INVESTMENT STRATEGY

B & J SUPER FUND

INVESTMENT OBJECTIVES

The trustees of the above superannuation fund believe that the following general investment objectives should be considered:

- to provide superannuation benefits to the members of the fund to meet their retirement needs;
- to ensure that an appropriate mix of assets are owned by the fund by taking into account the age of the members;
- to achieve a rate of return greater than the CPI increases;
- to maintain a low level of capital volatility;
- to ensure that assets of the fund are liquid enough to meet expected cash flow requirements; and
- to ensure that the fund has adequate diversification in the holding of its investments, including within classes of assets.

INVESTMENT STRATEGY

To achieve the above investment objectives of the fund, the trustees have determined that the fund will have the ability to invest in the following areas:

- equities and stocks;
- listed property trusts;
- unlisted property trusts;
- other managed investments including notes and debentures;
- direct property investment;
- cash and any other interest bearing deposits, including warrants; and
- any other investment legally able to be made.

In determining this strategy the trustees have considered all investment objectives, the fund's trust deed and any other relevant legislation.

It is noted that the trustees will also seek professional advice when required.

POLICIES

The policies of the fund are:

- to continually monitor the performance of the fund's investments;
- to monitor the liquidity requirements of the fund; and
- to monitor the economic and market conditions.

CONTRACT FOR INSURANCE

The trustees have considered whether it may be prudent for the trustees of the fund to hold a contract of insurance that provides insurance cover for one or more members of the fund. The trustees have decided at this time not to acquire insurance coverage for members.

The trustees will ensure investments continue to comply with the strategy, however, the trustees reserve the right to alter the strategy at any time as they see fit.
