# Lachlan House Pty Ltd Employee Superannuation Fund Notes to the Financial Statements As at 30 June 2020

#### Note 1 - Statement of Significant Accounting Policies

The following significant accounting policies have been adopted in the preparation and presentation of the financial statements. They have been consistently applied in the current and previous periods unless otherwise stated to ensure the financial information satisfies the concept of relevance and reliability.

#### (a) Statement of Compliance

The trustees have prepared the financial statements on the basis that the superannuation fund is a non-reporting entity because the members are able to command the preparation of tailored reports so as to satisfy specifically all of their information needs and there are no other users dependent on the financial statements. The financial statements are therefore special purpose financial statements that have been prepared in accordance with the legislative requirements of the Superannuation Industry (Supervision) Act 1993 and Regulations 1994 and the provisions of the Trust Deed. The trustees have determined that the accounting policies adopted are appropriate to meet their needs.

#### (b) Basis of Preparation

The financial statements have been prepared on a cash basis using historical costs convention unless stated otherwise. For investments and financial liabilities, they are measured at market values.

The financial statements are presented in Australian dollars, which is the functional currency of the fund.

#### (c) Use of Accounting Estimates and Judgments

The preparation of financial statements requires the trustees to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstance, the results of which form the basis of making the judgments. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future period affected.

#### (d) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks or financial institutions and short-term, highly liquid investments that are readily convertible to cash and are subject to an insignificant risk of change in value.

#### (e) Foreign Currency

Any foreign currency transactions during the financial year are brought to account using the exchange rate in effect at the date of the transaction. Foreign currency monetary items at reporting date are translated at the exchange rate existing at reporting date. Exchange differences are recognised in the operating statement in the period in which they arise.

#### (f) Valuation of Assets

Investment

An investment is initially recognised when as a result of past transactions or events, the Fund controls the future economic benefits expected to flow from the asset.

The investment assets are firstly recorded at cost, being the fair value of the consideration given. After initial recognition, they are measured at market value. Gains or losses arising from changes in market value are recognised on the Operating Statement in the periods in which they occur.

Market value as defined in s10 of SISA 1993, in relation to an asset, means the amount that a willing buyer of the asset could reasonably be expected to pay to acquire the asset from a willing seller if the following assumptions were made:

- i. that the buyer and the seller dealt with each other at arm's length in relation to the sale;
- ii. that the sale occurred after proper marketing of the asset;
- iii. that the buyer and the seller acted knowledgeably and prudentially in relation to the sale.

As disposal costs are generally immaterial unless otherwise stated, market value approximates fair value.

#### F5/5

# Lachlan House Pty Ltd Employee Superannuation Fund Notes to the Financial Statements As at 30 June 2020

Market values for various types of investment have been determined as follows:

- listed securities, government and other fixed interest securities for which there is a readily available market quotation, the valuation is recorded as the last quoted sale price as at the close of business on reporting date. If the listed securities are foreign, they are also converted to Australian dollars using the exchange rate at the close of business on the reporting date;
- ii. unit trusts and managed funds are stated by reference to the unit redemption price quoted by the fund manager at the end of the reporting period;
- iii. unlisted investments are stated at the Trustees' valuation based on estimated market value at balance date; or where necessary, upon external valuers' expert opinions;
- iv. Investment properties are carried at market value and are held for the purpose of generating long-term rental yields and capital appreciation. The Trustees give consideration to the value of the investment property each financial year and revalue when a significant event occurs or when deemed appropriate. Where an external valuation has been obtained, the valuation is based on objective and supportable data and has been carried out by a property valuation service provider or qualified independent valuer as appropriate.

#### Financial Liabilities

The Fund initially recognises a financial liability on the date it becomes a party to the contractual provisions of the instrument.

Financial liabilities including credit balances of hedging instruments and derivatives are measured at market values as at the reporting date. Any change in market values of the financial liabilities since the beginning of the reporting period shall be included in the profit or loss for the reporting period. As disposal costs are generally immaterial, unless otherwise stated, market value approximates fair value.

#### Receivables and Payables

Current assets such as accounts receivable, which are expected to be recovered within twelve months after the reporting period, are carried at nominal amounts which approximate the fair values.

Accounts payable are recognised when the Fund becomes obliged to make future payments resulting from the goods and services received, whether or not billed to the Fund and are carried at nominal amounts which are equivalent to fair values.

#### (g) Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Fund and the revenue can be reliably measured. Revenue is measured at the fair value of consideration received or receivable. The following recognition criteria relate to the specific items of revenue the Fund receives:

#### Interest

The interest revenue is recognised by the Fund on a cash receipt basis, unless the Fund chooses the accrual method and the amount can be reliably measured by reference to the principal outstanding and using the effective interest rate of the instrument calculated at the acquisition or origination date.

#### Dividend Revenue

The entitlement to a dividend is based on the date the shares are quoted ex-dividend; the actual dividend revenue is recognised by the Fund when it is received.

#### Distribution Revenue

Distributions from unit trusts and managed funds are recognised as at the date the unit value is quoted ex-distributions and if not received at the end of the reporting period, are reflected in the statement of financial position as a receivable at market value.

#### Rental Income

Rent from investment properties is recognised by the Fund on a cash receipt basis.

#### Movement in market values

Changes in the market value of investments are determined as the difference between the market value at balance date or consideration received (if sold during the year) and the market value as at the prior year end or cost (if the investment was acquired during the period). All movements are recognised in the Operating Statement.

#### Contributions and Rollovers In

Contributions and rollovers in are recognised when the control and the benefits from the revenue have been attained and are recorded by the Fund, gross of any taxes, in the period to which they relate.

#### Lachlan House Pty Ltd Employee Superannuation Fund Notes to the Financial Statements As at 30 June 2020

#### (h) Income Tax

The income tax on the benefits accrued as a result of operations for the year comprises current and deferred tax. Income tax expense is recognised in the Operating Statement.

Current income tax expense is calculated by reference to the amount of income taxes payable in respect of the taxable income for the year using tax rates enacted or substantively enacted by reporting date and any adjustment to tax payable in respect of previous years. Current tax liabilities (assets) are therefore measured at the amounts expected to be paid to (recovered from) the relevant taxation authority.

Deferred income tax expense reflects movements in deferred tax liability balances during the year as well as any unused tax losses.

Deferred tax assets and liabilities are calculated at the tax rates that are expected to apply to the period when the assets are realised or the liabilities are settled and their measurements also reflect the manner in which the Trustees expect to recover or settle the carrying amounts of the related assets or liabilities.

Deferred tax assets relating to temporary differences and unused tax losses are recognised only to the extent that it is probable that future taxable profit will be available against which the benefits of the deferred tax assets can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent it is no longer probable that the related tax benefits will be realised.

Current tax assets and liabilities are offset where a legally enforceable right of set-off exists and it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur.

Deferred tax assets and liabilities are offset when a legally enforceable right of set-off exists, they relate to income taxes levied by the same taxation authority and the fund intends to settle the tax assets and liabilities on a net basis in future when they are realised.

The financial report was authorised for issue on 19 February 2021 by the directors of the trustee company.

#### Note 2 - Liability for Accrued Benefits

The liability for accrued benefits represents the fund's present obligation to pay benefits to members and beneficiaries and has been calculated as the difference between the carrying amount of the assets and the carrying amount of the other payables and income tax liabilities as at the end of the reporting period. Changes in the Liability for Accrued Benefits are as follows:

|   | Current     | Previous     |
|---|-------------|--------------|
| Liability for Accrued Benefits at beginning of period | 641,999.00  | 713,148.00   |
| Benefits Accrued during the period                    | (52,571.69) | 71,851.00    |
| Benefits Paid during the period                       | (36,000.00) | (143,000.00) |
| Liability for Accrued Benefits at end of period       | 553,427.31  | 641,999.00   |

Any amount in the Unallocated Contributions account represent amounts that have been received by the fund from either the members of the fund or a third party but have not been allocated to any specific member as at the reporting date. It is the intention of the trustee to allocate any such amounts recorded as unallocated contributions within 28 days following the end of the month to specific fund member, which will increase the liability for members accrued benefits.

#### Note 3 - Vested Benefits

Vested benefits are benefits which are not conditional upon continued membership of the fund (or any factor other than resignation from the plan) and include benefits which members were entitled to receive had they terminated their fund membership as at the reporting period.

|  | Current     | Previous     |
|--|-------------|--------------|
| Vested Benefits at beginning of period | 641,999.00  | 713,148.00   |
| Benefits Accrued during the period     | (52,571.69) | 71,851.00    |
| Benefits Paid during the period        | (36,000.00) | (143,000.00) |
| Vested Benefits at end of period       | 553,427.31  | 641,999.00   |

#### FSIT

# Lachlan House Pty Ltd Employee Superannuation Fund Notes to the Financial Statements As at 30 June 2020

#### Note 4 - Guaranteed Benefits

No guarantees have been made in respect of any part of the liability for accrued benefits.

#### Note 5 – Funding Arrangements

No fixed funding arrangements were in place for the Fund as at year end.

The accounting cost is the original cost base adjusted by any subsequent capital call/improvement or capital return transactions. In many cases, it is not the same as the adjusted or reduced cost base, or the reset cost base and unrealised gain/(loss) for tax purposes refer to the Unrealised Capital Gains Report or change the report parameter to tax cost base.

#### Compilation Report to the Trustees and Members of Lachlan House Pty Ltd Employee Superannuation Fund

#### ABN 70 112 403 056 For the period 01 July 2019 to 30 June 2020

On the basis of the information provided by the Trustees of Lachlan House Pty Ltd Employee Superannuation Fund, we have compiled the accompanying special purpose financial statements of Lachlan House Pty Ltd Employee Superannuation Fund for the period ended 30 June 2020, which comprise the Statement of Financial Position, Operating Statement, a summary of significant accounting policies and other explanatory notes. The specific purpose for which the special purpose financial statements have been prepared is set out in Note 1 to the financial statements.

#### The Responsibility of Trustees

The Trustees of Lachlan House Pty Ltd Employee Superannuation Fund are solely responsible for the information contained in the special purpose financial statements. The reliability, accuracy and completeness of the information and for the determination that the financial reporting framework / basis of accounting used is appropriate to meet the needs of the members and for the purpose that the financial statements were prepared.

#### **Our Responsibility**

On the basis of information provided by the Trustees of Lachlan House Pty Ltd Employee Superannuation Fund, we have compiled the accompanying special purpose financial statements in accordance with the financial reporting framework/basis of accounting as described in Note 1 to the financial statements and APES 315: Compilation of Financial Information.

We have applied our expertise in accounting and financial reporting to compile these financial statements in accordance with the financial reporting framework / basis of accounting described in Note 1 to the financial statements. We have complied with the relevant ethical requirements of **APES 110** *Code of Ethics for Professional Accountants*.

#### **Assurance Disclaimer**

Since a compilation engagement is not an assurance engagement, we are not required to verify the reliability, accuracy or completeness of the information provided to us by management to compile these financial statements. Accordingly, we do not express an audit opinion or a review conclusion<sup>1</sup> on these financial statements

The special purpose financial statements were compiled exclusively for the benefit of the Trustees of the fund who are responsible for the reliability, accuracy and completeness of the information used to compile them. We do not accept responsibility for the contents of the special purpose financial statements.

#### Section C: Deductions and non-deductible expenses

#### 12 Deductions and non-deductible expenses

Under 'Deductions' list all expenses and allowances you are entitled to claim a deduction for. Under 'Non-deductible expenses', list all other expenses or normally allowable deductions that you cannot claim as a deduction (for example, all expenses related to exempt current pension income should be recorded in the 'Non-deductible expenses' column).

#### Section K: Declarations

Penalties may be imposed for false or misleading information in addition to penalties relating to any tax shortfalls,

#### Important

Before making this declaration check to ensure that all income has been disclosed and the annual return, all attached schedules and any additional documents are true and correct in every detail. If you leave labels blank, you will have specified a zero amount or the label was not applicable to you. If you are in doubt about any aspect of the annual return, place all the facts before the ATO.

The ATO is authorised by the Taxation Administration Act 1953 to request the provision of tax file numbers (TFNs). We will use the TFN to identify the entity in our records. It is not an offence not to provide the TFN. However if you do not provide the TFN, the processing of this form may be delayed.

Taxation law authorises the ATO to collect information and disclose it to other government agencies. For information about your privacy go to ato.gov.au/privacy

#### TRUSTEE'S OR DIRECTOR'S DECLARATION:

I declare that, the current trustees and directors have authorised this annual return and it is documented as such in the SMSF's records. I have received a copy of the audit report and are aware of any matters raised therein. The information on this annual

| return, including any attached schedules and add   |   | ect.                                 |                                      |                |

# Dividend advice - Interim and special dividends for the half year ended 30 June 2019

Dear shareholder,

On 1 August 2019 Rio Tinto declared a 2019 interim dividend of 219.08 Australian cents per share (equivalent to 151.00 US cents), and a special dividend of 88.50 Australian cents per share (equivalent to 61.00 US cents). A payment has been made to your nominated bank account in accordance with your details shown below.

These dividends are payable on ordinary shares registered in your name and entitled to participate as at the record date of 9 August 2019. For income tax purposes these dividends are both fully franked (100 per cent) at the tax rate of 30 per cent.

| Payment<br>Type | AUD Dividend<br>Rate Per Share | Shareholding | AUD Franked<br>Dividend Payable | AUD Unfranked<br>Dividend Payable | AUD<br>Franking Credits | Gross<br>Payment |

# Dividend advice - Final dividend for the year ended 31 December 2019

Dear shareholder,

We have pleasure in advising that the 2019 final dividend was declared on 26 February 2020 at the rate of 349.74 Australian cents per share (equivalent to 231.00 US cents). A payment has been made to your nominated bank account in accordance with your details shown below.

The dividend is payable on ordinary shares registered in your name and entitled to participate as at the record date of 6 March 2020. For income tax purposes this dividend is fully franked (100 per cent) at the tax rate of 30 per cent.

Yours sincerely

Lie

Tim Paine Joint Company Secretary If you require your payment to be re-issued, you may be charged an administrative fee which will be deducted from your payment.

#### Advice of direct credit payment of capital return

Dear Shareholder

Below are details of your capital return, following the completion of the sale of Suncorp's Australian Life Insurance Business. The capital return follows a related share consolidation, which were both approved at Suncorp's 2019 Annual General Meeting on 26 September 2019.

| Share<br>description | Amount per share | No. of shares participating | Payment amount |
|----------------------|------------------|-----------------------------|----------------|
| Ordinary Fully Paid  | 39 cents         | 2,000                       | \$780.00       |

As the capital return is not a dividend payment, the Dividend Reinvestment Plan (DRP) does not apply to this payment.

You can update your payment and TFN/ABN details, and elect to receive future communications electronically, online at www.linkmarketservices.com.au.

# Goodman Group Annual Tax Statement 2020

#### Fully paid ordinary securities for the year ended 30 June 2020

This statement reflects distributions that should be included in your Tax Return for the 2019-20 financial year.

Please use this Annual Tax Statement for completing your Tax Return and not interim distribution statements provided at the time of the payments since annual taxable amounts can be determined only after the close of the financial year. This statement should be read in conjunction with the enclosed Goodman Group Tax Return Guide 2020.

Please retain this statement for income tax purposes.

#### Part A - Summary of 2019-20 Income Tax Return and Tax Return (supplementary section) items

#### Goodman Logistics (HK) Limited dividends

| Dividend components              | Tax return<br>label | Amount \$ |
|----------------------------------|---------------------|-----------|
| Assessable foreign source income | 20E                 | \$156.95  |
| Net foreign source income        | 20M                 | \$156.95  |
| Foreign income tax offsets       | 200                 | Nil       |

#### Goodman Limited (GL) dividends

| Dividend components  | Tax return<br>label | Amount \$ |
|----------------------|---------------------|-----------|
| Unfranked amount     | 118                 | Nil       |
| Franked amount       | 11T                 | Nil       |
| Franking credit      | 11U                 | Nil       |
| TFN amounts withheld | 11V                 | Nil       |

Dear Securityholder

#### Goodman Group (Goodman or Group)

#### **Distribution and Annual Tax Statement**

We are pleased to confirm your distribution of 15.00 cents per security for the six months ended 30 June 2019. We enclose your Goodman Group Payment Advice together with your Annual Tax Statement and Tax Return Guide for the financial year ended 30 June 2019. The Tax Return Guide provides summarised tax information and has been designed to assist you in completing your income tax return coupled with the Annual Tax Statement 2019.

#### Stakeholder Review and Annual Report

Our Stakeholder Review and Annual Report provide an overview of our performance for the year. They will be available on the Group's website, www.goodman.com from 25 September 2019.

Should you have any questions, please call our dedicated information line on 1300 723 040 (within Australia) or +61 3 9415 4043 (outside Australia).

Yours faithfully

Gregory Goodman

Dear Securityholder

#### Distribution for the half year ended 31 December 2019

Goodman Group (Goodman or Group) is pleased to confirm your distribution of 15.0 cents for the six months ended 31 December 2019.

The Group produced a solid performance from all segments for the first half for FY20. The result continues to be driven by our focus on select markets where e-commerce is growing, consumer expectations are rising and the need for more efficient supply chains is becoming greater.

For more details about our results, please refer to the investor centre on www.goodman.com.

Yours faithfully

Gregory Goodman

### **AMMA Statement guide**

This Guide provides general information to assist in the completion of an Australian Income Tax Return for the financial year ended 30 June 2020. This Guide has been prepared on the basis that you are an Australian resident individual and you hold your Dexus securities on capital account. While every care has been taken in the preparation of this Guide, Dexus does not provide taxation advice and this document does not constitute personal advice. If you have any doubts about your tax position, or if you require any further information about your tax affairs or the completion of an Australian Income Tax Return, you should consult your professional adviser without delay.

### What do you do with the amounts that appear in Part A?

Your AMMA Statement has been designed so that the amounts in Part A correspond with the amounts you are required to enter into your 2020 Individual Tax Return/Supplementary Section for Australian residents and includes the distribution components from your investment that are relevant for the completion of your tax return.

The dividend paid by Dexus Operations Trust in August 2019 should be included in your tax return for the year ended 30 June 2020.

The dividend paid by Dexus Operations Trust in August 2020 should be included in your tax return for the year ending 30 June 2021.

# What do you do with the amounts that appear in Part B and Part C?

Parts B and C of your AMMA Statement provide additional information relating to the components of the distribution from Dexus that have been attributed to you for the year ended 30 June 2020.

Dexus has determined to attribute each taxable component of its income to unitholders in proportion to the distributions received by each unitholder.

### NON-PRIMARY PRODUCTION INCOME

### Note 1 - Interest

This income relates to interest earned on amounts such as bank deposits and loans to Australian entities. The interest is not exempt from withholding tax if distributed to a non-resident.

### Note 2 - Franked dividend

This income relates to franked dividend income derived by Dexus Industrial Trust, Dexus Office Trust or Dexus Diversified Trust. The amount stated in Part B includes the attached franking credit.

### Note 3 - Other income

Other income is any other income from Australian sources (excluding capital gains) that is taxable. This includes rental income from direct or indirect property investments.

### **CAPITAL GAINS**

### Note 4 - Discounted Capital Gains

Discounted capital gains are net capital gains on the disposal of investments that have been held for at least 12 months. The gain has been reduced by 50% as a result of the capital gains tax ("CGT") discount.

For additional information refer to Part D on page 2. Part D specifies the portion of total capital gains that relate to taxable Australian property and non-taxable Australian property. Australian residents are required to include both categories of capital gains in their assessable income.

The 50% CGT discount is available only to Australian resident individuals and trusts. Accordingly, a company or complying superannuation fund should use the information contained in the "Additional Capital Gains Information" section in Part D as a basis to determine the net capital gain amount to be included in their 2020 Australian Income Tax Return. We recommend you refer to the ATO website page "Guide to Capital Gains Tax 2020" and the publication "Personal Investors Guide to Capital Gains Tax 2020". The ATO website address is <a href="https://www.ato.gov.au">www.ato.gov.au</a>.

### Note 5 - Indexation method capital gains

Indexation method capital gains are capital gains in respect of assets acquired before 1 July 1999 that Dexus has calculated after increasing the cost base of the asset for indexation. You may not apply the CGT discount in respect of these capital gains.

### Note 6 - Other capital gains

Other capital gains are capital gains to which neither the CGT discount or indexation applies. You may not apply the CGT discount in respect of these capital gains.

#### **FOREIGN INCOME**

#### Note 7 - Assessable Foreign Income

These amounts represent foreign income distributed by Dexus. There is no foreign income for the year ended 30 June 2020.

### Note 8 - Foreign Tax Offset

These amounts represent foreign tax offsets distributed by Dexus. There are no foreign tax offsets for the year ended 30 June 2020.

### OTHER NON-ASSESSABLE AMOUNTS

#### Note 9 - Non-Assessable Amounts

Non-assessable amounts are not included in your tax return.

If the taxable components from a trust exceed the cash distributed by that trust, the excess will be shown as a negative number in Part B.

Non-assessable amounts and excess amounts over trust distributions should not be used to adjust the cost base and reduced cost base of your securities. Details of your cost base adjustments are specified separately in Part B (See Note 10).

### Note 10 - AMIT Cost Base Adjustments

Under the AMIT regime you are required to make annual adjustments to the cost base and reduced cost base of your securities.

If the distributions paid by a Dexus trust to you for an income year exceed the amounts included in your assessable income for that year (grossed-up by any CGT discount), the cost base of your units in that trust will be decreased by the amount of the excess. Such excess amounts are generally referred to as capital, non-assessable or "tax deferred" distributions.

To the extent that any such non-assessable distributions exceed the cost base in your units in a Dexus trust, a capital gain will arise.

If the amounts included in your assessable income (grossed-up by any CGT discount) in respect of an income year exceed the distributions made to you for that year by a Dexus trust, the cost base of your units in that trust will be increased by the amount of the excess.

The amount stated in Part B of your AMMA Statement for the year ended 30 June 2020 represents the total net change in the cost base of your securities for that income year under the AMIT regime.

The cost base adjustment amount for each Dexus trust should be allocated across your units in that trust in proportion to the amount of distributions received on those units.

### **DIVIDENDS**

### Note 11 - Franked dividends

This income represents franked dividends paid by Dexus Operations Trust. Dexus Operations Trust is treated as a company for income tax purposes.

You should include both the franked dividend amount and the attached franking credit in your assessable income. Unlike dividend income received through Dexus Industrial Trust, Dexus Office Trust or Dexus Diversified Trust, these amounts should be included in your assessable income for the year ended 30 June 2021. For this reason, the Dexus Operations Trust 30 June 2020 franked dividend amount does not appear in the table in Part A.

### What do you do with the amounts that appear in Part E?

### Note 12 - Credit for TFN/ABN Amounts Withheld

If you have not provided a TFN, ABN or exemption for your investment, withholding tax at the highest marginal rate (including Medicare levy) of 47% has been deducted from your distributions.

# Note 13 – Managed Investment Trust Withholding Tax and Non-Resident Interest Withholding Tax

If you are a non-resident security holder, tax has been withheld from parts of your distribution that related to certain Australian sourced income.

Dear Investors.

# Your 30 June 2020 annual statement

Your 30 June 2020 annual statement is enclosed.

In this statement you'll find:

- Your balance
- All payments in and out, including fees and your transaction summary.

### Making additional investments

You can make deposits by direct debit, BPAY® or EFT. You can also set up a Regular Investment Facility to make regular deposits from your bank account. Please refer to the 'Other information' section in your statement for the biller code and reference number.

### Your audit report

The independent audit report on client statements will be available from 14 September 2020 by clicking Annual and Financial reports at **mlc.com.au/statements**. Alternatively, if you'd like to receive a free printed copy please call us and we'll mail you one. If the report identifies any issues that should be brought to your attention, we'll send you a free printed copy no later than 30 September 2020.

### MLC MasterKey Investment Service Fundamentals fees have been reduced

We like to keep you informed about changes to our other products which may be of interest to you. In April 2019, we reduced the dollar-based administration fee for MLC MasterKey Investment Service Fundamentals that applies to clients with an account balance below \$50,000.

If you're thinking about investing in MLC MasterKey Investment Service Fundamentals, you should read the Financial Services Guide available from **mlc.com.au/fsg/mkisf**. You should also check with your adviser or us for more details about any fees, taxes and costs which may apply if you decide to transfer.

### Important information regarding buy-sell spread

Greater volatility in investment markets is causing an increase in costs associated with buying and selling the underlying assets of an investment option, known as the buy-sell spread. This may increase the cost associated with buying, selling, or switching an investment and will also be reflected in a lower valuation of your investment.

This means the buy-sell spread on any investment options may fluctuate daily. We recommend you contact your financial adviser if you're contemplating selling or switching. If you don't have an adviser, you can call us.

For the current buy-sell spreads for your MLC investment options you will need to go to mlc.com.au/buysellspreads
Where external fund managers have notified us of changes for investment options not managed by MLC, you will need to

go to Managed investment news on mlc.com.au. Alternatively, you can check the individual fund managers' websites.

### We are here to help

Chat with us online at mic.com.au or call us on 132 652 for more information.

Go online at mlc.com.au to register for online statements.

**Product name** MLC MasterKey Investment Service

Dear Investors,

# Helping you complete your tax return

To help you prepare your tax return, please find enclosed your 30 June 2020 tax statement. To make this as simple as possible, we've given you your key information in a format which includes:

- Tax return labels on the first page of your statement. This will help you locate relevant information for the various sections on your tax return
- Information about your tax statement. This section gives you further information including definitions and
  explanations to make it easier to understand what you need to include in your tax return.

Your statement also shows:

- a summary of the tax information on your investment for your tax return
- a detailed breakdown of realised capital gains and losses from the sale of units
- detailed distribution components you've received during the year

Please note that MLC Investments Limited is not a registered tax agent. The ATO's individual tax return instructions help you complete your individual tax return. You need to check the pre-populated data before lodging your tax return online. For more information about lodging your tax return, please visit **ato.gov.au** or call the ATO on **13 28 61** between 8am and 6pm (AEST/AEDT), Monday to Friday. If you need assistance please speak with your registered tax agent to determine how this impacts your personal tax obligations.

### We're here to help

If you have any questions, please speak to your financial adviser DUSTY POWTER on O2 68623575, visit **mlc.com.au** or call us on **132 652** between 8am and 6pm (AEST/AEDT), Monday to Friday.

Thank you for investing with us.

Yours sincerely,

Sam Wall General Manager

Wealth Products and Platforms

#### Your tax return

If you have other investments you'll need to add up all the income before you fill out your tax return.

Taxable income amounts derived from all trust investments must be included in your tax return even if they were reinvested (ie not taken as cash). Where the trust has elected to be an Attribution Managed Investment Trust (AMIT) the taxable income amount attributed to you may be greater than the cash distributed.

The tax return label numbers referred here are the white letters inside the coloured boxes on the Tax Return for Individuals (supplementary section) 2020 (NAT 2679), and are only relevant to resident individuals. It is recommended that you speak to your registered tax agent to help you prepare your return. Your tax agent should use the information in this statement rather than the details displayed in the tax agent pre-filling service.

| Total current year capital gains (after discount but before losses)  | \$3,928.12  | \$956.79   | \$4,884.91 | You can use<br>your losses to<br>offset your<br>capital gains.<br>Please speak<br>with your<br>registered tax<br>agent |
| Capital losses   | \$95.64   | N/A  | \$95.64    | St. 18 21  |

### Capital gains and losses

Capital gains shown here include:

- realised capital gains and losses incurred on the sale of units for any withdrawals and/or switches you have made; and
- capital gains from distributions

Please note, capital gains or losses from other investments or prior years will affect your position. As such, we have not shown the "Net Capital Gain" on your statement. You will need to calculate this yourself or in conjunction with your registered tax agent.

### Detailed breakdown of realised capital gains and losses from the sale of units

MLC calculates your capital gains using the Highest Cost, First Out (HCFO) method. If you'd like to use a different method, please speak with your registered tax agent. The cost bases used to calculate your capital gains have been adjusted to reflect cost base increases and decreases arising from holding interests in an Attribution Managed Investment Trust and cost base decreases from receiving tax deferred and tax free amounts from holding interests in trusts which are not Attribution Managed Investment Trusts.

| Grand total for all | sales     | 2 1 3450      | \$3,848.86                     | \$0.00                   | \$79.26  | \$95.64        |

### Total capital gains using either Discounted or Indexed methods

| Discounted capital gains         | \$3,848.86 |
|----------------------------------|------------|
| Indexed capital gains            | \$0.00     |
| Other capital gains              | \$79.26    |
| Total current year capital gains | \$3,928.12 |

If you've sold some units that you purchased before 21 September 1999, we've calculated the capital gains you made on these units using both the Discounted method and the Indexed method. We have used the lower gain from each transaction, plus your Other capital gains, to calculate the Total current year capital gains. As we can't take into account any other investments you may have, or any other losses you may have incurred, we suggest you speak with your registered tax agent to determine if the way we have calculated your capital gains is the best outcome for you.

This information is not tax advice and has been prepared for your general information only assuming that you are an Australian resident individual for tax purposes. It doesn't take into account your individual tax or financial objectives, situation or needs. As particular circumstances differ we recommend you obtain advice from a registered tax agent.

This information is based on our understanding of Australian tax laws at the time of publication and primarily relates to the Australian Taxation Office Individual tax return instructions 2020. Please consult your registered tax agent if you're not using the Individual tax return instructions 2020. The following sections contain additional information regarding the corresponding sections of your tax statement.

### **Key definitions**

Summary for your tax return (individual)

#### Non-primary production income (13U)

This is part of your assessable income. It includes interest, other income and unfranked distributions including conduit foreign income (CFI) that you have received or that has been attributed to you. It excludes franked distributions, net capital gains and foreign income which are shown separately on your customer tax statement.

#### Franked distributions (13C)

This is part of your assessable income. It includes franked distributions and the share of franking credits that you have received or that has been attributed to you.

# Deductions relating to non-primary production income (13Y)

These are fees deducted directly from your account. We recommend you speak to your registered tax agent to determine whether any of the fees you've paid are tax-deductible.

# Franking credits from franked distributions (130)

These are the tax credits you've received from the distribution of franked dividends that you have received or that has been attributed to you. The franking credits reduce the amount of tax you pay and, depending on your circumstances, can even result in you receiving a refund of tax. You may not be entitled to claim these franking credits if you have not met or are deemed not to have met the "45 day rule" test which relates to how long you have held the investment. As these rules are complex we recommend that you speak with your registered tax agent.

# Australian franking credits from New Zealand companies (20F)

These are Australian franking credits attached to dividends received from a New Zealand company under the

Trans-Tasman imputation system. These tax credits are treated the same as other franking credits, however they are disclosed in a different part of your tax return.

### Foreign income tax offsets (200)

This is the tax already paid on foreign income earned on your investment. It forms part of your assessable income. If your total foreign income tax offsets (FITO) for the year are less than \$1,000 you may be eligible to apply the "de minimus rule" which means that you won't need to do any further calculations and can include the FITO in your tax return. If your total offsets for the year are more than \$1,000 you'll have to calculate the amount of offsets you can claim for the year. You may need to speak with your registered tax agent on how to treat your foreign income or FITO in your tax return.

# Credit for Tax File Number (TFN) amounts withheld (13R)

Unless you've supplied a TFN or claimed a relevant exemption, income tax has been deducted from all income distributed to you on your investments at the current highest marginal tax rate including the Medicare levy and any other applicable levies. Please provide us with your TFN or relevant exemption as soon as possible to prevent this happening again.

### We're here to help

If you require more information regarding your personal circumstances or help with your tax statement or return, please speak with your registered tax agent.

For queries regarding your MLC account, please speak with your financial adviser or call us on 132 652

# **About your tax statement 2020**

### Capital gains and losses additional information for item 18

Note: Our Capital Gains Tax (CGT) calculations are based on the Highest Cost, First Out method and may not be relevant to you in a number of circumstances. For example, if you have other gains or losses outside of this tax the investment statement, transferred to you via a deceased estate or divorce settlement, or you're a non-resident for Australian income tax purposes. We recommend you speak with your registered tax agent about calculating your actual liability for CGT.

### Discounted capital gains (grossed-up amount)

These are capital gains made on investments that have been held for more than 12 months. Gains have been calculated according to whether you're an individual, trust, company or a complying superannuation fund. If you're an individual or trust, we've applied a 50% discount rate. If you're a complying superannuation fund, we've applied a 33.33% discount rate. No discount rate applies for companies.

If you're an individual or trust, who purchased an investment before 21 September 1999, you can choose how to calculate your capital gain. You may use the discount method or the indexation method. When there's a choice we've calculated the gain under both methods and chosen the method producing the lesser gain in your total current year capital gains amount on your statement.

### Indexed capital gains

These are capital gains made on investments that were acquired prior to 21 September 1999 and held for more than 12 months. These amounts are calculated as the difference between your net sale proceeds and indexed cost base (using the index factor frozen at 30 September 1999). Taxpayers, other than companies, can choose whether to use the indexed capital gain or discounted capital gain method. When there's a choice, we've calculated the gain under both methods and chosen the method using the lesser gain in your total current year capital gains amount on your statement.

#### Other capital gains

These are capital gains realised on investments held for 12 months or

#### Total current year capital gains

This number consolidates the capital gains distributed/attributed to you by the investment options as well as the capital gains we've calculated arising from withdrawals or switches of units in the investment options. This amount is a reportable item that excludes any capital losses.

### Capital losses

This amount represents the capital losses you've incurred as a result of withdrawals or switches of units during the year. This amount was calculated as the difference between the net sale proceeds and the reduced cost base

Detailed distribution components From 1 July 2015, certain trusts have been able to elect to become Attribution Managed Investment Trusts (AMIT). Investors in AMITs are taxed on income that is "attributed" to them. The amount attributed to you by an AMIT may not equal the cash distributed. Certain components are only applicable to AMITS.

### CGT concession amount

This amount relates to the 'excluded' or 'non-assessable' component of the capital gains calculated under the 50% discount method by a trust that is not an AMIT. This amount does not reduce the cost base of your unit holding where payments were made after 30 June 2001 that relate to a period ending on or before 30 June 2017. Distributions in relation to a period beginning after 30 June 2017 will reduce the cost base of your unit holding to the extent that it is greater than the discounted capital gains (being the amount after application of the relevant discount rate).

### AMIT CGT gross up amount

This additional amount is treated as capital gains where a discount capital gain has been attributed to you by AMIT. This is used to arrive at the discounted capital gain (before discount).

### AMIT cost base net amount -Increase/Decrease

Under the AMIT regime you are required to adjust the cost base of your units as follows:

### AMIT cost base net amount - Increase: Increase the cost base of your investment in the Fund by this amount.

AMIT cost base net amount - Decrease: Reduce the cost base of your investment in the Fund by this amount.

### Additional Information for non-residents

Investment income received may be subject to non-resident withholding tax. The amount of tax deducted will depend on the type of entity from which investment income is earned, the investment income type and your country of residence.

Conduit foreign income (CFI) received will generally be non-assessable, non-exempt income in Australia and not subject to Australian non-resident withholding tax Broadly, CFI is foreign income earned by a foreign resident through an Australian entity which in most instances is not assessable to that Australian entity,

Generally, Australian CGT on the disposal of investments by a non-resident will not apply where those investments are not taxable Australian property. In addition. non-residents will not be subject to withholding tax o n distribution/attribution of Capital gains derived from trust assets that are not taxable Australian property.

Investors who are non-residents for Australian tax purposes should seek professional taxation advice to clarify their specific circumstances.
