(AND CONTEMPLATES THAT THE FUND WILL BE A
REGULATED SUPERANNUATION FUND)**

INTRODUCTION

This document establishes a Self Managed Superannuation Fund with a commencement date as specified in the Schedule.

This is a Superannuation Fund established and maintained to provide benefits in the form of a lump sum payment or old age pensions for its Members upon retirement and for the dependants of Members upon the death of Members. It permits the payment of benefits to other persons connected with Members in certain circumstances.

The Fund is intended to be a 'Regulated Superannuation Fund' and a 'Complying Superannuation Fund' as defined in the Superannuation Law and the regulations made under that Act.

The intention of the Deed is to impose an obligation upon the "Trustee" and Manager of the Fund to manage the Superannuation Fund in accordance with Superannuation Law for the benefit of Members and the dependants of Members so that Members and their dependants may take advantage of the benefits available to persons who contribute to Superannuation.

This document provides that the primary (but not necessarily the sole) purpose of this Fund is the provision of Old Age Pensions if it is described in the Schedule as a Pension Fund or the Trustees are individuals.

This document is intended as a general guide to the "Trustee" who should on all matters have recourse to professional advice concerning the particular requirements of the Superannuation Law.
