# GUIDE TO YOUR 2019 TAX STATEMENT

This guide has been prepared to assist you in the preparation of your income tax return for the year ended 30 June 2019 (the “2019 year”). You should use the information contained in this Tax Statement to complete your tax return and not the information contained in Distribution Advices.

## **A: Notes to the Tax Statement**

### **1. Australian assessable income**

This component comprises interest and other assessable income that must be included in your tax return at Label 13U (non-primary production income).

### **2. Non-assessable amount (AMIT Cost base Net Decrease Amount)**

This component of the distribution is not assessable to you as income and is not required to be included in your tax return.

You are required to decrease the Capital Gains Tax (“CGT”) cost base of your units in the Trust by your share of the distributions paid to you that have not been included in your assessable income. For the current year, the amount by which the CGT cost base of your units should decrease by is shown at this item on your Tax Statement.

Once the sum of all distribution amounts which are not assessable to you in respect of your Trust units (in aggregate) exceeds your CGT cost base in those units, a capital gain will arise in respect of the excess amount. This capital gain may qualify for the CGT 50% discount concession if you have owned your units for at least 12 months.
