1. Summary of Significant Accounting Policies

The trustees have prepared the financial statements on the basis that the superannuation fund is a non-reporting entity because there are no users dependent on general purpose financial statements. The financial statements are therefore special purpose financial statements that have been prepared in order to meet the requirements of the Superannuation Industry (Supervision) Act 1993 and associated Regulations, the trust deed of the fund and the needs of members.

The financial statements have been prepared on a cash basis and are based on historical costs, except for investments which have been measured at market value.

The following significant accounting policies, which are consistent with the policies applied in the previous period unless otherwise stated, have been adopted in the preparation of the financial statements.

The financial statements were authorised for issue by the trustees/ directors of the trustee company.

a. Measurement of Investments

The fund initially recognises:

- i. an investment when it controls the future economic benefits expected to flow from the asset. For financial assets, the trade date is considered to be the date on which control of the future economic benefits attributable to the asset passes to the Fund; and
- ii. a financial liability on the date it becomes a party to the contractual provisions of the instrument.

Investments of the fund have been measured at market values, which refers to the amount that a willing buyer could reasonably be expected to pay to acquire an asset from a willing seller if the following assumptions are made:

- that the buyer and the seller deal with each other at arm's length in relation to the sale;
- that the sale occurred after proper marketing of the asset; and
- that the buyer and the seller acted knowledgeably and prudentially in relation to the sale.

Market value has been determined as follows:

- i. shares and other securities listed on the Australian Securities Exchange by reference to the relevant market quotations at the end of the reporting period;
- ii. units in managed funds by reference to the unit redemption price at the end of the reporting period;
- iii. fixed-interest securities by reference to the redemption price at the end of the reporting period;
- iv. investment properties at the trustees' assessment of their realizable value.

Financial liabilities, such as trade creditors and other payables, are measured at the gross value of the outstanding balance at the end of the reporting period. The trustees have determined that the gross value of the fund's financial liabilities is equivalent to their market values. Any remeasurement changes in the gross values of non-current financial liabilities (including liabilities for members' accrued benefits) are recognised in the income statement in the periods in which they occur.

b. Cash and Cash Equivalents

Cash and cash equivalents include cash on hand and at call, deposits with banks and short-term, highly liquid investments that are readily convertible to cash and subject to an insignificant risk of change in value.

c. Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Fund and the revenue can be reliably measured. Revenue is recognised at the fair value of the consideration received or receivable.

Interest revenue

Interest revenue is recognised in respect of fixed-interest securities, and cash and cash equivalent balances. Interest revenue is recognised as it accrues.

Dividend revenue

Dividend revenue is recognised when the dividend has been paid or, in the case of dividend reinvestment schemes, when the dividend is credited to the benefit of the fund.

Rental revenue

Rental revenue arising from operating leases on investment properties is recognised upon receipt.

Distribution revenue

Distributions from trusts are recognised as at the date the unit value is quoted ex-distributions and, if not received at the end of the reporting period, are reflected in the balance sheet as a receivable at net market value.

Remeasurement changes in market values

Remeasurement changes in the market values of assets are recognised as income and determined as the difference between the market value at year-end or consideration received (if sold during the year) and the market value as at the prior year-end or cost (if acquired during the period).

Contributions

Contributions and transfers in are recognised when the control and the benefits from the revenue have been attained and are recorded by the Fund, gross of any taxes, in the period to which they relate.

d. Liability for Accrued Benefits

The liability for accrued benefits represents the fund's present obligation to pay benefits to members and beneficiaries and has been calculated as the difference between the carrying amount of the assets and the carrying amount of the other payables and income tax liabilities as at the end of the reporting period.

e. Income Tax

The income tax expense (income) for the year comprises current income tax expense (income) and deferred tax expense (income).

Current tax and deferred tax are recognised in profit or loss. Current tax liabilities (assets) are therefore measured at the amounts expected to be paid to (recovered from) the relevant taxation authority.

Deferred income tax expense reflects movements in deferred tax liability balances during the year as well as unused tax losses.

No deferred income tax is recognised from the initial recognition of an asset or liability where there is no effect on accounting or taxable profit or loss.

Deferred tax assets and liabilities are calculated at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, and their measurement also reflects the manner in which the trustees expect to recover or settle the carrying amount of the related asset or liability.

Deferred tax assets relating to temporary differences and unused tax losses are recognised only to the extent that it is probable that future taxable profit will be available against which the benefits of the deferred tax asset can be utilised.

f. Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or other payables in the balance sheet.

g. Critical Accounting Estimates and Judgements

The preparation of financial statements requires the trustees to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future period affected.

2. Liability for Accrued Benefits

Changes in the Liability for Accrued Benefits are as follows:

	2019	2018
	\$	\$
Liability for Accrued Benefits at beginning of period	309,026	286,400
Add:		
Benefits Accrued as a Result of Operations	30,179	23,715
- Adjustment of Deferred Tax Liability /Deferred Tax Asset	(766)	(1,095)
- Tax Adjustment(s) / Offset(s)		7
Liability for Accrued Benefits at end of period	338,439	309,026

3. Vested Benefits

Vested benefits are benefits which are not conditional upon continued membership of the fund (or any other factor other than resignation from the fund) and include benefits which members were entitled to receive had they terminated their fund membership as at the reporting date.

	2019	2018
	\$	\$
Vested Benefits	338,439	309,026

4. Changes in Market Values

Investments and other assets of the fund are valued at the end of the reporting period as described in Note 1 -Summary of Significant Accounting Policies. A detailed schedule of investments is attached to these financial statements. A summary of the change in Market Values is as follows:

2019

2018

Managed Investments (Australian) Shares in Listed Companies (Australian)	\$ (32) 18,666	\$ - (3,721)
Shares in Unlisted Companies (Australian)	647	-
	19,281	(3,721)
5. Income Tax		
Income Tax is payable by the superannuation fund at the rate of 15% on the contributions received and the income of the fund. There has been no change in the Income Tax rate during the year.		
The Income Tax payable by the superannuation fund has been calculated as follows:		
	2019	2018
Benefits accrued as a result of operations before income tax	\$ 	\$ 27,172
Prima facie income tax on accrued benefits Add/(Less) Tax Effect of:	5,305	4,076

	5,188	3,458
	5,188	3,458

FLETCHER SUPERANNUATION FUND TRUSTEE: DAF SUPER PTY LTD ACN: 135 268 003 TRUSTEES DECLARATION

The directors of the trustee company have determined that the fund is not a reporting entity and that these special purpose financial statements should be prepared in accordance with the accounting policies described in Note 1 to the financial statements.

The directors of the trustee company declare that:

- i. the financial statements and notes to the financial statements for the year ended 30 June 2019 present fairly, in all material respects, the financial position of the superannuation fund at 30 June 2019 and the results of its operations for the year ended on that date in accordance with the accounting policies described in Note 1 to the financial statements;
- ii. the financial statements and notes to the financial statements have been prepared in accordance with the requirements of the trust deed; and
- the operation of the superannuation fund has been carried out in accordance with its trust deed and in compliance with the requirements of the Superannuation Industry (Supervision) Act 1993 and associated Regulations during the year ended 30 June 2019.

Specifically, the trustees declare that

- in accordance with s 120 of the Superannuation Industry (Supervision) Act 1993, no individual trustee has been or is a disqualified person;
- the fund has satisfactory title to all assets, all assets are unencumbered and free from charge as prescribed by s 50 of the Superannuation (Supervision) Act 1993 and reg 13.14 of the Superannuation Industry (Supervision) Act 1994; and
- to the knowledge of the trustees, there have been no events or transactions subsequent to the balance date which could have a material impact on the fund. Where such events have occurred, the effect of such events has been accounted and noted in the fund's financial statements

Signed in accordance with a resolution of the directors of the trustee company by:

Deborah Fletcher Daf Super Pty Ltd Director

DATED: 24/01/2020
