# Zurich Wealth Protection Your policy anniversary

→ 000096 

Mav Family Super Fund 12 MacLaurin Street PENSHURST NSW 2222 Policy type:

Zurich Protection Plus
(Superannuation, held by external trustee)

Policy number:

91095228

Policy owner: **May Family Super Fund** 

14 October 2021

## Thank you for being a Zurich customer

We're writing to tell you about changes to your insurance premium for the next policy year and to remind you that your premium is due soon. We'll automatically direct debit this from your nominated credit card, so you can relax knowing that you're protected. We'll let you know if any payments are unsuccessful.

## You've selected Premium with cover increase

Policy anniversary date:

13 November 2021

### With inflation protection

Your policy has in-built inflation protection to help maintain the value of your cover over time.

### **Cover summary**

Your policy provides:

a lump sum payment on the life insured's death or terminal illness during the term of the policy.

### Discounts factored into your premium

SmartValue discount of 12.5%.

AWAS-016952-2021-W3

Premium yearly: \$3,016.07

13 November 2021

Your yearly premium is detailed in the policy breakdown on page 2 and will apply for the remainder of the policy year (unless you make a change to your policy). If you ask us to change your policy before your next policy anniversary and we have a premium adjustment underway, your policy will automatically attract the new premium rates at the time of change which means they will apply earlier than they otherwise would

### Detailed policy breakdown

Below is a summary of the insurance benefits which apply to this policy.

Life Insured	Cover type	Current cover	Increased cover	Premium without cover increase	Premium with cover increase
Vassilios Mavridis	Death & terminal illness	\$1,000,000	\$1,050,000	\$2,872.45	\$3,016.07
	Total instalment premium	***************************************		\$2,872.45	\$3,016.07

Full terms and conditions of your cover, including any special conditions and exclusions, are autlined in the PDS and most recently issued policy schedule. If you don't have the PDS, visit **zurich.com.au/lifepds** of contact us.

# Some benefits and features of your cover change at certain ages

Some benefits and features of your cover change or end at certain ages. This reminder includes a summary, but please check your PDS and policy schedule to make sure you understand the impact of any changes.

 You can increase cover without health assessment under the Future insurability features up to the policy anniversary when the life insured is 54.

### An Inflation protection increase has been applied to your policy

Your policy has in-built inflation protection to help maintain the value of your cover over time. If you opt out of inflation protection, your future insurance cover might not give you the same real value as it would today. You don't have to accept the increase. If you'd like to maintain the same cover amount, or arrange a lower cover increase, please contact your local insurance specialist on 131 551 before the next due date so that we can reduce your premium.

### Benefits of your policy

Some of the features of your policy include:

- Guaranteed renewal of your policy terms up until the expiry date, regardless of any change in health.
- Worldwide cover 24 hours a day, seven days a week.
- Cover increase without health evidence. For example if you've had a baby, a child start secondary school or a new mortgage you may be eligible for an increase in cover.

Good news, we've made some improvements which affect the cover provided under your policy. Please refer to the information about the changes set out under the heading 'Upgrades to your policy'.

## The Life insurance code of practice is our promise to you

When you take out life insurance, it's important that you get the highest standards of service in all your dealings with us. That's why we've adopted the Life Insurance Code of Practice. It's the life insurance industry's commitment to mandatory customer service standards and it's designed to protect you, our customer. The Code can be found at **fsc.org.au**.

# Upgrades to your policy effective from 29 March 2021

We continue to find ways to improve the terms of your policy. As your policy includes a guarantee of upgrade provision, the following changes apply to you automatically from 29 March 2021.

- We've updated the automatic reinstatement provision in your policy, allowing you 30 days to reinstate cover without assessment if you cancel it, provided you request reinstatement in writing and pay the outstanding premiums. If the cover is reinstated in this period, no benefits will be paid for an event which occurs or is apparent while the policy is cancelled.
- The Premium holiday feature has been re-named to better reflect the effect of pausing cover. This feature allows a break in cover (maximum of 12 months over the life of the policy) to ease financial pressure and is now known as Cover suspension. The feature is otherwise unchanged. Visit **zurich.com.au/existingcustomers** to access the Cover suspension application form which includes the terms and conditions.

## How else can we help?

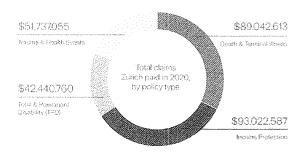

### Update your details

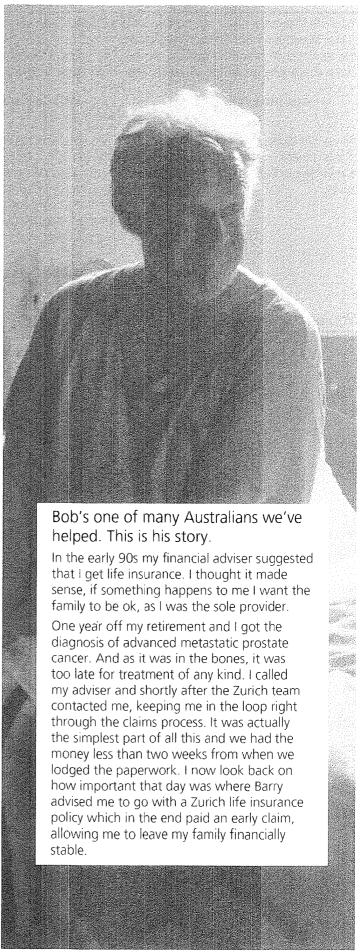

It is important that your details remain up-to-date. If your circumstances have changed, you can update your details 24/7 on our self service customer portal at zurich.com.au/myzurich. Alternatively, please call your local insurance specialist on **131 551**, or email us at **client.service@zurich.com.au** 

### Need to make a claim?

Let us know as soon as you can by completing the claim form on our website: **zurich.com.au** or by calling us on **131 551**. Your financial adviser may be able to help with completing the paperwork or you may prefer to deal with us directly. It's entirely up to you. Please note that any premiums due on your policy must continue to be paid to keep the policy in force while we assess your claim and the sum insured at the date of the event giving rise to the claim will apply.

# Total claims paid \$276,243,015

Page 4 of 4

## At each anniversary, different factors can affect your premium

Your life insurance cover represents our promise to be there for you when it matters most, should you need to submit a claim. Maximising our ability to pay claims remains our unwavering priority and means our premium rates must reflect the true cost of providing that protection. Our premium rates aren't guaranteed and can change. If you'd like to know more about why premiums increase, please visit **zurich.com.au/lifepremiums**.

### Age increase

As we get older, the risk of death and illness generally increases and this is reflected in the cost of providing cover.

# Inflation protection applies

Unless you have declined inflation protection, your cover amount will automatically be increased each year to ensure you're protected. We'll use the life insured's age at the date of the increase to calculate the cost of the extra cover.

### You are currently paying: yearly via direct debit

We offer different payment options to suit you, whether it's monthly, quarterly, half-yearly or annually. Don't forget it's cheaper to pay annually.

### Have your circumstances changed?

We understand that life's unpredictable. Fortunately, we're here to help. While we can't provide financial advice, we can alert you to features in your policy that could benefit you if you want to make changes or if you are finding it difficult to keep up with your premium payments.

This policy provides valuable insurance cover that will not change due to changes in health or pastimes. If you decide to cancel and apply for a replacement policy, the duty to take reasonable care not to make a misrepresentation will apply again and the new policy will be based on health and other circumstances at that time. A new policy may not cover conditions existing at that time which could result in you not being covered, paying a higher premium or having less comprehensive cover.

Contact your local insurance specialist today so we can ensure you remain protected without leaving yourself or your family financially vulnerable.

# You made excess concessional (before tax) super contributions in 2020-21

Dear MR MAVRIDIS

There is a cap on the amount of concessional (before tax) contributions you can make to your super each financial year without having to pay extra tax.

In the 2020-21 financial year, you have contributed more than the cap. This excess amount has been added to your income and we have updated your income tax notice of assessment. An excess concessional contributions charge has been applied as shown in the determination below.

Your determination	
Your concessional contributions cap (See further information on the reverse of page 1)	\$25,000.00
Your concessional contributions	\$33,341.79
Your excess concessional contributions	\$8,341.79
Your excess concessional contributions charge	\$134.51
Period for which your charge was calculated	1 July 2020 to 20 March 2022

### **Further information**

### Concessional contributions cap

Your concessional contributions cap is the basic cap plus any unused carry forward amount you may have

For more information about concessional contributions cap, visit our website www.ato.gov.au/carryforward or you may wish to seek professional advice.

### Excess concessional contributions charge

We apply an excess concessional contributions charge because the tax on excess concessional contributions is collected later than normal income tax.

For more information about excess concessional contributions charge rate, visit our website, www.ato.gov.au/eccchargerate

#### Discretion

If you believe your super contributions exceeded or will exceed the contributions cap due to special circumstances you can apply for a determination to have some or all of your contributions disregarded or allocated to another year.

For information about special circumstances and how to apply for a determination, visit our website www.ato.gov.au/discretions

### **Objection rights**

You can write to us and object to the assessment if you disagree with the determination.

For more information about objections, visit our website, www.ato.gov.au/objections

If you disagree with our decision on your objection you can apply for an independent, external review. When we give you our decision we will let you know if you can apply to the Administrative Appeals Tribunal for a review or appeal to the Federal Court.

1 JULY 2021 - 30 JUNE 2022

#### ESTIMATED INTEREST RECEIVED

There are no transactions on this account.

TOTAL \$0.00

(1) This is an estimate prepared by Commonwealth Securities Limited based upon units that you hold in accordance with our records and may not distinguish between cash dividends or dividends reinvested through any particular company's dividend reinvestment plan. Your actual entitlement will be determined by information recorded in the company's share registry at the relevant record dates. Amounts that may have been withheld for failing to provide your tax file number to your share registries are not disclosed on this report.

Dividends are estimated by CommSec based on the total registered Units held on the Record Date of the dividend. The following fields are estimated in accordance with the calculations outlined below:

- (a) Units = Total registered units of security held on the Record Date of the dividend (b) Est. Unfranked Amount = Units X Dividend per security X Unfranked %
- (c) Est. Franked Amount = Units X Dividend per security X Franked %
- (d) Est. Franking Credit = (Est. Franked Amount X company tax rate)/(100 company tax rate)
- (e) Est. Total Dividend = Units x Dividend per security

(2) In order to be eligible to claim the benefit of a franking credit, you must be a 'qualified person'. You will be a qualified person if you satisfy:

One of the specific concessions in the legislation (for example, you are an individual whose total franking credit entitlement for the income year does not exceed \$5,000); and/or

The 45-day rule requires that if you are an Australian tax resident shareholder, you must have held the security 'at risk' for at least 45 consecutive days, not including date of purchase and date of sale. Where the 45 day holding requirement has not been satisfied, the 45-day rule may apply to deny the franking credits attached to the dividend received in respect of the particular security. The 45-day rule is complex. You should obtain your own taxation advice to understand how these provisions apply to you.

Please refer to the statements provided by the Share Registry for tax return purposes. These may include details of any foreign tax credits you may be entitled to and breakdown of any trust distribution you may have received.

For details of the components of your ASX listed trust distributions you will need to refer to the Annual Tax Statement issued by the trust manager.

The total brokerage outlined does not include any rebates you may have received over the financial year. Refer to your transaction statement records for this information.

This report only includes an estimate of dividends paid for holdings held with Commonwealth Securities Limited as at the ex-dividend date. For instance, any dividends paid prior to holdings being transferred to Commonwealth Securities Limited are not included.

This statement is an estimated summary document only and it is not intended to replace any document which contains information that may be required for taxation purposes. You should therefore refer to your CHESS statements, dividend statements, confirmation contract notes and other investment or bank account statements for your records in this regard. This statement may not include information on accounts which have been closed, switched product type, transferred Holder Identification Number (HIN), or switched Participant Identification Number (PID) during the financial year

GLOSSARY

Units The number of registered securities that you own.

Unit Price The Portfolio Valuation 'Unit Price' is calculated using a 'Reference' Price provided by the ASX which takes into account an adjustment to determine value at Close of

Market if the Security does not trade in the Closing Single Price Auction on the Valuation Date.

Brokerage The fee or charge that is paid by you when transacting a buy or self.

Holder Identification Number (HIN) When you are CHESS sponsored with a Broker you will be issued a unique number, called a HIN. Multiple holdings can be registered under the single HIN. A HIN starts

with the letter X and usually followed by 10 numbers, e.g. X0001234567.

Dividend A dividend is a payment made to shareholders from the company. This payment is a portion of the company's profits. ASX listed companies typically pay dividends twice

a year, usually as an 'interim' dividend and a 'final dividend'. From time to time, a company may also pay a 'special' dividend.

Ex-dividend date

The ex-dividend date occurs two business days before the company's Record Date. To be entitled to a dividend a shareholder must have purchased the shares before the ex-dividend date. If you purchase shares on or after that date, the previous owner of the shares (and not you) is entitled to the dividend.

Interim dividend A dividend paid during the year, usually accompanying a company's interim financial statements.

Final dividend A dividend paid at the end of a company's financial year, representing a return based on the previous twelve months' financial performance and the future outlook.

Special dividend A dividend paid by the company outside typical recurring (interim and final) dividend cycle.

Record date

The record date is the date the share registries use in determining who is entitled to a dividend or entitlement associated with a security. Those who held the security in

the company and were on the register on the record date are eligible for the entitlement.

Payment date The date on which a declared dividend is scheduled to be paid.

Unfranked dividend Dividends which do not carry a franking credit.

Franked dividend Franked dividends are paid to security holders out of profits on which the company has already paid tax.

Franking /Imputation Credit A franking credit is your share of tax paid by a company on the profits from which your dividend is paid. They are also known as Imputation Credits.

Total subscription Total subscription can include, but is not limited to market data and research subscription fees and share trade alerts.

Other fees an include, but are not limited to: Off market transfer fees, conditional trading fees, rejection fees, early and late settlement fees, fail fees, SRN query,

rebooking fees, cheque payment fee or cheque dishonour fees and the printing and posting of contract notes.

Corporate action (CA) Any action initiated by the company or corporation, for the purpose of giving an entitlement to shareholders.

#### **Investment Objectives**

The Trustee(s) will at all times ensure the funds assets are invested in accordance with the trust deed and comply with the applicable legislative requirements.

The Trustee(s) will act prudently to maximise the rate of return, subject to acceptable risk parameters whilst maintaining an appropriate diversification across a broad range of assets whilst assessing the risks where it is determined the fund's portfolio lacks diversification and / or has elected to implement a sector bias.

Having considered the risk profile of the fund and the member's needs and circumstances, the trustee has adopted the following objectives for the investment of assets of the fund;

- to achieve an investment return (based on market values and net of tax and charges) that exceeds the CPI by at least 3% per annum when measured over a rolling 5 year period.
- to have a probability of zero or negative returns in any 12 Month period of less than one in five years; and
- have sufficient liquidity to meet liabilities as and when they fall due.
- to consider the need to hold a policy of insurance for one or more members of the fund.

#### **Investment Strategy**

The fund will invest in a portfolio of assets according to market conditions and within the ranges specified below:

#### **Asset Allocation**

The targeted asset allocation will be in the following ranges:

Asset Class	Target Range	<u>Benchmark</u>
Australian Shares	90 - 100 %	95 %
International Shares	0 - 0 %	0 %
Cash	0 - 10 %	5 %
Australian Fixed Interest	0 - 0 %	0 %
International Fixed Interest	0 - 0 %	0 %
Mortgages	0 - 0 %	0 %
Direct Property	0 - 0 %	0 %
Listed Property	0 - 0 %	0 %
Other	0 - 0 %	0 %

Quality companies and trusts as supported by research and fundamental analysis will be selected. Direct investments in property, artwork and lease equipment may form part of the strategy provided there is sufficient basis for the decision.

#### Insurance

The Trustees have considered and consulted Professional Advice where necessary to ensure that all fund members have the correct type and level of insurance. Insurance may be held within or outside the SMSF.

#### **Review and Monitoring**

The trustees will monitor and review the fund's investment activities on a regular basis and to communicate with the members should they feel that any change in strategy is necessary in order to achieve the fund's objective.
