Notes:

1. A 'CHESS Holding Net Movement' (or similar CHESS transaction description) refers to an increase or decrease in your holding due to a transfer, as the case requires during the statement period.
2. The Net Asset Value ("NAV") per unit for the relevant transfer date, may be different to the market price at which you acquired or disposed the units. The market price at which you acquired or disposed your units is not provided to VanEck, and therefore the NAV per unit is used. The values shown above are therefore approximations only. The market price of each transfer(s) should have been provided to you by the broker who effected your transfer(s).
3. The value of your investment is equal to the number of units multiplied by the NAV per unit for the relevant transfer date.

Notes:

1. This amount has been deducted directly from your account (reflected in the transactions listed on this statement).
2. This approximate amount has been deducted from your investment and covers amounts that have reduced the return on your investment and that are not reflected as transactions listed on this statement.
3. This approximate amount includes all the fees and costs that affected your investment during the period, but excludes brokerage fees or bid/ask spreads incurred when you bought/sold your investment on the ASX.

Estimated return on your investment

Period	Value
Return on investment - period from 01/07/2022 to 30/06/2023	\$6,772.14

Return on investment is an estimate only as it is determined by calculating the change in the NAV per unit over the period and adding gross dividend for the period. The market price at which you executed your transactions on the ASX has not been used to calculate your return on investment, as this information is not provided to VanEck. In addition you may have separately incurred brokerage costs in connection with your transactions on ASX which have not been included above and which may affect your return on investment.
