RECITALS

- A. By a Superannuation Deed (called "the Superannuation Deed") dated 30 June 1997 and made between RAYMOND NEVILLE WHYTE of 36 Cruickshank Street, Mukinbudin, Western Australia (called "the Principal Employer") as the principal employer and the Trustee as the trustee, the superannuation fund known as THE R.N. & J.B. WHYTE SUPERANNUATION FUND (called "the Fund") was established to provide superannuation benefits for its members.
- B. The power to vary the Superannuation Deed is contained in clause 25.1 which provides as follows:-
"So long as the Fund is an Excluded Fund, the Trustee may at any time by resolution or by supplemental deed amend the provisions of the Trust Deed or the Rules, but no amendment shall be made which reduces or detrimentally affects any benefit which is or has become vested in any Member"
- C. The Trustee desires to amend the Superannuation Deed in the following manner.

PROVISIONS

- 1. With effect from the date of this Deed, the current provisions of the Superannuation Deed and rules regulating the Fund except any setting the term or rate of a pension benefit being paid are replaced with:
 - "1. The Fund is to be known as THE R.N. & J.B. WHYTE SUPERANNUATION FUND.
 - 2. This deed includes the rules attached to it (called "the Rules").
 - 3. The Trustee must hold the assets of the Fund on trust to apply them in the manner set out

in the Rules.

4. This deed may be amended in the manner set out in the Rules.”

2. The Rules regulating the Fund are those attached to this Deed of Variation.

3. Despite anything in the Fund’s governing rules, nothing in this deed amends any provision of those governing rules that provides for the payment of a defined benefit pension.

4. If the Fund commenced before 12 May 2004 clause 3 does not apply in respect of a person who on 11 May 2004 was a member of the Fund; and who
 - (a) before 1 July 2005 retires (within the meaning of the Government Requirements) on or after reaching age 55 or attains age 65; and
 - (b) after 11 May 2004 and before 1 July 2005 becomes entitled to be paid a defined benefit pension,
if the first pension payment is made within 12 months after the date when the person became entitled to the pension.

5. For clauses 3 and 4 the terms “governing rules” and “defined benefit pension” have the same meaning as in the Superannuation Industry (Supervision) Regulations.

2 MEMBERSHIP

Admission

- 2.1 Anyone may apply to the Trustee for admission as a Member or for the admission of a person for whom the applicant intends to contribute.

- 2.2 The Trustee may reject an application.
- 2.3 Before admitting a person as a Member the Trustee must ensure that the Trustee structure of the Fund meets Government Requirements and may require the person:
- to be examined by a registered medical practitioner approved by the Trustee; or
 - to give the Trustee any document or information it considers relevant to the administration of the Fund; or
 - to enter into a written agreement with the Trustee, imposing special conditions in respect of the applicant's membership; or
 - any combination of (a), (b) and (c).
- 2.4 If the Trustee admits a person as a Member, membership commences only when the Trustee has approved the application and either:
- the person has become a Trustee or (if the Trustee is a Constitutional Corporation) a director of the Trustee; or
 - the Trustee has made a written declaration to the effect that when the membership commences, the Fund will meet the definition of self managed superannuation fund in Government Requirements.

Terms

- 2.5 Each Member is bound by the Deed and Rules.
- 2.6 The Trustee is the Member's attorney to do anything the Trustee considers appropriate to administer the Fund.

Child accounts

- 2.7 Despite anything else in the Rules:
- the Trustee may admit as a Member a person under age 18 only if the application for membership is made by the person's parent, guardian or legal personal representative or

- otherwise complies with Government Requirements; and
- (b) the Trustee may recognise a decision made in relation to the person's account only if Government Requirements permit.

Non-Member Spouse

- 2.8 Subject to rule 2.4 the Trustee may admit a Non-Member Spouse as a Member if:
- (a) Government Requirements require the Trustee to create an interest in the Fund for the Non-Member Spouse; or
- (b) Government Requirements permit the Trustee to do so and the Trustee elects to do so.
- 2.9 The Trustee must do so in a manner that is consistent with Government Requirements.

Membership ends

- 2.10 A Member's membership of the Fund ends when the Member is no longer entitled to benefits from the Fund and either:
- (a) the Member has resigned as a Trustee or a director of the Trustee; or
- (b) the Trustee has made a written declaration to the effect that when the membership ends, the Fund will meet the definition of self managed superannuation fund in Government Requirements.

- on terms that the Trustee agrees with the Member and in a manner that complies with Government Requirements.

- (b) at its discretion, refuse to accept all or part of a contribution.
- 4.4 The Trustee must not accept contributions contrary to Government Requirements. However, if it does and if Government Requirements permit, the Trustee:
- (a) must repay the contributions to the contributor; but
- (b) may first make deductions for any liabilities or expenses incurred (and provisions for liabilities and expenses) in relation to the contributions.

5 BENEFITS - ENTITLEMENT

Rule 5 sets out the circumstances in which a benefit becomes payable from the Fund. Rule 6 deals with when and how the benefit is actually paid.

Request - age 65

- 5.1 If a Member (who has not otherwise become entitled to a benefit under the Rules) requests a benefit at or after age 65, the Member becomes entitled to a benefit equal to the Member's Account Balance.

Death

- 5.2 A Member may give the Trustee a Benefit Nomination or a Benefit Direction. When the Trustee accepts a Benefit Nomination or a Benefit Direction from a Member, any previous Benefit Nomination or Benefit Direction from the Member is taken to have been revoked.
- 5.3 The Trustee may refuse to accept Benefit Directions (or a particular Benefit Direction) without giving any reason.
- 5.4 If a Member dies the Trustee must pay a benefit equal to the Member's Account Balance.
- 5.5 If, in relation to any part of the benefit, the Trustee holds a Benefit Direction in relation to any part of the benefit, the Trustee must follow the Benefit Direction in relation to that part of the benefit if:
- the Trustee has accepted the Benefit Direction;
 - it has not been revoked; and
 - it can be followed under Government Requirements.
- 5.6 If the Trustee does not hold a current Benefit Direction in relation to any part of the benefit or if the relevant Benefit Direction cannot be followed for any reason, the Trustee must pay that part of the benefit to any or all of the Member's Dependents and legal personal representative in the proportions that the Trustee decides.

- 5.7 If there is no Dependant or legal personal representative then, if Government Requirements permit, the Trustee may pay that part of the benefit to any other people in proportions the Trustee decides.

- 5.8 A Benefit Nomination is given for information only and does not affect the Trustee's discretion in distributing the benefit.

- 5.9 Subject to the instructions in a Benefit Direction as to the manner of payment, the Trustee may pay any part of the benefit as a lump sum or as a pension or in any other form as it considers appropriate including the settlement of a trust for the benefit of any Dependant.

- 5.10 No pension is payable to a person under rule 5 until the person is a Member. However, the Trustee (and not the payee) may determine which provisions of rule 6 apply.

Required payment age

- 5.11 If a Member (who has not otherwise become entitled to a benefit under the Rules) reaches the age when Government Requirements require the Trustee to pay or start paying a benefit, the Member becomes entitled to a benefit equal to the Member's Account Balance.

Retirement or leaving employment

- 5.12 If a Member (who has not otherwise become entitled to a benefit under the Rules):
- (a) leaves any business, trade, profession, vocation, calling, occupation or employment because of Permanent or Temporary Incapacity; or
 - (b) retires or retired (before or after joining the Fund) from any business, trade, profession, vocation, calling, occupation or employment; or
 - (c) ceases any employment (at any time and for any reason except death) and the employer has contributed to the Fund for the Member; or

- (d) having reached age 60, ceases any arrangement under which the Member was employed or self-employed for gain or reward in any business, trade, profession, vocation, calling, occupation or employment; or
- (e) leaves Australia in circumstances where Government Requirements permit the Trustee to pay a benefit

the Member becomes entitled to a benefit equal to the Member's Account Balance.

Request - rollovers and Spouse benefits

- 5.13 If a Member requests payment of a benefit, the Trustee must pay the benefit to the extent that the payment complies with Government Requirements.

Financial incapacity

- 5.14 If the Trustee believes a person entitled to a benefit cannot manage the person's financial affairs, the Trustee may pay the benefit to another person to be used for the first person's advantage. The Trustee is not responsible for the application of the benefit by the payee. However, the payment must comply with Government Requirements.

Hardship and compassionate grounds

- 5.15 The Trustee may at any time pay to a Member a benefit up to the Member's Account Balance if the payment complies with Government Requirements in relation to financial hardship or compassionate grounds.

Excessive benefits

- 5.16 If the Trustee believes that:
- (a) a Member's benefit will be excessive for the purposes of the Income Tax Assessment Act; or
 - (b) payment of a benefit will result in the Trustee or an employer contravening a law relating to corporations
- the Trustee may, if Government Requirements permit:
- (i) reduce the contributions payable for the Member; or

- (ii) reduce the benefit to the extent necessary to avoid (a) or (b) and transfer the amount of the reduction to the Fund's reserves; or
- (iii) apply a combination of (i) and (ii) as it considers appropriate. However, the Trustee need not investigate whether (a) or (b) applies to a benefit.

No assignments

- 5.17 The Trustee must not recognise any assignment or charge of a benefit (or any other interest in the Fund) that is contrary to Government Requirements.

Interest on benefits

- 5.18 The Trustee must credit or debit interest at the Crediting Rate to a benefit paid after the date it becomes payable.

Deductions for Tax

- 5.19 The Trustee must comply with Government Requirements regarding deductions of Tax from benefits and other payments from the Fund.

Trustee's discharge

- 5.20 The Trustee's only obligation in respect of a benefit is to pay it in good faith to or on behalf of a person the Trustee believes is entitled to the benefit. Otherwise, the Trustee is completely discharged by that payment.

Forfeited benefits

- 5.21 A Member forfeits the part of a benefit not attributable to Member contributions if:
- (a) the Member purports to assign, alienate or charge; or
 - (b) any other event occurs that results in another person becoming entitled to all or part of the benefit. However, this rule has no effect to the extent that it is inconsistent with Government Requirements or the Bankruptcy Act.
- 5.22 The Trustee must, if Government Requirements permit, apply a forfeited benefit for the Member and the Member's

Dependants in proportions that the Trustee decides.

Splitting of benefits

- 5.23 The Trustee must reduce a Member's Account Balance or the amount of any pension payment to the Member if:
- (a) Government Requirements require the Trustee to do so; or
 - (b) Government Requirements permit the Trustee to do so and the Trustee elects to do so.
- 5.24 If the Trustee makes a reduction under rule 5.23, the Trustee must apply the amount of the reduction (in the manner required or permitted by, and adjusted as required by, Government Requirements) for the benefit of the relevant Non-Member Spouse.
- 5.25 To the extent that Government Requirements allow the Trustee any discretion in any of the matters mentioned in rule 5.23 or 5.24, the Trustee may exercise that discretion as it sees fit without regard to the interests of the Non-Member Spouse.
- 5.26 The Trustee may charge fees in respect of those matters to the extent permitted under Government Requirements.

6 BENEFITS - PAYMENT

Rule 5 sets out the circumstances in which a benefit becomes payable from the Fund. Rule 6 deals with when and how the benefit is actually paid. A pension is not payable to anyone (including a reversionary beneficiary) who is not a Member.

- 6.1 If the Trustee is not a Constitutional Corporation, then the Fund's primary purpose is to provide old-age pensions.

Allocated pension

- 6.2 If a Member (other than a Member who has requested a lump sum or a pension under another rule) becomes entitled to a benefit under these rules, the Trustee must pay a benefit as a pension, on terms that the Trustee and Member agree as to the level and frequency of payment.

However, the level of the pension must be within the maximum and minimum levels prescribed by Government Requirements and the Trustee must pay the pension at least annually.

- 6.3 A pension entitlement must not be transferred or used as security for a borrowing unless Government Requirements permit.
- 6.4 The Trustee must debit pension payments to the Member Accounts of the Member.
- 6.5 The Member may elect to commute all or part of the pension (up to the Member's Account Balance) by notifying the Trustee in writing.
- 6.6 The Trustee must comply with the Member's election if it approves the election and the election complies with Government Requirements (including Government Requirements in relation to the minimum level of pension for the financial year when the commutation takes place).
- 6.7 If the Member dies while entitled to the pension, the Trustee may either pay a benefit under rules 5.4 to 5.10 or continue the pension under rule 6.43.
- 6.8 The pension commences when the Trustee and Member agree (but no later than required by Government Requirements) and ends when the balance of the relevant Member Accounts is nil.

Fixed (non-complying) pension

- 6.9 If a person entitled to a benefit makes a written request to the Trustee for a fixed (non-complying) pension, the Trustee must pay a pension to the Member, at least annually, at the rate and for the term (if any) determined by the Trustee after consultation with an actuary having regard to:
- the fixed term or rate requested;
 - the agreed residual capital value (if any) of the pension; and
 - the Member's Account Balance.
- 6.10 When the pension commences, the rights of the Member in respect of the Member's

- Account Balance are replaced with the right to receive the pension. However, the Trustee must continue to keep the relevant Member Accounts in order to determine the maximum amounts payable on death, commutation or cessation of the pension as provided in the Rules.
- 6.11 Subject to Government Requirements, the Trustee's liability in respect of the pension is limited to the balance for the time being of the relevant Member Accounts.
- 6.12 The rate may be varied from year to year. However, unless the Trustee determines otherwise the variation in any year must not be more than the average rate of increase of the Consumer Price Index in the preceding 3 years except in relation to payments, by way of commutation, for superannuation contributions surcharge. When setting the rate of the pension, the Trustee may agree with the Member that the pension is to have a residual capital value. When the pension ceases, the Trustee must pay that amount to the Member as a lump sum or pension benefit. However, the amount of the residual capital value must be consistent with the actuary's advice and the manner of payment must be consistent with Government Requirements. If no residual capital value is agreed when the pension commences, then no amount is payable when the pension ceases.
- 6.13 When the pension ceases the Trustee may (in its absolute discretion but subject to Government Requirements) apply the balance remaining in the relevant Member Accounts for any purposes. Those purposes include granting a further benefit entitlement to the Member, but only to the extent that the balance arises because the earnings credited to the relevant Member Accounts were greater than anticipated in the actuary's advice.
- 6.14 Rules 6.3 to 6.8 apply in respect of the Member's benefit entitlement. In particular, the amount payable on commutation must accord with Government Requirements applying to this kind of pension.
- 6.15 If the pension reverts or is commuted, it does not have a reversionary component greater than 100% of the benefit that was payable before the reversion or the commutation. In any event, any conversion to a lump sum is limited to the sum determined by applying to the pension the appropriate pension valuation factor under Schedule 1B to the Superannuation Industry (Supervision) Regulations as if the commencement day were the day on which the commutation occurs.
- Lifetime (RBL complying) pension**
- 6.16 A person entitled to a benefit may make a written request to the Trustee for a lifetime (reasonable benefit limit complying) pension.
- 6.17 On receipt of the request, the Trustee must pay a pension at least annually to the Member throughout the Member's life and if there is a reversionary beneficiary:
- (a) throughout the reversionary beneficiary's life; or
 - (b) if he or she is a Child of the Member or of a former reversionary beneficiary:
 - at least until he or she reaches age 16; or
 - if at age 16 he or she is a full-time student, at least until the end of his or her full-time studies or until his or her 25th birthday (whichever occurs sooner).
- 6.18 The Trustee must fix the rate of the pension after consultation with an actuary having regard to the balance of the relevant Member Accounts. The Trustee and the Member must confirm that rate by written agreement. The agreement forms part of these rules. The pension commences on the date of the agreement and the first payment relates to the year commencing on that date. Once the pension commences, the rate may not be varied unless the variation is specified in these rules.
- 6.19 The rate of the pension may be increased or decreased from year to year by the amount (if any) agreed between the

Trustee and the Member. However, a decrease may occur only if the Commissioner of Taxation approves or if the CPI Change is negative and the decrease is limited to the rate of CPI Change.

For this purpose:

- CPI Change means the percentage change in the CPI for the second last quarter before the first payment for the current year is to be made, compared to the CPI for the same quarter in the preceding year; and
- CPI means the Consumer Price Index number that is the weighted average for the 8 capital cities published by the Australian Statistician in respect of the relevant quarter.

6.20 When the pension commences, the rights of the Member in respect of the balance of the relevant Member Accounts are replaced with the right to receive the pension.

6.21 Subject to Government Requirements, the Trustee's liability in respect of the pension is limited to the balance for the time being of the relevant Member Accounts.

6.22 The pension has no residual capital value and may not be commuted except:

- (a) within 6 months after commencement (unless the pension was funded from the commutation of an annuity or another pension and commutation of the pension would therefore be inconsistent with Government Requirements); or
- (b) within 10 years after commencement (or from 20 September 2004, 20 years or the Member's life expectancy at commencement if less) and in favour of either the Member's estate or a reversionary beneficiary to whom the pension reverts on the Member's death; or
- (c) if the lump sum resulting from the commutation is applied directly to the purchase of another lifetime (RBL complying), fixed term (RBL complying) or market linked (RBL complying) pension

provided under these rules or equivalent rules;

- (d) to pay an assessment under the Superannuation Contributions Tax (Imposition) Act 1997; or
- (e) to give effect to an entitlement of a Non-Member Spouse in relation to a payment split under the Family Law Act.

The Trustee must comply with Government Requirements in relation to the minimum level of pension for the financial year when the commutation takes place.

6.23 If the pension reverts or is commuted, the reversionary component or commuted amount must not be greater than the benefit that was payable before the reversion or commutation.

6.24 The pension must not be used as security for a borrowing or transferred except to a reversionary beneficiary on the death of the Member or of another reversionary beneficiary.

6.25 The Trustee must continue to keep the relevant Member Accounts and must debit pension payments and commutations to those Member Accounts.

Lifetime (ATE) pension

6.26 A person entitled to a benefit may make a written request to the Trustee for a lifetime (asset test exempt) pension. The request must specify whether the pension is intended to comply with section 9A of the Social Security Act or section 5JA of the Veterans' Entitlements Act.

6.27 Rules 6.17 to 6.25 apply in respect of the pension except that:

- (a) rule 6.30 applies instead of rule 6.19;
- (b) rule 6.22(a) does not apply and the pension may be commuted within 6 months after commencement unless it was purchased by transferring a payment resulting from the commutation of another pension that is an asset test exempt income stream under the Social

- Security Act or the Veterans' Entitlements Act;
- (c) as to rule 6.22(d), the pension is commutable only to the extent necessary to cover any superannuation contributions surcharge that the pensioner is liable to pay in his or her capacity as purchaser of the pension;
- (d) the pension may be commuted to pay a "hardship amount" as defined in section 9A of the Social Security Act or section 5JA of the Veterans' Entitlements Act;
- (e) any conversion to a lump sum is limited to the sum determined by applying to the pension the appropriate pension valuation factor under Schedule 1B to the Superannuation Industry (Supervision) Regulations as if the commencement day were the day on which the commutation occurs; and
- (f) the Member's reversionary partner under the Social Security Act is taken to be the Member's Spouse.

Fixed Term (RBL complying) pension

- 6.28 A person entitled to a benefit may make a written request to the Trustee for a fixed term (reasonable benefit limit complying) pension.
- 6.29 On receipt of the request, the Trustee must pay a pension to the Member at least annually for the Term commencing on the day when the person first became entitled to the pension.

For this purpose:

- **Life Expectancy** means the number of years in the complete expectation of life of the relevant person as at the commencement of the pension according to the Australian Life Tables most recently published by the Australian Government Actuary before the year when the pension commenced or otherwise specified by Government Requirements.
- For a pension commencing before 20 September 2004 **Term** means:

- (a) if the Member's Life Expectancy is 15 years or more, a period agreed between the Trustee and the Member, being at least 15 years but not more than the Member's Life Expectancy; or
 - (b) if the Member's Life Expectancy is less than 15 years, the Member's Life Expectancy (in each case rounded up to the nearest whole number of years if the Member wishes).
- For a pension commencing on or after 20 September 2004 **Term** means:
 - (a) the Member's Life Expectancy; or
 - (b) the Member's Life Expectancy calculated, at the Member's option, as if the Member were up to 5 years younger; or
 - (c) if the pension reverts to the Member's Spouse whose Life Expectancy is greater than the Member's, the Spouse's life Expectancy or the Spouse's Life Expectancy calculated, at the Member's option, as if the Spouse were up to 5 years younger (in each case rounded up to the nearest whole number of years if the Member wishes).

- 6.30 The rate of the pension may not be decreased, but may be increased from year to year by the amount (if any) agreed between the Trustee and the Member, being at most:
- (a) 5%; or
 - (b) if the CPI Increase is more than 4%, then 1% plus the rate of the CPI Increase.

For this purpose:

- CPI Increase means the percentage increase in the CPI for the second last quarter before the first payment for the current year is to be made, compared to the CPI for the same quarter in the preceding year; and
- CPI means the Consumer Price Index number that is the weighted average for the 8 capital cities published by the Australian Statistician in respect of the relevant quarter.

- 6.31 The pension has no residual capital value and may not be commuted except:

- (a) within 6 months after commencement (unless the pension was funded from the commutation of an annuity or another pension and commutation of the pension would therefore be inconsistent with Government Requirements); or
- (b) in favour of either the Member's estate or a reversionary beneficiary to whom the pension reverts on the Member's death; or
- (c) if the lump sum resulting from the commutation is applied directly to the purchase of another (RBL complying), fixed term (RBL complying) or market linked (RBL complying) pension provided under these rules or equivalent rules; or
- (d) to pay an assessment under the Superannuation Contributions Tax (Imposition) Act 1997; or
- (e) to give effect to an entitlement of a Non-Member Spouse in relation to a payment split under the Family Law Act.

Any conversion to a lump sum under this rule is limited to the sum determined by applying to the pension the appropriate pension valuation factor under Schedule 1B to the Superannuation Industry (Supervision) Regulations as if the commencement day were the day on which the commutation occurs.

- 6.32 Rules 6.18, 6.20, 6.21 and 6.23 to 6.25 apply in respect of the pension and if the Member has opted for a Term related to the life expectancy of the Member's Spouse, the pension cannot be commuted until the death of both the Member and the Spouse.

Fixed Term (ATE) pension

- 6.33 A person entitled to a benefit may make a written request to the Trustee for a fixed term (asset test exempt) pension. If the pension commences before 20 September 2004, the person must have reached Pension Age. The request must specify whether the pension is intended to comply with section 9B of the Social Security Act or with the equivalent section of the Veterans' Entitlements Act.

- 6.34 Rules 6.29 to 6.32 apply in respect of the pension except that:

- (a) rule 6.31(a) does not apply and the pension may be commuted within 6 months after commencement unless it was purchased by transferring a payment resulting from the commutation of another pension that is an asset test exempt income stream under the Social Security Act or the Veterans' Entitlements Act;
- (b) as to rule 6.31(d), the pension is commutable only to the extent necessary to cover any superannuation contributions surcharge that the pensioner is liable to pay in his or her capacity as purchaser of the pension; and
- (c) the pension may be commuted to pay a "hardship amount" as defined in section 9A of the Social Security Act or section 5JA of the Veterans' Entitlements Act; and
- (d) the Member's reversionary partner under the Social Security Act is taken to be the Member's Spouse.

Market linked (RBL complying) pension

- 6.35 From 20 September 2004 a person entitled to a benefit may make a written request to the Trustee for a market linked pension.

- 6.36 On receipt of the request, the Trustee must pay a pension for:

- (a) the Member's Life Expectancy; or
- (b) the Member's Life Expectancy calculated, at the Member's option, as if the Member were up to 5 years younger; or
- (c) if the pension reverts to the Member's Spouse whose Life Expectancy is greater than the Member's, the Spouse's life Expectancy or the Spouse's Life Expectancy calculated, at the Member's option, as if the Spouse were up to 5 years younger

(in each case rounded up to the nearest whole number of years if the Member wishes).

- 6.37 The level of the pension must be determined in the manner prescribed by Government Requirements and the Trustee must pay the pension at least annually.
- 6.38 The pension has no residual capital value and may not be commuted except:
- (a) within 6 months after commencement (unless the pension was funded from the commutation of an annuity or another pension and commutation of the pension would therefore be inconsistent with Government Requirements); or
 - (b) in favour of one or more Dependants of either the Member or a reversionary beneficiary; or
 - (c) as a lump sum in favour of the legal personal representative of either the Member or a reversionary beneficiary; or
 - (d) if the Trustee after making reasonable enquiries is unable to find a person mentioned in (b) or (c), a lump sum to another person; or
 - (e) if the lump sum resulting from the commutation is applied directly to the purchase of another (RBL complying), fixed term (RBL complying) or market linked (RBL complying) pension provided under these rules or equivalent rules; or
 - (f) to pay an assessment under the Superannuation Contributions Tax (Imposition) Act 1997; or
 - (g) to give effect to an entitlement of a Non-Member Spouse in relation to a payment split under the Family Law Act.

For (b), (c) and (d), if the Member has chosen a term related to the life expectancy of the Member's Spouse, the pension may not be commuted until the death of both the Member and the Spouse. Any conversion to a lump sum under this rule is limited to the sum determined by applying to the pension the appropriate

pension valuation factor under Schedule 1B to the Superannuation Industry (Supervision) Regulations as if the commencement day were the day on which the commutation occurs.

- 6.39 Rules 6.23 and 6.24 apply and the pension may be transferred only in accordance with rule 6.38.

Market linked (ATE) pension

- 6.40 From 20 September 2004 a person entitled to a benefit may make a written request to the Trustee for a market linked (asset test exempt) pension. The request must specify whether the pension is intended to comply with the Social Security Act or the Veterans' Entitlements Act.
- 6.41 The level of the pension must be determined in the manner prescribed by Government Requirements and the Trustee must pay the pension at least annually.
- 6.42 Rules 6.36, 6.38 and 6.39 apply as if the Member's reversionary pensioner under the Social Security Act were the Member's Spouse and references to RBL complying pensions were to ATE pensions.

Reversionary pension

- 6.43 Unless inconsistent with the terms of the relevant pension, a Member who requests a pension may nominate one or more of the Member's Dependants as reversionary beneficiaries (either successive or concurrent) in relation to the pension. If reversionary beneficiaries are nominated as concurrent, the request must nominate the respective portions of the pension that revert to them. If no reversionary beneficiary is nominated then on the Member's death, the Trustee may nevertheless continue paying the relevant pension to any or all of the Member's Dependants and legal personal representative in proportions the Trustee decides after considering any relevant Benefit Nomination.

- 6.49 If a person entitled to a benefit requests, the Trustee may defer payment of all or part of the benefit. The deferral must comply with Government Requirements. If the Trustee believes that the payment of any part of a Member's benefit will contravene the Family Law Act, the Trustee must not pay that part.
- 6.50 If Government Requirements require part of a benefit to be preserved, the Trustee must:
- (a) keep that part in the Fund until Government Requirements permit it to be paid; or

- (b) with the Member's written consent (if required by Government Requirements) pay that part to another fund that the Trustee believes will comply with Government Requirements regarding preservation of benefits.

- 6.51 If part of a benefit is kept in the Fund and the Member dies before it is paid, the Trustee must pay it under rule 5.4 to 5.10.

Unclaimed benefits

- 6.52 The Trustee must comply with Government Requirements as to unclaimed benefits and the transfer of benefits to other funds.

Types of benefit

- 6.53 If a Member requests, the Trustee may pay a benefit as one or more pensions or lump sums under rule 6.
