

2020 Investment Strategy Review

Wong-Family Fund (“the Fund”)

Objectives

The Trustees consider this Investment Strategy to fulfil the principal objective of maximising Member returns having regard to risk and is consistent with the investment objectives of the Fund which are as follows:

- 1) To provide retirement benefit for the Members.
- 2) To ensure that sufficient assets will be available to meet benefit payments when those payments are due to be paid (solvency).
- 3) To ensure that sufficient liquid assets will be available to meet benefit payments and liabilities as and when those payments are due to be paid (liquidity).
- 4) To achieve a long term rate of return in excess of the CPI. It is expected that year-on-year returns will vary widely and that there might be years when returns are negative.
- 5) The Fund has a relatively long time horizon. The Members are prepared to endure a high level of volatility of returns in expectation of long term growth.

Statement on Risk

Investment risk is borne by the Members, as fluctuation in investment returns will affect the level of the Member’s benefits on withdrawal.

Diversification

Diversification is achieved through a mix of Australian and/or international investments across a range of equity/debt issuers, market industry sectors and/or asset classes. The Trustees recognise that diversification can result in significant reduction to return volatility while maintaining the level of anticipated return.

The Trustees also further recognise that market conditions and asset values change over time, and that a relatively lower degree of diversification may sometimes be necessary, or more appropriate, for achieving the investment objectives of the Fund.

The Fund may invest primarily in listed shares. The Trustees recognise this to be a high level of equity specific risks. The Trustees considers that a diversified portfolio of carefully selected listed shares is an investment with historically favourable risk/reward characteristics, and the prospect of long term capital appreciation and/or income growth.

The Fund may invest primarily in property. The Trustees recognise this to be a high level of property specific risks. The Trustees considers that real property is a secure investment with the prospect of long term capital appreciation while generating steady income growth.

Ability to pay expenses

Sufficient cash flow will be maintained to discharge administration expenses and other outgoings. The Fund is a defined contribution fund and the Members are entitled to the accumulation of contributions and earnings in the Members' account on withdrawal.

Investment Strategy

With regard to the investment strategy outlined above the Trustees have adopted an Investment Strategy aimed at accumulating assets in the Fund over the long term. The Trustees can invest within Australia or overseas in the following asset classes:

- Bank operating accounts, cash, bonds, debentures, instalment warrants, fixed term deposits and term deposits
- Shares and related investments including Exchange Traded Funds, Listed Property Trusts, options, Exchange Traded Options, warrants, futures and CFDs
- Managed Investments, Unit Trusts, Separately Managed Accounts and related investments
- Foreign Exchange
- Physical Metals and Commodities
- Virtual Currencies e.g. Bitcoin
- Residential and Commercial Property, with or without borrowing
- Collectibles and Art
- Other assets considered appropriate by the Trustees and permitted by the Trust Deed and Superannuation Law

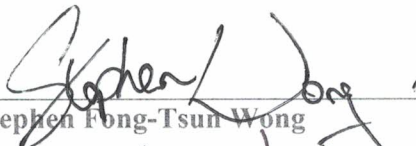

Percentage Investment Range

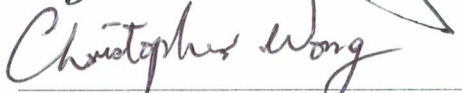

The Trustees consider that no specific percentage range for each of the above assets classes should be adopted but each asset should be considered on its own investment merits having regard to an appropriate degree of diversification.

Insurance Consideration

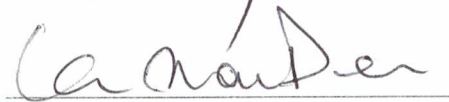

The Trustees note the requirement for the Fund to consider insurance for the benefit of Members. The Trustees also note the insurance policy can be issued from the Fund, another Superannuation Fund or in the Member's personal capacity. The Trustees will consider insurance and implement a suitable insurance strategy as appropriate for their circumstance from time to time.

Signed on 01/07/2020 by the directors of Wong-Family Fund Proprietary Limited, acting as the corporate trustee of Wong-Family Fund.
