3. the liquidity of the entity's investments having regard to its expected cash flow requirements;
4. the ability of the entity to discharge its existing and prospective liabilities; and

The investment strategy of the Fund comprises of the following investments allocations:

Asset	Range

These ranges are purely indicative and the trustee may vary the allocations at any time if satisfied that the current market conditions or the Fund's circumstances warrant such a change. If the trustee wishes to invest outside the parameters set out above, the investment strategy of the Fund must be revised in writing and all decisions minuted.

The trustee may from time to time seek the professional advice of an Accountant, Solicitor of Financial Planner in the formulation of the investment strategy for the Fund.

In formulating, regularly reviewing and giving effect to the investment strategy the trustee has taken into consideration the relevant features of the investment types in accordance with both the Fund's objectives and the superannuation laws.

In formulating this investment strategy the trustee has considered:

1. risk and return of the investments;

2. diversification of the investments;
3. liquidity and cash flow requirements;
4. ability of the fund to discharge its liabilities; and
5. whether the trustee or trustees of the Fund should hold a contract of insurance that provides cover for one or more members of the Fund.

Policies:

The policies adopted by the trustee in order to achieve these objectives are:

1. regular monitoring of the performance of the Fund's investments including the rate of return in terms of income and capital growth, the risk profile of the investments, the overall investment mix, and the expected cash flow requirements of the Fund; and
2. balancing the Fund's investment portfolio due to changes in market conditions.

The trustee aims to ensure that investments of the Fund continue to comply with the overall strategy of the Fund. As a result, the trustee may review the investment strategy on an ongoing basis and at least annually. The trustee reserves the right to change the investment strategy of the fund at any time.
