Note 1: Summary of Significant Accounting Policies

The trustees have prepared the financial statements on the basis that the Superannuation Fund is not a reporting entity because it is not publicly accountable and is not required by law or governing document to prepare financial statements that comply with Australian Accounting Standards. The financial statements are therefore special purpose financial statements that have been prepared in order to meet the requirements of the Superannuation Industry (Supervision) Act 1993 and associated Regulations, the trust deed of the Fund and the needs of members.

The financial statements have been prepared on a cash basis and are based on historical costs, except for investments which have been measured at market value.

The following significant accounting policies, which are consistent with the policies applied in the previous period unless otherwise stated, have been adopted in the preparation of the financial statements.

The financial statements were authorised for issue by the Director(s).

a. Measurement of Investments

The Fund initially recognises:

- (i) an investment when it controls the future economic benefits expected to flow from the asset. For financial assets, the trade date is considered to be the date on which control of the future economic benefits attributable to the asset passes to the Fund; and
- (ii) a financial liability on the date it becomes a party to the contractual provisions of the instrument.

Investments of the Fund have been measured at market value, which refers to the amount that a willing buyer could reasonably be expected to pay to acquire an asset from a willing seller if the following assumptions were made:

- that the buyer and the seller deal with each other at arm's length in relation to the sale;
- that the sale occurred after proper marketing of the asset; and
- that the buyer and the seller acted knowledgeably and prudentially in relation to the sale.

Market value has been determined as follows:

- (i) shares and other securities listed on the Australian Securities Exchange by reference to the relevant market quotations at the end of the reporting period;
- (ii) units in managed funds by reference to the unit redemption price at the end of the reporting period;
- (iii) fixed-interest securities by reference to the redemption price at the end of the reporting period;
- (iv) unlisted investments are stated at trustees' assessment based on estimated market value at balance date or where necessary, an external valuer's opinion; and
- (v) investment properties at the trustees' assessment of the market value or where necessary a qualified independent valuer's opinion at the end of reporting period.

b. Cash and Cash Equivalents

Cash and cash equivalents include cash on hand and at call, deposits with banks and short-term, highly liquid investments that are readily convertible to cash and subject to an insignificant risk of change in value.

c. Revenue**Interest revenue**

Interest revenue is recognised in respect of fixed-interest securities, and cash and cash equivalent balances. Interest revenue is recognised upon receipt.

Dividend revenue

Dividend revenue is recognised when the dividend has been paid or, in the case of dividend reinvestment schemes, when the dividend is credited to the benefit of the fund.

Rental revenue

Upon entering into each contract as a lessor, the Fund assesses if the lease is a finance or operating lease. All leases have been assessed as operating leases. Rental revenue arising from operating leases on investment properties is recognised on straight-line basis over the term of the specific lease.

Distribution revenue

Distributions from unit trusts and managed funds are recognised as at the date the unit value is quoted ex-distribution and if not received at the end of the reporting period, are reflected in the statement of financial position as a receivable at market value.

Remeasurement changes in market values

Remeasurement changes in the market values of assets are recognised as income and determined as the difference between the market value at year-end or consideration received (if sold during the year) and the market value as at the prior year-end or cost (if acquired during the period).

Contributions

Contributions and transfers in are recognised when the control and the benefits from the revenue have been attained and are recorded by the Fund, gross of any taxes, in the period to which they relate.

d. Liability for Accrued Benefits

The liability for accrued benefits represents the Fund's present obligation to pay benefits to members and beneficiaries, and has been calculated as the difference between the carrying amount of the assets and the carrying amount of the other payables and income tax liabilities as at the end of the reporting period.

e. Trade and Other Payables

Financial liabilities, such as trade creditors and other payables, are measured at the gross value of the outstanding balance at the end of the reporting period. The trustees have determined that the gross value of the Fund's financial liabilities is equivalent to the market value. Any remeasurement changes in the gross value of non-current financial liabilities (including liabilities for members' accrued benefits) are recognised in the operating statement in the periods in which they occur.

f. Critical Accounting Estimates and Judgements

The preparation of financial statements requires the trustees to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future period affected.

Declaration of Independence, Relevant Relationships and Indemnities

Ascent Investment and Coaching Pty Ltd (Provisional Liquidators Appointed)
ATF Ascent Trust (ABN 32 828 649 986)
ACN 127 668 553 (the Company)

This document requires the Practitioners appointed to an insolvent entity to make declarations as to:

- A. their independence generally;
- B. relationships, including
 - (i) the circumstances of the appointment;
 - (ii) any relationships with the company and others within the previous 24 months;
 - (iii) any prior professional services for the company within the previous 24 months;
 - (iv) that there are no other relationships to declare; and
- C. any indemnities given, or up-front payments made, to the Practitioner.

This declaration is made in respect of ourselves, our partners and Deloitte Financial Advisory Pty Limited (Deloitte).

A. Independence

We, Matthew James Donnelly and Sean Holmes of Deloitte, have undertaken a proper assessment of the risks to our independence prior to accepting the appointment as Provisional Liquidators of the Company in accordance with the law and applicable professional standards. This assessment identified no real or potential risks to our independence. We are not aware of any reasons that would prevent us from accepting this appointment.

B. Declaration of Relationships

i. Circumstances of appointment

On 2 June 2022, pursuant to an order of the Federal Court of Australia (Court), we were appointed as the Joint and Several Provisional Liquidators of the Company. The appointment as Provisional Liquidators was made on the application of the Australian Securities & Investments Commission (ASIC).

ASIC initially contacted us on 16 February 2022. We subsequently provided our consent to act.

We had three (3) meetings with the ASIC, on 18 February 2022, 2 May 2022, 26 May 2022 for the purposes of:

- Understanding the background of the engagement to assist with decisioning regarding consents to act; and
- To receive updates regarding the Court proceedings.

We had no meetings with the Company or its advisors prior to our appointment as Provisional Liquidators of the Company.

ii. Relevant Relationships (excluding Professional Services to the Company)

We, or a member of our firm, have, or have had within the preceding 24 months, a relationship with:

Name	Nature of relationship	Reasons why this relationship does not result in a conflict of interest
Australian Securities & Investments Commission (ASIC)	Plaintiff	We have undertaken a number of appointments for ASIC in the usual course of business. We are not paid any commissions, inducements or benefits by ASIC to undertake any appointments. There is no relationship with ASIC which in our view would restrict us from properly exercising our judgment and duties in relation to the appointment. On that basis, our independence is not affected and giving consent to act does not result in any duty owed that would conflict with our interests or duties.
Fleet Partners Pty Limited (Fleet Partners)	Fleet Partners hold an All Present and After Acquired Property over substantially whole of the property of the Company.	Deloitte has not provided services to Fleet Partners in the previous 24 months. We have never undertaken any work for Fleet Partners in respect of the Company. Therefore there is no relationship with Fleet Partners which in our view would restrict us from properly exercising our judgment and duties in relation to the appointment.

iii. Prior Professional services to the Company

Neither we, nor our firm, have provided any professional services to the Company in the previous 24 months.

iv. No other relevant relationships to disclose

There are no other known relevant relationships, including personal, business and professional relationships, from the previous 24 months with the Company, an associate of the Company, a former insolvency practitioner appointed to the Company or any person or entity that has security over the whole or substantially whole of the Company's property that should be disclosed.

C. Indemnities and up-front payments

We have not been indemnified in relation to this Provisional Liquidation, other than any indemnities that we may be entitled to under statute, and we have not received any up-front payments in respect of our remuneration or disbursements.

Dated: 3 June 2022

Matthew James Donnelly
Joint and Several Provisional Liquidator

Sean Holmes
Joint and Several Provisional Liquidator

Note:

1. If circumstances change, or new information is identified, we are required under the Corporations Act 2001 and the ARITA Code of Professional Practice to update this Declaration and provide a copy to creditors with our next communication as well as table a copy of any replacement declaration at the next meeting of the insolvent's creditors.
2. Any relationships, indemnities or up-front payments disclosed in the DIRRI must not be such that the Practitioner is no longer independent. The purpose of components B and C of the DIRRI is to disclose relationships that, while they do not result in the Practitioner having a conflict of interest or duty, ensure that creditors are aware of those relationships and understand why the Practitioner nevertheless remains independent.

Creditor Rights in Liquidations

As a creditor, you have rights to request meetings and information or take certain actions:

If a simplified liquidation process is adopted, these rights are effectively limited to the right to request information.

Right to request a meeting

In liquidations, no meetings of creditors are held automatically. However, creditors with claims of a certain value can request in writing that the liquidator hold a meeting of creditors. The right to request meetings, including in the circumstances described below, is not available if a simplified liquidation process is adopted.

A meeting may be requested in the first 20 business days in a creditors' voluntary liquidation by $\geq 5\%$ of the value of the debts held by known creditors who are not a related entity of the company.

Otherwise, meetings can be requested at any other time or in a court liquidation by:

- $> 10\%$ but $< 25\%$ of the known value of creditors on the condition that those creditors provide security for the cost of holding the meeting
- $\geq 25\%$ of the known value of creditors
- creditors by resolution, or
- a Committee of Inspection (this is a smaller group of creditors elected by, and to represent, all the creditors).

If a request complies with these requirements and is 'reasonable', the liquidator must hold a meeting of creditors as soon as reasonably practicable.

Right to request information

Liquidators will communicate important information with creditors as required in a liquidation. In addition to the initial notice, you should receive, at a minimum, a report within the first three months on the likelihood of a dividend being paid.

Additionally, creditors have the right to request information at any time. A liquidator must provide a creditor with the requested information if their request is 'reasonable', the information is relevant to the liquidation, and the provision of the information would not cause the liquidator to breach their duties.

A liquidator must provide this information to a creditor within 5 business days of receiving the request, unless a longer period is agreed. If, due to the nature of the information requested, the liquidator requires more time to comply with the request, they can extend the period by notifying the creditor in writing.

Requests must be reasonable.

They are not reasonable if:

Both meetings and information:

- (a) complying with the request would prejudice the interests of one or more creditors or a third party
- (b) there is not sufficient available property to comply with the request
- (c) the request is vexatious

Meeting requests only:

- (d) a meeting of creditors dealing with the same matters has been held, or will be held within 15 business days

Information requests only:

- (e) the information requested would be privileged from production in legal proceedings
- (f) disclosure would found an action for breach of confidence
- (g) the information has already been provided
- (h) the information is required to be provided under law within 20 business days of the request

If a request is not reasonable due to (b), (d), (g) or (h) above, the liquidator must comply with the request if the creditor meets the cost of complying with the request.

Otherwise, a liquidator must inform a creditor if their meeting or information request is not reasonable and the reason why.

Right to give directions to liquidator

Creditors, by resolution, may give a liquidator directions in relation to a liquidation. A liquidator must have regard to these directions, but is not required to comply with the directions.

If a liquidator chooses not to comply with a direction given by a resolution of the creditors, they must document their reasons. An individual creditor cannot provide a direction to a liquidator.

If a simplified liquidation process is adopted, you may not be able to give directions, because meetings cannot be held to pass a resolution.

Right to appoint a reviewing liquidator

Creditors, by resolution, may appoint a reviewing liquidator to review a liquidator's remuneration or a cost or expense incurred in a liquidation. This right is not available if a simplified liquidation process is adopted. The review is limited to:

- remuneration approved within the six months prior to the appointment of the reviewing liquidator, and
- expenses incurred in the 12 months prior to the appointment of the reviewing liquidator.

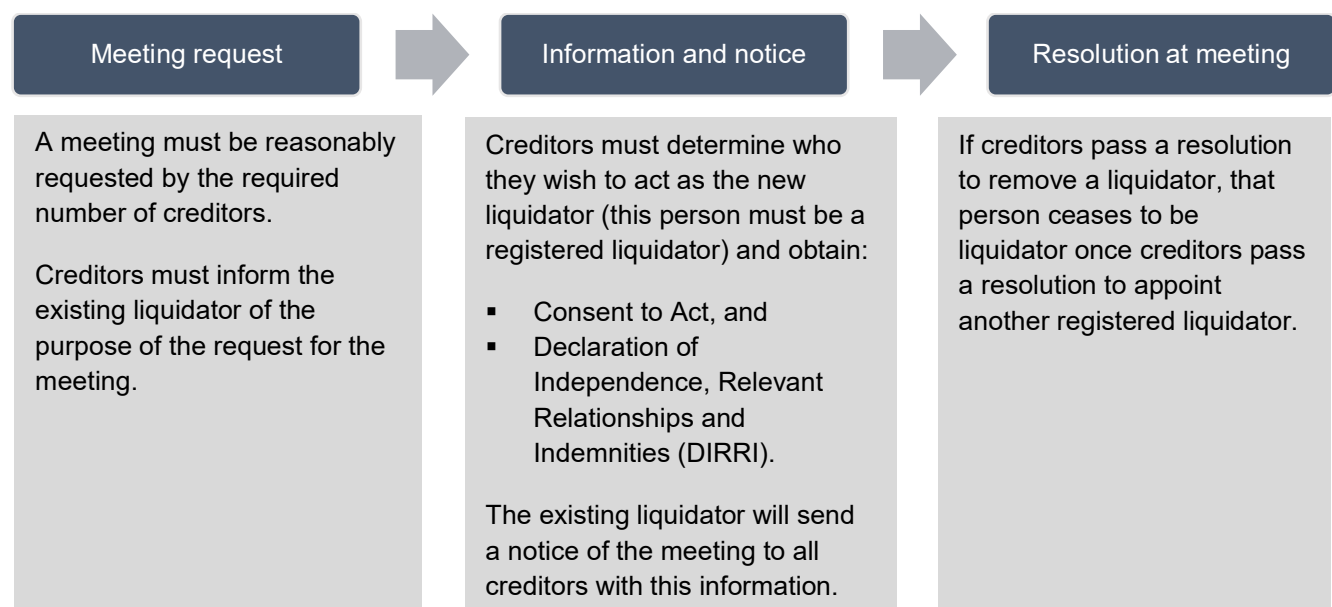

The cost of the reviewing liquidator is paid from the assets of the liquidation, in priority to creditor claims.

An individual creditor can appoint a reviewing liquidator with the liquidator's consent, however the cost of this reviewing liquidator must be met personally by the creditor making the appointment.

Right to replace liquidator

Creditors, by resolution, have the right to remove a liquidator and appoint another registered liquidator. This right is not available if a simplified liquidation process is adopted, because meetings cannot be held.

To replace a liquidator, there are certain requirements that must be complied with:

**For more information, go to www.arita.com.au/creditors.
Specific queries about the liquidation should be directed to the liquidator's office.**

Initial Remuneration Notice

Ascent Investment and Coaching Pty Ltd (Provisional Liquidators Appointed)
ACN 127 668 553 (the Company)

The purpose of the Initial Remuneration Notice is to provide you with information about how we propose our remuneration for undertaking the Provisional Liquidation will be set.

1 Remuneration methods

There are four basic methods that can be used to calculate the remuneration charged by an insolvency practitioner. They are:

- a. Time based / hourly rates: This is the most common method. The total fee charged is based on the hourly rate charged for each person who carried out the work multiplied by the number of hours spent by each person on each of the tasks performed
- b. Fixed Fee: The total fee charged is normally quoted at the commencement of the administration and is the total cost for the administration. Sometimes a practitioner will finalise an administration for a fixed fee.
- c. Percentage: The total fee charged is based on a percentage of a particular variable, such as the gross proceeds of assets realisations.
- d. Contingency: The practitioner's fee is structured to be contingent on a particular outcome being achieved.

2 Method chosen

Given the nature of this Provisional Liquidation we propose that our remuneration be calculated on Time based / hourly rates. This is because:

- It ensures that creditors are only charged for work that is performed
- We are required to perform a number of tasks which do not relate to the realisation of assets, for example responding to creditor enquiries, reporting to ASIC, distributing funds in accordance with the provisions of the Corporations Act
- We are unable to estimate with certainty the total amount of fees necessary to complete all tasks required in the administration
- We have a time recording system that can produce a detailed analysis of time spent on each type of task by each individual staff member utilised in the administration
- Time based remuneration calculates fees upon a basis of time spent at the level appropriate to the work performed
- The method provides full accountability in the method of calculation.

3 Explanation of hourly rates

The rates for our remuneration calculation are set out in the following table together with a general guide showing the qualifications and experience of staff engaged in the administration and the role they take in the administration. The hourly rates charged encompass the total cost of providing professional services and should not be compared to an hourly wage.

Title	Description	Hourly Rate (Excl GST)
Other Junior	Junior staff member who has not yet completed a university degree with less than one year's experience working on insolvency matters. Works under supervision of more senior staff in performing day-to-day fieldwork.	\$230

4 Estimated remuneration

We estimate that this Provisional Liquidation's fees will cost approximately \$300,000 plus GST, subject to the following variables which may have a significant effect on this estimate and that we are unable to determine at this early stage in the administration:

- The extent of records and assets;
- The complexity of any transactions and legal actions identified and undertaken by us;
- Amount of time cost involved in identified recoveries;
- The number of creditors identified in the Provisional Liquidation and the level of interaction required by them; and
- Matters that may arise from our investigation into the Company's affairs.

5 Disbursements

Disbursements are divided into three types:

- External professional services - these are recovered at cost. An example of an externally provided professional service is legal fees. It does not include insolvency services as insolvency services are claimed as remuneration.
- External non-professional costs - these are recovered at cost. Examples of external non-professional expenses include travel, accommodation and search fees.
- Firm non-professional costs – such as photocopying, printing and postage. These costs, if charged to the administration, would generally be charged at cost; though some expenses such as telephone calls, photocopying and printing may be charged at a rate which recoups both variable and fixed costs. The recovery of these costs must be on a reasonable commercial basis.

We are not required to seek creditor approval for expenses paid to third parties or for disbursements where we are recovering a cost incurred on behalf of the administration, but we must account to creditors. We must be satisfied that these expenses and disbursements are appropriate, justified and reasonable.

For this engagement, we are using the Halo platform for communicating with creditors, managing claims and proofs of debt. This platform is a Deloitte proprietary software which leverages advanced analytics and process to streamline the management of claims, decrease manual input time, and in turn, reduce the cost of the administration/liquidation. It is currently and successfully being used on large corporate insolvencies and large scale litigation matters.

Given the size of this liquidation and large volume of creditors, data and documentation involved, there will be fees associated with the use of this platform. Creditors or the Court are required to approve these fees, and we will write to creditors seeking approve of the relevant fees for the use of Halo platform at the appropriate time. We note that we only intended to seek cost recovery in circumstances where there is funds available in the liquidation to meet the costs of the same.

The fees cover:

- Initial set up of Halo platform for engagement
- Ongoing costs associated with server capacity
- Securing sufficient hard disc drive storage capacity for creditor data and documentation
- Unlimited run time of webpage and platform, with 24 hours, 7 days a week accessibility for creditors

Details of the basis of recovering disbursements in this liquidation are set out in the table below.

Disbursement type	Rate (Excl GST)
External professional services	At cost
External non-professional services	At cost
Advertising (other than ASIC public notices)	At cost
Photocopying, printing & postage (externally provided)	At cost
Search fees	At cost
Firm non-professional costs:	
Administration fee*	\$600 fixed fee
Data and server hosting fees	At cost
Hard disc drive for forensic collection, data storage or analysis	At cost
Litigation support software fees	At cost
Travel – flights, accommodation, meals	Per diem at \$70.00 per staff member per day, otherwise all travel and accommodation at cost
Tolls, taxis, parking, public transport and mileage	Mileage at \$0.70/km, otherwise at cost

Scale applicable for financial year ending 30 June 2022

* This fee contributes towards costs incurred by my firm in the administration of the engagement. Such costs include, amongst other things, variable levies incurred when certain notices are lodged with ASIC or advertised on the ASIC public notice website pursuant to The ASIC Supervisory Cost Recovery Levy Act 2017, the licensing and use of insolvency software to assist with the creation, preparation and maintenance of proper administration records, telephone calls and internal photocopying and printing. Based upon internal analysis of average costs incurred, \$600 is, in my opinion a reasonable commercial claim.

FAQs on adding a claim

I need to submit multiple claims. How do I enter these claims?

A separate proof of debt (claim) will need to be registered with the Provisional Liquidators for each claim against a different company. As such, the online '**Add Claim**' submission form will need to be completed for each claim.

Once a creditor's details have been entered, this creditor will be pre-populated in the claim submission form, so the details do not have to be re-entered when entering multiple claims for the same creditor.

For faster entry of multiple claims by the same creditor, you can click '**Save and New**' to skip selecting the creditor and can quickly enter details of the each of the separate claims for that creditor.

How do I grant others access to my claims?

In the '**My Claims**' dashboard page, select the claims that you would like to grant access to and select the 'Grant Access' button. Provide the email and details of the user that you would like to grant access to and click 'Save'. If the user you are granting access to has not previously accessed the Halo platform, they will need to register a password via one-time pin to access your claim information.

Please note that granting others access to your claims includes giving the invited user the ability to:

- Access claim information and details
- Communicate with the Provisional Liquidators in relation to the claim via the 'Communications' tab on each claim
- Receive notices related to the claim and to modify, edit or delete the claim
- Add, modify or delete documents attached to the claim
- Add access for other users to the claim
- Nominate a proxy or vote at the creditors' meeting in relation to the claims

How will I know my claim has been received?

When you have completed the online '**Add Claim**' form in Halo and clicked '**Save**' a '**Claim Saved**' confirmation message will appear. Your submitted claims will then appear when you sign in via [My Account](#). '**My Claims**' dashboard will list your submitted claims.

I have claims for a number of creditors under my control (e.g. companies in a group).

How do I enter these claims?

Details for each creditor will need to be provided in the '**Add Claim**' submission form. Then separate claims will need to be registered for each creditor against the appropriate Group company.

Once a creditor's details have been entered, this creditor will be pre-populated in the claim submission form so the details for that creditor will not have to be re-entered when entering multiple claims for the same creditor.

How do I submit supporting documentation for my claim(s)?

If you have previously registered via the platform and have registered your claim, please sign in to [My Account](#), select the Claim ID of the claim that you would like to submit documentation for and navigate to the '**Communications**' tab. Attach the relevant files such as statements, invoices or contracts and click '**Submit**' to send these documents to the Provisional Liquidators.

Once uploaded, a blue document indicator will appear next to this claim in the **'My Claims'** dashboard. The uploaded documents will be accessible on the claim details page for that claim when you select the Claim ID of the claim from the **'My Claims'** dashboard.

Note 1: Summary of Significant Accounting Policies

The trustees have prepared the financial statements on the basis that the Superannuation Fund is not a reporting entity because it is not publicly accountable and is not required by law or governing document to prepare financial statements that comply with Australian Accounting Standards. The financial statements are therefore special purpose financial statements that have been prepared in order to meet the requirements of the Superannuation Industry (Supervision) Act 1993 and associated Regulations, the trust deed of the Fund and the needs of members.

The financial statements have been prepared on a cash basis and are based on historical costs, except for investments which have been measured at market value.

The following significant accounting policies, which are consistent with the policies applied in the previous period unless otherwise stated, have been adopted in the preparation of the financial statements.

The financial statements were authorised for issue by the Director(s).

a. Measurement of Investments

The Fund initially recognises:

- (i) an investment when it controls the future economic benefits expected to flow from the asset. For financial assets, the trade date is considered to be the date on which control of the future economic benefits attributable to the asset passes to the Fund; and
- (ii) a financial liability on the date it becomes a party to the contractual provisions of the instrument.

Investments of the Fund have been measured at market value, which refers to the amount that a willing buyer could reasonably be expected to pay to acquire an asset from a willing seller if the following assumptions were made:

- that the buyer and the seller deal with each other at arm's length in relation to the sale;
- that the sale occurred after proper marketing of the asset; and
- that the buyer and the seller acted knowledgeably and prudentially in relation to the sale.

Market value has been determined as follows:

- (i) shares and other securities listed on the Australian Securities Exchange by reference to the relevant market quotations at the end of the reporting period;
- (ii) units in managed funds by reference to the unit redemption price at the end of the reporting period;
- (iii) fixed-interest securities by reference to the redemption price at the end of the reporting period;
- (iv) unlisted investments are stated at trustees' assessment based on estimated market value at balance date or where necessary, an external valuer's opinion; and
- (v) investment properties at the trustees' assessment of the market value or where necessary a qualified independent valuer's opinion at the end of reporting period.

b. Cash and Cash Equivalents

Cash and cash equivalents include cash on hand and at call, deposits with banks and short-term, highly liquid investments that are readily convertible to cash and subject to an insignificant risk of change in value.

c. Revenue**Interest revenue**

Interest revenue is recognised in respect of fixed-interest securities, and cash and cash equivalent balances. Interest revenue is recognised upon receipt.

Dividend revenue

Dividend revenue is recognised when the dividend has been paid or, in the case of dividend reinvestment schemes, when the dividend is credited to the benefit of the fund.

Rental revenue

Upon entering into each contract as a lessor, the Fund assesses if the lease is a finance or operating lease. All leases have been assessed as operating leases. Rental revenue arising from operating leases on investment properties is recognised on straight-line basis over the term of the specific lease.

Distribution revenue

Distributions from unit trusts and managed funds are recognised as at the date the unit value is quoted ex-distribution and if not received at the end of the reporting period, are reflected in the statement of financial position as a receivable at market value.

Remeasurement changes in market values

Remeasurement changes in the market values of assets are recognised as income and determined as the difference between the market value at year-end or consideration received (if sold during the year) and the market value as at the prior year-end or cost (if acquired during the period).

Contributions

Contributions and transfers in are recognised when the control and the benefits from the revenue have been attained and are recorded by the Fund, gross of any taxes, in the period to which they relate.

d. Liability for Accrued Benefits

The liability for accrued benefits represents the Fund's present obligation to pay benefits to members and beneficiaries, and has been calculated as the difference between the carrying amount of the assets and the carrying amount of the other payables and income tax liabilities as at the end of the reporting period.

e. Trade and Other Payables

Financial liabilities, such as trade creditors and other payables, are measured at the gross value of the outstanding balance at the end of the reporting period. The trustees have determined that the gross value of the Fund's financial liabilities is equivalent to the market value. Any remeasurement changes in the gross value of non-current financial liabilities (including liabilities for members' accrued benefits) are recognised in the operating statement in the periods in which they occur.

f. Critical Accounting Estimates and Judgements

The preparation of financial statements requires the trustees to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future period affected.
