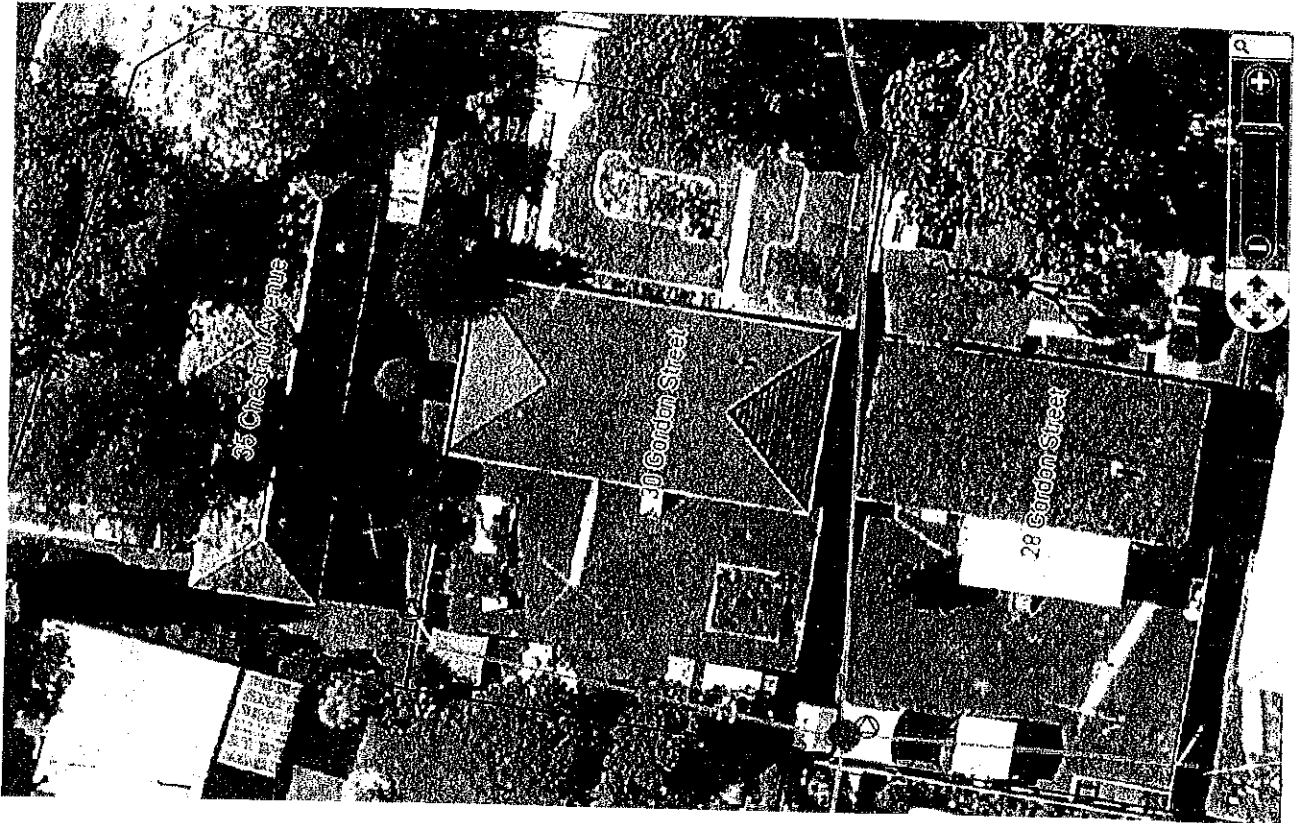

SEPP (Educational Establishments and Child Care Facilities) 2017

The State Environmental Planning Policy (Educational Establishments and Child Care Facilities) 2017 (SEPP) has provisions that will make it easier for child-care providers, schools, TAFEs and universities to build new facilities and improve existing ones by streamlining approval processes to save time and money and deliver greater consistency across NSW. The SEPP balances the need to deliver additional educational infrastructure with a focus on good design.

SEPP (Vegetation in Non-Rural Areas) 2017

The SEPP regulates clearing on urban land and land zoned for environmental conservation/management not needing development consent. The SEPP will safe-guard native vegetation in urban areas and land zoned for environmental protection by providing a consistent approach to clearing in NSW

WARNING—LOOSE-FILL ASBESTOS INSULATION

Before purchasing land that includes any residential premises (within the meaning of Division 1A of Part 8 of the *Home Building Act 1989*) built before 1985, a purchaser is strongly advised to consider the possibility that the premises may contain loose-fill asbestos insulation (within the meaning of Division 1A of Part 8 of the *Home Building Act 1989*). In particular, a purchaser should:

- (a) search the Register required to be maintained under Division 1A of Part 8 of the *Home Building Act 1989*, and
- (b) ask the relevant local council whether it holds any records showing that the residential premises contain loose-fill asbestos insulation.

For further information about loose-fill asbestos insulation (including areas in which residential premises have been identified as containing loose-fill asbestos insulation), contact NSW Fair Trading.

4. A purchaser exercising the right to cool off by rescinding the contract will forfeit to the vendor 0.25% of the purchase price of the property. The vendor is entitled to recover the amount forfeited from any amount paid by the purchaser as a deposit under the contract and the purchaser is entitled to a refund of any balance.

DISPUTES

If you get into a dispute with the other party, the Law Society and Real Estate Institute encourage you to use informal procedures such as negotiation, independent expert appraisal, the Law Society Conveyancing Dispute Resolution Scheme or mediation (for example mediation under the Law Society Mediation Program).

- 3.11 If this contract is *terminated* by the purchaser –
- 3.11.1 *normally*, the vendor must give the purchaser the *deposit-bond*; or
 - 3.11.2 if the vendor serves prior to *termination* a notice disputing the purchaser's right to *terminate*, the vendor must forward the *deposit-bond* (or its proceeds if called up) to the *depositholder* as stakeholder.

4 Transfer

- 4.1 *Normally*, the purchaser must serve at least 14 days before the date for completion –
- 4.1.1 the form of transfer; and
 - 4.1.2 particulars required to register any mortgage or other dealing to be lodged with the transfer by the purchaser or the purchaser's mortgagee.
- 4.2 If any information needed for the form of transfer is not disclosed in this contract, the vendor must serve it.
- 4.3 If the purchaser serves a form of transfer and the transferee is not the purchaser, the purchaser must give the vendor a direction signed by the purchaser personally for this form of transfer.
- 4.4 The vendor can require the purchaser to include a form of covenant or easement in the transfer only if this contract contains the wording of the proposed covenant or easement, and a description of the land benefited.

5 Requisitions

- 5.1 If a form of *requisitions* is attached to this contract, the purchaser is taken to have made those *requisitions*.
- 5.2 If the purchaser is or becomes entitled to make any other *requisition*, the purchaser can make it only by serving it –
- 5.2.1 if it arises out of this contract or it is a general question about the *property* or title - *within* 21 days after the contract date;
 - 5.2.2 if it arises out of anything served by the vendor - *within* 21 days after the later of the contract date and that service; and
 - 5.2.3 in any other case - *within* a reasonable time.

6 Error or misdescription

- 6.1 *Normally*, the purchaser can (but only before completion) claim compensation for an error or misdescription in this contract (as to the *property*, the title or anything else and whether substantial or not).
- 6.2 This clause applies even if the purchaser did not take notice of or rely on anything in this contract containing or giving rise to the error or misdescription.
- 6.3 However, this clause does not apply to the extent the purchaser knows the true position.

7 Claims by purchaser

Normally, the purchaser can make a claim (including a claim under clause 6) before completion only by *serving* it with a statement of the amount claimed, and if the purchaser makes one or more claims before completion –

- 7.1 the vendor can *rescind* if in the case of claims that are not claims for delay –
 - 7.1.1 the total amount claimed exceeds 5% of the price;
 - 7.1.2 the vendor *serves* notice of intention to *rescind*; and
 - 7.1.3 the purchaser does not *serve* notice waiving the claims *within* 14 days after that *service*; and
- 7.2 if the vendor does not *rescind*, the *parties* must complete and if this contract is completed –
 - 7.2.1 the lesser of the total amount claimed and 10% of the price must be paid out of the price to and held by the *depositholder* until the claims are finalised or lapse;
 - 7.2.2 the amount held is to be invested in accordance with clause 2.9;
 - 7.2.3 the claims must be finalised by an arbitrator appointed by the *parties* or, if an appointment is not made *within* 1 month of completion, by an arbitrator appointed by the President of the Law Society at the request of a *party* (in the latter case the *parties* are bound by the terms of the Conveyancing Arbitration Rules approved by the Law Society as at the date of the appointment);
 - 7.2.4 the purchaser is not entitled, in respect of the claims, to more than the total amount claimed and the costs of the purchaser;
 - 7.2.5 net interest on the amount held must be paid to the *parties* in the same proportion as the amount held is paid; and
 - 7.2.6 if the *parties* do not appoint an arbitrator and neither *party* requests the President to appoint an arbitrator *within* 3 months after completion, the claims lapse and the amount belongs to the vendor.

8 Vendor's rights and obligations

- 8.1 The vendor can *rescind* if –
 - 8.1.1 the vendor is, on reasonable grounds, unable or unwilling to comply with a *requisition*;
 - 8.1.2 the vendor *serves* a notice of intention to *rescind* that specifies the *requisition* and those grounds; and
 - 8.1.3 the purchaser does not *serve* a notice waiving the *requisition* *within* 14 days after that *service*.
- 8.2 If the vendor does not comply with this contract (or a notice under or relating to it) in an essential respect, the purchaser can *terminate* by *serving* a notice. After the *termination* –
 - 8.2.1 the purchaser can recover the deposit and any other money paid by the purchaser under this contract;
 - 8.2.2 the purchaser can sue the vendor to recover damages for breach of contract; and
 - 8.2.3 if the purchaser has been in possession a *party* can claim for a reasonable adjustment.

9 Purchaser's default

If the purchaser does not comply with this contract (or a notice under or relating to it) in an essential respect, the vendor can *terminate* by *serving* a notice. After the *termination* the vendor can –

- 9.1 keep or recover the deposit (to a maximum of 10% of the price);
- 9.2 hold any other money paid by the purchaser under this contract as security for anything recoverable under this clause –
 - 9.2.1 for 12 months after the *termination*; or
 - 9.2.2 if the vendor commences proceedings under this clause *within* 12 months, until those proceedings are concluded; and
- 9.3 sue the purchaser either –
 - 9.3.1 where the vendor has resold the *property* under a contract made *within* 12 months after the *termination*, to recover –
 - the deficiency on resale (with credit for any of the deposit kept or recovered and after allowance for any capital gains tax or goods and services tax payable on anything recovered under this clause); and
 - the reasonable costs and expenses arising out of the purchaser's non-compliance with this contract or the notice and of resale and any attempted resale; or
 - 9.3.2 to recover damages for breach of contract.

10 Restrictions on rights of purchaser

 - 10.1.3 a wall being or not being a party wall in any sense of that term or the *property* being affected by an easement for support or not having the benefit of an easement for support;
 - 10.1.4 any change in the *property* due to fair wear and tear before completion;
 - 10.1.5 a promise, representation or statement about this contract, the *property* or the title, not set out or referred to in this contract;
 - 10.1.6 a condition, exception, reservation or restriction in a Crown grant;

- 10.1.7 the existence of any authority or licence to explore or prospect for gas, minerals or petroleum;
- 10.1.8 any easement or restriction on use the substance of either of which is disclosed in this contract or any non-compliance with the easement or restriction on use; or
- 10.1.9 anything the substance of which is disclosed in this contract (except a caveat, charge, mortgage, priority notice or writ).
- 10.2 The purchaser cannot *rescind* or *terminate* only because of a defect in title to or quality of the inclusions.
- 10.3 *Normally*, the purchaser cannot make a claim or *requisition* or *rescind* or *terminate* or require the vendor to change the nature of the title disclosed in this contract (for example, to remove a caution evidencing qualified title, or to lodge a plan of survey as regards limited title).
- 11 Compliance with work orders**
- 11.1 *Normally*, the vendor must by completion comply with a *work order* made on or before the contract date and if this contract is completed the purchaser must comply with any other *work order*.
- 11.2 If the purchaser complies with a *work order*, and this contract is *rescinded* or *terminated*, the vendor must pay the expense of compliance to the purchaser.
- 12 Certificates and inspections**
- The vendor must do everything reasonable to enable the purchaser, subject to the rights of any tenant –
- 12.1 to have the *property* inspected to obtain any certificate or report reasonably required;
- 12.2 to apply (if necessary in the name of the vendor) for –
- 12.2.1 any certificate that can be given in respect of the *property* under *legislation*; or
- 12.2.2 a copy of any approval, certificate, consent, direction, notice or order in respect of the *property* given under *legislation*, even if given after the contract date; and
- 12.3 to make 1 inspection of the *property* in the 3 days before a time appointed for completion.
- 13 Goods and services tax (GST)**
- 13.1 Terms used in this clause which are not defined elsewhere in this contract and have a defined meaning in the *GST Act* have the same meaning in this clause.
- 13.2 *Normally*, if a *party* must pay the price or any other amount to the other *party* under this contract, GST is not to be added to the price or amount.
- 13.3 If under this contract a *party* must make an adjustment or payment for an expense of another party or pay an expense payable by or to a third party (for example, under clauses 14 or 20.7) –
- 13.3.1 the *party* must adjust or pay on completion any GST added to or included in the expense; but
- 13.3.2 the amount of the expense must be reduced to the extent the party receiving the adjustment or payment (or the representative member of a GST group of which that party is a member) is entitled to an input tax credit for the expense; and
- 13.3.3 if the adjustment or payment under this contract is consideration for a taxable supply, an amount for GST must be added at the *GST rate*.
- 13.4 If this contract says this sale is the supply of a going concern –
- 13.4.1 the *parties* agree the supply of the *property* is a supply of a going concern;
- 13.4.2 the vendor must, between the contract date and completion, carry on the enterprise conducted on the land in a proper and business-like way;
- 13.4.3 if the purchaser is not registered by the date for completion, the *parties* must complete and the purchaser must pay on completion, in addition to the price, an amount being the price multiplied by the *GST rate* ("the retention sum"). The retention sum is to be held by the *depositholder* and dealt with as follows –
- if *within* 3 months of completion the purchaser *serves* a letter from the Australian Taxation Office stating the purchaser is registered with a date of effect of registration on or before completion, the *depositholder* is to pay the retention sum to the purchaser; but
 - if the purchaser does not *serve* that letter *within* 3 months of completion, the *depositholder* is to pay the retention sum to the vendor; and
- 13.4.4 if the vendor, despite clause 13.4.1, *serves* a letter from the Australian Taxation Office stating the vendor has to pay GST on the supply, the purchaser must pay to the vendor on demand the amount of GST assessed.
- 13.5 *Normally*, the vendor promises the margin scheme will not apply to the supply of the *property*.
- 13.6 If this contract says the margin scheme is to apply in making the taxable supply, the *parties* agree that the margin scheme is to apply to the sale of the *property*.
- 13.7 If this contract says the sale is not a taxable supply –
- 13.7.1 the purchaser promises that the *property* will not be used and represents that the purchaser does not intend the *property* (or any part of the *property*) to be used in a way that could make the sale a taxable supply to any extent; and
- 13.7.2 the purchaser must pay the vendor on completion in addition to the price an amount calculated by multiplying the price by the *GST rate* if this sale is a taxable supply to any extent because of –
- a breach of clause 13.7.1; or
 - something else known to the purchaser but not the vendor.
- 13.8 If this contract says this sale is a taxable supply in full and does not say the margin scheme applies to the *property*, the vendor must pay the purchaser on completion an amount of one-eleventh of the price if –

- 13.8.1 this sale is not a taxable supply in full; or
- 13.8.2 the margin scheme applies to the *property* (or any part of the *property*).
- 13.9 If this contract says this sale is a taxable supply to an extent –
- 13.9.1 clause 13.7.1 does not apply to any part of the *property* which is identified as being a taxable supply; and
- 13.9.2 the payments mentioned in clauses 13.7 and 13.8 are to be recalculated by multiplying the relevant payment by the proportion of the price which represents the value of that part of the *property* to which the clause applies (the proportion to be expressed as a number between 0 and 1). Any evidence of value must be obtained at the expense of the vendor.
- 13.10 *Normally*, on completion the vendor must give the recipient of the supply a tax invoice for any taxable supply by the vendor by or under this contract.
- 13.11 The vendor does not have to give the purchaser a tax invoice if the margin scheme applies to a taxable supply.
- 13.12 If the vendor is liable for GST on rents or profits due to issuing an invoice or receiving consideration before completion, any adjustment of those amounts must exclude an amount equal to the vendor's GST liability.
- 13.13 If the purchaser must make a *GSTRW payment* the purchaser must –
- 13.13.1 at least 5 days before the date for completion, serve evidence of submission of a *GSTRW payment* notification form to the Australian Taxation Office by the purchaser or, if a direction under clause 4.3 has been served, by the transferee named in the transfer served with that direction;
- 13.13.2 produce on completion a *settlement cheque* for the *GSTRW payment* payable to the Deputy Commissioner of Taxation;
- 13.13.3 forward the *settlement cheque* to the payee immediately after completion; and
- 13.13.4 serve evidence of receipt of payment of the *GSTRW payment* and a copy of the settlement date confirmation form submitted to the Australian Taxation Office.

14 Adjustments

- 14.1 *Normally*, the vendor is entitled to the rents and profits and will be liable for all rates, water, sewerage and drainage service and usage charges, land tax, levies and all other periodic outgoings up to and including the *adjustment date* after which the purchaser will be entitled and liable.
- 14.2 The *parties* must make any necessary adjustment on completion.
- 14.3 If an amount that is adjustable under this contract has been reduced under *legislation*, the *parties* must on completion adjust the reduced amount.
- 14.4 The *parties* must not adjust surcharge land tax (as defined in the Land Tax Act 1956) but must adjust any other land tax for the year current at the *adjustment date* –
- 14.4.1 only if land tax has been paid or is payable for the year (whether by the vendor or by a predecessor in title) and this contract says that land tax is adjustable;
- 14.4.2 by adjusting the amount that would have been payable if at the start of the year –
- the person who owned the land owned no other land;
 - the land was not subject to a special trust or owned by a non-concessional company; and
 - if the land (or part of it) had no separate taxable value, by calculating its separate taxable value on a proportional area basis.
- 14.5 If any other amount that is adjustable under this contract relates partly to the land and partly to other land, the *parties* must adjust it on a proportional area basis.
- 14.6 *Normally*, the vendor can direct the purchaser to produce a *settlement cheque* on completion to pay an amount adjustable under this contract and if so –
- 14.6.1 the amount is to be treated as if it were paid; and
- 14.6.2 the *cheque* must be forwarded to the payee immediately after completion (by the purchaser if the *cheque* relates only to the *property* or by the vendor in any other case).
- 14.7 If on completion the last bill for a water, sewerage or drainage usage charge is for a period ending before the *adjustment date*, the vendor is liable for an amount calculated by dividing the bill by the number of days in the period then multiplying by the number of unbilled days up to and including the *adjustment date*.
- 14.8 The vendor is liable for any amount recoverable for work started on or before the contract date on the *property* or any adjoining footpath or road.

15 Date for completion

 - amount payable by the vendor to the purchaser under this contract; and
- 16.7.2 any other amount payable by the purchaser under this contract.
- 16.8 If the vendor requires more than 5 *settlement cheques*, the vendor must pay \$10 for each extra *cheque*.

- 16.10 On completion the deposit belongs to the vendor.
- **Place for completion**
- 16.11 *Normally*, the *parties* must complete at the completion address, which is –

- 18.3.1 keep the *property* in good condition and repair having regard to its condition at the giving of possession; and

- 18.5.1 the vendor can before completion, without notice, remedy the non-compliance; and
- 18.5.2 if the vendor pays the expense of doing this, the purchaser must pay it to the vendor with interest at the rate prescribed under s101 Civil Procedure Act 2005.
- 18.6 If this contract is *rescinded* or *terminated* the purchaser must immediately vacate the *property*.
- 18.7 If the *parties* or their *solicitors* on their behalf do not agree in writing to a fee or rent, none is payable.
- 19 Rescission of contract**
- 19.1 If this contract expressly gives a *party* a right to *rescind*, the *party* can exercise the right –
