Hi Linsey

I am unable to get the required documents as Guvera no longer exists and it's chairman Darren Herft has been banned by ASIC.

I have entered into a class action with Bannisters Lawyers along with many other duped investors as we were given very poor advice from my previous accountants who benefitted from the transaction.

Looks like our \$30000 is gone

Regards
Murray

Hi Murray,

I hope this email finds you well.

We just got notification from the auditor and they request **financial statements and tax return of unlisted company (Guvera Limited) for the year ended 30 June 2020**. We understand there was no change in FY20; however, that is what the auditor requires.

Can you please collect the document and forward to us?

Kind regards,
