The capital gains reported at the following item 'Discounted Capital Gains (TAP)' and 'Discounted Capital Gains (NTAP)' are reduced for capital losses or the application of the CGT discount at trust level. The 'Foreign tax paid' amounts reported at these items have not been proportionately reduced for capital losses or the CGT discount, they are reported as a gross amount.

When calculating your Australian capital gains tax obligations and FITO, the capital gains discount amount must be grossed up (noting the foreign tax paid is reported as the grossed-up amount). If you are an individual or trust you are entitled to a CGT discount of 50%, superannuation funds are entitled to a CGT discount of 33.3%.

If you are a company not acting as trustee, you are not eligible to apply the CGT discount.

You are required to calculate the foreign income tax offset (FITO) you can claim for foreign income attributed or distributed to you, under the rules in Division 770 of the ITAA 1997. You must apply the FITO rules to determine the FITO you can claim in your Australian tax return. It is not correct to merely insert the 'foreign tax paid' amount disclosed at Part B of the SDS as the FITO available in your Australian tax return. If you are unsure about how to calculate your FITO, you may need to seek professional advice from a registered tax professional.
