\*Refer to the Tax Report - Detailed section for information on a security level.

For disposal of assets held within the Service, we have assumed that all interests are Non Taxable Australian Real Property (Non-TARP) assets, on the basis that the investor does not hold more than a 10% interest in the asset. If this is not the case, we recommend investors seek independent taxation advice to determine their capital gains tax (CGT) position.

The 50% CGT discount is no longer available for non-residents. Investors who may be impacted by this change are advised to seek independent taxation advice to determine how this may impact them.

Distributed capital gains have been split between gains relating to TARP assets and gains relating to Non-TARP assets. For further information on these gains, please refer to the Tax Guide.

**Disclaimer:** The tax components in this Report reflect only those related to this account. These amounts will need to be adjusted for any additional income earned or expenses incurred elsewhere by the investor in the current tax year.

This report has been prepared on the basis of the investor being an Australian resident individual taxpayer. For information regarding the assumptions used to calculate the amounts in this Report, please refer to the Tax Guide.

This Report must be read in conjunction with the Tax Report - Detailed for a full breakdown of all components received for tax purposes. This Report is available online.
