Total Fees You Paid: \$489.24

This approximate amount includes all the fees and costs which affected your investment during the period.

Additional Explanation of Fees and Costs

Transactional and operational costs are not fees paid by you to Magellan Asset Management Limited. Rather, they are costs incurred by and paid out of the assets of the Fund associated with the transactions and operations of the Fund. Transactional and operational costs may be nil where the buy and sell spreads recovered exceed the transactional and operational costs incurred by the Fund.

Indirect costs of your investment are a dollar value of the indirect costs incurred in the Fund (within the Funds indirect cost ratio). These costs comprise the management and where applicable the performance fee charged by the manager of the Fund.

Returns are net of management and administration fees, and any adviser fees that may have been charged.

If any trade in the period was executed on the ASX the above represents an estimate only as the market price of such transactions is not provided to us (this should have been provided to you by the broker who effected your transaction). The NAV per unit on the day the transaction took place was used to estimate the value of the transaction for the purpose of calculating the estimated Net Return on Investment.

Changes to the Fund and further information (continued)
Update to the buy and sell spreads of the Bentham Global Income Fund (Fund)

The buy/sell spread is a type of transaction cost incurred when buying and selling the underlying assets of the portfolio. The purpose of the buy/sell spread is to ensure that only those investors transacting in a Fund's units at a particular time bear the costs of buying and selling the assets as a consequence of their transaction. The spreads will reflect costs such as brokerage, stamp duty, underlying security spreads and other government taxes or charges.

Buy/sell spreads applied to Funds will be adjusted up or down over time in line with sustained changes in transactions costs experienced by a Fund.

The Responsible Entity has determined to adjust the buy/sell spread for the Fund from +0.30%/-0.30% to +0.27%/-0.27% effective 12 May 2021, and again from +0.27%/-0.27% to +0.29%/-0.29% effective 28 June 2021.

We will continue to monitor transaction costs in the market on a daily basis and adjust the buy/sell spreads accordingly. This means the buy/sell spread on any Fund may vary day to day and could fluctuate significantly.

Buy and sell spreads will be determined and applied in the same manner as disclosed in each Fund's Product Disclosure Statement, which can be found on our website, www.fidante.com.au.

Continuous disclosure

Fidante Partners Services Limited, as responsible entity of the Fund, is subject to continuous disclosure obligations that require us to make material information available to investors. You can obtain a copy of the Fund's continuous disclosure information by visiting our website www.fidante.com.au. A paper copy of any updated information will also be given to you, on request, without charge.

Notes to the statement

Unit prices

The opening balance is the balance brought forward from the previous period. The closing balance is calculated using the withdrawal unit price applicable on the last day of the period, less the amount per unit of any distribution paid.

Return on investment

The return on investment includes the change in market value of your investment plus gross distributions reinvested and gross distributions paid out for the period. The return on an investment may differ from the performance of a fund because the former takes into consideration any additional transactions and timing differences (e.g. investments, withdrawals, etc) and the effect that they have on an investment return.

Additional explanation of fees and costs

Any fees deducted directly from your account are detailed in the 'Fees and costs summary' for the period.

Some fees and costs such as the management fee and fund expenses are accrued and deducted from the Fund's assets. These deductions are borne indirectly by investors and affect investment returns. An estimate of the amount of these fees and expenses is detailed in the 'Fees and costs deducted from your investment' section above.

Where you have bought or sold units in a fund a buy/sell spread may have been applied. The buy/sell spread reflects our estimate of the transaction costs expected to be incurred in buying or selling the Fund's underlying assets. Please note that the buy/sell spread is not a fee paid to us, it is paid to the Fund. The buy/sell spread, however, is an additional cost to you and is reflected in the 'Fees and costs deducted from your investment' section above.

Continuous disclosure

Fidante Partners Limited, as responsible entity of the Fund, is subject to continuous disclosure obligations that require us to make material information available to investors. You can obtain a copy of the Fund's continuous disclosure information by visiting our website www.fidante.com.au. A paper copy of any updated information will also be given to you, on request, without charge.

Notes to the statement

Unit prices

The opening balance is the balance brought forward from the previous period. The closing balance is calculated using the withdrawal unit price applicable on the last day of the period, less the amount per unit of any distribution paid.

Return on investment

The return on investment includes the change in market value of your investment plus gross distributions reinvested and gross distributions paid out for the period. The return on an investment may differ from the performance of a fund because the former takes into consideration any additional transactions and timing differences (e.g. investments, withdrawals, etc) and the effect that they have on an investment return.

Additional explanation of fees and costs

Any fees deducted directly from your account are detailed in the 'Fees and costs summary' for the period.

Some fees and costs such as the management fee and fund expenses are accrued and deducted from the Fund's assets. These deductions are borne indirectly by investors and affect investment returns. An estimate of the amount of these fees and expenses is detailed in the 'Fees and costs deducted from your investment' section above.

Where you have bought or sold units in a fund a buy/sell spread may have been applied. The buy/sell spread reflects our estimate of the transaction costs expected to be incurred in buying or selling the Fund's underlying assets. Please note that the buy/sell spread is not a fee paid to us, it is paid to the Fund. The buy/sell spread, however, is an additional cost to you and is reflected in the 'Fees and costs deducted from your investment' section above.
