ANNUAL TAXATION STATEMENT GUIDE

PART A - WHAT DO YOU DO WITH THE AMOUNTS THAT APPEAR IN PART A?

Your Annual Taxation Statement has been prepared to correspond with the distribution components and the relevant disclosures you are required to enter into your 2022 Individual Tax Return/Supplementary Section for Australian residents.

PART C - EXPLANATION OF DISTRIBUTION COMPONENTS NON-PRIMARY PRODUCTION INCOME

Note 1 - Interest

This income is in relation to any interest paid or credited to you from any source in Australia, including accounts and term deposits held with financial institutions in Australia.

Note 2 - Other income

This income is any other taxable income from Australian sources (excluding capital gains). Income at this item includes rental income from direct or indirect property investments.

CAPITAL GAINS

Note 3 - Discounted Capital Gains

Discounted capital gains are gains on the disposal of investments that have been held for at least 12 months. The gain has been reduced by 50 per cent as a result of the Capital Gains Tax ("CGT") discount.

Note 4 – CGT Concession Amount

The CGT concession amount represents part of the CGT discount claimed by Aventus Property Retail Fund in calculating its net capital gain. The CGT concession amount does not need to be recorded in your Australian Income Tax Return and an adjustment to the cost of your units is not required.

Note 5 – Capital Gains – Other

This generally relates to capital gains on the disposal of assets have been held for less than 12 months.

OTHER NON-ASSESSABLE AMOUNTS

Note 6 - Tax-Deferred Amounts

Tax-deferred amounts are generally non-assessable for income tax purposes and are accordingly not required to be included in your Australian Income Tax Return. However, tax-deferred amounts received reduce the cost base and reduced cost base of your units by the tax-deferred amount. To the extent the total tax-deferred amounts received exceed the cost base of your units, the excess amounts received are treated as capital gains.

Note 7 - TFN/ABN amounts withheld

If you have not provided a TFN, ABN or exemption for your investment, withholding tax at the highest marginal tax rate (including Medicare Levy) of 47 per cent has been deducted from your distributions. You should record the total amount detailed at "TFN/ABN amounts withheld" at item 13R or 13P.

Note 8 - Non-resident interest withholding tax

If you are a non-resident unitholder, 10% non-resident interest withholding tax has been deducted from that portion of the distributions referable to Australian interest income.

Note 9 - Credit for share of tax paid by trustee

If you are a non-resident unitholder, the amount of tax that the trustee was required to pay in respect of the distributions paid to you has been deducted from that portion of the distributions that represents Australian sourced income (such as rental income and gains) other than dividends, interest or royalties. In determining the amount withheld from distributions to non-residents, any capital gains to which the CGT discount has been applied are grossed up, and withholding is levied on the grossed-up amount. You will be entitled to claim a credit for your share of tax paid by the trustee when you lodge your Australian 2022 income tax return.

 to you (before the application of the CGT discount) plus non-assessable non-exempt income (if any); and

Guide to the 2022 AMIT Member Annual Statement (AMMA Statement)

1. About this Tax Guide

This guide has been prepared to assist you in completing your individual income tax return for the year ended 30 June 2022 in relation to your investment in HomeCo Daily Needs REIT (HDN).

The information in this guide is of a general nature and does not take into account your individual circumstances. The information in this guide is not legal, financial or tax advice and you should seek independent tax advice regarding your individual circumstances.

This Tax Guide should be read in conjunction with the Australian Taxation Office (ATO) instructions for the Tax return for individuals (supplementary section) 2022 (Supplementary Section).

2. Is this guide for you?

This guide is relevant to the preparation of your income tax return for the year ended 30 June 2022

- you hold, or held, units in HDN during the year ended 30 June 2022;
- you are an Australian resident individual;
- you are completing the ATO tax return for individuals 2022; and
- you hold your units in HDN as a capital investment and not for the purposes of resale at a profit such that the capital gains tax (CGT) regime applies to you.

This guide should not be used by investors who are a company, trust or superannuation fund.

The information in this guide is specific to your investment in HDN. If you have received distributions from other investments you must disclose these in addition to any distribution you have received from HDN.

3. AMIT regime

For Australian tax purposes, HDN is an attribution managed investment trust (AMIT) for the year ended 30 June 2022. This means that for the purposes of calculating your tax, distributions made to you by HDN should be recognised on an 'attribution' basis, not a 'payment' basis.

You should refer to your AMIT Member Annual Statement (AMMA statement) which shows the components of your HDN distributions on an 'attribution' basis.

For tax purposes, the distributions from HDN for the income year ended 30 June 2022 are made up of different components of taxable income, and amounts that will increase or decrease cost base.

4. Merger with Aventus Retail Property Fund

On 4 March 2022, HDN underwent a merger with Aventus Retail Property Fund (ARPF) (the Merger). The distributions from HDN to ARPF unitholders represent amounts attributed to them in respect of the period from 4 March 2022 to 30 June 2022.

ARPF unitholders should refer to the Annual Tax Statement issued by ARPF for the distributions from ARPF in respect of the period from 1 July 2021 to 3 March 2022.

5. Taxable income

Your taxable income component of your HDN distribution is the net income of HDN that is attributed to you during the year ended 30 June 2022. It does not include any net capital gains, franked dividends or foreign sourced income components of your distribution (these amounts are disclosed in other sections of your individual tax return).

Include at item 13U of the Supplementary Section the 'share of net income from trusts' component of your distributions from HDN.

Tax file number amounts withheld

If you did not provide your tax file number to HDN without claiming a valid exemption, we have withheld income tax from your distribution at the top marginal tax rate (including Medicare levy).

Include at item 13R of the Supplementary Section any tax file number amounts withheld from your distribution from HDN.

6. Capital gains

Your HDN distribution for the year ended 30 June 2022 does not include any capital gain component.

If you did not receive any other capital gain amounts from other sources during the year ended 30 June 2022, answer "No" at item 18G of the Supplementary Section.

7. Foreign sourced income

Your HDN distribution for the year ended 30 June 2022 does not include any foreign sourced income component.

If you did not receive any other foreign sourced income amounts from other sources during the year ended 30 June 2022, you do not have to disclose any amounts at item 20 of the Supplementary Section.

8. AMIT Cost Base Adjustments

Under the AMIT regime you are required to make annual adjustments to the cost base and reduced cost base of your units.

AMIT Cost Base Adjustments - Net Increase

Where your share of taxable income (grossed-up by any CGT discount) is more than the cash distribution you received in respect of the relevant income year (i.e. non-assessable component), the difference is your AMIT Cost Base Adjustments – Net Increase amount. This amount will increase the cost base and reduced cost base of your HDN units.

This increase will apply in calculating any capital gain or capital loss on disposal of the units for CGT purposes.

AMIT Cost Base Adjustments - Net Decrease

Where your share of taxable income (grossed-up by any CGT discount) is less than the cash distribution you received in respect of the relevant income year, the difference is your AMIT Cost Base Adjustments – Net Decrease amount. This amount will decrease both the cost base and the reduced cost base of your units in HDN.

This decrease will apply in calculating any capital gain or capital loss on disposal of the units for CGT purposes. When your cost base has been reduced to nil, a capital gain will arise in respect of the excess amount.

The amount stated in Part D of your AMMA Statement for the year ended 30 June 2022 represents the total net change in the cost base of your units for that income year under the AMIT regime.

If you have disposed of any units you held in HDN during the year ended 30 June 2022, you may have made a capital gain or capital loss. This capital gain or capital loss should be disclosed at item 18 of the Supplementary Section.

For instructions on how to calculate your capital gain or capital loss, you could refer to the ATO's publications including "Capital Gains Tax 2022" or "Guide to Capital Gains Tax 2022". Alternatively, you may consider seeking advice from a tax adviser.

Important information for home and other property owners: Protecting your property with adequate insurance is often a condition of your loan. We recommend you review the terms and conditions concerning insurance in any security you have granted to us to make sure you are complying. It's important to be sure that you have an appropriate level of insurance cover in the event of your property being damaged or destroyed. Suncorp Bank recommends that you check your cover regularly with your insurer, to evaluate your insurance needs and be sure you're fully covered. The Australian Securities and Investments Commission (ASIC) provides independent information on property insurance and the risks of underinsurance. Find out more at www.moneysmart.gov.au

Projected Investment Strategy

Overview

The aim of this strategy is to provide the Members with an income on retirement.

Investment Objectives

The Trustee(s) will at all times ensure the funds assets are invested in accordance with the trust deed and comply with the applicable legislative requirements.

The Trustee(s) will act prudently to maximise the rate of return, subject to acceptable risk parameters whilst maintaining an appropriate diversification across a broad range of assets whilst assessing the risks where it is determined the fund's portfolio lacks diversification and / or has elected to implement a sector bias.

Having considered the risk profile of the fund and the member's needs and circumstances, the trustee has adopted the following objectives for the investment of assets of the fund;

- to achieve an investment return (based on market values and net of tax and charges) that exceeds the CPI by at least 3% per annum when measured over a rolling 5 year period.
- to have a probability of zero or negative returns in any 12 Month period of less than one in five years; and
- have sufficient liquidity to meet liabilities as and when they fall due.
- to consider the need to hold a policy of insurance for one or more members of the fund.

Investment Strategy

The fund will invest in a portfolio of assets according to market conditions and within the ranges specified below:

Asset Allocation

The targeted asset allocation will be in the following ranges:

| Asset Class | Target Range | Benchmark |
|------------------------------|--------------|-----------|
| Australian Shares | 0 - 90 % | 90 % |
| International Shares | 0 - 0 % | 0 % |
| Cash | 0 - 10 % | 10 % |
| Australian Fixed Interest | 0 - 0 % | 0 % |
| International Fixed Interest | 0 - 0 % | 0 % |
| Mortgages | 0 - 0 % | 0 % |
| Direct Property | 0 - 0 % | 0 % |
| Listed Property | 0-0% | 0 % |
| Other | 0 - 0 % | 0 % |

Quality companies and trusts as supported by research and fundamental analysis will be selected. Direct investments in property, artwork and lease equipment may form part of the strategy provided there is sufficient basis for the decision.

Insurance

The Trustees have considered and consulted Professional Advice where necessary to ensure that all fund members have the correct type and level of insurance. Insurance may be held within or outside the SMSF.

Review and Monitoring

The trustees will monitor and review the fund's investment activities on a regular basis and to communicate with the members should they feel that any change in strategy is necessary in order to achieve the fund's objective.

Super transfer balance account report

Who should complete this report?

Super providers and life insurance companies should complete this report when:

- there is a transfer balance account reporting requirement
- further information is required to calculate a member's total super balance
- further information is required to determine a member's concessional contributions amount
- incorrect information has previously been reported to us.

The obligation to report is on:

- the trustee of the fund for a super fund, including self-managed super funds (SMSFs) or an approved deposit fund (ADF)
- the retirement savings account (RSA) provider for an RSA
- a director of the life insurance company for a life insurance company.

Instructions

Follow the Super transfer balance account report instructions for assistance when completing this report.

You must complete and lodge separate reports for each member. If you have more than four events to report for a member you must lodge separate reports. However, if you are reporting a child death benefit income stream or a child reversionary income stream you can only report one event per report.

To cancel or update information already reported to us, you must cancel the original report. Ensure the "Yes" box in Section B is clearly marked and lodge the report exactly the same as the original event. A new report can then be lodged with the correct information.

Completing this report

- Print clearly, using a BLACK pen only.
- Use BLOCK LETTERS and print one character per box.
