# FURTHER INFORMATION

## PAYMENTS AND RECOVERY

- Payment in full, or the amount of the first instalment shown overleaf, must be received by the due date shown (35 days from the date of issue).
- Where the instalment option is taken, an additional 'Instalment Charge' and interest may be applied. The instalment option is only available where all arrears and interest are paid prior to or as part of the first instalment. The costs of both options are outlined on the front of this notice.
- Payment cannot be made by instalments if the total balance is less than \$200.
- If you are unable to pay your rates and charges by one of the options provided you may make application to the Shire of York, under Section 6.49 of the *Local Government Act 1995*, to enter an agreement to make alternative payments.
- Where no payment or alternative arrangement has been made, in accordance with the Shire of York Policy *F1.1 Revenue Collection*, legal action to recover outstanding rates and charges may be taken. Under Section 6.56(1) of the *Local Government Act 1995*, costs associated with legal action are recoverable from the ratepayer and will be added to the account.

## INTEREST CHARGES

Under Section 6.51 of the *Local Government Act 1995*, interest can be imposed on any rate, service charge or cost of proceedings to recover any such charge that is overdue. Under Section 6.13 interest can be imposed on any other outstanding amount other than rates or service charges. Interest accrues daily according to the per annum rate shown overleaf until the balance is paid. Council may resolve, at any time to hold interest charges.

Interest charges are not applicable for a residential or small business ratepayer who is considered by the Shire to be suffering financial hardship as a consequence of the COVID-19 pandemic.

Eligible pensioners are currently exempt from all interest charges, however, Council reserves the right to elect to impose interest on charges other than rates and the Emergency Service Levy (ESL).

## RATES PAYMENT INCENTIVE

All ratepayers that pay their rates in full by the due date will automatically receive a 1.5% discount on their rates. The discount does not apply to the Emergency Service Levy or any other charges.

## OBJECTION AND APPEAL PROVISIONS

Rate Record - Subdivision 7 of Part 6 of the *Local Government Act 1995* provides the grounds of objection to the rate record held by a local government. An objection must be lodged in writing to the Shire within 42 days of the service of a rate notice.

Valuations - Your valuation (GRV or UV) is only one factor used to calculate your rates notice. Part IV of the *Valuation of Land Act 1978* details how valuation objections can be made. Objections to valuations must be lodged in writing to the Valuer-General within 60 days from the issue date of a rate notice. For information on how your values are calculated and how to lodge an objection, please visit Landgate's website [www.landgate.wa.gov.au/valuations](http://www.landgate.wa.gov.au/valuations), or alternatively call Landgate Customer Service on (08) 9273 7373.

**PLEASE NOTE under Section 6.81 of the *Local Government Act 1995* rates must be paid as assessed, by the due date, irrespective of any objection being lodged. In the event of a successful objection or appeal, the rates will be adjusted and you will be advised accordingly. Credit balances may be refunded on request.**

## SERVICE CHARGES

Transfer Station - Section 66 of the *Waste Avoidance and Resource Recovery Act 2007 (WARR Act)* provides for a local government to impose on rateable land an annual rate for the purpose of providing for the proper performance of all or any of the waste services it provides. Revenue raised from this charge is used to cover running costs of the Shire of York Waste Transfer Station.

Rubbish Collection Service - Section 67 of the *WARR Act* provides for a local government to arrange for the proper disposal of waste, by making an annual charge per waste receptacle. In addition, Part 4, Division 2, Section 4.2.2 of the Shire of York Health Local Law states that "an owner or occupier of premises shall ensure the premises are provided with a receptacle for the depositing of rubbish or refuse".

Swimming Pool/Spa Inspection - Section 53 of *Building Regulations 2012* states that a local government must inspect enclosures of private swimming pools containing water that is more than 300mm deep, at intervals of no more than 4 years. In accordance with the *Building Regulations 2012* the Shire of York will impose an annual charge to cover the costs of carrying out inspections.

## EMERGENCY SERVICES LEVY

The ESL is forwarded to the Department of Fire and Emergency Services to fund Western Australia's fire and emergency services, including career fire stations, volunteer fire brigades, State Emergency Service units, the Volunteer Marine Rescue Service and the multi-purpose Volunteer Emergency Service units.
