Subtotal \$136.95

How can I save water and money?

Water usage can increase during Spring and Summer, particularly during prolonged dry periods. This can mean higher than expected bills.

Thankfully there are countless ways we can all save water and money:

Take shorter showers to save 9L per minute.

Sweep your driveway instead of hosing it down to save 11L per minute.

Water your gardens and lawn in the morning to reduce evaporation.

We're all in this together, so let's save water together!
