

**REDBANK ENERGY LIMITED**

Shareholders in this company should consider crystallising a capital loss in 2021/22 by selling their worthless shares. From 1 October 2021 we have made this process much easier and quicker. It can now be achieved online by <a href="#">entering transaction details here</a> . While this usually makes good economic sense, we recommend you seek professional advice before buying or selling securities, your accountant is probably the best person.	01/10/2021
delisted from the close of trading on Monday, 29 August 2016 pursuant to Listing rule 17.15.	29/08/2016
we understand the company failed and was delisted because it did not pay its annual ASX listing fee	29/08/2016
In response to shareholder enquiries, Redbank Energy Limited (ASX: AEJ) (REL) wishes to provide the following market update. Unfortunately, REL will be removed from the ASX official list on 29 August 2016. The immediate catalyst for delisting will be the non-payment of the 2016/17 ASX annual listing fee, which falls due on 27 August 2016. The reason for REL not paying the 2016/17 ASX listing fee is because REL will automatically be suspended on 9 October 2016 due to continual suspension.	25/08/2016
Under listing rule 17.6, any entity (if not already suspended) that had not paid its annual listing fees by close of business on Monday 22 August 2016 will have its securities suspended from official quotation before the commencement of trading on Tuesday 23 August 2016. The company has not paid its annual listing fees in respect of the year ending 30 June 2017 but the securities are already suspended from official quotation.	23/08/2016
Since the acquisition of the Redbank Power Station from the Receivers, REL has been progressing towards recommencing operations at the Redbank Power Station. There is still a significant amount of work to be undertaken to recommence operations at the Redbank Power Station and further updates will be provided regarding the process of this work and a likely date on which generation will commence in due course.	13/05/2016
The REL consortium has entered into a number of agreements pursuant to which: a wholly owned subsidiary of REL, Biogreen Energy purchased the land, plant and equipment and water rights owned by Redbank Project for \$5 million, purchase price was provided by a special purpose company; the water rights were transferred to the SPC; SPC and REL have entered into a put and call option over the water rights and SPC has granted REL a mortgage to secure performance of the call option; and additional funds are to be advanced by the SPC to REL to commence the work to raise the funds needed to restart the operation of the Redbank Power Station.	17/09/2015
The indicative offer for the acquisition of assets of the Redbank Power Station to the Receivers of Redbank Project was submitted as part of a consortium with the acquisition proposed to occur through a subsidiary of REL. The consortium has been selected the Receivers as the preferred bidder and will now proceed on an exclusive basis to negotiate final sale documentation.	24/08/2015
REL submitted an indicative offer for the acquisition of the Redbank Power Station assets to the Receivers of Redbank Project, Korda Mentha. REL confirms that the sale process for those assets is on-going and REL remains involved in that process.	15/07/2015
