Dear Mr Young,

Your 30 June 2022 annual statement

Your 30 June 2022 MLC Wrap Investments Series 2 annual statement is enclosed.

Your statement is divided into two sections:

- a portfolio snapshot, and
- portfolio details of your investments.

It contains the latest unit prices available to us at 30 June 2022. Any transactions that were in progress at the end of the reporting period may not yet be visible as separate transactions. You can view your transactions and a current portfolio valuation by logging in to mlc.com.au

This information will help you complete your PAYG Instalment or Business Activity Statement. If you're not sure if you need to complete these, please speak to your financial or taxation adviser.

Changes affecting your investments

Important information about changes affecting your investments over the last 12 months is available and published at mlc.com.au/investnews

Please regularly check the site to make sure you stay informed.

Making additional investments

There are many ways you can make deposits to your account; by direct debit, BPAY®, EFT or you can set up a Regular Investment Facility. Please refer to the 'Other information' section in your statement for the BPAY® biller code and reference number.

Note

The 'Franking credits' amount disclosed doesn't take into account any denials calculated under the 45 day rule (or 90 day rule for preference shares). You'll need to determine your entitlements to these amounts.

The 'Foreign income tax offsets / credits' amount represents tax already paid on income sourced in a foreign country. You'll need to determine your entitlement to these amounts. These amounts are subject to a cap, however if your total 'Foreign income tax offsets / credits' for the year are \$1,000 or less, you don't have to calculate the cap.

The income received is the cash amount and doesn't take into account any component breakdowns. The distribution component information will be provided as part of your year end annual tax statement.

Assets that did not produce income will not be listed in this section. For more information contact us.

^^Other Fees of your investment

Your Cash Account income transaction will display on a quarterly basis, where it has a value other than \$0.00. Administration fees are deducted prior to the quarterly interest calculation for your Cash Account. For the period 1 July 2021 to 30 June 2022 an approximate deduction of **\$223.16** has been made from your Cash Account investment returns and is not reflected as a transaction on this statement. These fees relate only to your investment service and not your chosen investment options. The Cash Account income transactions shown in this statement are net of these fees. You will not see separate transactions for these fees but they have been taken into account in the calculation of your closing balance and may assist in reconciliation with your annual tax statement.

All fees are shown inclusive of GST and net of Reduced Input Tax Credits (where applicable).

NOTE: We haven't included the fees and costs deducted from within your investment options in this statement as it is not reasonably practicable for us to include these costs during the period. These fees and costs may include indirect fees and costs, buy-sell spreads and performance fees or other transactional and operational costs of the underlying investment options. These are deducted by the fund manager from the relevant investment option and are reflected in the respective unit prices. These fees and costs are not reflected as transactions in this statement and are not deducted separately from your account.

For more information on the fees and costs deducted from your investment, please refer to the PDS for the relevant investment option, located at mlc.com.au

Returns for periods one year or greater are calculated on an annualised basis. They're net of fees and costs (which may include, if applicable, administration fees and costs, investment fees and costs, and transaction costs) prior to any individual tax considerations. These returns reflect the performance of the investment options within the product and not your individual return. Your individual return depends on when and how you transacted on your account and how long you were invested for. The returns shown are for investment options you held at 30 June 2022.

⁵Returns for year ended 30 June 2022 were unavailable in time for this statement, so the previous month end returns were used. This section may not list all assets for which there is past performance information. For more information go to asx.com.au or contact us.

Investments will only be shown if they have one or more years of performance history.

Other

'Other' may include asset classes that aren't already included in the table. Asset classes in 'Other' include hedge funds, long/short funds, infrastructure assets and private assets. More specific information on assets included in 'Other' may be available in the investment's Product Disclosure Statement.

Negative asset allocations

The percentage of an investment's exposure to an asset class may be negative because the asset allocations are 'Effective Exposures'. Effective exposures take into account the value of the underlying asset or liability of the investment including the value of any derivatives. A derivative is an investment that derives its values from another investment. Some common derivatives are forwards, futures, swaps and options. More information on the asset allocation may be available in the investment's Product Disclosure Statement.

Resolving complaints

If you have a complaint, we can usually resolve it quickly over the phone on **132 652**.

If you'd prefer to put your complaint in writing you can email us at **complaints@mlc.com.au** or send a letter to **GPO Box 4341, Melbourne, VIC 3001**. We'll conduct a review and provide you with a response in writing.

If you're not satisfied with our resolution, or we haven't responded to you in 30 days, you can lodge a complaint with the Australian Financial Complaints Authority (AFCA).

AFCA provides an independent financial services complaint resolution process that's free to consumers. You can contact AFCA at any time in writing to **GPO Box 3, Melbourne, VIC 3001**, at their website (**afca.org.au**), by email at **info@afca.org.au**, or by phone on **1800 931 678** (free call).

To view our complaints management policy visit **mlc.com.au/complaint**

If you have a Regular or Progressive Investment Facility, you may not have received the most current Disclosure Document, Product Disclosure Statement ('PDS') or Supplementary PDS for the underlying investment product at the time that each subsequent investment was made. Your financial adviser has access to these documents and can provide them to you. Alternatively, you can contact us.

Please note, in some cases we have relied on information provided by third parties. While we believe the information in this statement is accurate and reliable, this is not guaranteed.
