Hey!

I just sent you the only thing I have for CUT but you've probably already found that
And yes personal concession
\$22,800 Brendan
\$23,800 Michelle

Thank you!

Hey Tash,

I'm sending Vote SF to review soon-
Could you confirm if the below contributions are still correct?

Also you probably don't have anything, but just before I ask Gaylene, do you have any emails regarding the sale of units in the Clinic unit trust? See attached for the related legal invoice. (it happened in the 2020FY but I'm interested in units sold and price because it's a good way to value the units at 30 June 2019 and having it will save me some headaches at audit)

Cheers,
Stuart

Hey Tash,

The job is at chasing info. No updates since we last spoke about it.
Good to know you are working on it. There wasn't any super info provided with your info was there?
What is the best way to handle my outstanding info? Would you prefer I go straight to Gaylene? Or better if they go to you to put with your queries?

Cheers,
Stuart

Hey Stu

Do you know what the current plan/Situation with this one is or 2019?

Also Super Contributions to be

\$22,800 Brendan

\$23,800 Michelle

Balance – I think \$1,400 to be split 50/50 non concessional.- they have another fund and have small contributions already which I'm sure you know but I found out I can check on the new portal.

Still at processing/review so maybe for process, just check in again when you go to finalize 😊

Any questions, just let me know

Thanks!
