Dear Mr Young,

Your 2021/2022 annual tax statements

Please find your MLC Wrap Investments Series 2 annual tax statements to 2021/2022 enclosed. These statements include all income and capital gains while the portfolio has been in MLC Wrap Investments Series 2. Enclosed you'll find the following:

- Consolidated tax summaries - to help you prepare your income tax return
- Income statement - if you've received any income during the financial year, and
- Capital gains statement - if you've sold any investments during the financial year.

There is also an *Other reconciliations* section to assist you.

Please keep these statements for income tax purposes.

Supplying income and tax information to the Australian Taxation Office (ATO)

If you've transferred the investments reported here to or from another Investor Directed Portfolio Service provider during the 2021/2022 financial year, there may be additional income to include in your income tax return.

We encourage you to speak with your financial or tax adviser about this.

We've made your annual tax statements clearer

The Initial and/or Service fees you pay to your financial adviser from your cash account related to contributions to your account will no longer be included in the capital gains/loss calculations reported on your annual tax statement. Instead, they'll be disclosed separately, making them easier to see and consider when preparing your tax return. This fee information is shown under the heading "Initial and/or Service Fees".

Any questions?

If you have any questions, please speak to your financial adviser Dgz Financial Planning Pty Ltd on **07 41517881** or call us between 8am and 6pm (AEST/AEDT), Monday to Friday.

Thank you for choosing MLC to look after your investment needs.

Yours sincerely,

Consolidated distributions/attributions - superannuation fund

Tax information for year ended 30 June 2022

MLC Wrap Investments Series 2 account number: 42616600005

This statement includes all income and capital gains paid or attributed to the self-managed superannuation fund for the year ended 30 June 2022 where the investment records have been maintained by MLC Wrap. If you've transferred the administration of the investments to or from another Investor Directed Portfolio Service provider during the year ended 30 June 2022, there may be additional income/capital gains to be included in your income tax return.

The references in brackets refer to the relevant codes in the Self-managed superannuation fund annual return 2022 form. They assume that the self-managed superannuation fund was a complying super fund for the entire financial year.

Initial and/or Service Fees

From 1 July 2021, initial and/or service fees incurred will no longer be included in the cost base of assets that the fund holds in calculating its net capital gain or loss for the financial year. This change applies to these fees incurred either before or after this date.

These fees, which include GST less any applicable reduced input tax credits, are shown below:

Unapplied initial and/or service fees - incurred before 1 July 2021**	\$0.00
Adviser initial service fees - incurred this financial year	\$0.00

As the CGT/ income tax treatment of these fees is based on the fund's specific circumstances, we recommend that you seek advice from a registered tax agent.

**Unapplied initial and/or service fees represent the balance of fees that have not been included in an asset's cost base. Please retain this annual tax statement for future reference as the amount is shown only in this year's statement.

Notes

This statement doesn't include any expenses in relation to Death/TPD premiums. If you've incurred expenses in relation to Death/TPD premiums, please speak with your accountant or tax adviser.

*TAP means Taxable Australian Property and Non-TAP means Non-Taxable Australian Property. This distinction is only relevant if you're a non-resident investor. The taxable income column has been prepared on the basis that you're an Australian resident for the whole income year.

~Other income will include any applicable 'non-concessional MIT income (NCMI) - non-primary and primary production' and any applicable 'Excluded from NCMI - non-primary and primary production'. These NCMI components are relevant in working out any non-resident withholding tax applicable for the income year. If any NCMI income is included, a breakdown is shown in the *Non-Concessional MIT income* section below.

^ We recommend you seek professional tax advice for guidance on whether these expenses are deductible and can be claimed on your income tax return.

+A traditional security is broadly a security that's unlike an ordinary share in a company or unit in a unit trust. On disposal or redemption, traditional securities fall outside the CGT regime meaning any gains are assessable as income and any losses are deductible to the taxpayer.

Additional capital gains information

The following capital gains information includes the capital gains/losses shown on the Capital gains statement, together with the distributed/attributed capital gains the self-managed superannuation fund received.

Net capital gain+ \$21,357.81 (11A)

If you've received or had capital gains as part of your distributed/attributed income or made capital gains or losses from the sale of your investments, then you may have a net taxable capital gain for the income year or a net capital loss to carry forward to future years.

The net capital gain or current year net capital losses amounts have been calculated by applying any capital losses to your capital gains in an order that will produce the lowest capital gains tax for you.

Please refer to your Income statement to see your distributed/attributed capital gains and your Capital gains statement if you sold any of your investments during the year.

It is important to note that the net capital gain doesn't include Capital Gains Tax events of investments held outside MLC Wrap. Your prior year capital losses within your MLC Wrap investment portfolio haven't been included in the above.

The additional capital gains information has been prepared on the basis that you're an Australian tax resident superannuation fund and isn't relevant if you're a non-resident.

Current year net capital losses \$0.00

+This amount will include any applicable 'non-concessional MIT income (NCMI) - capital gains' and any applicable 'Excluded from NCMI - capital gains' that have been distributed/attributed. These NCMI components are relevant in working out any non-resident withholding tax applicable for the income year. If any NCMI income is included, a breakdown is shown in the *Non-Concessional MIT income* section below.

Non-concessional MIT income (NCMI) information

The NCMI information below is relevant in working out any non-resident withholding tax that may apply for the income year. MIT withholding tax at a rate of 30% applies to fund payments that are attributable to NCMI.

NCMI	Distribution/ attribution	Tax Paid	Taxable income	Tax return label
NCMI - Non-primary production	\$41.12		\$41.12	Included in 11M
Excluded from NCMI - Non-primary production	\$40.66		\$40.66	Included in 11M
NCMI - Primary production	\$0.00		\$0.00	Included in 11M
Excluded from NCMI - Primary production	\$0.00		\$0.00	Included in 11M
NCMI capital gains	\$35.57		\$35.57	Included in 11A
Excluded from NCMI capital gains	\$0.00		\$0.00	Included in 11A

Cost base adjustment information for AMIT

Where a Managed Investment Trust has elected to be an Attribution Managed Investment Trust (AMIT), then your cost base may be increased or decreased based on the information provided on an AMIT Member Annual Statement.

Notes

Specific tax rules applying to certain eligible managed funds under the Attribution Managed Investment Trust (AMIT) regime. A large proportion of externally managed funds offered through MLC Wrap have applied these rules. You may wish to speak to your registered tax agent on how these rules may impact your personal tax circumstances.

Under the AMIT regime, the income upon which you are subject to tax may not be the same as the amount received in actual cash payments. Specific rules apply in deriving the amount assessed to you. Speak to your financial adviser or registered tax agent if you require further assistance.

If you have any difficulty in preparing the self-managed superannuation fund income tax return, please speak with your accountant or tax adviser.

Australian taxation law requires you to hold shares directly or indirectly for at least 45 days to be eligible for the full tax benefits of franking credits attached to franked dividends. In some cases, the holder of an interest in an Attribution Managed Investment Trust (AMIT) does not need to meet this requirement, in respect of franking credits. Please speak with your financial adviser or tax adviser for further information.

Foreign Income Tax Offsets (FITO) represent tax already paid on income sourced in a foreign country and generally forms part of your assessable income. You can claim a non-refundable tax offset for FITO subject to a cap (which is lesser of the foreign taxes you paid or were attributed to you and the Australian tax payable on your foreign income) unless your total FITO, from all sources, for the year is \$1,000 or less, in which case you can claim the entire FITO you received. Please speak with your financial adviser or tax adviser for further information.

The taxation of financial arrangements (TOFA) rules may be applicable to you. Due to the complexities associated with TOFA and the fact that we're not aware of your personal circumstances, this statement doesn't take into account any TOFA implications. Please speak with your financial adviser or tax adviser for further information.

Please retain these statements for income tax purposes.
