Glossary of terms

Opening Balance and Closing Balance

The number of TCL triple stapled securities as at the close of business on 30 June 2021. The number of TCL triple stapled securities as at the close of business on 30 June 2022.

Transaction List

This refers to the type of activities occurred on your holding during the statement period, i.e., purchase, sale, or reinvestment. Reinvestment refers to the additional triple stapled securities you acquired as a result of your participation in the distribution reinvestment plan (DRP).

Cash Distribution Received

Any payments received in cash during the statement period.

Reinvestment

If you elected to participate in the DRP, the proceeds of your distribution were reinvested and used to purchase additional triple stapled securities.

Distribution Reinvestment Cash Balance

Any money left over after purchasing DRP securities is held in a cash balance account. This amount will be added to your next distribution and put towards the purchase of additional triple stapled securities.

Return on Investments

If you have not bought or sold TCL triple stapled securities during the reporting period, your statement will show your return on investments after management fees and costs. This includes any capital return on your investment plus distributions paid during the reporting period. Otherwise your return on investment is not shown because we do not have access to information about securities you bought or sold during the period. You can obtain that information from your broker or financial adviser and seek their assistance to calculate the return.

Fees and costs deducted from your investment

This approximate amount has been deducted from your investment and covers amounts that have reduced the return on your investment and that are not included in the fees and costs deducted directly from your account or in the additional fees and costs. These 'indirect costs' (IC) relate to TCL's Corporate function and the Corporate component of TCL's North American segment. IC are calculated for the 12 month period ended 30 June 2022 and are inclusive of management and administrative expenses not directly allocated to the entities that operate toll roads. IC include depreciation and amortisation costs that primarily relate to leased office space and back-office systems. The IC do not include costs paid from one entity to another entity within the stapled group. The approximate amount allocated to you has been calculated using total IC and average market value of triple stapled securities for the 12 month period ended 30 June 2022.

Investment objectives

Please refer to the Transurban website (www.transurban.com) or the ASX website (www.asx.com.au) for announcements and other information relating to TCL's financial and other performance relative to TCL's investment objective.

Notes

¹ Date – Refers to the settlement date for the transaction. You can obtain the trade dates from your broker or financial adviser.

² Security price – If you have purchased or sold TCL triple stapled securities during the statement period, the security price (market price as at close of business) has not been included as TCL does not have access to the price at which you bought or sold your securities, the date you traded or any brokerage costs, commissions or spread between the bid price (price at which investors are willing to buy) or ask price (price at which investors are willing to sell). You can obtain this from your broker or financial adviser.

³ Security value – If you have purchased or sold TCL triple stapled securities during the statement period, the security value (the number of securities multiplied by the market price) has not been included as TCL does not have access to the price at which you bought or sold your securities, the date you traded or any brokerage costs, commissions or spread between the bid price (price at which investors are willing to buy) or ask price (price at which investors are willing to sell). You can obtain this from your broker or financial adviser.
