Draft tax exempt income / taxable income proportions

This actuarial certificate is issued in respect of the full financial year. The tax exempt income proportion will apply to the income earned on fund assets which were not segregated assets in the selected financial year.

The draft tax exempt income and taxable income proportions at both member and Fund level are:

	Denise Frawley	Ray Frawley	Fund
Draft tax exempt income proportion	15.852%	15.132%	30.984%
Draft taxable income proportion	24.694%	44.322%	69.016%

Draft expense deductibility proportion

The result below is the proportion of fund liabilities over the financial year supporting non-retirement phase interests. For an expense that can't be attributed to solely producing assessable or exempt income, this proportion may be used to determine how much is deductible.

Draft expense deductibility proportion: 69.016%

You should determine whether this proportion is fair and reasonable for each relevant fund expense.

Disclaimer

By submitting this order you are confirming that all retirement phase superannuation income streams have met the Minimum Pension Standards for the financial year and so the assets supporting those pension liabilities are eligible to count towards claiming exempt income.

If any of the Fund's retirement phase income streams have not met the minimum standards for the year please call us on 1800 203 123 to discuss.
