A traditional security is broadly a security that's unlike an ordinary share in a company or unit in a unit trust. On disposal or redemption, traditional securities fall outside the CGT regime meaning any gains are assessable as income and any losses are deductible to the taxpayer.

^ We recommend you seek professional tax advice for guidance on whether these expenses are deductible and can be claimed on your income tax return.

Additional capital gains information

The following capital gains information includes the capital gains/losses shown on the Capital gains statement, together with the distributed/attributed capital gains the self-managed superannuation fund received.

Net capital gain	<u>\$13,328.94 (11A)</u>
-------------------------	--------------------------

If you've received or had capital gains as part of your distributed/attributed income or made capital gains or losses from the sale of your investments, then you may have a net taxable capital gain for the income year or a net capital loss to carry forward to future years.

The net capital gain or current year net capital losses amounts have been calculated by applying any capital losses to your capital gains in an order that will produce the lowest capital gains tax for you.

Please refer to your Income statement to see your distributed/attributed capital gains and your Capital gains statement if you sold any of your investments during the year.

Current year net capital losses	<u>\$0.00</u>
--	---------------

Cost base adjustment information for AMIT

Where a Managed Investment Trust has elected to be an Attribution Managed Investment Trust (AMIT), then your cost base may be increased or decreased based on the information provided on an AMIT Member Annual Statement.

We recommend you seek professional financial advice whether investing in an AMIT is appropriate for you.

Notes

New tax rules applying to certain eligible managed funds were recently enacted under the Attribution Managed Investment Trust (AMIT) Regime. It is possible that externally managed funds offered through Navigator may have applied the new rules. You may wish to speak to your registered tax agent on how the new rules may impact your personal tax circumstances.

Net capital gain doesn't include Capital Gains Tax (CGT) events of investments held outside Navigator. Your prior year capital losses within your Navigator investment portfolio haven't been included in the above. The additional capital gains information has been prepared on the basis that you're an Australian resident superannuation fund and isn't relevant if you're a non-resident.

If you have any difficulty in preparing the self-managed superannuation fund income tax return, please speak with your accountant or tax adviser.

Australian taxation law requires you to hold shares directly or indirectly for at least 45 days to be eligible for the full tax benefits of franking credits attached to franked dividends. In some cases the holder of an interest in an Attribution Managed Investment Trust (AMIT) does not need to meet this requirement, in respect of franking credits. Please speak with your financial adviser or tax adviser for further information.

*TAP means Taxable Australian Property and Non-TAP means Non Taxable Australian Property. This distinction is only relevant if you're a non-resident investor. The taxable income column has been prepared on the basis that you're an Australian resident for the whole income year.

Foreign Income Tax Offsets (FITO) represent tax already paid on income sourced in a foreign country and generally forms part of your assessable income. You can claim a non-refundable tax offset for FITO subject to a cap (which is lesser of the foreign taxes you paid or were attributed to you and the Australian tax payable on your foreign income) unless your total FITO, from all sources, for the year is \$1,000 or less, in which case you can claim the entire FITO you received. Please speak with your financial adviser or tax adviser for further information.

The taxation of financial arrangements (TOFA) rules commenced 1 July 2010 for most taxpayers. Due to the complexities associated with TOFA and the fact that we're not aware of your personal circumstances, this statement doesn't take into account any TOFA implications. Please speak with your financial adviser or tax adviser for further information.

Please retain these statements for income tax purposes.
