Some benefits and features of your cover change at certain ages

Some benefits and features of your cover change or end at certain ages. This reminder includes a summary, but please check your PDS and policy schedule to make sure you understand the impact of any changes.

- You can increase cover without health assessment under the Future insurability features up to the policy anniversary when the life insured is 54.

An Inflation protection increase has been applied to your policy

Your policy has in-built inflation protection to help maintain the value of your cover over time. If you opt out of inflation protection, your future insurance cover might not give you the same real value as it would today. You don't have to accept the increase. If you'd like to maintain the same cover amount, or arrange a lower cover increase, please contact your local insurance specialist on 131 551 before the next due date so that we can reduce your premium.

Benefits of your policy

Some of the features of your policy include:

- Guaranteed renewal of your policy terms up until the expiry date, regardless of any change in health.
- Worldwide cover 24 hours a day, seven days a week.
- Cover increase without health evidence. For example if you've had a baby, a child start secondary school or a new mortgage you may be eligible for an increase in cover.

Good news, we've made some improvements which affect the cover provided under your policy. Please refer to the information about the changes set out under the heading 'Upgrades to your policy'.

The Life insurance code of practice is our promise to you

When you take out life insurance, it's important that you get the highest standards of service in all your dealings with us. That's why we've adopted the Life Insurance Code of Practice. It's the life insurance industry's commitment to mandatory customer service standards and it's designed to protect you, our customer. The Code can be found at fsc.org.au.

Upgrades to your policy effective from 29 March 2021

We continue to find ways to improve the terms of your policy. As your policy includes a guarantee of upgrade provision, the following changes apply to you automatically from 29 March 2021.

- We've updated the automatic reinstatement provision in your policy, allowing you 30 days to reinstate cover without assessment if you cancel it, provided you request reinstatement in writing and pay the outstanding premiums. If the cover is reinstated in this period, no benefits will be paid for an event which occurs or is apparent while the policy is cancelled.
- The Premium holiday feature has been re-named to better reflect the effect of pausing cover. This feature allows a break in cover (maximum of 12 months over the life of the policy) to ease financial pressure and is now known as Cover suspension. The feature is otherwise unchanged. Visit zurich.com.au/existingcustomers to access the Cover suspension application form which includes the terms and conditions.

At each anniversary, different factors can affect your premium

Your life insurance cover represents our promise to be there for you when it matters most, should you need to submit a claim. Maximising our ability to pay claims remains our unwavering priority and means our premium rates must reflect the true cost of providing that protection. Our premium rates aren't guaranteed and can change. If you'd like to know more about why premiums increase, please visit zurich.com.au/lifepremiums.

The in-built management fee increases annually on the anniversary of the policy.

Age increase

As we get older, the risk of death and illness generally increases and this is reflected in the cost of providing cover.

Inflation protection applies

Unless you have declined inflation protection, your cover amount will automatically be increased each year to ensure you're protected. We'll use the life insured's age at the date of the increase to calculate the cost of the extra cover.

You are currently paying: yearly via direct debit

We offer different payment options to suit you, whether it's monthly, quarterly, half-yearly or annually. Don't forget it's cheaper to pay annually.

Have your circumstances changed?

We understand that life's unpredictable. Fortunately, we're here to help. While we can't provide financial advice, we can alert you to features in your policy that could benefit you if you want to make changes or if you are finding it difficult to keep up with your premium payments.

This policy provides valuable insurance cover that will not change due to changes in health or pastimes. If you decide to cancel and apply for a replacement policy, the duty of disclosure will apply again and the new policy will be based on health and other circumstances at that time. A new policy may not cover conditions existing at that time which could result in you not being covered, paying a higher premium or having less comprehensive cover.

Contact your local insurance specialist today so we can ensure you remain protected without leaving yourself or your family financially vulnerable.

Bob's one of many Australians we've helped. This is his story.

In the early 90s my financial adviser suggested that I get life insurance. I thought it made sense, if something happens to me I want the family to be ok, as I was the sole provider.

One year off my retirement and I got the diagnosis of advanced metastatic prostate cancer. And as it was in the bones, it was too late for treatment of any kind. I called my adviser and shortly after the Zurich team contacted me, keeping me in the loop right through the claims process. It was actually the simplest part of all this and we had the money less than two weeks from when we lodged the paperwork. I now look back on how important that day was where Barry advised me to go with a Zurich life insurance policy which in the end paid an early claim, allowing me to leave my family financially stable.
