

## Summary of capital expenditure

Purchase price	\$1,500,000
Expenditure after purchase: (renovations/additional works)	\$9,732
Total expenditure	\$1,509,732

Division 40 - plant and equipment	\$55,231
-----------------------------------	----------

The calculations for plant and equipment assets have been prepared in accordance with the relevant Taxation Ruling in place at the time of preparing this report. This ruling discusses the methodology outlined by the Commissioner of Taxation to determine the effective life of depreciating assets under Section 40-100 ITAA 1997.

Division 43 - capital works allowance	\$146,510
---------------------------------------	-----------

Division 43, as outlined in ITAA 1997, allows a deduction for capital expenditure incurred in the construction of any capital works. The deduction claimed as a capital works allowance depends on the type of construction and the date construction started. See the definition of division 43 and the table under this heading within the glossary of key terms for further clarification of the qualifying dates for capital works deductions. The deductible amount for division 43 excludes both division 40 above and any non-qualifying balance of capital expenditure.

Balance of capital expenditure	\$1,307,991
--------------------------------	-------------

This represents all items that do not qualify for capital works deductions or decline in value and any capital works deductions which are already exhausted.

Construction expenditure that cannot be claimed (as per ATO guidelines) include:

- Land
- Expenditure on clearing the land prior to construction
- Earthworks that are permanent, and are not integral to the construction
- Expenditure on soft landscaping
- Demolition

Total capital expenditure	\$1,509,732
---------------------------	-------------
