Important notes

Additional explanation of fees and costs

'Direct fees' are fees that are deducted from your account during the statement reporting period. If charged, these will appear under 'Transactions'.

'Estimated management costs' includes the management fee, performance fees (if applicable), estimated indirect costs and estimated expenses of running the Fund that are deducted from the Fund rather than your account. These fees do not appear under 'Transactions'.

The indirect costs that form part of this estimated management cost in this statement is based on the fees and costs information currently available for the Fund for this financial year.

Transaction Costs

The current buy/sell spread, and estimated net transaction costs, is publicly available at our website or can be obtained free of charge by contacting us.

Roundings

On your statement we display both the number of Units and Unit prices rounded to three decimal places. However, since transaction amounts and balance are actually calculated using 6 decimal places, they may not exactly match the displayed number of Units multiplied by the Unit price.
