Hi Shelly, Thanks for your email. I can explain this.

I paid the (holding) deposit \$2000 on 5th July 2021 (see attached bank transaction statement). Although the receipt from the Builder Linden Wise stated the receipt date as 27th July 2021, I actually paid it on the 5th July from my Westpac account.

Now, you will see from my CBA account statement that I opened the super account (CDIA) on 15th July 2021, with the first transaction made on 23rd July 2021. In other words, when I was paying the holding deposit (\$2000) on 5th July 2021, the CBA super account was not open yet. That's why I could not pay the holding deposit of \$2000 from our CBA super account.

In retrospect, I realise that I could have paid the holding deposit from the CBA account back (i.e. credit back) to our Westpac account myself, when the CBA account was set up but I didn't know at that time that it is such important to make any transactions made in relation with the SMSF appear on the CBA super account statement.

Anyhow, I have already done my individual tax return, while my wife is about to do it. My concessional contribution to Unisuper is already fully close to \$27,500, while my wife has an ample room. I guess that we should treat the amount as a non-concessional contribution, unless my wife is allowed to do something about it. But even when she is allowed, I guess it involves hassles (extra paperwork, etc.) with us and her accountant. So I guess it is most efficient for us (we live a simple life! we hope to) to treat it as a non-concessional contribution to Shinra Super. Is that right? I don't know what that means in terms of tax, the balance towards Shinra Super, as well as your service cost.

I hope this clarifies your question but if there is anything else, pls let me know.

Regards,

Seong Shin.

## SHINRA Super Fund Projected Investment Strategy

#### Overview

The aim of this strategy is to provide the Members with an income on retirement.

#### **Investment Objectives**

The Trustee(s) will at all times ensure the funds assets are invested in accordance with the trust deed and comply with the applicable legislative requirements.

The Trustee(s) will act prudently to maximise the rate of return, subject to acceptable risk parameters whilst maintaining an appropriate diversification across a broad range of assets whilst assessing the risks where it is determined the fund's portfolio lacks diversification and / or has elected to implement a sector bias.

Having considered the risk profile of the fund and the member's needs and circumstances, the trustee has adopted the following objectives for the investment of assets of the fund;

- to achieve an investment return (based on market values and net of tax and charges) that exceeds the CPI by at least 3% per annum when measured over a rolling 5 year period.
- to have a probability of zero or negative returns in any 12 Month period of less than one in five years; and
- have sufficient liquidity to meet liabilities as and when they fall due.
- to consider the need to hold a policy of insurance for one or more members of the fund.

#### Investment Strategy

•

The fund will invest in a portfolio of assets according to market conditions and within the ranges specified below:

#### **Asset Allocation**

The targeted asset allocation will be in the following ranges:

| Asset Class                  | Target Range | Benchmark |
|------------------------------|--------------|-----------|
| Australian Shares            | 0 - 0 %      | 0 %       |
| International Shares         | 0 - 0 %      | 0 %       |
| Cash                         | 0 - 1 %      | 1 %       |
| Australian Fixed Interest    | 0 - 0 %      | 0 %       |
| International Fixed Interest | 0 - 0 %      | 0 %       |
| Mortgages                    | 0 - 0 %      | 0 %       |
| Direct Property              | 0 - 99 %     | 99 %      |
| Listed Property              | 0 - 0 %      | 0 %       |
| Other                        | 0 - 0 %      | 0 %       |

Quality companies and trusts as supported by research and fundamental analysis will be selected. Direct investments in property, artwork and lease equipment may form part of the strategy provided there is sufficient basis for the decision.

#### Insurance

The Trustees have considered and consulted Professional Advice where necessary to ensure that all fund members have the correct type and level of insurance. Insurance may be held within or outside the SMSF.

#### **Review and Monitoring**

The trustees will monitor and review the fund's investment activities on a regular basis and to communicate with the members should they feel that any change in strategy is necessary in order to achieve the fund's objective.
