Your self-managed super fund's contraventions of superannuation law

To whom it may concern,

We recently received an auditor contravention report (ACR) for THE TRUSTEE FOR RODRIGUES FAMILY RETIREMENT FUND. In this ACR, your auditor reported that your self-managed superannuation fund (SMSF) contravened superannuation laws during the 2021 financial year. The contraventions were reported as rectified.

As your auditor reported the contraventions have been rectified, on this occasion we've decided not to take any action on these contraventions.

What you need to do

You should consider talking to your tax agent, or an SMSF specialist, about developing strategies and implementing processes to prevent contraventions from happening in the future.

You're responsible for protecting the retirement savings of your fund's members, so it's important that you continue to meet your SMSF trustee obligations.

What happens next?

As you've taken action to rectify your contraventions, no further action will be taken on this occasion. However, in the future if you breach your trustee obligations, we may take compliance action which can include auditing your fund. This may result in serious outcomes which may place your fund's compliance status at risk.

For information about your rights and obligations go to ato.gov.au/taxpayerscharter

Yours faithfully,
Emma Rosenzweig
Deputy Commissioner of Taxation
