

## TOM BUTLER SUPERANNUATION FUND

### NOTICE TO MEMBERS ON VARIATION OF TRUST DEED

To: **Thomas Andrew Butler**

The Trust Deed of the Fund has been varied to update the terms of the Trust Deed consistent with the legislation governing self managed superannuation funds.

Important features of the Trust Deed after the variation include:

1. You may make nominations of beneficiaries for death benefits that are binding on the Trustee.
2. If you nominate a reversionary pensioner for your pension, that takes precedence over a binding death benefit nomination.
3. You can appoint a death benefit guardian to determine how your death benefit is paid.
4. If there is a dispute between members, you can choose to roll out to a different fund without the consent of the other members.
5. You can access benefits whenever the superannuation laws allow.
6. The Trustee may accept contributions that can be accepted by a self managed superannuation fund from any source.

A copy of the current Product Disclosure Statement is also **attached** to this Notice, to give you further general information about your entitlements in the Fund.

The variation to the trust deed may be inspected by you at the office of the Trustee during normal office hours or by arrangement.

If you have any questions, please contact the Trustee.
