**AS TRUSTEES OF THE HENRY SUPERANNUATION FUND**

**RESOLUTION OF THE TRUSTEES MADE ON 9<sup>TH</sup> OCTOBER 2020**

AT 25 RYRIE PARADE, CREMORNE, 2090

We, the undersigned being the Trustees of **The Henry Superannuation Fund** DO HEREBY RESOLVE as follows:

**INVESTMENT STRATEGY OF THE HENRY SUPERANNUATION FUND**

**BUSINESS:**

It was noted that under the Superannuation Industry (Supervision) Act, the Superannuation Industry (Supervision) Regulations and under the provisions in the deed of the Fund that it is a requirement for the trustee to have an investment strategy for the fund having regard to a number of circumstances.

Regulation 4.09 of the *Superannuation Industry (Supervision) Regulations 1994* states:

The trustee of the entity must formulate, review regularly and give effect to an investment strategy that has regard to the whole of the circumstances of the entity including, but not limited to, the following:

- (a) The risk involved in making, holding and realising, and the likely return from, the entity's investments, having regard to its objectives and expected cash flow requirements;
- (b) The composition of the entity's investments as a whole, including the extent to which they are diverse or involve exposure of the entity to risks from inadequate diversification;
- (c) The liquidity of the entity's investments, having regard to its expected cash flow requirements;
- (d) The ability of the entity to discharge its existing and prospective liabilities;
- (e) Whether the trustees of the fund should hold a contract of insurance that provides insurance cover for one or more members of the fund.

The Trustees need to consider:

- The risk involved in making, holding and realising, and the likely return from, the Fund's investments having regard to its objectives and its expected cash flow requirements;
- The composition of the Fund's investments as a whole including the extent to which the investments are diverse or involve the Fund in being exposed to risk from inadequate diversification;

- The liquidity of the Fund's investments having regard to its expected cash flow requirements;
- The ability of the Fund to discharge its existing and prospective liabilities;
- The Fund profile;
- Anticipated future contributions;
- Past investment performance; and
- The current investment portfolio and asset mix, which objectives and strategy are set out in the Investment Policy Statement annexed to this resolution

A new strategy was produced. Under the investment strategy the investment objectives are set out and then a strategy is adopted. The essence of this strategy is to seek a long term diversified portfolio mix of a number of asset classes. The Trustee noted that the objective included a minimum rate of return of at least 2% over any increase in the Consumer Price Index over any five year period.

It was noted that regard need to be made to an appropriate level of diversification in the investment in the fund. The investment strategy noted that a single asset strategy may be adopted for the fund provided the investment meets the criteria of the fund and the trustee try to ensure diversification in the portfolio at a later date as contributions are made to the Fund and income is derived.

Under the investment strategy, prior to any investment in fine art, collectible items, antiques and paintings a valuation should be undertaken by an appropriately qualified person.

Further under the investment strategy, the trustees must consider investments suggested by members provided that they satisfy the investment objectives of the Fund and are made on an arm's length basis.

After considering the provisions of the tabled investment strategy it was resolved that the investment strategy should be adopted for the Fund, as set out on the attached investment strategy.
