Hi Team,

Regarding the contributions of the members, kindly reallocate all to Chris as non-concessional contribution instead of dividing equally between them. The reason is, John did not satisfy the "Work Test".

For the property valuation, the trustee believes that the value of Gatton property is not materially different from last year.

Regards, **Total Market Value of property at 24 Fitzgerald St as at 30/06/20 (exclude plant and equipment)**  
**= \$310,000 (WP600.2) - \$2,832.87 (WP45) = \$307,167.13**

# STEELEWELD SUPERANNUATION FUND

## NOTES TO THE FINANCIAL STATEMENTS

### FOR THE YEAR ENDED 30 JUNE 2020

---

#### 1. Summary of Significant Accounting Policies

The trustees have prepared the financial statements on the basis that the superannuation fund is a non-reporting entity because there are no users dependent on general purpose financial statements. The financial statements are therefore special purpose financial statements that have been prepared in order to meet the requirements of the Superannuation Industry (Supervision) Act 1993 and associated Regulations, the trust deed of the fund and the needs of members.

The financial statements have been prepared on a cash basis unless stated otherwise and are based on historical costs, except for investments which have been measured at market value.

The following significant accounting policies, which are consistent with the policies applied in the previous period unless otherwise stated, have been adopted in the preparation of the financial statements.

The financial statements were authorised for issue by the trustees/ directors of the trustee company.

##### a. Measurement of Investments

The fund initially recognises:

- i. an investment when it controls the future economic benefits expected to flow from the asset. For financial assets, the trade date is considered to be the date on which control of the future economic benefits attributable to the asset passes to the Fund; and
- ii. a financial liability on the date it becomes a party to the contractual provisions of the instrument.

Investments of the fund have been measured at market values, which refers to the amount that a willing buyer could reasonably be expected to pay to acquire an asset from a willing seller if the following assumptions are made:

- that the buyer and the seller deal with each other at arm's length in relation to the sale;
- that the sale occurred after proper marketing of the asset; and
- that the buyer and the seller acted knowledgeably and prudentially in relation to the sale.

Market value has been determined as follows:

- i. shares and other securities listed on the Australian Securities Exchange by reference to the relevant market quotations at the end of the reporting period;
- ii. units in managed funds by reference to the unit redemption price at the end of the reporting period;
- iii. fixed-interest securities by reference to the redemption price at the end of the reporting period;
- iv. unlisted investments are stated at trustees' assessment based on estimated market value at balance date or where necessary, an external valuer's opinion; and
- v. investment properties at the trustees' assessment of the market value or where necessary a qualified independent valuer's opinion at the end of reporting period.

Financial liabilities, such as trade creditors and other payables, are measured at the gross value of the outstanding balance at the end of the reporting period. The trustees have determined that the gross value of the fund's financial liabilities is equivalent to their market values. Any remeasurement changes in the gross values of non-current financial liabilities (including liabilities for members' accrued benefits) are recognised in the operating statement in the periods in which they occur.

##### b. Cash and Cash Equivalents

Cash and cash equivalents include cash on hand and at call, deposits with banks and short-term, highly liquid investments that are readily convertible to cash and subject to an insignificant risk of change in value.

**STEELEWELD SUPERANNUATION FUND**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2020**

---

**c. Revenue**

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Fund and the revenue can be reliably measured. Revenue is recognised at the fair value of the consideration received or receivable.

**Interest revenue**

Interest revenue is recognised in respect of fixed-interest securities, and cash and cash equivalent balances. Interest revenue is recognised as it accrues.

**Dividend revenue**

Dividend revenue is recognised when the dividend has been paid or, in the case of dividend reinvestment schemes, when the dividend is credited to the benefit of the fund.

**Rental revenue**

Rental revenue arising from operating leases on investment properties is recognised upon receipt.

**Distribution revenue**

Distributions from unit trusts and managed funds are recognised as at the date the unit value is quoted ex-distributions and, if not received at the end of the reporting period, are reflected in the statement of financial position as a receivable at net market value.

**Remeasurement changes in market values**

Remeasurement changes in the market values of assets are recognised as income and determined as the difference between the market value at year-end or consideration received (if sold during the year) and the market value as at the prior year-end or cost (if acquired during the period).

**Contributions**

Contributions and transfers in are recognised when the control and the benefits from the revenue have been attained and are recorded by the Fund, gross of any taxes, in the period to which they relate.

**d. Liability for Accrued Benefits**

The liability for accrued benefits represents the fund's present obligation to pay benefits to members and beneficiaries and has been calculated as the difference between the carrying amount of the assets and the carrying amount of the other payables and income tax liabilities as at the end of the reporting period.

**e. Goods and Services Tax (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or other payables in the statement of financial position.

**f. Critical Accounting Estimates and Judgements**

The preparation of financial statements requires the trustees to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future period affected.

# SMSF Tax Return

WP8.1  
**2020**

1 Jul 2019—30 Jun 2020

TFN Recorded

**PART A** ELECTRONIC LODGMENT DECLARATION (FORM P, T, F, SMSF OR EX)

This declaration is to be completed where the tax return is to be lodged via the Tax Office's electronic lodgment service (ELS). It is the responsibility of the taxpayer to retain this declaration for a period of five years after the declaration is made, penalties may apply for failure to do so.

**Privacy**

The ATO is authorised by the *Taxation Administration Act 1953* to request the provision of tax file numbers (TFNs). The ATO will use the TFNs to identify each partner or beneficiary or entity in our records. It is not an offence not to provide the TFNs. However, you cannot lodge your tax return electronically if you do not quote your TFN.

Taxation law authorises the ATO to collect information and to disclose it to other government agencies. For information about your privacy go to [ato.gov.au/privacy](http://ato.gov.au/privacy)

**The Australian Business Register**

The Commissioner of Taxation, as Registrar of the Australian Business Register, may use the ABN and business details which you provide on this tax return to maintain the integrity of the register.

Please refer to the privacy statement on the Australian Business Register (ABR) website ([www.abr.gov.au](http://www.abr.gov.au)) for further information – it outlines our commitment to safeguarding your details.

**Electronic Funds Transfer – Direct Debit**

Where you have requested an EFT direct debit some of your details will be provided to your financial institution and the Tax Office's sponsor bank to facilitate the payment of your taxation liability from your nominated account.

Tax File Number	Name of partnership, trust, fund or entity	Year
TFN Recorded	Steeleweld Superannuation Fund	2020

I authorise my tax agent to electronically transmit this tax return via the electronic lodgment service.

**Important**

Before making this declaration please check to ensure that all income has been disclosed and the tax return is true and correct in every detail. If you are in doubt about any aspect of the tax return, place all the facts before the Tax Office. The tax law provides heavy penalties for false or misleading statements on tax returns.

**Declaration - I declare that:**

- the information provided to my registered tax agent for the preparation of this tax return, including any applicable schedules is true and correct, and
- the agent is authorised to lodge this tax return.

Signature of partner, trustee or director	Date
---	------

**PART B ELECTRONIC FUNDS TRANSFER CONSENT**

This declaration is to be completed when an electronic funds transfer EFT of a refund is requested and the tax return is being lodged through the electronic lodgment service ELS.

The Trustees  
Steeleweld Superannuation Fund  
c/o P&Y Partners  
PO Box 466  
Kent Town SA 5067

Dear Trustees,

**SECTION 295.390 ACTUARY'S CERTIFICATE OF EXEMPT INCOME**

This certificate has been prepared for the Trustees of Steeleweld Superannuation Fund to certify the exempt income proportion in accordance with section 295.390 of the Income Tax Assessment Act ("ITAA") 1997 for the 2019/20 income year.

I hereby certify that the proportion of the applicable income of Steeleweld Superannuation Fund ("the Fund") for the year ending 30 June 2020 that should be exempt from income tax is: **95.310%**

This exempt income proportion does not apply to income earned on segregated current pension assets and segregated non-current assets.

Further details of my calculation and the information on which it is based are contained in the appendices and covering email. These form part of my report and should be read in their entirety.

- ◆ Appendix A: Information used to calculate the exempt income proportion
- ◆ Appendix B: Fund liabilities
- ◆ Appendix C: Exempt current pension income result and adequacy opinion
- ◆ Appendix D: Apportioning expenses

I confirm that this actuarial certificate has been prepared in accordance with Professional Standard 406 issued by the Institute of Actuaries of Australia and other relevant professional standards and guidance notes.

Yours sincerely,

**Doug McBirnie**, B.Sc. (Hons), FIA, FIAA

## Appendix A – Information used to calculate the exempt income proportion

### Fund data and financials

This certificate has been prepared at the request of, and based on data supplied by, P&Y Partners on behalf of the Trustees for the 2019/20 income year. A summary of the data supplied to us for the purpose of calculating the exempt income proportion is provided below:

**Name of fund:** Steeleweld Superannuation Fund  
**Fund ABN:** 38937828828  
**Trustee:** Steeleweld Pty Ltd

Member name	John Ivanovic	Christine Watson
Date of birth	17 Jun 1950	19 Nov 1950
Value of retirement phase income streams as at 1 Jul 2019	\$156,044	\$144,262
Value of retirement phase income streams at 1 Jul 2019 excluding liabilities in respect to segregated current pension assets.	\$156,044	\$144,262

The aggregate operating statement information is:

<b>Assets available at 1 July 2019</b>	<b>\$310,979</b>
<b>Plus</b>	
Non-concessional contributions	\$8,524
<b>Less</b>	
Pension payments and lump sum withdrawals	\$14,295
<b>Equals</b>	
<b>Balance before income and expenses</b>	<b>\$305,208</b>
Preliminary net income	\$6,141
<b>Gross assets available at year end (before tax)</b>	<b>\$311,349</b>

We understand that the financial information provided to us when applying for this certificate may be unaudited. Should the financial information provided to us change, as a result of audit or otherwise, this may affect the results of our calculations and we recommend you apply for an amended certificate.

Total Assessable Investment Income  
 Less: Total Deduction excl Depreciation

In addition to relying on the data provided to us, we have made the following assumption when completing this actuarial certificate:

- ◆ The tax exempt percentage calculation was completed based on the data supplied to us, no further assumptions were required.

The information provided to us indicated that this Fund did not have disregarded small fund assets, as defined in section 295.387 of the ITAA 1997. Based on the information provided to us, there were no segregated current pension assets or segregated non-current assets during the income year.

### Minimum pension standards

Based on the information provided, the Fund contains only accumulation and account-based type income stream benefits (commonly referred to as pensions). These include allocated pensions, market linked pensions, and account-based income streams (including transition to retirement pensions). The Fund contains no other types of income stream benefits such as defined benefits in growth or pension phase.

The Superannuation Industry Supervision (SIS) Regulations for account-based income streams include a requirement for a minimum amount to be paid to the member over the year depending on the member's age, opening account balance date of commencement. Where the minimum pension standards are not met the earnings on the assets supporting that income stream may not be eligible for an exemption from income tax, and the exempt income proportion shown in this certificate may not be correct. It was confirmed upon submission of the data for this report that all assets shown as supporting retirement phase superannuation income streams are eligible for an exemption from income tax by virtue of having met the minimum pension standards for the Income year. We have not checked that this is the case and recommend that the Fund's auditor satisfies him or herself that the relevant standards have been met.

## Appendix B – Fund liabilities

### Segregated current pension assets

Section 295.385 of the ITAA 1997 defines segregated current pension assets as those assets that are set aside to solely support retirement phase income streams. Assessable income (excluding non-arm's length income and assessable contributions) earned on these assets is exempt from income tax.

Guidance from the Australian Tax Office states that where a fund's only superannuation liabilities are in respect of account-based retirement phase income streams at a particular point in time, the fund's assets are deemed to be segregated current pension assets. The eligible income earned during a period where a fund is 100% in retirement phase is therefore exempt from tax under the segregated method.

An exception to the above is where a fund has disregarded small fund assets and is therefore unable to use the segregated method. Disregarded small fund assets are defined under section 295.387 of ITAA 1997 and apply where an SMSF or small-APRA fund have a retirement phase income stream in an income year and at the previous 30 June:

- ◆ A member of the fund had a total superannuation balance (including accounts outside that fund) of over \$1.6 million, and
- ◆ That member was the recipient of a retirement phase income stream in any fund.

We understand that this Fund did not have disregarded small fund assets in the 2020 income year.

Based on the information provided, our calculations assume that the Fund had no segregated current pension assets.

### Segregated non-current assets

Segregated non-current assets as defined in section 295.395 of ITAA 1997 are those assets set aside solely to support non-retirement phase superannuation liabilities such as accumulation interests. A separate actuary's certificate is required in order to segregate such assets. We understand that the Fund had no segregated non-current assets during the income year.

### Illustration of liabilities

The following chart illustrates the Fund's liabilities during the income year:

The green non-retirement phase liabilities represent accumulation interests, reserves and non-retirement phase transition to retirement income streams in the Fund over the income year. The grey unsegregated retirement phase liabilities represent retirement phase income streams that were not segregated current pension assets.

The liabilities shown in grey and green are those that are used to calculate the exempt income proportion. These liabilities are known as 'unsegregated' and eligible income earned on assets supporting these liabilities will claim ECPI based on the exempt income proportion in this actuarial certificate.

## Appendix C - Exempt income proportion results and adequacy opinion

### Exempt income proportion

Superannuation funds claiming exempt current pension income ("ECPI") under section 295.390 of the ITAA 1997, known as the proportionate or unsegregated method, are required to obtain an actuary's certificate prior to lodgement of the fund's income tax return. The proportion of the applicable income, excluding income earned on segregated current pension assets and segregated non-current assets, for the year ending 30 June 2020 that should be exempt from income tax is calculated as follows:

$$\frac{\text{Average value of current pension liabilities}}{\text{Average value of superannuation liabilities}} = \frac{\$292,728}{\$307,133} = 95.310\%$$

Within the requirements of legislation and the Fund's Trust Deed and Rules, the Trustees may have discretion about how income and expenses are allocated at the member level. We have not checked the terms of the Fund's Trust Deed and Rules. The daily weighted average calculation of the exempt income proportion provides a fair and reasonable method of apportioning these items between the member accounts at year end for income earned on assets that are not segregated assets and is provided below:

Member Name	John Ivanovic	Christine Watson	Fund
Exempt income proportion	49.698%	45.612%	95.310%
Non-exempt income proportion	1.837%	2.853%	4.690%

The above proportions are unlikely to be appropriate for allocating income earned on segregated assets.

### Calculating the fund's exempt current pension income for the purpose of your tax return

The exempt income proportion is applied to net ordinary assessable income including net capital gains, but excluding assessable contributions, non-arm's length income and income including capital gains or losses derived from any segregated assets. The Trustee would calculate ECPI as follows:

Total ECPI = Eligible income \* Exempt income proportion + Income on segregated current pension assets

Unutilised capital losses (except capital losses on segregated current pension assets) can be carried forward until they can be offset against assessable capital gains.

### Adequacy opinion and methodology

By definition, the liabilities of an account-based member interest or reserve at a particular time, in the absence of any unusual terms or guarantees, are equal to the value of the assets backing it. Therefore no specific assumption has been made (or is needed) regarding rates of return on the Fund's assets; pension increases; or the liability calculation discount rate. As such, I am satisfied that the amount of the assets at the end of the year, if accumulated together with the Fund's future earnings and contributions, will provide the amount required to discharge in full the liabilities as they fall due. No recommendation is needed with regard to future contributions.

The average values used in the exempt income proportion are determined using a daily weighted average calculation which takes into account relevant information such as the opening balances of each member account, any reserves, and the size and timing of any member transactions during the income year. Unless otherwise stated, all member transactions including pension commencements and commutations are assumed to occur immediately at the start of each day. More information on the methodology used can be found at <https://www.accurium.com.au/-/media/Accurium/Membership/methodology-guide>

## Appendix D - Apportioning expenses

### Methods for apportioning expenses

A superannuation fund can generally deduct expenses to the extent they were incurred in producing assessable income. Where an expense can be attributed to solely producing assessable income then it can be deducted from assessable income in its entirety. Where it is solely attributable to non-assessable income it is entirely non-deductible. However, expenses that cannot be attributed to solely producing exempt income or solely producing assessable income need to be apportioned to determine how much can be deducted.

A fair and reasonable approach must be used to determine what proportion of such an expense can be deducted. A common industry approach has used the tax exempt proportion provided in the fund's actuarial certificate to determine an appropriate deductibility proportion as follows:

$$\text{Expense deductibility proportion} = 1 - \text{actuarial exempt income proportion}$$

This generally represents the proportion of fund's total income that is assessable during an income year. It is therefore a fair and reasonable approach to apportioning an expense that relates to the whole fund for that income year.

However, superannuation liabilities supported by segregated current pension assets are excluded from the actuarial exempt income proportion calculation. This includes assets which were deemed to be segregated at a particular time due to the fund only having retirement phase superannuation liabilities at that time.

Where a fund does have segregated current pension assets, the approach above is likely to underestimate the extent to which an expense was incurred in producing exempt income, and therefore overstate the amount that can be reasonably deducted.

For those funds wishing to use the actuarial exempt income proportion as the basis for the deductibility of expenses we have determined below a deductibility proportion that takes into account all fund liabilities over the income year. This may be different to  $(1 - \text{actuarial exempt income proportion})$  where the fund has segregated current pension assets and may be a fair and reasonable deductible proportion for expenses which must be apportioned and relate to the whole income year.

### Expense deductibility proportion

The following deductible proportion has been determined based on all fund liabilities, including any segregated current pension assets identified in Appendix B, using the same methodology as the exempt income proportion described in Appendix C.

Expense deductibility proportion:	4.690%
-----------------------------------	--------

This is not intended to be tax advice and you should determine whether this deductible proportion is appropriate for this fund and for each relevant fund expense prior to use.

## KEY FACTS ABOUT THIS HOME BUILDING POLICY

Home Insurance - Building

Prepared on: 15 June 2017

THIS IS NOT AN INSURANCE CONTRACT

# STEP 1

## Understanding the Facts Sheet

This Key Facts Sheet sets out **some** of the events covered and not covered by this policy and other information you should consider. This sheet does not provide a complete statement of the cover offered, exclusions, conditions and limits that apply under the policy. You should carefully read the **Product Disclosure Statement (PDS)** and all policy documentation for more details.

# STEP 2

## Check the maximum level of cover and the events covered

Under this policy any amounts you set the maximum level of cover and your payout is limited to that amount.

Event/Cover	Yes/No Optional	Some examples of specific conditions, exclusions or limits that apply to events/covers (see PDS and other relevant policy documentation for details of others)*
Fire and Explosion	Yes	No cover for damage caused by soot or smoke, heat, smouldering, scorching or melting, where there were no flames. Explosion - no cover for any loss of or damage to the item that exploded.
Flood	Yes	No cover for oceanic activity, rising damp or seepage of water from the ground.
Storm	Yes	No cover for oceanic activity, rising damp or seepage of water from ground rain, the cost of removing or pruning fallen trees or branches or other objects that have not damaged the insured property.
Accidental breakage	Optional	Accidental breakage is referred to as accidental loss or damage & is an optional cover in this policy.
Earthquake	Yes	Cover is included for earthquake, natural landslip, volcanic eruption, hydrothermal activity or tsunami as a direct result of any of these events occurring, for up to 72 hours after the event.
Lightning	Yes	Cover is included for loss or damage to the insured property caused by storm, lightning, wind, hail, snow and storm water overflow from roof gutters and their downpipes or from the area immediately around the premises.
Theft and Burglary	Yes	No cover for any theft committed by a household member, tenant of your premises or people you or your tenant allow onto the premises.
Actions of the sea	No	No cover for any actions of the sea or tides or any other oceanic activity.
Malicious Damage	Yes	Malicious damage is referred to as 'intentional damage'. No cover for any loss or damage to the insured property intentionally caused by a household member or people you allow onto the premises.
Impacts	Yes	No cover for impact resulting from your actions, unless they were in relation to the operation of a vehicle.
Escape of liquid	Yes	Loss or damage to the insured property caused by escaping water that occurred suddenly and without warning; or slowly over a period of time and you could not have been reasonably aware of it.
Removal of debris	Yes	The most we will pay is 20% of the buildings sum insured. Not covered - part of any professional fees that is not directly related to the damage claimed for.
Alternative accommodation	Yes	Limited to a period of up to 12 months. Limited to 12% of the amount your buildings are insured for plus up to \$2,500 for pet accommodation.

\* This Key Facts Sheet is a guide only. The examples provided are only some of the conditions, exclusions and limits in this policy. You must read the PDS and policy documentation for all information about this policy.

## STEP 3 Other things to consider

### Limits

This policy has restrictions that limit your cover for certain events and items. For example, under the extra cover, removal of debris, the most we will pay is 20% of the buildings sum insured. To find out these limits you need to read the PDS and other relevant policy documentation.

### Excesses

If you make a claim, the excess is the amount you have to pay for each incident. A number of different excesses may apply in respect to this policy, for example in some circumstances an additional excess may apply in relation to the basic excess. You may be able to increase these excesses to lower your premium. For more detail, please read the PDS and other relevant policy documentation.

### Legal liability

This policy covers your legal liability when you are found to be legally responsible for damage or personal injury to a third party or their property. It is limited to \$20,000,000 (including all legal and defence costs and GST) in relation to your Home Insurance - Building policy. You should read the PDS carefully to determine the extent of this cover.

### Cooling off period

If you decide you don't want this policy within the first 20 calendar days from the policy start date, or the renewal date and you haven't made a claim, you can cancel it and receive a refund.

### Maximum level of cover offered by insurers

Insurers offer different maximum levels of cover in the event of the loss or destruction of your home including where:

- you set the maximum level of cover and your payout is limited to that amount\* (Sum insured).
- you set the maximum level of cover and the insurer may provide you with some agreed extra cover above that amount (Sum insured plus safety net).
- the insurer will cover all the costs to rebuild your home (Total replacement).

\* the insurer may provide some cover above this amount.

You should consider which type of cover is best for you.

Failure to adequately insure your home may result in underinsurance.

**Warning: this Key Facts Sheet sets out some of the conditions, exclusions and limits in respect to this policy. You should read the PDS and all policy documentation for all the conditions, exclusions and limitations of this policy that limit or exclude cover.**

## STEP 4 Seek more information

If you want more information on this policy contact us on Tel: Australia: 13 9684, International callers: +61 7 3719 4800.

For more information on choosing insurance and to better understand insurance visit the Australian Government website: [www.moneysmart.gov.au](http://www.moneysmart.gov.au)

The policy this KFS relates to is:

- Provided/Distributed by Youi Pty Ltd, licence No. 316551.
- Underwritten by Youi Pty Ltd, licence No. 316551

**What is covered?**

Insured Events occurring at the premises.

The amount you choose for Fixtures and Fittings Upgrade cover will be noted on your schedule.

**What is not covered?**

Any Contents items.

**4. Lessee/Tenant Default and Damage**

The following cover is subject to you fulfilling your responsibilities as a Landlord, as set out in the Your Responsibilities section.

**a. Lessee's Rental Arrears****What is covered?**

The specified events and corresponding periods of cover noted in the table below, where the property is rented out and where a lease is in place with your lessee.

The most we will pay for rental arrears is the lesser of \$1,000 per week or the amount noted in the lease. You can claim for rental arrears from the day following the lessee's rent 'paid to' date, through to whichever of the following occurs first:

- the end of the current lease;
- a lease with a new lessee starts; or
- the period of cover ends.

Specified Events	Period of Cover
Absconding: where your lessee vacates the buildings at any period during the lease without giving any notice.	6 weeks
Default: where your lessee occupies the premises without paying the agreed rental payments which leads to the termination of the lease either by a termination notice from your rental agent/property manager or court order.	15 weeks
Death of a lessee who is the only person listed on the lease.	15 weeks

**What is not covered?**

Rental arrears:

- for sub-let premises;
- where there has been a rent default with the current tenant prior to the Lessee's rental arrears cover starting; or
- where there is a delay of more than 4 weeks to take all action available to you to recover rental arrears in accordance with the relevant legislation in the State or Territory in which the property is located.

Costs relating to rental arrears for any amounts:

- more than what you are legally entitled to recover from the tenant due to non-compliance with the lease; or
- you are allowed to deduct from the bond to offset any rental arrears.

**b. Theft or Damage by Tenant****What is covered?**

Theft or damage to the insured property committed by your tenant or people your tenant allows onto the premises.
