For Your Information

Ransomware is a type of malicious software cybercriminals use to target businesses. Scammers may use convincing emails containing a virus to lock your computer, then they demand funds, threaten to leak data and disrupt your business. Always backup your files and remain vigilant about emails containing links or attachments, especially if they are unsolicited. Make sure you regularly update your devices and anti-virus software. Learn how to spot and protect your business from ransomware at nab.com.au/ransomware
