Our funds management business continues to perform strongly. During the period Magellan saw a 9% growth in average funds under management to \$103.7 billion. Profit before tax and performance fees of our funds management business increased 10% to \$526.6 million, reflecting the increase in average funds under management and cost efficiencies.

We were also very pleased to launch a number of new funds and strategic initiatives during the period. These include the MFG Core Series, Magellan Sustainable Fund and Magellan **FuturePay**, all of which we believe uniquely address a market need and are well positioned for the future.

Further, we are delighted with Magellan Capital Partners' three new strategic investments. FinClear, Guzman y Gomez and Barrenjoey Capital Partners have all performed strongly over the year and we are excited by their future prospects."
