## Your fees and investment returns explained

1. Your investment return  
This represents market movement and any distributions you have received for this period.
2. Indirect costs of your investment  
This approximate amount has been deducted from your investment and includes amounts that have reduced the return on your investment but are not charged directly to you as a fee.
3. Total fees and costs you paid  
This approximate amount includes all the fees and costs which affected your investment during the period. These are fees we deducted from the fund.

### Additional explanation of fees and costs

#### Tax

In calculating the taxable income of our funds, available tax deductions are taken into account. This means that the after-tax costs to you of investing in our funds may be less than the amounts shown above.

## Your fees and investment returns explained

1. Your investment return

This represents market movement and any distributions you have received for this period.

2. Indirect costs of your investment

This approximate amount has been deducted from your investment and includes amounts that have reduced the return on your investment but are not charged directly to you as a fee.

3. Total fees and costs you paid

This approximate amount includes all the fees and costs which affected your investment during the period. These are fees we deducted from the fund.

### Additional explanation of fees and costs

#### Tax

In calculating the taxable income of our funds, available tax deductions are taken into account. This means that the after-tax costs to you of investing in our funds may be less than the amounts shown above.
