# About your water and sewerage charges

## The standard charges explained:

### Sewerage access charge

This charge is in arrears. It is for ongoing connection and/or access to the City's sewerage transportation and treatment system.

### Sewage volume charge (multi-unit residential and non-residential property only)

A volumetric charge per kilolitre of sewage deemed to have been discharged from the property into the City's sewerage transportation and treatment system.

### Water access charge

This charge is in arrears. It is for ongoing connection and/or access to the City's water distribution system.

### Water usage charge

Water usage, as measured by your water meter, is charged per kilolitre (1000 litres). Water usage is divided into retail water and bulk water charges. If access to read your water meter was not available, water usage may have been estimated for this account based on previous use. This will be indicated on your account.

### Non-drinking water usage charge (select Pimpama-Coomera customers only)

This is a charge applicable to select Pimpama-Coomera customers only or non-drinking water usage, as measured by your purple non-drinking water meter and charged per kilolitre (1000 litres).

Visit [cityofgoldcoast.com.au/nondrinkingwater](http://cityofgoldcoast.com.au/nondrinkingwater) for further information. Visit [cityofgoldcoast.com.au/mywaterbill](http://cityofgoldcoast.com.au/mywaterbill) to understand more about your water bill.

## How to read your water meter

Your water meter is normally located at the front of your property.

**Black numbers represent kilolitres and are used for billing.**

The red numbers on your water meter represent litres. To calculate your daily water use, please follow the instructions below.

Numbers only meter

- 1 Day one, record all numbers that you see here. Note the time of day.
- 2 Day two, repeat step 1. Conduct this reading at the same time as you did the reading on day one.
- 3 Subtract the numbers recorded on day one from day two. This is your household's daily water usage.

**Please note, if there are four red digits on the water meter, the last digit (on the far right) is a tenth of a litre. In these instances, do not record the last red digit.**

**OR**

Numbers and clock meter

- 1 Day one, record all numbers that you see here. Secondly, record numbers found here. Record the first three red dial numbers in a clockwise direction, that is, right to left. Note the time of day. **Both steps should provide you with a number similar to the diagram example 00030509.**
- 2 Day two, repeat step one. Conduct this reading at the same time as you did the reading on day one.
- 3 Subtract the numbers recorded on day one from day two. This is your household's daily water usage.

**Day one:** Record numbers from your water meter as per instructions above.

**Day two:** At the same time as day one, record numbers from your water meter as per instructions above.

Subtract the number found on day one from the number found on day two.

**This is your household's daily water usage.**

## Frequently asked questions

### What oils can I dispose of at WRC's?

Not all oils are the same! Only household motor oil is accepted at our Waste and Recycling Centres (WRC's). Flammable fuels like petrol are not accepted as they create a safety risk for customers and staff. There's a cost to fix the incorrect disposal, with 3 incidents costing us over \$25,000 this year alone.

Don't be slick, be safe – to find out what you can drop off, visit [cityofgoldcoast.com.au/wrcs](http://cityofgoldcoast.com.au/wrcs)

### How is recycled water used?

Recycled water is a sustainable, climate-resilient option and can reduce organisational water costs. It is approved for specific non-drinking uses such as golf courses, sporting fields, nurseries and public parkland irrigation, as well as dust suppression on construction and development sites. A citywide expansion of the recycled water network is underway to provide a fit for purpose supply to more businesses and industry customers.

[cityofgoldcoast.com.au/recycledwater](http://cityofgoldcoast.com.au/recycledwater)

### Am I responsible for my water meter?

City of Gold Coast owns the water meter (including the first nut and tail on the property side of the water meter). The property owner is responsible for ensuring it is accessible for reading, and for the pipes and fittings connected to the meter tail on the property side of the water meter. If there is water leaking from any fitting connected to the meter tail, please fix it fast!

## How to contact us

[cityofgoldcoast.com.au/mywaterbill](http://cityofgoldcoast.com.au/mywaterbill)

City of Gold Coast  
PO Box 5042 GOLD COAST MC QLD 9726

**07 5667 5995** or **1300 366 659**

Monday to Friday 7am – 6pm  
(or from outside Australia call **+61 7 5667 5995**)

24 hour line to report water breaks and faults **1800 637 000**

## Save with Plumbing Assist

Plumbing Assist is a free service available to eligible customers in financial hardship.

Participation in the program for your owner-occupied residential property includes a free water leak audit and (limited) repair or replacement of inefficient or leaking water fitting and fixtures.

View terms and conditions and apply online at [cityofgoldcoast.com.au/waterassist](http://cityofgoldcoast.com.au/waterassist)

## Support for customers

The City is offering extra support and flexibility to ratepayers who might be having trouble paying in full by the due date.

Flexible payment plan options may be available on application, giving you extra time to pay.

Depending on your situation we can extend your due date for a short time or set up a longer-term payment plan for regular weekly or fortnightly payments.

Sometimes it can help to talk to a financial counsellor if you're experiencing financial hardship for free, independent and confidential advice.

For more information visit [cityofgoldcoast.com.au/waterassist](http://cityofgoldcoast.com.au/waterassist)
