**Other Comments**

- **Spot:** The price for cash (immediate) settlement. The bullion market operates on a two-day settlement (the value date is on the 2nd business day following the trade date).
- **Trade Date:** Date on which the price was set.
- **Value Date:** Date on which payment of money and delivery of metal/currency occurs.
- **Bid:** The price at which an organisation will buy, that is, the price you will be paid if you sell precious metal.
- **Ask:** The price at which an organisation will sell, that is, the price you will pay if you purchase precious metal.
- **London Fix:** Please note that purchases on the fix incur a 'fix fee', which is normally USD 1.00 per ounce for gold, USD 0.10 per ounce for silver and USD 1.00 per ounce for platinum. As fix fees are not included in our London Fix price data, users wishing to determine the fix buying price (Ask) would need to add the appropriate fix fee.
- **Perth Mint Spot prices:** Before 21 June 1991, only opening AUD spot prices were recorded. After 21 June 1991, intra-day prices were recorded and the daily prices in the data is the average of these intra-day prices.
