Important notes

Additional explanation of fees and costs

Additional fees and costs and any abnormal operating expenses incurred are included in Indirect costs of your investment. You may incur a buy/sell spread when you acquire or withdraw units. The buy/sell spread is incorporated into the investment option's entry/exit price and is retained by the investment option to cover its transaction costs such as brokerage and stamp duty. It is not paid to Perpetual.

The buy/sell spread is reviewed regularly. The current buy/sell spread, and estimated net transaction costs, is publicly available at our website or can be obtained free of charge by contacting us.

Roundings

On your statement we display both the number of Units and Unit prices rounded to three decimal places. However, since transaction amounts and balance are actually calculated using 6 decimal places, they may not exactly match the displayed number of Units multiplied by the Unit price.

Annual financial reports
