# **The SMSF Strategies Rules**

## ***Part One – Rules to Establish the Fund***

### **Rule 1 – Things to know about these Rules and the Fund**

- 1.1 The **“SMSF Strategy Guides”** in the Explanatory Memorandum to the Rules of the Fund is designed for information purposes only and is not to be construed as forming part of the Rules of the Fund. If in any dispute, misunderstanding or action regarding the Rules, the Trustee, Court, the Regulator or any other person may have regard to the **“SMSF Strategy Guide”** or any part of the Explanatory Memorandum to determine the Rule’s ordinary meaning.
- 1.2 Where singular is used in the Rules it is to also mean plural and if a gender is used it is also to mean the opposite gender.
- 1.3 A reference to any entity, body, company or person also includes a reference to those persons or entities that have authority to act on behalf of the party including their successors, assigns, representatives, Responsible Officers, a person holding someone’s Power of Attorney, Enduring Power of Attorney and a Legal Personal Representative.
- 1.4 Where a word is Capitalised it may be found in the “Definitions” Rule in Part Six of the Simpler Super Rules.
- 1.5 The Rules of the Fund are to be governed by the law where the Trustee resides unless the Trustee resides outside Australia or chooses elsewhere. If the Trustee resides outside Australia or the Trustees reside in different Australian States then the governing law is that chosen by the Trustee and if not chosen by the Trustee it is the governing law of the State of Victoria.
- 1.6 Where the term “SMSF” is used it means a “Self-Managed Superannuation Fund” as defined in the Superannuation Laws.
- 1.7 Where there is conflict between the Rules and the Superannuation Laws, the Superannuation Laws are paramount unless a breach of the Superannuation Laws by the Trustee of the Fund or Member does not result in a fine, penalty or non-compliance certificate or adverse determination by the Regulator for the Trustee, Fund or Member.
- 1.8 The Rules may allow the Trustee to add to, vary, change or otherwise amend a Rule of the Fund. Any such addition, variation, change or amendment, provided it meets the relevant Rule variation requirements, is to be considered part of the original Rule. The Trustee may also create an additional Rule for the Fund where authorised under the Rules of the Fund including the creation of a Reserve or Member Pension. Any additional Rule may become a Special Rule of the Fund if declared by the Trustee as such and will not be varied by any variation of these Rules unless with the specific consent of the Trustee.
- 1.9 In accordance with Rule 1.7 and the requirement for the Trustees of the Fund to ensure that the Fund remains a complying SMSF, the Rules are written as being subject to the Superannuation Laws. Where the Trustee or any other person enters into a transaction, undertaking, agreement, understanding or any other arrangement that has the effect of the

Trustee breaching the Superannuation Laws or being deemed a non-complying SMSF by the Regulator as a consequence of the Trustee's or other persons action, the transaction, undertaking, agreement, understanding or any other arrangement is to be rendered void ab-initio.

- 1.10** The core and ancillary purposes of the Fund, the Fund's Sole Purpose test, are to provide retirement, incapacity, sickness, death and any other benefits allowed by the Superannuation Laws to members of the Fund or to Members, former Members or for any other charitable purpose on the wind up of the Fund.

## **Rule 2 – Trusteeship of the Fund**

- 2.1** At all times there must be a Trustee of the Fund commencing from the appointment of the Initial Trustee of the Fund. The Trustee may be one or more individuals and/or a company or companies acting as Trustee of the Fund. Where the Trustees are individuals, the primary purpose of the Fund is to pay Income Streams or Pensions to Members of the Fund unless otherwise authorised by the Superannuation Laws or the Regulator.
- 2.2** If the Trustee is a company, then any director of the Trustee Company must not be a Disqualified Person unless otherwise allowed by the Regulator or the Superannuation Laws. If the Trustee is an individual they must not be a Disqualified Person unless otherwise allowed by the Regulator or the Superannuation Laws.
- 2.3** The Trustee must ensure that, while these Rules are in force, the Fund is maintained as a Complying SMSF and a regulated superannuation fund including but not limited to meeting the membership and trustee standards as they apply at the time for a SMSF under the Superannuation Laws.
- 2.4** The Trustee or Members of the Fund may appoint a new Trustee provided the Fund remains a Complying SMSF and the new Trustee appointed may include a Replacement Trustee or an Additional Trustee. The Trustee, Replacement Trustee or Additional Trustee must consent to their appointment, not be a Disqualified Person unless otherwise allowed by the Regulator or the Superannuation Laws and agree to abide by the Rules of the Fund, the Superannuation Laws and with best endeavours ensure the Fund remains a complying SMSF.
- 2.5** Any Trustee is to be removed as Trustee under one or more of the following conditions:
- a) the Trustee of the Fund removes the Trustee;
  - b) the Members of the Fund in a Member's Meeting remove the Trustee of the Fund;
  - c) the Trustee resigns and a new Trustee has been appointed if required to ensure that the Fund remains a SMSF indefinitely;
  - d) where the Trustee is of the opinion that the continued appointment of the Trustee will result in the Fund becoming a non-complying SMSF or the Fund becoming unworkable
  - e) if the Trustee is prohibited from being a Trustee under the Superannuation Laws or where the Regulator otherwise determines including where the Trustee is a Disqualified Person;

where the Trustee, Replacement Trustee or Additional Trustee is a person, where the Member that the Trustee, Replacement Trustee or Additional Trustee acts for is no longer a Member of the Fund.

**2.6** The Trustee agrees to be bound by the Rules of the Fund, the Superannuation Laws and any direction the Regulator may provide if reasonable.

**2.7** The Trustee or Member may be required at relevant times under the Superannuation Laws to notify or make a declaration to the Regulator or some other person of events, things, happenings or changes to the Fund. The Trustee or Member will ensure that it seeks to meet any such notification or declaration requirement in the specified time required. The Trustee is not required to register any change in Trustee under any Superannuation or State Law.

**2.8** Where the Fund is determined by the Regulator to no longer be a SMSF or the Trustee decides not to retain the Fund's SMSF status, the Trustee is to immediately resign and an RSE Licensee is to be appointed or all Members Superannuation Interests are to be rolled over to another regulated Superannuation Fund.

**2.9** Subject to the Superannuation Laws and the Fund retaining its Complying SMSF status, when a Member dies, within a period of five months:

- 3.1 Any person or entity including a deceased Member's legal estate, with the consent of the Trustee may become a Member of the Fund provided the Superannuation Laws allow and the Fund retains its status as a Complying SMSF. - 3.2 The Trustee may:
- a) impose terms and conditions for Members joining the Fund including but not limited to future Members.
  - b) establish different classes of Membership if so desired. Prior to establishing a new class of Membership, existing Members must be notified of the new class of membership and the associated rights, entitlements and benefits attached thereto. - d) In the opinion of the Trustee the Member is a Disqualified Person and the Member's continuing membership may result in the Fund no longer being a Complying SMSF;
- e) The Trustee declares that a Member should cease being a Member where the Member's continued Membership may cause the Fund to lose its Complying SMSF status or for any other reason including the effective operation of the Fund or to ensure the Fund remains a SMSF
- f) The Member is a party to proceedings or any agreement pursuant to the Family Law Act 1975 or equivalent legislation for de facto relationships under Commonwealth, State, Territory or a foreign law and the Trustee is of the opinion that the Member should cease being a Member of the Fund;

If the departing Member does not respond to the Trustee's request within a reasonable time, or such other time as the Superannuation Laws require, the Trustee may transfer the transferring Member's Superannuation Benefits to an Eligible Rollover Fund.

- 5.5 A Member may request the Trustee to transfer a Member Income Stream Superannuation Interest Roll Back amount to a Member Lump Sum Superannuation Interest. Unless otherwise allowed under the Superannuation Laws and requested by the Member this will not create a new Superannuation Interest.
- 5.6 Where the Member requests the transfer of a Member Lump Sum Superannuation Interest to commence a new Member Income Stream Superannuation Interest, notwithstanding that the Member may have an existing Member Income Stream Superannuation Interest, this will create a new Superannuation Interest where the Trustee decides a new Superannuation Interest is to be created and that the Superannuation Laws allow.

- 5.7 Where the Trustee transfers an amount between Superannuation Interests the Trustee may satisfy the transfer amount by allocating Assets between the Member's Superannuation Interests equal in value to the transfer amount.
- 5.8 The Trustee may transfer a Member Superannuation Interest to another Complying SMSF or superannuation fund where the Trustee of the transferee fund accepts the terms and conditions of any transfer including to continue any Income Stream Superannuation Interest on behalf of the Member under the same terms and conditions as the Income Stream Superannuation Interest in the Transferor Fund.

# SMSF Strategies Trust Deed

## Explanatory Memorandum

The SMSF Strategies Trust Deed has been created to take advantage of the taxation and superannuation changes introduced by the government under the term 'Simpler Super' and 'Better Super' on 1 July 2008. This includes amongst other things:

- *No tax on income, or lump sums* taken from a complying superannuation fund post age 60.
- When a person who is 60 or older has all, or a significant majority, of their income producing investments in a superannuation fund, and their taxable income is less than \$6,000 per annum, *they do not need to lodge an income tax return.*
- A member of a fund who is age 55 and born before 1 July 1960 can access their super benefits as a low-taxed transition to retirement income stream, *even while working full or part time.* There is a 10% maximum limit on the amount of income the working member can take each year while working. Once they retire there is no limit on the amount of withdrawals.
- No tax penalties or limits on the amount of super benefits that can be withdrawn by members or their dependants and/or legal estate in the event of the member's death.
- Warehousing of super fund investments for the benefit of the next generation with the abolition of the requirement for superannuation benefits to be taken as a lump sum or pension at age 65.
- Relaxation of the assets test thresholds for social security purposes so that a home owning couple may be able to access a part pension while holding a significant parcel of assets.
- A number of superannuation fund members over age pension age will be able to access the health care card, telephone, and electricity allowances regardless of the amount of superannuation benefits they have in their fund.
- Insurance premiums in the fund for death, permanent and temporary disability of fund members are tax deductible.
- Death, terminal illness and permanent disability benefits paid out during the working life of a member are proportionally tax deductible to the fund.
- Taking an accounts based pension or allocated pension (commenced prior to 20 September 2007) from a fund that has upgraded to the Simpler Super Rules means lower income levels while allowing unlimited withdrawals for retirees, those over age 65 or who are permanently incapacitated in addition to the terminally ill.

It does not form part of the Rules of the Fund or the Fund's Trust Deed.

## Part One – Rules to Establish the Fund

### **Purpose**

The SMSF Strategies Trust Deed and Rules are designed for simplicity of understanding and use by Trustees, Members and advisers to the Trustee. They are unique and have been purpose-built for SMSF's and the introduction of the Simpler Super laws in Part III of the Income Tax Assessment Act 1997 which commenced on 1 July 2007. The Rules describe in a simple format the processes and requirements for both the Trustee and Members of the Fund to establish the Fund, accept Members and Contributions, how to run Trustee meetings, make investments, establish Member Superannuation Interests and pay out Superannuation Benefits. These Rules need to be read in conjunction with the Fund's Product Disclosure Statement. *However the Rules are not simply limited to new SMSF's but can also apply to existing regulated SMSF's seeking to upgrade their Fund Rules to the Simpler Super Rules.*

#### **❖ For New SMSF's**

Once the first Trustee is appointed and the SMSF Strategies Trust Deed executed, there are mandatory requirements that the Trustee must perform in order to make the Fund compliant and operative. These include but are not limited to becoming a regulated superannuation fund, establishing the Fund's complying status with the Regulator, accepting Members, accepting Authorised Contributions, paying Superannuation Benefits, accepting Rollovers of and/or Transfers of Superannuation Interests on behalf of Members, creating Member Superannuation Interests, establishing a Reserve Account, creating a formal written Investment Strategy and making Investments according to the Fund's Investment Strategy. Part One of the Deed qualifies the Rules regarding these essential steps to establishing a Complying SMSF. Additionally, Part One of the Deed is elaborated upon in this Explanatory Memorandum which includes definitive and separate SMSF Strategy Guides to make comprehension of the Rules simple. These Strategy Guides are not part of the Rules but are to simply provide guidance and understanding on the meaning of a Rule to the Trustee and Member of the Fund as well as the Fund's advisers or in the event of litigation or action by the Regulator.

#### **❖ For Existing SMSF's**

For Trustees of existing SMSF's that intend adopting the SMSF Strategies Trust Deed and Rules, the requirements to establish and maintain a Complying SMSF also apply to the on-going operation of the Fund. These include but are not limited to accepting Members, accepting Authorised Contributions, paying Superannuation Benefits, accepting Rollovers of and/or Transfers of Superannuation Interests on behalf of Members, creating Member Superannuation Interests, establishing a Reserve Account, creating a formal written Investment Strategy and making Investments according to the Fund's Investment Strategy.

### **SMSF Strategy Guide – Rule 1 – Introduction**

To make the Rules of the Fund simple to understand we have written the SMSF Strategies Trust Deed and Rules in uncomplicated terms. Additionally, we also provide "SMSF Strategy Guides" in this Explanatory Memorandum to assist Trustees, Members, superannuation professionals, lawyers and the Courts to interpret the Rules. The SMSF Strategy Guides do not form part of the Rules. They are ancillary to the Rules. They are designed to provide clarity of application of the Rules in all situations and transactions relating to the Fund.

When applying the Rules, singular means plural so the word Trustee can mean Trustees, he can mean she and when referring to a company, trust or other entity it includes all those persons responsible for the entity's actions. The Rules of the Fund are to be governed by the law where the Trustee lives unless there is more than one Trustee and they live in different States or the Trustee lives overseas. In these instances the Trustee is to choose the governing law of the Fund and if there is no choice made by the Trustee, the governing law of the Fund is Victoria.

The Rules of the Fund are for a superannuation fund that has chosen to be a "Self-Managed Superannuation Fund". That term has been abbreviated to "SMSF" for the purposes of these Rules.

If there is conflict between the Rules and the Superannuation Laws, the Superannuation Laws are to prevail unless the breach of the Superannuation Laws does not result in a fine, penalty or non-compliance notice for the Fund, Trustee or Member. However these Rules contain several provisions not provided for within the Superannuation Laws. If this be the case the Rules are to be read and applied exclusively.

There is also discretion in accordance with some of the Rules for the Trustee to add to, change, create, add or amend these Rules where appropriate. The addition, change or amendment to any Rule is to be seen as a Rule in itself and may become a Special Rule whereby it automatically applies to any future Rule changes unless the Trustee and the Member agree otherwise.

The Fund is guided by the Sole Purpose Test in section 62 of the SIS Act 1993 which ensures that benefits paid from the fund are only on the occasion of a Member dying, retiring, becoming incapacitated or for such other purpose as allowed under the Superannuation Laws.

### **SMSF Strategy Guide– Rule 2 - Trusteeship**

**Trusteeship:** The Rules of the Fund are designed specifically for a Complying SMSF. This means that firstly the Fund must have a Trustee continuously in place at all times. The Trustee may be a Corporate Trustee and/or Individual Trustees. The Trustee may even be a mix of both Corporate and Individual Trustees. Secondly, to be a Complying SMSF, all of the Members of the Fund must be Trustees of the Fund or directors of the Corporate Trustee. Where the Trustees are individuals, the sole or primary purpose of the Fund is to pay old age pensions. In contrast where the Trustee of the Fund is a Corporate Trustee then the Fund may pay income streams, pensions, lump sums and use the Fund for estate planning purposes.

**Disqualified Persons:** The Trustee of the Fund must not be a Disqualified Person unless the Regulator otherwise allows. There are serious penalties of up to two years imprisonment for persons acting as Trustees where they are Disqualified Persons under the Superannuation Laws. If the Trustee is an individual they must not be bankrupt or have been charged with an offence of dishonest conduct. If the Trustee is a Corporate Trustee then the Trustee must not be in liquidation or under administration and the Trustee must also ensure that there are no Responsible Officers of the company, including Member directors and company secretary, who are Disqualified Persons. A Disqualified Person may apply to the Regulator for an exemption under the Trustee Rules.

**SMSF Trustee Conditions:** The Rules of the Fund are for a Complying SMSF and a regulated superannuation fund. Under the Superannuation Laws all members must be a Trustee or director of a Corporate Trustee. However the Superannuation Laws provide that the Trustee of a SMSF is allowed to appoint a non-Member as Trustee of the Fund or director on the board of Trustees ("the Replacement Trustee"), in circumstances where:

1. If the Fund has one Member, the Fund may appoint an Additional Trustee (in addition to the mandatory Member as Trustee) being another person provided that the other Trustee is not an employee of the Member, unless the person is a Relative of the Member at the time of employment.
2. If the Fund has a Corporate Trustee, the Corporate Trustee may appoint as a director (in addition to the mandatory Member as director) another person provided that the other director is not an employee of the Member, unless the person is a Relative of the Member at the time of employment.
3. If a Member has died, the Legal Personal Representative of the Member is authorised to become a Replacement Trustee of the Fund or director of the Corporate Trustee subject to the Memorandum and Articles of Association of the Trustee company for the period beginning on the day the Member died until the day a Death Benefit becomes payable from the Fund.
4. If a Member of the Fund is under a legal disability, the Legal Personal Representative of the Member may become the Trustee of the Fund or take the Member's place as director of the body Corporate. If the Member is a child under the age of 18, the parent or guardian of the Member may also take the child's place as Trustee or director of the Corporate Trustee where there is no Legal Personal Representative.
5. The Legal Personal Representative of the Member has an Enduring Power of Attorney in force in respect of that Member except where the Member is a Disqualified Person. This includes where a non-resident of Australia is a Member of the Fund.
6. The Regulator has appointed a Replacement Trustee under the Superannuation Laws.

A Trustee or director of a Corporate Trustee must resign or be removed as Trustee if they become a Disqualified Person or relinquish Membership of the Fund. Subject to the Superannuation Laws and the Fund retaining its Complying SMSF status where a Member or Trustee becomes legally incompetent a Replacement Trustee may be appointed.

When a Member dies their Legal Personal Representative replaces the deceased Member as a Member of the Fund. They will have exclusive voting rights as to the payment of the deceased Member's Death Benefits. Immediately the deceased Member's Death Benefits commence to be payable they must resign instantly.

As a SMSF, the Trustee is required to notify the ATO of any changes in membership, Trusteeship, name change and other such things within a period of 21 days from the change. The ATO may also require a Trustee or Member to make a declaration to the Commissioner regarding their knowledge of the Superannuation Laws, their agreement to keep up to date with the Superannuation Laws and maintaining a current set of Rules of the Fund. The Trustee or Member is required to complete any such declaration.

### **SMSF Strategy Guide– Rule 3 - Membership**

Once formally appointed, the Trustee, in its capacity of Trustee of a complying SMSF, may admit Members to the Fund. As the Fund is to be maintained as a complying SMSF, the Trustee of the Fund must limit the number of Members in the Fund to no more than four Members unless the Superannuation Laws allow or there is a change in the definition of SMSF. Importantly the Simpler Super Rules have been drafted to allow an increase to the number of Members in the

Fund should any change in the Superannuation Laws concerning Membership and SMSF's occurs.

When completing an application form for membership of the Fund the potential Member agrees:

1. To be bound by all of the Rules of the Fund.
2. To be a Trustee of the Fund or director of the Corporate Trustee unless there is a Replacement Trustee for the Member who has been validly appointed under the Superannuation Laws.
3. To provide information to the Trustee where required including medical information, Tax File Number and consent for the Trustee to hold that information despite anything to the contrary in the privacy legislation.
4. To have read and understood the Fund's Product Disclosure Statement.

In this Fund, except for any conditions imposed by the Trustee of the Fund, there are no general limitations on who can be a Member of the Fund. This means that a person may become a Member of the Fund at any age or where they do not have a Member Superannuation Interest balance.

Where the Member elects, the Member's Legal Personal Representative is taken to be the Member of the Fund including where the Member may have died. This allows the Executor of a deceased Member's estate to continue receiving a Superannuation Income Stream from the Fund or receiving Earnings on the Member's Superannuation Interests.

There will be occasions during the longevity of the Fund that for some reason a Member may leave the Fund. For example a departing Member may leave the Fund by transferring or rolling over their Superannuation Benefits to another Superannuation Fund. This would then require the Trustee to close the Member's Superannuation Interests. Additionally a Family Law action involving a Fund member may result in the Trustee being subject to discovery proceedings. In this instance the Trustee may decide to cease a Member's membership of the Fund to protect the privacy of the Fund and consequently the interests of the remaining Members.

If a Member decides to withdraw their Superannuation Benefits from the Fund pursuant to the Superannuation Laws, the Trustee is to arrange for the payment of the Member's entitlements as soon as possible. The payment of these entitlements may be in cash or in-specie by way of Assets of the Fund. It is compulsory that the Member's Superannuation Benefits must be transferred to the Member within any period required under the Superannuation Laws. If, subsequent to departing the Fund, the Member fails to advise the Trustee as to where their benefits are to be paid or transferred, the Member's Superannuation Benefits are to be transferred to an Eligible Rollover Fund nominated by the Trustee.

For the purposes of a determination of Australian Superannuation Fund status, a Member or the Trustee may declare the Member to be a non-Active Member of the Fund.

#### **SMSF Strategy Guide– Rule 4 – *Becoming an Operating Regulated SMSF***

Where the Fund is a new Fund the Trustee must first establish the operations of the Fund. In addition to the Trustee's normal responsibilities in the management of the Fund, the Trustee is required to undertake the following to establish the Fund as operational:

1. Apply for an Australian Business Number and a Tax File Number for the Fund.
2. Establish one or more cash or cheque accounts for the Fund as a clearing account for Authorised Contributions and monies received and Superannuation Benefits and monies paid. Monies need to be deposited into this account as soon as practicable to cater for the running expenses of the Fund. Until monies are in a cash or cheque account the Fund is non-operational.
3. Appoint an Auditor to the Fund. The Superannuation Laws provide that an Auditor must be appointed to the Fund on a yearly basis to provide an assessment of the Fund's compliance with the Superannuation Laws.
4. Appoint SMSF Professionals where required such as a specialist SMSF adviser, SMSF Auditor, SMSF administrator, SMSF insurance adviser and in certain cases a SMSF investment manager, valuer or actuary.
5. Any other act required by the Trustee of the Fund necessary to enable the Fund to become operational and thus be ratified by the Regulator to be a Fund that is a Complying SMSF.

### **SMSF Strategy Guide– Rule 5 – Creating and Transferring Member Superannuation Interests**

Superannuation Interests are a new concept in the Superannuation Laws and were introduced with the Simpler Super laws. As a result, the Trustee, on behalf of any Member, may be called upon to establish one or more Member Superannuation Interests. These may include a Member Lump Sum Superannuation Interest and/or a Member Income Stream Superannuation Interest. A Superannuation Interest does not have to have any funds or Assets set aside for it to be a valid Superannuation Interest. A Member may also have more than one Superannuation Interest including two or more Member Income Stream Superannuation Interests provided the Superannuation Laws allow and it does not result in the Fund being treated as a non-Complying SMSF.

Where a Member Rolls Back part or all of their Member Income Stream Superannuation Interest to a Member Lump Sum Superannuation Interest this will add to the Member's Lump Sum Superannuation Interest and not create a new Superannuation Interest unless authorised by the Superannuation Laws and requested by the Member. Where a Member commences a Superannuation Income Stream with a Member Lump Sum Superannuation Interest amount, this may create a new Member Income Stream Superannuation Interest. If there is an existing Member Income Stream Superannuation Interest, the Member has the choice to add to the current Member Income Stream Superannuation Interest which results in a new Superannuation Income Stream or commence a separate Member Income Stream Superannuation Interest.

At any time the Trustee may create one or more Superannuation Interests on behalf of the Fund including a Reserve.

Members should seek advice from a SMSF Professional before adding to an existing Member Superannuation Income Stream Superannuation Interest as this may have unintended taxation and social security results.

The Trustee can also transfer an Asset between Superannuation Interests in the Fund including different Member Superannuation Interests. Any such transfer should be done at a valuation determined by the Trustee or under the Superannuation Laws if required.

### **SMSF Strategy Guide – Rule 6 - Accepting Member Contributions, Rollovers and Transfers**

Upon establishment of the Fund or at any other time while the Fund remains a Complying SMSF, the Trustee of the Fund may accept cash or Assets deposited into the Fund on behalf of specific Members of the Fund. The cash or Assets may come from one or more of the following sources:

1. An Authorised Contribution made to the Fund on behalf of a Member.
2. A Rollover Superannuation Benefit on behalf of a Member and/or
3. The transfer of a Transfer Superannuation Interest being a Member Lump Sum Superannuation Interest, a Member Income Stream Superannuation Interest and/or a Reserve Account Superannuation Interest from the Fund, another Superannuation Fund or Foreign Superannuation Fund to the Fund on behalf of the Member or for the benefit of another Member or Members.

In each of the above cases, the Trustee must ensure that the Contribution, Rollover Superannuation Benefit or the Transfer Superannuation Interest is in accordance with the Superannuation Laws and where Assets are contributed such Contributions, Rollovers or Transfers are in accordance with the Superannuation Laws in relation to the acquisition of Assets by the Trustee of a Complying SMSF.

An Authorised Contribution is a Contribution made to a Fund on behalf of a Member, including the Member themselves, who:

- is under age 65.
- is a spouse of a person and is under age 65.
- is aged 65 – 69 and is engaged in part-time gainful employment (forty hours of work, business or self-employment over a thirty-day period during an income year).
- is aged 70 – 75 and is engaged in part-time gainful employment and the Contribution is made by an employer or by the Member.
- has a Contribution made by a person after the requisite times and the Superannuation Laws allow.

A Contribution is the transfer of cash or Assets for the benefit of a Member and includes an Employer Rollover Superannuation Benefit but no other Rollover Superannuation Benefit. It does not include an allocation to a Member Superannuation Interest from a Reserve Account nor a distribution or gift to the Trustee of the Fund. The Superannuation Laws and/or the Regulator may require the Trustee of the Fund to ascribe a value to any in-specie Contribution made on behalf of a Member or for the benefit of Members of the Fund. The Trustee is to determine a value for any in-specie Contribution taking into account any regulatory requirements.

The Rules of the Fund allow a Member to transfer their interest in a Foreign Superannuation Fund to the Fund. There may need to be specific amendments to the Rules, dependent upon the laws of the Foreign Superannuation Fund, for overseas transfers of Foreign Superannuation entitlements to occur.

Providing the Fund maintains its Complying SMSF status, when cash or Assets are transferred into the Fund the Trustee has a total unfettered discretion to determine which account the cash or Assets are to be credited to, provided the Member's Superannuation Interest is properly credited for the Contribution. In allocating the cash or Assets to a specific Member's Superannuation Interest, a Reserve Account or the Fund account the Trustee must ensure that the allocation to these accounts does not breach the Investment Strategy for that Superannuation Interest, Reserve Account or the Fund.

The Superannuation Laws provide a limit on Trustees of Complying SMSF's accepting Non-Concessional Contributions on behalf of a Member and where a Tax File Number has not been supplied. The Trustee is not allowed to accept a Contribution where no Tax File Number is supplied. Where the Trustee accepts a Contribution not allowed under the Superannuation Laws, the Trustee is deemed to hold that unacceptable Contribution on trust for the benefit of the contributor. The unacceptable Contribution is to be paid back to the contributor as soon as is reasonable.

The Trustee should seek professional SMSF advice in terms of the Contributions limit to ensure that the Fund retains its complying SMSF status.

### **SMSF Strategy Guide – Rule 7 - Creating an Investment Strategy for the Fund and Members**

The Superannuation Laws provide that the Trustee of the Fund must formulate and give effect to an investment objective for the Fund and an Investment Strategy to meet that investment objective. The investment objective and Investment Strategy should be in writing and held for inspection at the offices of the Trustee.

Where the Trustee of the Fund runs one Investment Strategy for the whole of the Fund this is called a pooled Investment Strategy and is the default Investment Strategy for the Fund. Alternatively the Trustee of the Fund is authorised under these Rules to provide an Investment Strategy for each Member Superannuation Interest or in respect of a group of Member Superannuation Interests such as Member Lump Sum Superannuation Interests. In addition the Trustee of the Fund may implement an Investment Strategy for all Member Lump Sum Superannuation Interests and separate Investment Strategies for each Member Income Stream Superannuation Interest in the Fund. Where a separate Investment Strategy is used, specific Assets of the Fund must be set aside or segregated to meet the needs of the separate Investment Strategy.

It is compulsory, in accordance with the Superannuation Laws, to implement an Investment Strategy for all Reserve Accounts created by the Trustee of the Fund. The Investment Strategy for any Reserve Account must be prudently managed and the Trustee may apply one Investment Strategy for all of the Fund's Reserve Accounts or separate Investment Strategies for each Reserve Account.

When formulating an Investment Strategy for the Fund, the Trustee must have regard to the whole of the circumstances surrounding the Fund including, but not limited to:

1. The risk involved in making, retaining and realising Fund investments. Such decisions are determined by the likely return from the Fund's or Member's investments having regard to the investment objectives of the Fund and the expected cash flow requirements of the Trustee;

2. The composition of the Fund's investments as a whole including the extent to which the investments are diverse or involve the Fund being exposed to risks from inadequate diversification;
3. The liquidity of the Fund's investments having regard to its expected cash flow requirements;
4. The ability of the Fund to discharge its existing and future liabilities; and
5. Any requirements under the Superannuation Laws or by the Regulator

In addition the Trustee may be required under the Superannuation Laws to complete a Risk Management Statement or such other Statement where the Trustee invests in derivatives, options, instalment warrants or other products with underlying borrowings.

The Trustee may seek professional advice in relation to the establishment of any Fund Investment Strategy or Risk Management Strategy. In seeking Investment or Risk Management Strategy advice the Trustee should ensure that the adviser is qualified to provide Investment Strategy advice for a Complying SMSF and is currently licensed and skilled to do so.

### **SMSF Strategy Guide – Rule 8 - Making Investments for the Fund and Members Benefit**

The Trustee must invest the Assets of the Fund on behalf of Members of the Fund according to the Sole Purpose Test, the acquisition of Assets from Related Parties rule and with regard to the In-House Assets test.

#### **Sole Purpose Test**

The Sole Purpose Test provides that the Trustee must maintain the Fund for the sole purpose of providing the following Superannuation Benefits:

- Retirement or age 65 Superannuation Benefits for a Member;
- Permanent and Temporary Incapacity Superannuation Benefits for a Member or their Dependants;
- Death Benefits on behalf of a Member's Dependants and Legal Estate;
- A Transition to Retirement Superannuation Income Stream;
- Terminal Illness Benefits; and
- any other Benefit allowed by the Regulator or under the Superannuation Laws.

Although the Trustee has wide discretion in making any investment of the Fund, including investments both domestically and internationally, the Trustee must first have regard to the Fund's Investment Strategy and the Superannuation Laws. The Trustee must also ensure that any investment of the Fund does not provide a benefit of any description to a Member until that member satisfies a Condition of Release of their Superannuation Interest. This may breach the Sole Purpose Test. Such restrictions may limit a Trustee investing in a Business if a Member or Related Party derives a benefit which does not meet the Sole Purpose Test.

## **Acquisition of Assets from Related Parties rule**

The Superannuation Laws prevent the Trustee from acquiring an Asset from a Member, Related Trust or a Related Party of a Member or an Employer Sponsor. There are some exceptions to the Member acquisition laws including, amongst others:

- the acquisition of Business Real Property;
- the acquisition of listed shares, securities and widely-held managed funds;
- the acquisition of certain in-house assets provided the investment does not take the Fund's level of in-house assets to beyond the 5% in-house assets threshold;
- the acquisition of units in a unit trust and shares in a company where the underlying entity meets certain criteria in the Superannuation Laws allowing such investments including no borrowings, no investments in other entities and no lending of assets to related parties;
- the investment meets the criteria for a geared investment under section 67 of the Superannuation Industry Supervision Act 1993.

## **In-House Assets Test**

The Superannuation Laws also limit the amount that a Trustee of a Fund can invest in loans, investments and leases with Members, Employer Sponsors, Related Trusts and Related Parties. The current limit is 5% of the market value of the Assets of the Fund.

In addition, under the Superannuation Laws, all dealings with a Member, Employer Sponsor, Related Party or Related Trust must be at arm's length.

## **SMSF Strategy Guide – Rule 9 - Establishing a Reserve Account for the Fund**

The Superannuation Laws authorise the Trustee to establish one or more Reserve Accounts for the Fund which may include amongst others an Investment Reserve, Anti-detriment Reserve, a Contributions Reserve, a Pensions Reserve, an Income Stream Reserve and a Self Insurance Reserve if the Rules of the Fund allow. A Reserve Account is where the Trustee has set aside surplus Assets or Earnings of the Fund into an account which is not part of a Member's benefits. Providing the Superannuation Laws allow, the Rules of this Fund empower the Trustee at any time to establish one or more Reserve Accounts. These Accounts do not and never shall form part of the Fund's Member Superannuation Interests.

Examples of some Reserve Accounts that may be created under the Simpler Super Rules include:

- a Superannuation Income Stream or Pension Reserve Account – to fund current Superannuation Income Stream liabilities including a guarantee to pay an agreed rate of return on a Simpler Super Income Stream.
- a "Anti-Detriment" Reserve Account - where a bonus or additional payment is made directly under the Simpler Super Rules to a Dependant of a deceased Member or the deceased Member's Legal Estate.
- An Investment Reserve Account where the Trustee can allocate Earnings of the Fund. From this reserve the Trustee can populate other Reserve Accounts, make transfers to other Superannuation Funds or make Member Superannuation Benefit payments.

- a Self Insurance Reserve Account where the Trustee can fund Temporary Incapacity Payments, Terminal Illness Benefits, Permanent Incapacity payments to Members as well as Death Benefit payments to Dependants and/or the Legal Estate of deceased Members.
- an expense Reserve Account where the Trustee can pay General and Specific expenses of the fund.
- an in-house assets Reserve Account where the Trustee can use the funds to lend to Members or related parties, acquire artwork and any other activity that would be classified as an in-house asset.
- a Contributions Reserve Account for short-term warehousing of Contributions for a term no greater than 28 days.

At the time of establishment of any Reserve Account, the Trustee may determine additional Rules for that Reserve Account including, but not limited to the following:

1. The source of surplus cash and Assets to be transferred to a particular Reserve Account including the transfer of cash or Assets from a Member Superannuation Interest to a Reserve Account or the receipt by the Trustee of an Authorised Contribution, Asset or investment which in the opinion of the Trustee is not an entitlement of a Member provided that any transfer or receipt is in accordance with the Superannuation Laws. This may include a distribution from a family trust or a gift to the Fund.
2. The Investment Strategy for the Reserve Account as required by the Superannuation Laws.
3. How, when and for what purpose amounts held in a particular Reserve Account are to be applied by the Trustee including the payment of any Superannuation Benefits in the event of the Member's Retirement, Temporary or Permanent Incapacity, Terminal Illness or as a Death Benefit.
4. Whether the Reserve is to be used to pay out expenses of the Fund including, but not limited to, administration, General expenses, insurance expenses, any Specific Expenses and the payment of Superannuation Income Streams and/or Lump Sums to Members or other entitled persons such as Dependants.

An allocation from a Reserve Account to a Member Superannuation Interest may result in the allocation being treated as a Concessional or Non-concessional Contribution. The Trustee should seek advice from a SMSF Professional prior to establishing and allocating from Reserve Accounts.

## ***Part Two – Some Important Planning Considerations***

### **Purpose**

Long-term planning is a key feature of a well-functioning Complying SMSF. The three important areas of planning often neglected by Trustees but crucial to both Members and the Trustee of the Fund are Disability, Death Benefits and Insurance Planning.

Generally, SMSF's are Superannuation Funds run for the benefit of family Members. Although a SMSF is a Trust it has no perpetuity period like traditional Trusts. Therefore it is essential in the initial stage of a Member's tenure in the Fund to consider:

- What would the Member require in the event of their Temporary and Permanent Incapacity in the Fund?
- What would the Member desire in the event of their death?
- What insurances can the Trustee implement not only to include but also to enhance the Member's Incapacity and Death Benefit plans and additionally provide for some unpredicted contingency?

*The SMSF Strategies Trust Deed and Rules introduce several new SMSF planning features including the ability of the Trustee of the Fund to offer Members the ability to create a SMSF Living Will to deal with their Superannuation Interests in the event of their incapacity and a SMSF Will to make provision for their dependants and others in the event of the Member's death.*

### **SMSF Strategy Guide – Rule 10 - Creating a Member SMSF Living Will**

At some time, whilst a member of the Fund, a Member may become incapacitated. The incapacity may be minor and only amount to a Temporary Incapacity which means the Member is no longer able to carry on their normal occupation or self-employment due to physical or mental ill-health. The Temporary Incapacity may last for only days or until such time as the Member returns to their previous occupation or self-employment, turns age 65, decides to retire, dies or the Temporary Incapacity becomes a Permanent Incapacity.

A Permanent Incapacity is where the Member is unable to undertake their usual occupation or self-employment for which they are qualified. For a Member to qualify as Permanently Incapacitated for taxation purposes it requires two medical practitioners to formally classify the Member to be Permanently Incapacitated. A Child Member of the Fund may be Permanent Incapacitated.

A Member may also suffer a Terminal Illness where two registered medical practitioners, including a specialist practising in the area of the Member's illness or injury, have certified, jointly or separately, that the person suffers from an illness or has incurred an injury that is likely to result in the death of the person within a period (the *certification period*) that ends not more than 12 months after the date of the certification.

A Member may create a Member SMSF Living Will. In the event of the Member's Temporary, Permanent Incapacity or Terminal Illness the SMSF Living Will may request the Trustee to:

- Pay a specific Income Stream Superannuation Benefit or Lump Sum Superannuation Benefit to the Member, their Dependants or Legal Personal Representative.
- Specify the terms and conditions of any Income Stream Superannuation Benefit.
- Elect the Member's Replacement Trustee if an Enduring Power of Attorney or Legal Personal Representative has been appointed.

The Trustee may accept part or all of a Members SMSF Living Will. The Trustee is not obligated to do so. In making its determination the Trustee must ensure that:

- The various components of the Member SMSF Living Will meet with the Superannuation Laws.
- The Rules of the Fund allow any, some or all of the components of the Member SMSF Living Will.
- The Fund has the resources to fund the Member SMSF Living Will.

At the Trustee's discretion (or if requested by a Member) the Trustee may make the Member's SMSF Living Will a Rule of the Fund. Any Rule established by the Trustee would include the terms and conditions of the Member SMSF Living Will. The Trustee may determine in what circumstances the Member SMSF Living Will Rule may be varied so as to preclude a future Trustee altering the Rule to the detriment of the Incapacitated Member in terms of their Superannuation Benefits.

It is advisable in all circumstances dealing with a Member SMSF Living Will that the Member and the Trustee seek expert advice from a SMSF Specialist adviser, actuary or auditor prior to finalising any Member SMSF Living Will.

### **SMSF Strategy Guide – Rule 11 - Creating a Member SMSF Estate Plan and SMSF Will**

The opportunity of legal challenge is dramatically reduced when Death Benefits are not paid or payable to the Legal Estate of a deceased Member by the Trustee of a Complying SMSF but directly to a beneficiary as specified by the deceased Member. The payment of superannuation Death Benefits are not subject to the provisions of the Member's Will. Accordingly, a SMSF Will can be of major strategic value to the Members of a Complying SMSF. The taxation benefits of Death Benefits paid to Dependants and the deceased Member's Legal Estate are outlined in the Product Disclosure Statement to the Simpler Super Rules. This compares with the death of a Member where no nominations or SMSF Will have been made in respect of the Member's SMSF Estate. In these circumstances, under the SMSF Strategies Trust Deed the Executors of the Member's Legal Estate will control how the Member's Superannuation Interests are to be distributed.

A Member SMSF Will is an important legal document on how a Member seeks to distribute their SMSF Estate as Death Benefits to their Dependants or Legal Estate in the event of their death. Under the Superannuation Laws there are several possibilities:

- The provision of a Superannuation Lump Sum – by way of cash or Assets to Dependants and/or the deceased Member's Legal Estate.
- The payment of a Superannuation Income Stream to Dependants (as defined for taxation purposes) of a deceased Member.
- The payment of a Reversionary Superannuation Income Stream to a Dependant. This is the continuation of an existing Superannuation Income Stream that was payable to a deceased Member of the Fund.

There are two possible Member Death Benefit distribution methods available when making a Member SMSF Will under these Simpler Super Rules. These can be used in isolation or incorporated together to equate to a strong, secure disposition of a Member's SMSF Estate via a SMSF Will.

**Method 1- Non-Binding Death Benefit Nomination** - The Member provides the Trustee with a nomination as to how some or all of their Death Benefits may be distributed. Ultimately, the Trustee retains control of the distribution of the Death Benefits. This method may apply where a Member's Death Benefits are to be distributed to a single beneficiary (for example a spouse) who is to remain as the major Trustee of the Fund.

**Method 2 – Non-Lapsing Binding Death Benefit Nomination**

A Non-lapsing Binding Death Benefit Nomination allows the Member to direct the Trustee as to how their Death Benefits are to be distributed and in what form. Additionally, it can direct the Trustee as to who the deceased Member's Replacement Trustee is to be.

In accordance with the Trustee's discretion, the Trustee can accept all or part of the Member's Non-lapsing Binding Death Benefit Nomination and/or SMSF Will. This is subject to the availability of the Member's Superannuation Interests, the Superannuation Laws and the Rules of the Fund. Additionally, the Trustee may qualify what terms and conditions of the Member's SMSF Will are to be incorporated into the Rules of the Fund. How SMSF Wills and Non-lapsing Binding Death Benefit Nominations are to be varied may also be noted as part of the terms and conditions of the SMSF Will or Nomination.

The SMSF Will and Non-lapsing Binding Death Benefit Nomination may become, subject to the Trustee's consent a Special Rule of the Fund.

It is highly advisable that both a Member creating and the Trustee accepting a Member SMSF Will or Non-lapsing Binding Death Benefit Nomination seek expert advice from a SMSF Professional, actuary or auditor prior to finalising any Member SMSF Will.

**SMSF Strategy Guide - Rule 12 - Creating an Insurance Strategy and Insurances in the Fund**

Insurance plays an important part in the creation and maintenance of a SMSF Estate in the event of a Member's death and/or SMSF Living Will. As such the Trustee may seek to establish an Insurance Strategy for the Fund for the benefit of the Trustee and the Fund's Members. The Insurance Strategy may provide for, but is not limited to, Superannuation Lump Sum or Superannuation Income Stream cover provided by an insurance company, friendly society or any other entity for the Trustee in the event of a Member's death or incapacity. This may be the case even where the Trustee is not required to pay a Death or Incapacity Superannuation Benefit to a Member.

In effecting any Insurance Strategy, the Trustee should take into account the financial requirements of the Fund in the event that a Member dies or becomes incapacitated and the Trustee is required to independently Fund a Death or Incapacity Superannuation Benefit. The Trustee may enter into a Contract for Life Insurance which includes, but is not limited to, policies for whole of life, endowment, salary replacement, trauma, risk, accident, total and permanent disability or any other insurance policy issued by a life insurance company, friendly society or other insurance entity either domestically or internationally.

No Member, their Dependants, Legal Personal Representative or Legal Estate has any entitlement or right to any proceeds from any policy of life insurance entered into by the Trustee whether in the name of the Member, the Fund or not.

The Insurance Strategy may also require the Trustee to Self Insure the Fund against any Member risk event that will necessitate a death or disability payment to a Member, their dependants or Legal Personal Representative. In the event that the Trustee seeks to Self Insure the Trustee should:

1. Engage the services of a SMSF actuary with skills in the provision of Self Insurance in a SMSF.
2. Determine the scope of the Fund's Self Insurance requirements. These include the risk events to which the self insurance will apply, which Members are to receive any Superannuation Benefits from the Self Insurance Reserve Account, the amount of the Superannuation Benefits to be paid and how they are to be paid to a Member, their Dependant or Legal Personal Representative.
3. Establish a Self Insurance Reserve Account to meet the contingencies of a Member payment event.
4. Provide a separate Investment Strategy for the Self Insurance Reserve.

It is advisable that both a Member creating and the Trustee accepting an Insurance Strategy seek expert advice from a SMSF Professional, actuary or auditor prior to finalising any Fund Insurance Strategy.

### ***Part Three - Rules to Maintain and Operate the Fund***

#### **Purpose**

The routine operation of the Fund is to be undertaken by the Trustee. The compulsory requirements for the operation of the Fund include, but are not limited to, the preparation of Accounts, undertaking and realising investments, assessing Investment Strategies, making Superannuation Benefit payments, assessing the Fund's insurance needs, attending to any Member queries and all administrative requirements of the Fund. Many of these duties may be delegated to a third party provided the Trustee is of the opinion that the third party is qualified to accept any delegation of the Trustee's powers and is skilled to do so.

Delegation of any duties to be performed by the Trustee of the Fund does not relinquish the Trustee from the Trustee's various responsibilities under the Superannuation Laws and State Trustee laws. The Trustee, when applying its powers of delegation, must also ensure that they provide limitations as to who is to use these powers and the manner and time limits for when delegated duties are reported to the Trustee. Any such delegation of powers should be included in an executed service contract with the party delegated Trustee duties and retained at the Offices of the Trustee.

#### **SMSF Strategy Guide – Rule 13 - Fund Assets, Contracts and Transactions to be in Trustee's Name**

In addition to the Superannuation Laws the Rules of the Fund require all Assets, contracts, transactions or agreements of whatever nature entered into by the Trustee to be in the Trustee's name. Where there has been a change in Trustee it is incumbent upon the Trustee to ensure that all Assets of the Fund are correctly recorded in the new Trustee's name.

Only under limited circumstances may the Trustee enter into any contract, transaction or agreement with a Member, employer Sponsor of the Fund or a Related Party of a Member or Employer. The Superannuation Laws provide some exceptions to the prohibition on dealing with Members and these are qualified in Rule 8 on Investments as well as in the Product Disclosure Statement for these Rules.

Where the Trustee enters into a transaction, arrangement, declaration or agreement, whether in writing or orally and the transaction, arrangement, declaration or agreement would result, in the opinion of the Fund's auditor more than likely to result in the Fund being treated as a Non-Complying SMSF, the Trustee and other party to the transaction, arrangement, declaration or agreement as void ab-initio. The Trustee is to ensure that both parties are to be put in, as best as possible, the same financial condition as arose prior to the entering into of the relevant transaction, arrangement, declaration or agreement.

### **SMSF Strategy Guide – Rule 14 - Trustee Responsibilities**

In addition to being a Superannuation Fund the Fund is primarily a trust. It is the Trustee's duty and responsibility to act as a Trustee on behalf of the Members of the Fund who are beneficiaries of the trust. It is also the Trustee's duty to ensure that the Fund remains at all times both a SMSF and a Complying SMSF.

For the Trustee to discharge its duties it should appoint SMSF Professionals, maintain current knowledge of Trustee requirements in the Superannuation Laws and have detailed knowledge of the Rules of the Fund. Additionally, the Trustee must ensure that the Fund's compliance requirements and responsibilities are met in accordance with both the Superannuation Laws and the Regulator. At times the Superannuation Laws or the Regulator may require the Trustee to undertake training or education on the Trustee's compliance responsibilities. It is the Trustee's task to fulfil any such requirements.

The Trustee is required to notify the Regulator of any significant events including, but not limited to, where there is a change in Membership of the Fund, a change to the Fund's Trustee, a change to the name of the Fund and a change of the Trustee's address. It is compulsory to notify the Regulator of these events within 21 days of the changes.

The Fund is a Complying SMSF and is therefore prevented by the provisions of the Superannuation Laws to pay or remunerate the Trustee in any manner whatsoever for undertaking the role of Trustee of the Fund. However, in the event that the Trustee provides professional services as part of their day-to-day business activities and the Fund engages that Trustee to provide similar professional services to the Fund, the Trustee may charge a fee commensurate with ordinary professional practice for the work performed.

Where required by the Superannuation Laws it is the responsibility of the Trustee to put in place an appropriate complaints procedure.

### **SMSF Strategy Guide – Rule 15 - Trustee Powers**

For the Fund to be and remain as a Complying SMSF whilst simultaneously maximising the returns on the Assets of the Fund for the benefit of Members, the Trustee must have broad powers. These powers including, but not limited to, dealing both domestically and internationally with Assets, entering into various contracts and undertakings, dealing with various persons directly, investing widely and otherwise acting in the Members' best interests. Any such power exercised is subject to the Superannuation Laws and the Fund retaining its Complying SMSF status.

The Trustee is not authorised to conduct any transaction, investment, business or action that would make the Fund a non-Complying SMSF. If the Trustee does conduct any transaction, investment, business or action that makes the Fund a non-Complying SMSF, then the offending transaction, contract or action is void.

The Trustee may enter into a SMSF Borrowing arrangement under sections 67, 67A and 67B of the SIS Act 1993 which may require it to establish a Bare Trust, Holding Trust or Custodian arrangement. The Trustee is authorised to do all things required by the Superannuation Laws, Regulator or any lender to enter into a SMSF Borrowing arrangement.

Any individual Trustee or director of the Corporate Trustee is to be indemnified in any action taken against the Trustee where they were acting in their role as Trustee of the Fund provided the Superannuation Laws allow and the Fund retains its Complying SMSF status. The Trustee may also provide indemnities to other parties to a transaction.

The Trustee may create, at any time, subject to the Superannuation Laws and the Fund retaining its Complying SMSF status, a Cloned SMSF that has the same Rules, Members and Trustees as the Fund.

### **SMSF Strategy Guide – Rule 16 – Trustee Meetings and Decision Making**

The Trustee is required to hold a Trustee Meeting in order to make decisions about significant events to transpire in relation to the Fund. Significant events are those events that impact upon the status of the Fund and its Members.

The Superannuation Laws provide that matters determined at every valid Trustee meeting must be recorded in the minutes of the Trustee. These minutes and all records of the Fund must be held for a period of no less than 10 years.

At a Trustee meeting, each Trustee is given one vote per dollar balance in the Superannuation Interests of the voting Members that the Trustee represents. However, the Trustees may determine at a valid Trustee Meeting an alternative voting method of the Trustee for the purpose of that specific Trustee Meeting, a matter to be decided at that Meeting or for future Meetings. A specific resolution is necessary for alternative voting for Trustee Meetings at any one given time.

Any decision is to be passed at a Trustee Meeting by a simple majority of votes. It must be evidenced by dated minutes and signed by the chairperson of the specific meeting. Any decisions made at a valid Trustee meeting that may impact upon Member benefits, either directly or indirectly, must be notified to the Members within a reasonable period of time if they did not attend the meeting as Trustee or director of a Corporate Trustee. Where the Trustee is a Corporation, the constitution will qualify the voting and decision-making process for the Trustee.

Where the Trustee of the Fund is making any determination in respect of any Death Benefit payments, Incapacity Superannuation Benefits or other resolution with respect to a deceased or incapacitated Member's Superannuation Interests, the standard majority voting rule is not to apply at a Trustee meeting. In this event only the deceased or disabled Member's Legal Personal Representative is able to vote on matters dealing with the deceased or disabled Member's Superannuation Interests or Superannuation Benefits. In this respect however the deceased or disabled Member's Legal Personal Representative must be a Trustee. These provisos secure and protect the interests and wishes of the deceased or incapacitated Member.

### **SMSF Strategy Guide – Rule 17- Trustee to keep Accounts**

It is a requirement of the Superannuation Laws that the Trustee must keep accurate accounts for the Fund on an Income Year basis and for a period of at least five years. These include, but are not limited to the Fund's set of accounts, accounts for any Member Superannuation Interests, Reserve Accounts and any other Accounts that the Trustee may create.

The Trustee may determine the Value of the Assets of the Fund under a variety of principles including historical cost, market value or according to some other standard at a time the Trustee so determines or as the Superannuation Laws or Regulator require. The Trustee may also determine the value of the Assets of the Fund at different times.

The Trustee must appoint an Auditor each income year and ensure that the Fund's Accounts are audited in accordance with any Audit Standards and the Superannuation Laws.

### **SMSF Strategy Guide – Rule 18 - Fund Earnings**

The Trustee is to determine the method of calculating the Earnings of an Account relating to the Fund, a Member's Superannuation Interests or group of Members' Superannuation Interests or Reserve Account. For the purpose of the Rules of the Fund there are four methods that the Trustee may apply for determining Earnings for any particular Account:

**Method 1 - Accounts Method:** a determination of income according to established accounting principles for SMSF's or Superannuation Funds which may or may not include a revaluation of any Assets of the Fund to their market value less any Fund expenses;

**Method 2 -Trust Method:** net income is determined as the term "net income" is defined under the taxation of trust provisions of the Superannuation Laws;

**Method 3 - Income Method:** any amounts received as income plus any realised capital gains and at the Trustee's discretion any allocations from a Reserve Account less any disbursements the Trustee determines that should be deducted from income including any General or Specific Expenses; or

**Method 4 - Flexible Method:** any combination of the above or an alternative method that the Trustee is of the opinion suitably reflects Earnings of the Fund or an Account of the Fund. However, in the absence of any determination by the Trustee of its Earnings methodology, the Trustee is to use **Method 3 – the Income Method** as its default option.

Where Earnings are determined and declared by a Trustee on any Account, the Trustee, at its discretion and subject to the Superannuation Laws and the Fund retaining its Complying SMSF status, may allocate the Earnings to any Account whatsoever including a Reserve Account and the Account where the Earnings were derived.

### **SMSF Strategy Guide – Rule 19 – Accounting for a Member Lump Sum Superannuation Interest and Rule 20 – Accounting for a Member Income Stream Superannuation Interest**

The Superannuation Laws and these Rules allow the Trustee to create a Superannuation Interest on behalf of a Member either at the Member's request or at the Trustee's discretion. The two

types of Superannuation Interest that can be created in a Complying SMSF are a Member Lump Sum Superannuation Interest and a Member Income Stream Superannuation Interest.

Where a Superannuation Interest is created the Trustee is to establish an Account for each Superannuation Interest. Following the establishment of the Account, until terminated, the Trustee has the power under Rules 19 and 20 to add and/or deduct a variety of amounts from these accounts. Additions to these accounts are varied and include, but are not limited to, Contributions Splitting amounts, Family Law Splitting Payments and allocations from Reserve Accounts.

There is a broad measure of discretion in the Rules as to whether an amount is to be added to a Superannuation Interest and what category of Superannuation Interest. Once an amount is added to a Superannuation Interest it is vested and shall only benefit the Member, the Dependants of the deceased Member, the Member's Legal Personal Representative or deceased Member's Legal Estate. It is fixed in the Member's Superannuation Interest Account under Part 5 of the SIS Regulations 1994.

For each Superannuation Interest various expenses may be deducted on a proportional basis. Other Specific Expenses can be allocated to a particular Superannuation Interest Account as determined by the Trustee. Superannuation Income Stream and Superannuation Lump Sum payments are examples of Specific Expenses. Amounts such as an Excess Contributions Tax Release Authority may be deducted proportionally from all Member Superannuation Interests. Alternatively, amounts such as Excess Contributions Tax may be deducted from an Account for a specific Member's Superannuation Interest.

The Trustee is also required to determine the components of a Member's Superannuation Interest which may include:

- a) preserved, unrestricted non-preserved, restricted preserved or such other type of Superannuation Benefit as the Superannuation Laws allow;
- b) the untaxed taxable, taxable or tax free components as required by the Superannuation Laws.

### **SMSF Strategy Guide – Rule 21 - What happens to Taxes and Excess Contributions Tax?**

There are numerous Federal and State taxes and levies imposed upon the Trustee and Members of the Fund. These include, but are not limited to, income tax, capital gains tax, stamp duty, Contributions Tax and land tax.

The Product Disclosure Statement for the Simpler Super Rules notes that where the Trustee of the Fund retains Assets specifically to pay a current Superannuation Income Stream, any income or capital gains realised from a current Superannuation Income Stream's Assets are tax exempt.

The Trustee is also required to adhere to any Member's Excess Contributions Tax Release Authority. This is where the Member has been assessed by the Regulator to pay excess Concessional or excess Non-Concessional Contributions tax. This is not an impost on the Trustee but one that the Trustee must give effect to under the Superannuation Laws.

Where the Trustee receives a tax refund as a result of the payment of imputation credits from the Fund's investment in Australian listed company or managed funds the Trustee has discretion where to credit the amount of the tax refund. Where tax benefits attributable to a specific Superannuation Interest are utilised by an alternative Superannuation Interest the Trustee has the discretion to make a Tax Adjustment payment. This is not a mandatory requirement of the Trustee.

### **SMSF Strategies Guide - Rule 22 – Contributions Splitting**

The Superannuation Laws allow a Member of a Fund to split their concessional contribution with their Spouse, who may or may not be a Member of the same Superannuation Fund. The splitting is carried out by the Member providing the Trustee with a Contributions Splitting Notice. Once received the Trustee will Allot, transfer or Rollover the amount subject to the Contributions Split to the Spouse Member's Lump Sum Superannuation Interest.

### **SMSF Strategies Guide - Rule 23 – Family Law**

The Superannuation Laws allow a Member of a Fund or the Family Court to adjudicate or come to an agreement in relation to the split of superannuation matrimonial property. The Family Law Court or agreement may specify a percentage or \$split of a Member's Superannuation Interest. The Trustee must abide by this decision. However the Trustee should also take into account the provisions of Part 7A of the SIS Regulations 1994 which allow the Trustee to consider which Superannuation Interest the Family Law split should be taken from.

## ***Part Four – Paying Superannuation Benefits from a Member Superannuation Interest***

### **Purpose**

Where permitted under the Rules and in accordance with the Superannuation Laws, a Member may withdraw a Superannuation Lump Sum or commence a Superannuation Income Stream. However, it is not compulsory for a Member to immediately withdraw a Superannuation Lump Sum or commence a Superannuation Income Stream when they qualify to do so. In accordance with the Superannuation Laws the Member may retain their superannuation benefits in a Member Lump Sum Superannuation Interest until their death. At this time the deceased Member's Superannuation Interest would be paid by the Trustee of the Fund as a Death Benefit according to the deceased Member's SMSF Will, if any.

In accordance with the Superannuation Laws, circumstances that allow a Member to access Superannuation Benefits from their Superannuation Interests include:

- Temporary Incapacity - only as a Temporary Incapacity Superannuation Income Stream.
- Permanent Incapacity – as a Superannuation Lump Sum or a Superannuation Income Stream.
- While working and at preservation age – as a Transition to Retirement Superannuation Income Stream.
- Retirement – a Superannuation Lump Sum or a Superannuation Income Stream.

- Age 65 – a Superannuation Lump Sum or a Superannuation Income Stream.
- Terminal Illness - as a Superannuation Lump Sum or a Superannuation Income Stream.
- Death - Superannuation Lump Sums or a Superannuation Income Stream, subject to the Superannuation Laws.

### **SMSF Strategy Guide – Rule 25 – Accessing Member Superannuation Benefits**

At any time, upon satisfying a condition of release under the Superannuation Laws, a Member may seek to be paid a Superannuation Benefit from one or more of the Superannuation Interests held by the Trustee of the Fund on their behalf. However, it is not a compulsory requirement of the Fund for a Member, upon satisfaction of a condition of release, to automatically commence their Superannuation Benefit. A Member is entitled to maintain their Superannuation Interests for the benefit of their Dependants or Legal Estate in their event of their death. A member of the Fund can also Rollover or transfer their Transfer Superannuation Interest to an Eligible Entity. This Eligible Entity may include, but is not limited to, a complying Superannuation Fund or another Complying SMSF.

There are several circumstances where a Member of the Fund can officially access their Superannuation Benefits from their Superannuation Interests. These circumstances include, but are not limited to the following:

- Temporary Incapacity and Permanent Incapacity;
- Terminal Illness;
- Retirement or at aged 65;
- Under Severe Financial Hardship or on Compassionate Grounds;
- When a Member reaches Preservation Age and can commence a Transition to Retirement Income Stream.
- On the death of a Member of the Fund, numerous Superannuation Laws apply to the payment of Death Benefit Superannuation Lump Sums and Death Benefit Superannuation Income Streams. The Trustee shall pay due regard to any Member SMSF Will in making any Death Benefit payments. Benefits that may be paid at the time of the death of a Member include, but are not limited to:
  - *a Superannuation Lump Sum may be paid on the death of a Member to a Dependant, the deceased Member's Legal Estate, charity or public benevolent institution; and*
  - *Superannuation Income Stream may be paid to a Dependant for taxation purposes which includes all those persons who are Dependants but in the case of a Child, only a Child who is aged less than 18 unless they were financially dependent upon the deceased Member. Where an Income Stream is paid to a Child in accordance with the Superannuation Laws, it must be commuted no later than the 25<sup>th</sup> birthday of the Child.*

Subject to the Superannuation Laws and the Fund retaining its Complying SMSF status, a Dependant includes a Child of the Member, a person in an Inter-Dependant Relationship with the Member, any financial dependant of the Member irrespective of age and anyone who in the opinion of the Trustee is a Dependant of the Member.

The Member may request the Trustee to Allot, Rollover or transfer a Transfer Superannuation Interest for the benefit of a Spouse as part of the Contributions Splitting laws. Similarly, a Member can request the Trustee to Allot, Rollover or transfer a Transfer Superannuation Interest for the benefit of an ex-Spouse or Spouse pursuant to a Family Law Payment Splitting Notice. With respect to any Family Law Payment Splitting Notice, subject to the Superannuation Laws and the Fund retaining its Complying SMSF status, it shall be at the Trustee's total unfettered discretion as to how any Superannuation Interest or Superannuation Benefits are to be paid and to which Eligible Entity payment will be made.

## ***Part Five – Other Special Events***

### **SMSF Strategy Guide – Rule 26 – Winding up the Fund**

In accordance with the provisions of the Superannuation Laws the Fund will continue in perpetuity or until the Fund is wound up. The Fund may be wound up under the following circumstances:

1. On the death of the last remaining Member of the Fund any replacement Trustee or the Corporate Trustee determines that the Fund is to be wound up;
2. The Regulator or any other person or body authorised to wind up the Fund under the Superannuation Laws orders the Fund is to be wound up;
3. The Superannuation Laws are amended such that the Fund can no longer remain a Complying SMSF and the Members agree to wind up the Fund;
4. The Trustee simply resolves that the Fund is to be wound up.

In the event of the Fund being wound up the Trustee is to disburse any remaining proceeds, Cash or Assets of the Fund. Any remaining proceeds, Cash or Assets of the Fund may be distributed by the Trustee, subject to the Superannuation Laws, to any of the following parties:

- Members and former Members of the Fund;
- Relatives of any Member or former Member;
- to any Legal Estate of a Member or former Member; or
- to any other entity or any trust or entity of a charitable, public benevolent, sporting, animal or political nature as the Trustee sees fit.

### **SMSF Strategy Guide – Rule 27 – Changing the Fund's Rules or Name**

The Superannuation Laws regularly change. Trustees must maintain the Rules so they can implement and take advantage of any and all strategic possibilities the changing Superannuation Laws may allow. The Simpler Super Rules allow the Trustee to vary, change, delete from, add to

or otherwise amend or upgrade the Rules with simply a special resolution. This simple ability to vary, change, delete from, add to or otherwise amend or upgrade the Rules of the Fund is conditional upon such variation, change, addition to, deletion from or amendment not detrimentally affecting a Member's Superannuation Interest in the Fund.

There may also be Special Rules of the Fund that have been put in place regarding Assets Test Exempt Pensions, other Income Streams, a SMSF Will, a SMSF Life Will as well as things that the Trustee or Member was allowed to do but may no longer be allowed under the existing Superannuation Laws. Any variation to the Rules of the Fund must take into account the Special Rule.

The Trustee may change the name of the Fund at any time provided the Regulator is informed of the change in name within the period required under the Superannuation Laws – currently 21 days.

## ***Part Six – Rules Definitions***

### **Purpose**

Throughout the SMSF Strategies Trust Deed and Rules certain terms are mentioned on more than one occasion. These terms are important to the functioning and understanding of the Rules of the Fund. Such terms are defined in Part 6 of the Rules.

# Introduction

*\*This Product Disclosure Statement includes the important Commissioner's guide to SMSF Trustees which can be found at Appendix A.*

## 1. The Simpler Super Reforms

The Simpler Super reforms which commenced on 1 July 2007 are, by far, the most significant positive advances to the taxation and superannuation system in Australia's *history*. They will be watched closely by many other western countries to see if they meet the underlying objectives of the government's retirement incomes policy – to keep Baby Boomers working longer, encourage Australians to fund their own retirement and reduce reliance on the social welfare system.

So, what are some of the **Simpler Super** changes?

- *No tax on income, or lump sums taken from a complying superannuation fund post age 60.*
- *When a person who is 60 or older has all, or a significant majority, of their income producing investments in a superannuation fund, and their taxable income is less than \$6,000 per annum, they do not need to lodge an income tax return.*
- *A member of a fund who is age 55 and born before 1960 can access their super benefits as a low-taxed transition to retirement income stream, even while working full or part time. There is a 10% maximum limit on the amount of income the working member can take each year while working. Once they retire there is no limit on the amount of withdrawals.*
- *No tax penalties or limits on the amount of super benefits that can be withdrawn by members or their dependants and/or legal estate in the event of the member's death.*
- *Warehousing of super fund investments for the benefit of the next generation with the abolition of the requirement for superannuation benefits to be taken as a lump sum or pension at age 65.*
- *Relaxation of the assets test thresholds for social security purposes so that a home owning couple may be able to access a part pension while holding a significant parcel of assets.*
- *A significant number of superannuation fund members over age pension age will be able to access the health care card, telephone, and electricity allowances.*
- *Insurance premiums in the fund for death, permanent and temporary disability of fund members are tax deductible.*
- *Death and permanent disability benefits paid out during the working life of a member are proportionally tax deductible to the fund.*
- *Taking an accounts based pension or allocated pension from a fund that has upgraded to the SMSF Strategies trust deed means lower income levels while allowing unlimited*

withdrawals for retirees, those over age 65 or who are permanently incapacitated in addition to the terminally ill.

## **2. What is a Self Managed Superannuation Fund (“SMSF”)?**

A SMSF is a regulated superannuation fund with less than five members, who are primary family members or close associates. The sole purpose of the fund is to provide income streams and/or lump sum benefits to members where allowed under the Superannuation Laws.

The fund is an active collaboration of all members with each member, subject to a few exceptions, being required to become a Trustee of the fund or director of the fund’s Corporate Trustee. This guarantees the member’s involvement in the decision making process of the fund. All members of the fund, upon joining the fund and becoming a Trustee or director of a Corporate Trustee, agree to be bound by the Rules of the fund and the Superannuation Laws and declare that they have read the fund’s Product Disclosure Statement. They must also ensure that the fund remains a regulated and a complying SMSF under the Superannuation Laws.

The SMSF Strategies Rules which form part of the Fund’s trust deed, ensure that it is not the intent of the Trustee or director of the Corporate Trustee to provide benefits to members of the fund or others except where allowed under the Superannuation Laws. In addition it is not the intent of the SMSF Strategies Rules to allow the Trustee or director of a Corporate Trustee to breach any of the Superannuation Laws or become actively involved in a business.

## **3. Introducing the SMSF Strategies SMSF Trust Deed Package**

SMSFs bring control, flexibility and choice to Trustees and members of a SMSF. With the wide ranging changes brought on by the introduction of the Simpler Super laws, SMSFs are a perfect vehicle for a member to minimise their tax and maximise their superannuation and estate planning opportunities.

The SMSF Strategies Trust Deed package is a comprehensive range of specialist SMSF products tailored to the needs of the Trustee and members of the fund. The key components of the package include:

- 1. A SMSF Strategies trust deed**, where the Trustees of the fund choose to establish a SMSF. For Trustees with an existing trust deed, upgrading the Fund’s rules to the SMSF Strategies Rules enables the Trustee to take advantage of the comprehensive strategies found in the Rules. The SMSF Strategies Trust Deed detail the rights, benefits and entitlements of members as well as providing rules on what the Trustee can – and cannot – do. The Rules also include detailed strategy guidance notes to ensure that members and Trustees alike can understand the meaning of specific rules. The Rules are an important learning tool for Trustees and members.
- 2. A Product Disclosure Statement (PDS)** that details the important features, risks, disadvantages and advantages, Trustee responsibilities, the taxation of the fund and members, as well as the estate planning opportunities for Trustees and members using the SMSF Strategies Trust Deed. It is a requirement of the Superannuation Laws that the Trustee provides a member or prospective member of a superannuation fund with a

Product Disclosure Statement. This Product Disclosure Statement ensures the Trustee adheres to its Superannuation Laws obligations.

3. **A SMSF Strategies Trust Deed video** presentation by Grant Abbott describing the requirements of the SMSF Strategies Trust Deed, member's benefits as well as the responsibilities of the Trustee of the fund. The presentation may be found at [www.smsfstrategies.com](http://www.smsfstrategies.com)
4. **A SMSF Strategies special purpose SMSF Corporate Trustee** where the Trustees of the fund have decided to establish a special purpose Corporate Trustee to act in concert with the SMSF Strategies Trust Deed and Rules. Given that SMSFs operate beyond one generation it is imperative for a Corporate Trustee to be established to ensure longevity of the Fund as well as minimising any administrative or taxation problems when a member of the fund dies.
5. **A SMSF Will.** Superannuation benefits cannot be dealt with in a person's Will. However they can in a SMSF Will – a key feature of the SMSF Strategies Trust Deed package. The SMSF Will allows a member to make a binding non-lapsing death benefit nomination to the Trustee of the Fund in respect of their superannuation benefits in the event of the member's death. There is a wide range of options including the streaming of tax free/taxable components to various dependants and non-dependants, protection of specific assets in the fund as well as nominating a Replacement Trustee for the deceased member. There are numerous strategies that apply to the SMSF Will. With the Simpler Super reforms a SMSF Will is a crucial, if not compulsory option for all members of a SMSF.
6. **A SMSF Strategies trustee minutes package** where the trustee utilises special purpose minutes to facilitate a wide range of transactions that may be undertaken by the Trustee and members of the fund including commencing an income stream, taking a lump sum, making a contribution and other important Trustee and member dealings.
7. **SMSF Borrowing.** The SMSF Strategies Trust Deed package provides the necessary documentation, rules and requirements to enable the trustees of a SMSF to borrow in accordance with the provisions of the SIS Act 1993. Borrowings can be both from a traditional third party lender or from a related party. The purpose of the borrowing can be for the Trustee of the Fund to acquire residential and commercial property, listed shares, managed funds, artwork and any other asset acquisition permitted by the SIS Act 1993. The acquisition of property must conform to the Superannuation Laws.
8. **SMSF Pensions.** There are a wide variety of SMSF pensions available to members of the SMSF when they meet a condition of release of their superannuation benefits. These include the tax advantaged Transition to Retirement Income Stream. This can commence when a member of the Fund reaches preservation age (age 55 for those born prior to 1960) *even though they may still be working*. A SMSF pension may include reversionary beneficiaries that allows the transfer of the pension on the death of a member or the occurrence of some other event. The Simpler Super package offers a wide range of pensions and documentation facilitating pension roll backs, commutations and segregation of assets.

**A SMSF Life Will.** A member of a SMSF may become legally incapacitated and incapable of managing their own financial affairs including their superannuation benefits. A SMSF Life Will allows the member to plan for such an event with a binding non-lapsing nomination to the Trustee of the Fund in respect of what is to occur to their superannuation benefits in the event of the member's incapacity. The SMSF Strategies Trust Deed

package provides the tools and mechanisms for a member, with the agreement of the Trustee of the Fund to create a SMSF Life Will.

The SMSF Strategies Trust Deed Package is Australia's only comprehensive package of integrated SMSF documentation purpose built with the Simpler Super reforms in mind. It does not carry the legacy of the past. It is purpose built for the Simpler Super reform legislation. Additionally it is the only package in Australia of SMSF products and documentation that provides for both a SMSF Will and SMSF Life Will.

# **Product Disclosure Statement**

## **1. Introduction**

Self managed superannuation funds, or SMSFs, were first established in 1994. At 31 December 2008 APRA statistics show that there were more than 400,000 SMSFs holding \$320 billion in assets. These included cash, shares, managed funds, property trusts, commercial and residential property. The average size of a SMSF is \$80,000 and is increasing year by year. According to an Australian Stock Exchange Survey in 2003 there are several reasons why people choose a SMSF over retail or industry based superannuation fund:

- Control and active involvement
- Choice of fund investments
- Perceived superior performance compared to traditional superannuation fund managers
- Cost effective administration, and reporting
- Flexibility
- Estate planning
- Taxation and accessing low taxed benefits

The ASX survey also showed that SMSFs aren't for everyone. Becoming a member of a SMSF means that "you need to know what you are doing under the superannuation and taxation laws as well as in terms of investing."

One of the most significant requirements to being a member of a SMSF is that, generally a member must act as Trustee of the fund. However if a company is the Trustee of the fund, the member must become a director of the Trustee - being Trustee or director of the Corporate Trustee means taking responsibility for decisions regarding all the transactions of the fund. In addition where the Trustees are individuals the sole or primary purpose of the fund is to pay old age pensions. In contrast where the Trustee of the fund is a Corporate Trustee then the fund may pay income streams, pensions, lump sums and use the fund for estate planning purposes. This is one of numerous reasons why a Corporate Trustee is generally favoured over individual Trustees for a SMSF.

Transactions the Trustee must preside over include investment decisions, creating an income stream for members, accepting contributions, appointing professional advisors if and when required, understanding the Superannuation Laws, ensuring that the Trust Deed is current and completing a wide range of reporting requirements for the Fund. Many superannuation fund members may not want this responsibility. They may find an industry or retail superannuation fund better suited to their needs. A good publication published by the ATO detailing the legal responsibilities of being a SMSF Trustee, entitled "DIY Super. It's your money – but not yet." This can be found at [www.ato.gov.au](http://www.ato.gov.au) The Commissioners publication on Setting up a SMSF has

also been included at Appendix A and forms part of this PDS to ensure that members or potential members of the Fund are aware of their responsibilities as a Trustee to the Fund.

The document you are reading now is the Product Disclosure Statement (PDS), for the SMSF Strategies trust deed is written by Grant Abbott BEc LLM in conjunction with Ian Glenister LLB – Australia’s leading licensed SMSF Specialist Lawyer and Amreeta Abbott SSA – specialist SMSF Adviser. The PDS is required under the Corporations Act 2001 and is specifically designed to provide future and current members of the SMSF with information that enables them to make an informed decision regarding their superannuation interests and the interests of the fund. Such interests include, but are not limited to making a contribution to the fund, commencing an income stream, taking a lump sum, creating a “SMSF Will” and setting in place a SMSF disability plan or “SMSF Life Will”.

However, the better educated a member, Trustee or director of a Corporate Trustee is about SMSFs the better advantaged they are. With in excess of 3,000 pages of Superannuation Laws and Commissioner of Taxation Rulings, it is potentially perilous for a member Trustee to remain uninformed. The hazard of making a mistake, small or otherwise is that the Trustee of the fund may not only be liable to a substantial financial penalty (up to \$220,000) and possible imprisonment, but the SMSF may be rendered a non-complying superannuation fund. This means that the market value of the assets of the fund are included in the fund’s taxable income and taxed at 45% - a heavy penalty or duty by anyone’s standards. Ignorance is neither an excuse nor a defence – being informed is the only way to avoid this.

In addition to the PDS and the SMSF Strategies Trust Deed, which are educational in their own right, other SMSF resources that may prove useful as educational tools for Trustees and members includes:

1. [www.smsfstrategies.com](http://www.smsfstrategies.com) – provides a wonderful range of SMSF strategy and compliance TV programs for Trustees of an SMSF.
2. The Commissioner of Taxation continues to produce a number of important resources for SMSF Trustees – and professionals alike. The website address for ATO superannuation resources is [www.ato.gov.au](http://www.ato.gov.au).
3. The SMSF Strategies Trust Deed DVD – this DVD highlights the rights and entitlements of members and Trustees of a SMSF that use the *SMSF Strategies Trust Deed*. This DVD is available from your adviser, or you can find it at [www.smsfstrategies.com](http://www.smsfstrategies.com)

## 2. The SMSF Strategies Trust Deed

As already noted, being a Trustee or director of a Corporate Trustee requires various responsibilities. Of paramount consideration is to ensure that the Rules remain up to date (now required by the Commissioner), are known and understood by the Trustees and members, and that the Trustee abides by all of the Rules of the fund. However, the Rules of each superannuation fund vary. In many cases, this variance can be quite considerable. *If the Rules pre-date 1 July 2007, then they will limit the Trustee and members from accessing the wide range of tax, social security and other benefits under the Simpler Super reforms applicable from 1 July 2007.*

The SMSF Strategies Trust Deed is Australia’s first and only SMSF Trust Deed drafted specifically to cater for the Simpler Super reforms, also known as “Better Super”. They have been designed and written by Australia’s leading SMSF experts - Grant Abbott and Ian Glenister.

**Importantly**, the SMSF Strategies Trust Deed have been written in “plain English” terms. This allows members of the fund, the Trustees or directors of a Corporate Trustee to clearly understand how the fund is to operate, without having to learn an entire dictionary of technical legal terms or have a legal degree. In addition they qualify the member’s rights and entitlements under the SMSF Strategies Trust Deed. They also establish the obligations and responsibilities of both a member and Trustee or director of a Corporate Trustee of the fund.

Notwithstanding, the Rules of the fund the Trustees are subject to other laws including, the Superannuation Industry Supervision Act 1993, the Income Tax Assessment Act 1936, the Income Tax Assessment Act 1997, the Corporations Act 2001, the Social Security Act 1991, the Family Law Act 1975 and the various state based Trustee Acts. For the purpose of the SMSF Strategies Trust Deed and the PDS these are referred to collectively as the Superannuation Laws.

To optimise the advantages of the Simpler Super reforms, an upgrade of a pre-existing SMSF’s Trust Deed to the *SMSF Strategies Trust Deed* is a simple and inexpensive exercise. This enables the Trustee or director of a Corporate Trustee of a SMSF with an older Trust Deed to enjoy the benefits of the “Simpler Super” regime.

### **3. The SMSF Strategies Corporate Trustee**

One of the primary issues to be confronted when creating a SMSF is who is going to be the Trustee or Trustees of the fund. There are two options – the members themselves individually can be the Trustees or a Corporate Trustee may be established.

Although there is a small initial expense to create a company to act as Trustee there are significant taxation, practical and financial benefits in choosing to do so. These include:

- a) Access to the low taxation rates for both the SMSF Trustee on fund income as well as where benefits are paid to members as a lump sum or pension. The Superannuation Laws allow a member of a superannuation fund to retain their superannuation benefits, in part or whole, in their lump sum account beyond retirement and even up until they die. As noted earlier where the Trustees are individuals the sole or primary purpose of the fund is to pay old age pensions. To retain superannuation benefits in a Member’s lump sum account until death where the fund has individual trustees may see the fund lose all of its tax concessions
- b) Ease of administration where members move in and out of the fund. Over time members of the fund come and go whether as a result of marriage, divorce, death, disability or bankruptcy. A requirement under the Superannuation Laws is that the SMSF Trustee must hold all of its assets in the names of the Trustee. With each change of Trustee all share and unit holder registries, land title offices and the like must be notified of the change in Trustee holding. With a Corporate Trustee the Trustee remains constant even though the underlying directors may change on occasion.
- c) Trustees are potentially confronted with being sued should an event occur to an asset of the fund. For example the Trustee of a fund may own a residential property. As a result of an accident or for some other reason a tenant or visitor may sue under owner’s liability. The tenant may sue any individual Trustee personally while directors of a Corporate Trustee may seek the shelter of the corporate veil.

As with SMSF Trust Deeds not all companies are suitable to act as a SMSF Corporate Trustee. The SMSF Strategies Corporate Trustee, like the SMSF Strategies Trust Deed have been purpose built specifically for the Simpler Super reforms. Additionally, the company is to act exclusively as a Trustee of a SMSF not to be the Trustee of a family trust or to run a business. For members with an existing dormant or unwanted company, an upgrade to the company constitution to convert the company to a Simpler Super Corporate Trustee is a simple and inexpensive exercise.

#### **4. The SMSF Strategies Trust Deed Minutes Package**

In accordance with the SMSF Strategies Trust Deed and the Superannuation Laws any major decision by the Trustee must be made in a valid Trustee meeting and confirmed by minutes evidencing the relevant decision. The decision to be made by the Trustee may include the establishment of the fund's Investment Strategy, commencing a Simpler Super Income Stream for a member of the fund, accepting an in-specie contribution of shares or real property, creating a Reserve Account in the fund and appointing an Auditor. The list of activities is non-exhaustive. These decisions are to be made according to the Rules of the fund. *Different SMSF Rules require different treatment and documentation.*

The SMSF Strategies Trust Deed Minutes Package is a tailor made set of minutes and other documents, created by Grant Abbott and Amreeta Abbott of SMSF Strategies, vital to the operation of the specific SMSF as made out in the name of the Trustee. Not only does the SMSF Strategies Trust Deed Minutes Package provide definitive documentary evidence for the Australian Taxation Office when a SMSF is confronted with a compliance audit but they also provide a strong foundation in the event of member divorce, benefit splitting, death or termination of Membership.

#### **5. The Ten Benefits of a SMSF Strategies Trust Deed Fund**

Not all SMSF Trust Deeds are the same! There are a number of crucial strategic benefits offered by the SMSF Strategies Trust Deed:

**Benefit One: These are "Brand New" SMSF Strategies Trust Deed not just old SMSF rules with a band aid**

The internet has transformed universal contact. It has created a revolution in business, investment, education, entertainment, communication and all manner of lifestyle. How did we ever survive without the Internet? Those not prepared to embrace technological advancement are being left behind. The Simpler Super reforms are to superannuation what the internet is to communications and the availability of information. They change almost every superannuation fundamental by introducing revolutionary superannuation, retirement funding and tax reform. The SMSF Strategies Trust Deed is unique and designed to work exclusively with the Simpler Super reforms. They are not an upgrade or redraft of a set of SMSF rules that pre-date the Simpler Super reforms. This means they do not have residual issues or problems that can arise by attempting to incorporate new ideas and strategies to rules that had their birth many years ago.

**Benefit Two: Created by genuine SMSF Experts**

Grant Abbott BEc LLM has authored three editions of the CCH "Guide to SMSFs" and a second publication the CCH "SMSF Strategy Guide"- all of which have sold out. CCH is and has been the world market leader in professional publications for the accounting, financial planning and tax

professions for over a century. Only the leader in their chosen field of specialisation is asked to write a book on a subject for other professionals. Grant is Australia's leading authority on SMSFs. Since the advent of SMSFs in 1994 Grant has delivered more than 1,000 presentations and training courses to SMSF professionals and Trustees.

Ian Glenister B.Juris LLB has been involved with SMSFs for more than a decade. His firm, Glenister & Co provides specialised SMSF documents to professionals and SMSF Trustees across Australia as well as SMSF estate planning advice. He is in demand as a speaker and brings strong SMSF legal understanding and strategic drafting skills to the SMSF Strategies Trust Deed Package.

Amreeta Abbott SSA brings a wealth of client SMSF advising skills to the SMSF Strategies Trust Deed package and has designed the ancillary documents to fit with the SMSF Strategies Trust Deed and Corporate Trustee. These documents ensure that a Trustee meets not only strict compliance requirements but builds a strong documentation trail for generations to come.

### **Benefit Three: Access to ongoing SMSF Education**

The SMSF Strategies Trust Deed is not just another MSF Trust Deed. They are flexible, easy to read and designed for the future. As new strategies are discovered or the meanings of various SMSF laws are clarified by the ATO, Trustees need to stay informed. Trustees, as users of the SMSF Strategies Trust Deed have access to the wide range of complimentary SMSF strategy programs at SMSF TV on [www.smsfstrategies.com](http://www.smsfstrategies.com), bi-monthly SMSF strategy newsletters and regular DVDs on specific SMSF topics including SMSF Estate Planning, SMSF Insurances and SMSF Income Streams. Importantly the various SMSF strategies taught by Grant Abbott, Ian Glenister, Amreeta Abbott and other SMSF specialists can only be used with the SMSF Strategies Trust Deed.

### **Benefit Four: Built for many Generations**

Once established, the SMSF Strategies Trust Deed are purpose built to provide current and future generations of a family with tax free lump sums and income to be used when family members reach age 60. Children will follow their parents and grandchildren will follow their grandparents into the fund. Although there is a current limit on four members per SMSF, the SMSF Strategies Trust Deed can accommodate more than four family members in the event the government changes the Superannuation Laws to allow a SMSF to have five or more family members. The SMSF Strategies Trust Deed also allows a family to establish linked multi-SMSFs at any time including upon death or incapacity.

### **Benefit Five: Placing SMSF control in the right hands**

In the past there have been occasions where the wishes or requirements of a Fund member, for whatever reason, have not been adhered to by the fund's Trustee. This may occur with a members' divorce, death or legal incapacity. How can this occur? Many SMSF trust deeds provide a single vote per Trustee at a Trustee meeting. In a case of separation or divorce with two Trustees at odds this can herald disaster. The Trustees of the fund may become deadlocked and the assets of the fund put at serious risk. Similarly there are many SMSF trust deeds where, without undisputed agreement by the Trustees, there is no ability to appoint a replacement Trustee such as the deceased member's executors to oversee a deceased or incapacitated member's wishes.

The SMSF Strategies Trust Deed provides each Trustee with voting rights based on the dollar value of the member's superannuation account balances to ensure that control of the fund remains

in the key member's hands. Additionally, in the event of member's death or incapacity the SMSF Strategies Trust Deed provides automatic Trustee replacement by the deceased member's executors to represent the deceased or incapacitated member. The replacement Trustee, in accordance with the SMSF Strategies Trust Deed, is provided with exclusive voting rights applicable to the deceased or incapacitated member's superannuation benefits.

#### **Benefit Six: Contribute Investments and other Assets as well as Cash**

The "life cycle" of many members revolves around education, employment or business involvement, superannuation guarantee contributions, marriage or lifetime partnership, the purchase of a residence with a mortgage, children and their education, investing, funding children's tertiary studies, making contributions to super, accessing superannuation benefits as an income stream or lump sum at retirement, incapacity and death.

The rate at which the "life cycle" occurs differs from member to member. Eventually, as a member reaches preservation age and can access their superannuation benefits, there is a tendency by the member to make larger and more frequent superannuation contributions. It is at this time the SMSF Strategies Trust Deed come to the aid of fund members by allowing them to transfer investments, even business real property, to their SMSF provided the Superannuation Laws are not breached. Stamp duty and capital gains tax considerations must always be considered in these circumstances.

#### **Benefit Seven: Wide range of Trustee investments allowed**

The choice of investments and control of the fund are some of the major motivating factors for members to establish a SMSF. Unlike the customary array of investments offered by a Trustee of a retail or industry based superannuation fund the SMSF Strategies Trust Deed expands the Trustees ability to invest in a wide and varied range of investments. Subject to the Superannuation Laws and the Fund retaining its Complying SMSF status a SMSF Strategies Trust Deed fund has the ability to invest in commercial assets, farms, options, futures contracts, property development and other joint ventures, art work and other collectibles, property syndicates, franchises, mining leases and many other tax effective investments. Significantly, the SMSF Strategies Trust Deed enables worldwide investment. They allow a Trustee the license to invest anywhere internationally.

#### **Benefit Eight: Flexible Superannuation Accounts**

Once a Member reaches preservation age it is now common practice for them to maintain both a lump sum and one or more superannuation income stream accounts. Additionally Trustee maintenance of one or more Reserve Accounts may occur. Each of these accounts is described as a Superannuation Interest, a new term that has emerged under the Simpler Super reforms. Subject to the Superannuation Laws, the SMSF Strategies Trust Deed provides the members of the fund with the opportunity of moving between their various superannuation interests as well as giving the Trustee the power to change assets between various fund interest accounts. This tactic enables the member to maximise their strategic superannuation opportunities.

#### **Benefit Nine: Flexible Superannuation Benefits**

The SMSF Strategies Trust Deed takes full advantage of the changes to the laws ushered in by the Simpler Super reforms. Members can access a wide range of superannuation benefits available for the first time including a transition to retirement income stream, an accounts based pension, accessing a lump sum at any time following a member's retirement, terminal illness or permanent

incapacity (as cash or in the form of a fund asset) or the member can just leave their superannuation benefits in the lump sum account to compound indefinitely.

### **Benefit Ten: Flexible SMSF Estate Planning**

One of the most significant changes to the Australian superannuation landscape introduced in the Simpler Super reforms is a member's ability to transfer their superannuation wealth via their SMSF to future generations. The SMSF Strategies Trust Deed is drafted to enable a deceased member's superannuation death benefits to be transferred to a spouse, lifetime partner, children plus any other dependants and non-dependants of the deceased member. Subject to the Superannuation Laws and the Fund retaining its Complying SMSF status the payment of a member's superannuation death benefit may be way of lump sum or an accounts based pension. The benefits can also be paid via the estate of a deceased member or in accordance with a Testamentary Trust established in the deceased's member's will.

The SMSF Strategies Trust Deed has also introduced Australia's first "SMSF Will" where a member may provide a set of specific instructions to the Trustee of the fund to be followed at the time of the member's death. The Trustee, if they accept the SMSF Will, is bound by those instructions. They may include the provision for the payment of death benefits in a manner and form described under the SMSF Will, who is to be the replacement Trustee, which specific superannuation interest a death benefit is to be paid from or whether it is to be made by way of a distribution of a specific asset of the Fund. A SMSF Will can only be created under the SMSF Strategies Trust Deed.

# **SMSF Strategies Trust Deed - Key Features**

The following key features are by no means exhaustive. To understand all that is required of being a Trustee, the benefits and entitlements of a member and the various strategic opportunities with the SMSF Strategies Trust Deed, members and prospective members should also read the SMSF Strategies Trust Deed. The SMSF Strategies Trust Deed has been written in *plain English* and includes an Explanatory Memorandum to elaborate on what the Deed means and how they may apply to a particular member set of circumstances.

## **1. Benefits for Members at Preservation Age, Retirement, Death or Incapacity**

Subject to the Superannuation Laws and the fund retaining its Complying SMSF status, the sole purpose of the fund is to provide the members of the fund with the following benefits should they choose:

- An opportunity to commence a tax effective transition to retirement income stream once they reach preservation age. This is the case even though they may continue to work part time or full time and an employer or the member personally makes contributions into the fund.
- Lump sum or income stream benefits in the event of a member's retirement with benefits after age 60 tax free.
- Lump sum or income stream benefits at age 65.
- The ability to retain superannuation benefits in the member's lump sum account without any requirement to draw down upon the benefits. This account is known as a retirement accumulation account.
- The opportunity of leaving any superannuation benefits in the fund on the member's death directly to dependants, non-dependants or legal estate in the event of the member's death.
- Access to superannuation benefits where the member becomes temporarily or permanently incapacitated.
- Any other benefit allowed under the Superannuation Laws.

The Trustee is precluded from providing a superannuation benefit to a member except in the above circumstances. For example the Trustee cannot invest in art work and then allow the member to hold the art work at home without paying a market value lease fee. Even if a market value lease payment is made there is still a limit of 5% of the fund's assets that can be used by member or related parties. Importantly the Trustee is also not allowed to run an active business in the fund.

Importantly where the Trustees are individual persons, as opposed to a Corporate Trustee, some of the above benefits, such as the non-retirement lump sums and income streams may not be permitted under the Superannuation Laws.

***SMSF Strategy Guide:*** *A member is not required to take any of their superannuation benefits during their life and may use their SMSF as a legal tax effective estate planning vehicle should they choose. This is where a SMSF Will is an important tool to guarantee the distribution of superannuation benefits in the appropriate form and manner required by the member on their death.*

## **2. Members to be a Trustee**

All members of the fund, subject to some limited exceptions under the Superannuation Laws are required to become a Trustee of the fund or in circumstances where the Trustee of the fund is a Corporate Trustee, a director of the Corporate Trustee. The SMSF Strategies Trust Deed provides the following important exceptions to the member/Trustee rule thereby allowing a Replacement Trustee to be appointed in the place of the member:

- On the member's death, the Replacement Trustee or replacement director of the Corporate Trustee is the executor of the member's legal estate.
- Where the Replacement Trustee or replacement director of a Corporate Trustee holds the member's enduring power of attorney. As the member's legal personal representative ("LPR") they can act on the member's behalf.
- Where the member is a minor and not able to act as a Trustee or director of a Corporate Trustee, a Replacement Trustee or replacement director of a Corporate Trustee may be used including the minor's LPR or where there is no LPR, a parent or guardian of the minor.
- If the member of the fund no longer resides in Australia, they may put in place a Replacement Trustee or replacement director of a Corporate Trustee if their Replacement Trustee holds the member's enduring power of attorney and acts as their LPR. This is to ensure that the fund remains an Australian superannuation fund and retains the taxation concessions available to this type of superannuation fund.

## **3. Trustee Responsibilities and appointing SMSF Experts**

The Trustee is bound by **ALL** of the SMSF Strategies Trust Deed as well as the Superannuation Laws as they apply to SMSFs. The Superannuation Laws provide serious penalties for the Trustee including fines, penalties and in some circumstances imprisonment where the Trustee breaches the Rules and the Superannuation Laws. The Trustee has a range of important responsibilities, including amongst others:

- To be aware of, understand and act in accordance with the SMSF Strategies Trust Deed.
- To ensure that the Trust Deed of the fund is continuously upgraded to meet any changes and requirements of the Superannuation Laws.
- To abide by the Superannuation Laws.
- To document the fund's Investment Strategy and make investments for the fund according to the fund's Investment Strategy.

- To ensure that at all times the fund remains a Complying SMSF.
- To appoint SMSF experts to assist the Trustee in meeting its responsibilities. This includes an approved auditor, an accountant, a fund administrator, an investment strategist, a SMSF insurance adviser and a SMSF estate planning lawyer.

A trustee or director of a Corporate Trustee appointed after 1 July 2007 is required to affirm in writing as to the above. The affirmation is found in the ATO "Declaration for New Trustees of a SMSF".

#### **4. Trustee Investments and Investment Strategy**

The Trustee of the fund has broad investment powers under the SMSF Strategies Trust Deed and is able to invest in private or public company shares; cash and fixed interest; commercial, rural and residential property; unit trusts and pooled superannuation trusts and is able to engage in property development and other pursuits provided the investment is in accordance with the Superannuation Laws. The Trustee cannot run an active business.

The Trustee of the fund may also borrow to acquire an asset provided the acquisition of the asset is permitted by the Superannuation Laws – *see below*. The structure for any borrowing must be by way of a bare trust to ensure the borrowing is non-recourse. The borrowing may be from a bank, building society, non-bank or a related party. The Commissioner of Taxation has issued guidelines in relation to SMSF borrowing.

The Fund's Trustee can create separate investment strategies for each member of the fund. Alternatively a Trustee may establish separate investment strategies for differing member accounts including member's lump sum or income stream accounts. However this is not a mandatory requirement. The Trustee can use their power to create a pooled investment strategy for all members of the fund and all accounts provided the investment strategy meets the necessary requirements of the Superannuation Laws.

However any investment made by the Trustee must meet with the fund's written investment strategy. The Superannuation Laws establish requirement guidelines as to what must be contained in an investment strategy including:

- The risk involved in making, holding and realising, and the likely return from, the entity's investments having regard to its objectives and its expected cash flow requirements.
- The composition of the entity's investments as a whole including the extent to which the investments are diverse or involve the entity in being exposed to risks from inadequate diversification.
- The liquidity of the entity's investments having regard to its expected cash flow requirements.
- The ability of the entity to discharge its existing and prospective liabilities.

Once one or more income streams are commenced the Trustee of the fund may run separate investment strategies for members where they have a lump sum and an income stream account. This will require the Trustee creating and authoring separate investment strategies and appropriate

confirming documentation. There may be significant taxation and estate planning advantages in creating separate investment strategies for lump sum and income stream superannuation interests.

The Superannuation Laws provide further rules restricting certain investments made by the Trustee of a Complying SMSF:

- The Trustee cannot acquire an asset from a member or related party to the fund whether by way of purchase or as a contribution on behalf of a member. A related party includes a member or any other entity such as a family trust or family company where a member of the fund or Trustee has the ability to control the entity. There are exceptions to the rule which includes listed shares, managed funds, term deposits and business real property.
- The Trustee of the fund may not invest more than 5% of its assets as in-house assets. An in-house asset is defined in the Superannuation Laws to be an investment in, a loan to or a lease of fund property to a member or related party. This would include art work, loans, property and instances such as a holiday home or residential property where the member's children live. Excluded from in-house assets is business real property which may be leased back to a member of the fund or a related party entity.
- Any dealings the Trustee of the fund has with any related party or any other person must be at arm's length and meet the sole purpose test.

## 5. Making Contributions to a Complying SMSF

The Superannuation Laws allow the Trustee to accept contributions on behalf of a member under the following conditions:

**Table One – Contributions under the Superannuation Laws**

<b>Age of Member</b>	<b>Contribution condition</b>
Under age 65	No conditions.
Age 65 – 69	The contributions are made under an industrial agreement or the member is engaged in part time gainful employment being 40 hours of gainful employment or self employment over a 30 day period during the contribution income year.
Age 70-74	The contributions are made under an industrial agreement or the member is engaged in part time gainful employment being 40 hours of gainful employment or self employment over a 30 day period during the contribution income year and the contributions are made by a member or their employer.
After those times	Contributions may be accepted by the Trustee after these times if in the Trustee's opinion they relate back to an earlier contribution time in the Trustee's opinion or the contributions are made under an industrial agreement.

Spouse	The spouse must be under age 65.
Co-contribution	A contribution that meets the co-contribution guidelines has been made by the member to a complying superannuation fund.
No TFN	The Trustee may not accept a contribution where the member has not provided the trustee with their Tax File Number.
Contributions above the excess non-concessional contribution limit	The Trustee may not accept contributions in excess of the member's non-concessional contribution threshold. This limit is dependent upon the member's age at the time of making the non-concessional contribution.

The SMSF Strategies Trust Deed allows the Trustee of a fund to accept any contribution on behalf of a member, including both cash and assets provided the fund retains its status as a Complying SMSF. By writing the Trust Deed in this manner it ensures the Deed copes with future contribution law changes.

In terms of superannuation contributions splitting the Trustee of a Complying SMSF may accept a split of up to 85% of any concessional contribution made to the fund on behalf of a member in a prior income year. The member has the following income year in which to notify the Trustee of the desire to split. A concessional contribution is one that is assessable income of the Trustee of the fund. For more with respect to the "Taxation of a SMSF" see below. A non-concessional contribution may not be split with a spouse.

## 6. Superannuation Benefits - Lump Sums and Income Streams

Under the Superannuation Laws when a member of the fund meets a condition of release of their superannuation benefits they may take either a lump sum or an income stream. The conditions of release include amongst others:

- Temporary Incapacity and Permanent Incapacity – although only an income stream may be taken where a member suffers temporary incapacity and only to the extent that it compensates them for the loss of wages, salary or business profits;
- Retirement or at aged 65;
- Under Severe Financial Hardship or on Compassionate Grounds;
- Where the Member has been diagnosed with a terminal illness that in the opinion of two qualified medical specialists may result in their death within the following 12 months;
- When a Member reaches Preservation Age and commences a Transition to Retirement Income Stream – no lump sum is available.
- On the death of a Member of the Fund, numerous Superannuation Laws apply to the payment of Death Benefit Superannuation Lump Sums and Death Benefit Superannuation Income Streams. The Trustee shall pay due regard to any Member SMSF Will in making any Death Benefit payments. Benefits that may be paid at the time of the death of a Member include, but are not limited to:

- a Superannuation Lump Sum may be paid on the death of a Member to a Dependant or the deceased Member's Legal Estate; and
- a Superannuation Income Stream may be paid to a Dependant for taxation purposes which includes all those persons who are Dependents but in the case of a Child, only a Child who is aged less than 18 unless they are a financial dependant where the maximum age is 25. Where an Income Stream is paid to a Child in accordance with the Superannuation Laws, it must be commuted no later than the 25<sup>th</sup> birthday of the Child.

The SMSF Strategies Trust Deed allows the payment of a variety of superannuation income streams and pensions. However under the Superannuation Laws where an income stream is commenced after 20 September 2007 only account based income streams may be taken. An account based income stream requires a member to withdraw a certain percentage of their account each year based on the value of their account at the start of the year. The percentage that must be withdrawn depends upon the age of the person and is indicated as follows:

Age of Member	% of account for income
Under 65	4
65 - 74	5
75-79	6
80-85	7
85-89	9
90-94	11
95 or more	14

## 7. Taxation of the SMSF and Members

**SMSF Strategy Guide:** *The taxation benefits described in this section are available with the use of the SMSF Strategies Trust Deed and Package and cannot be guaranteed where other SMSF trust deeds are used, particularly those that pre-date 1 July 2007!*

The Simpler Super reforms have ushered in significant changes to the taxation of superannuation funds and their members. Detailed below are some of the important new Simpler Super tax laws that apply to the Trustee of a SMSF and its members.

### a) Taxation in the Fund

Where the Trustee of a SMSF complies with the Rules of the fund and the Superannuation Laws it should be treated by the Commissioner of Taxation as a Complying SMSF. This means that the Trustee of the fund is entitled to concessional taxation treatment. Broadly the tax treatment for the Trustee of a Complying SMSF is:

- Where the assets of a Complying SMSF are set aside to fund lump sum benefits for the members of the fund the Trustee is to include as assessable income - interest, dividends, rents and other items that would ordinarily be assessable to a taxpayer. In addition the Trustee is to include as assessable income those contributions made on behalf of a member of the fund by another person excluding spouse contributions, child contributions, government co-contributions and a rollover of superannuation benefits from another complying superannuation fund.
- The Trustee is entitled to claim a tax deduction for expenses in running the fund.
- If the Trustee pays life or disability insurance premiums they will be entitled to claim a tax deduction for the insurance premium.
- The Trustee is entitled to a 33 1/3% discount on any capital gains realised on lump sum assets.
- The taxation rate on the taxable income of a Complying SMSF is 15% less any tax offsets such as imputation credits or foreign tax offsets.
- Where the assets of Complying SMSF are held aside for use by the Trustee to pay current income streams then any income or capital gains realised on those investments is tax free. However imputation credits can still be used by the Trustee of the fund even though any dividend income is tax free.
- Imputation credits that remain unused will be refunded to the Trustee.
- If a member of the fund dies or becomes disabled during their working life and the Trustee pays out a lump sum benefit or an income stream, the Trustee may be entitled to a partial deduction for the payment.
- The SMSF Strategies Trust Deed provides the Trustee with the ability to create an anti-detriment reserve thereby enabling the Trustee to pay an anti-detriment benefit to a deceased member's dependants or legal estate. Any such payment will see the Trustee receiving a tax deduction equal to the amount of the payment divided by 0.15 – a \$100,000 anti-detriment benefit payment would result in the trustee of the fund receiving a \$666,667 deduction.

#### **b) Contributions to the SMSF for a member**

Where a contribution is made to the fund on behalf of a member, if it is made by an employer it is tax deductible. However, a contribution made on behalf of a spouse is not tax deductible but may entitle the contributing spouse to a tax offset. Where a member makes an employer salary sacrifice contribution to a Complying SMSF on their behalf this is not included in the member's assessable income or reportable fringe benefits.

Where the member makes a contribution on their own account, it is deductible to the extent that 10% or less of their assessable income and reportable fringe benefits comes from employment, being a director or where another person is required to make Superannuation Guarantee Contributions on the member's behalf.

Due to the generous taxation advantages attached to superannuation the government has introduced thresholds on both deductible (concessional) and non-deductible (non-concessional)

contributions. The table below highlights the thresholds and the tax penalties where the thresholds are exceeded.

**Table Two – Excess Contributions Tax**

Type of contribution	Threshold per annum	Excess Contributions Tax	Transitional Rules
Concessional	\$50,000*	31.5%	\$100,000 for over 50's to 2012
Non-concessional	\$150,000#	45%	To age 65 there is a three year bring forward rule which may apply.
Golden Handshake	\$140,000	45%	The pre 30 June 2007 golden handshake rules apply where a pre-existing contract at 11 May 2006 allows for a golden handshake.

\* the concessional contribution threshold is to be indexed to CPI but in \$5,000 increments.

# the non-concessional contribution threshold is three times the concessional contribution threshold.

**c) Benefits paid to a Member**

All of the benefits held on behalf of a member in the member's lump sum account are classified as a superannuation interest under the Superannuation Laws. If an income stream is commenced this is generally a separate superannuation interest where a separate amount is set aside by the Trustee of the fund. Any benefit paid from a superannuation interest may have a different tax free/taxable component proportion and thus different taxation consequences to the member or a deceased member's dependants, non-dependants or their legal estate.

**d) The proportioning rule**

Superannuation benefits whether taken as a lump sum or income stream are to be divided by the Trustee of the fund into a tax free and a taxable component. The proportion used is the same as the superannuation interest that holds the superannuation benefit.

For example, a 57 year old member of a Complying SMSF taking a transition to retirement income stream may have a tax free/taxable component proportion equal to 40/60. Any income stream benefit taken from that superannuation interest will be 40% tax free and 60% taxable component. This will include any commutation of the income stream at a later time once the member retires. At the same time as holding an income stream the member may also be making salary sacrifice contributions to the fund with all the contributions being taxable component. The proportion for the lump sum account is 100% taxable component. Any superannuation interest taken from the lump sum account will always be 100% taxable component.

The tax free component of a superannuation interest consists of two components:

- **The contributions segment** – this component represents any member contributions into the fund after 1 July 2007 for which the member has not claimed a tax deduction.

- **The crystallised segment** – this component is to be determined on 30 June 2007 in relation to lump sum superannuation benefits and represents the pre-83 component, the CGT exempt component, undeducted contributions, post June 1994 invalidity component and the concessional component of the lump sum account at that time. For income streams that were payable at 30 June 2007, transitional rules apply to enable the Trustee to determine the crystallised segment for the income stream where a specific trigger event applies including if they were over age 60 on 30 June 2007. Where a member holds an interest in a superannuation fund they should seek advice from their superannuation adviser in relation to the crystallised segment of their superannuation interests.

The tax free component also includes any government co-contribution. The taxable component of the superannuation interest is the value of the superannuation interest less the tax free component. The taxable component also includes any “splittable” contribution payment as well as any superannuation guarantee payment received by the Trustee.

**e) The taxation of benefits to a member**

Where a superannuation benefit is paid to a member, as a lump sum or income stream it will be taxed as follows:

- **Tax Free Component** - Any tax free component payable to a member or to dependants, non-dependants or the legal estate on the death of a member is always tax free in their hands. This includes both lump sums and income streams.
- **Taxable Component** - The following table highlights the taxation treatment of benefits payable to a member. It should be noted that the preservation age for a person born prior to 1960 is aged 55.

**Table Three – Taxation of the Taxable Component**

Type of Benefit	Under preservation age	Between preservation age and age 60	Age 60 and over
<b>Lump sum</b>	20%	First \$140,000 is tax free with any remainder taxed at 16.5%	Tax free
<b>Income stream</b>	Assessable income	Assessable income + 15% tax offset	Tax free
<b>Permanent disability income stream</b>	Assessable income + 15% tax offset	Assessable income + 15% tax offset	Tax free
<b>Temporary disability benefit</b>	Assessable income	Assessable income	Assessable income

## 8. SMSF Estate Planning with a SMSF Will

One of the most important benefits of using the SMSF Strategies Trust Deed is that it allows the member to provide death benefits directly to non-dependants, dependants and the legal estate of a deceased member.

The SMSF Strategies Trust Deed also introduces Australia's first "SMSF Will" where a member of a Fund can provide specific written instructions for the Trustee of the fund that must be followed in the event of the member's death. In effect the SMSF Will is a non-lapsing binding death benefit nomination made on behalf of the member. The Trustee, if they accept the SMSF Will, is bound by those instructions. They may include the provision of death benefits in a manner and form described under the SMSF Will, who shall be the replacement Trustee in the event of the death of the Member, which superannuation interest a specific death benefit is to be paid from and whether such benefit is to be made by way of a distribution of a specific fund asset. A SMSF Will can only be created in accordance with the provisions of the SMSF Strategies Trust Deed.

The SMSF Strategies Trust Deed and the taxation consequences for member death benefits are:

- A SMSF Will allows the Trustee of the fund to make lump sum payments by way of assets – called an "in-specie" death benefit payment.
- For taxation purposes, a lump sum can be paid to a dependant or the Trustee of the legal estate who may pass them on directly to a dependant of the deceased member. Alternatively the Trustee of the legal estate may create a trust to hold only the superannuation death benefits for dependants only. In these circumstances any lump sum death benefits payment is tax free.
- Lump sum payments made direct to non-dependants are taxed at 16.5% on the taxable component (including Medicare levy) with no tax on the tax free component.
- A SMSF Will allows the Trustee of the fund to provide an income stream to a tax dependant of a member. This income stream is known as a reversionary income stream. If the deceased member was over age 60 at the time of death or the dependant was over age 60 at the time of commencement of the income stream then the income payments are tax free to the dependant. If the dependant is able to convert the income stream into a lump sum the lump sum payment would be tax free.
- If the reversionary pension member (deceased member's dependant) is less than aged 60, as was the deceased member, then the taxable component of the income stream is assessable with a 15% tax offset.

**Strategy Guidance Note:** *A SMSF Will and any corresponding death benefit payments from a SMSF fall outside any external Will the member may have put in place. Importantly, the Trustee is not legally bound by any direction the member may have made in the Will regarding their superannuation benefits.*

*The Superannuation Laws define a dependant to include a spouse, child, a financial dependant or a person who has a close interpersonal relationship with the member. However for taxation purposes a "dependant" includes a spouse, a child under the age 18, a person who the member has a close interpersonal relationship with as well as any person who is a financial dependant.*

*Thus a child over age 18 would be considered a non-dependant for taxation purposes unless they were a financial dependent.*

## **9. Costs of running a SMSF**

There are a range of costs associated with establishing, operating and maintaining a SMSF. The level of costs incurred will also depend on the extent that the Trustee has sought expertise in ensuring the fund remains complying and also has the best possible strategic set up for the Trustee and members. These costs should be compared carefully to the costs associated with being a member of an industry based or retail superannuation fund.

Saving on not getting the best possible advice or for that matter, acquiring the most strategic and up to date SMSF Trust Deed and Rules is a false saving as it limits far larger taxation savings as well as opening up the Trustee to potential fines, imprisonment and having the fund's assets subject to tax as a non-Complying SMSF. The extent of the costs will depend on the specific service provider and Trustees should discuss all costs with their SMSF professionals.
