Self-managed super fund trustee declaration

I understand that as an individual trustee or director of the corporate trustee of

Fund name

I am responsible for ensuring that the fund complies with the *Superannuation Industry (Supervision) Act 1993* (SISA) and other relevant legislation. The Commissioner of Taxation (the Commissioner) has the authority and responsibility for administering the legislation and enforcing the fund's compliance with the law.

I must keep myself informed of changes to the legislation relevant to the operation of my fund and ensure the trust deed is kept up to date in accordance with the law and the needs of the members.

If I do not comply with the legislation, the Commissioner may take the following actions:

- impose administrative penalties on me
- give me a written direction to rectify any contraventions or undertake a course of education
- enter into agreements with me to rectify any contraventions of the legislation
- disqualify me from being a trustee or director of a corporate trustee of any superannuation fund in the future
- remove the fund's complying status, which may result in significant adverse tax consequences for the fund
- prosecute me under the law, which may result in fines or imprisonment.

Sole purpose

I understand it is my responsibility to ensure the fund is only maintained for the purpose of providing benefits to the members upon their retirement (or attainment of a certain age) or their beneficiaries if a member dies. I understand that I should regularly evaluate whether the fund continues to be the appropriate vehicle to meet this purpose.

Trustee duties

I understand that by law I must at all times:

- act honestly in all matters concerning the fund
- exercise skill, care and diligence in managing the fund
- act in the best interests of all the members of the fund
- ensure that members only access their super benefits if they have met a legitimate condition of release
- refrain from entering into transactions that circumvent restrictions on the payment of benefits
- ensure that my money and other assets are kept separate from the money and other assets of the fund
- take appropriate action to protect the fund's assets (for example, have sufficient evidence of the ownership of fund assets)
- refrain from entering into any contract or do anything that would prevent me from, or hinder me in, properly performing or exercising my functions or powers as a trustee or director of the corporate trustee of the fund
- allow all members of the fund to have access to information and documents as required, including details about
 - the financial situation of the fund
 - the investments of the fund
 - the members' benefit entitlements.

I also understand that by law I must prepare, implement and regularly review an investment strategy having regard to all the circumstances of the fund, which include, but are not limited to:

- the risks associated with the fund's investments
- the likely return from investments, taking into account the fund's objectives and expected cash flow requirements
- investment diversity and the fund's exposure to risk due to inadequate diversification
- the liquidity of the fund's investments having regard to the fund's expected cash flow requirements in discharging its existing and prospective liabilities (including benefit payments)
- whether the trustees of the fund should hold insurance cover for one or more members of the fund.

Accepting contributions and paying benefits

I understand that I can only accept contributions and pay benefits (income streams or lump sums) to members or their beneficiaries when the conditions specified in the law and the fund trust deed have been met.

Investment restrictions

I understand that, as a trustee or director of the corporate trustee of the fund, subject to certain limited exceptions specified in the law, I am prohibited from:

- lending money of the fund to, or providing financial assistance to, a member of the fund or a member's relative (financial assistance means any assistance that improves the financial position of a person directly or indirectly, including the provision of credit)

- acquiring assets (other than business real property, listed securities, certain in-house assets and acquisitions made under mergers allowed by special determinations or acquisitions as a result of a breakdown of a relationship) for the fund from members or other related parties of the fund
- borrowing money (or maintaining an existing borrowing) on behalf of the fund except in certain limited circumstances (while limited recourse borrowing arrangements are permitted, they can be complex and particular conditions must be met to ensure that legal requirements are not breached)
- having more than 5% of the market value of the fund's total assets at the end of the income year as in-house assets (these are loans to, or investments in, related parties of the fund – including trusts – or assets subject to a lease or lease arrangement between the trustee and a member, relative or other related party)
- entering into investments that are not made or maintained on an arm's length (commercial) basis (this ensures the purchase or sale price of the fund's assets and any earnings from those assets reflects their market value).

Administration

I understand that the trustees of the fund must:

- keep and retain for at least 10 years
 - minutes of all trustee meetings at which matters affecting the fund were considered (this includes investment decisions and decisions to appoint members and trustees)
 - records of all changes of trustees, including directors of the corporate trustee
 - each trustee's consent to be appointed as a trustee of the fund or a director of the corporate trustee
 - all trustee declarations
 - copies of all reports given to members
- ensure that the following are prepared and retained for at least five years
 - an annual statement of the financial position of the fund
 - an annual operating statement
 - copies of all annual returns lodged
 - accounts and statements that accurately record and explain the transactions and financial position of the fund
- appoint an approved SMSF auditor each year, no later than 45 days before the due date for lodgment of the fund's annual return and provide documents to the auditor as requested
- lodge the fund's annual return, completed in its entirety, by the due date
- notify the ATO within 28 days of any changes to the
 - membership of the fund, or trustees or directors of the corporate trustee
 - name of the fund
 - contact person and their contact details
 - postal address, registered address or address for service of notices for the fund
- notify the ATO in writing within 28 days if the fund becomes an Australian Prudential Regulation Authority (APRA) regulated fund.

DECLARATION

By signing this declaration I acknowledge that I understand my duties and responsibilities as a trustee or director of the corporate trustee of the self-managed superannuation fund named on this declaration (or if the fund's name changes, that name). I understand that:

- *I must ensure this document is retained for at least 10 years or while I remain a trustee or director of the corporate trustee (whichever is longer) and, if I fail to do this, penalties may apply.*

the Trustee may, subject to the Superannuation Law, set aside that amount on separate trust, to hold the same together with any Earnings thereon for the benefit of the payer absolutely but with the same powers of investment, management and administration as the Trustee has in relation to the Fund, and such amounts shall not form part of the Fund.

24.7 Excess Contributions

- (g) Where the Trustee accepts an application under this clause, the Trustee must as soon as practicable, and in any case within 90 days after receiving the application, rollover or transfer to an Approved Benefit Arrangement or Allot the amount of the Splittable Contribution that is the subject of the application for the benefit of the Applicant's Spouse.
- (h) Before the Trustee Allots any amount under clause 24.8(g) for the benefit of the Spouse:

PRODUCT DISCLOSURE STATEMENT

1. ABOUT R & L HEGARTY SUPERANNUATION FUND

The R & L Hegarty Superannuation Fund (**Fund**) is a SMSF which was established on _____ pursuant to a Trust Deed. The information provided within this PDS has regard to and is aligned with the terms of the SMSF Trust Deed.

The Fund provides superannuation services to its members. The investment strategy of the Fund is set out in the fund's investment strategy which can be obtained by contacting the fund trustee. This strategy is developed to maximise the superannuation of Fund members.

2. HOW SUPERANNUATION WORKS

2.1 About Superannuation

Superannuation funds are long-term saving vehicles which are, in part, compulsory and are designed to provide an income to their members upon their retirement. Members' superannuation funds are 'preserved' until they meet a condition for release. This generally means that superannuation funds are preserved until the relevant contributing member reaches the relevant preservation age (56 to 60 years of age), depending on the member's date of birth. There are some special circumstances where members will be granted early access to their retirement benefits which enable them to withdraw funds before reaching their preservation age.

2.2 Self Managed Super Funds

Self Managed Super Funds (**SMSFs**) are superannuation funds which have up to four members and provide members with the ability to invest their super directly into a variety of assets that align with the funds' investment strategy. SMSFs offer a number of benefits to members, including tax concessions, control, tax management and estate planning.

2.3 Contributions

There are a number of ways in which you can contribute to a superannuation fund. These include, but are not limited to, employer contributions, voluntary contributions and government co-contributions. While there are no limits on the amount of superannuation you can accumulate over your lifetime, there are limits on your contributions to, and withdrawals from, your fund and the Government tax concessions that you may receive.

Generally, employers of employees who are employed and meet a minimum threshold will be required to make a minimum contribution (currently 9.5% of their employee's ordinary time earnings) into a superannuation fund (**superannuation guarantee contributions**). If you are an employee, it is likely that you will have the right to choose which superannuation fund that your employer directs your superannuation guarantee contributions into.

3. BENEFITS OF INVESTING WITH THE R & L HEGARTY SUPERANNUATION FUND

There are a number of benefits which you may have access to as a result of investing your superannuation funds with the Fund. These benefits include, but are not limited to, tax concessions, providing a secure income in retirement, greater control and investment choice, better tax management, creditor protection and estate planning.

4. RISKS OF SUPER

All investments carry risk. However different investment strategies carry different levels of risk, depending on the assets that make up the strategy. Assets with the highest long-term returns may also carry the highest level of short term risk.

It is important that you consider the risks of investing funds in a superannuation fund, as your choice may have a significant influence over your superannuation savings and your ability to adequately provide for your retirement.

When considering superannuation funds, you should be aware of the following risks:

- (a) The value of your investments will vary over time.
- (b) The level of your future returns may vary from those offered in the past.
- (c) Returns are not guaranteed – it is possible that you may lose money on your investment.
- (d) Superannuation laws may change in the future.
- (e) The amount of your future superannuation savings (including contributions and returns) may not be enough to adequately provide for your retirement.
- (f) The level of risk that is appropriate will vary from person to person, depending on a range of factors, including your age, investment time frames, where your other assets are invested and your risk tolerance.

Some of the significant risks of investing in the Fund are:

- (a) Market risk – returns may be affected by economic conditions, government regulation, market sentiment, events and other factors; and
- (b) Interest rate risk – Changes in the relevant interest rate may have direct and indirect impacts on investment value and return.

5. HOW WE INVEST YOUR MONEY

The trustee of the fund has formulated an investment strategy setting out the way in which it will invest the assets of the fund. The trustee reviews this strategy on a regular basis. A copy of the current investment strategy is available on request.

Where the fund offers different investment options, each investment option has a different level of risk and potential return associated with that option. You should consider the likely investment return, risk and investment time frame when choosing which option to invest in.

Where you fail to make a choice of where to invest your superannuation funds, your interest will be invested in accordance with the default investment option.

You may withdraw your funds from the Fund at any time, provided that written notice is provided to the Trustees and that reasonable time is provided to withdraw the funds.

Additionally, where the fund offers multiple investment options you may transfer your funds into other investment options at any time by making a request to the Trustees of the Fund in writing. This transfer will be made within a reasonable time of the request being made in writing and upon its receipt by the Trustees.

Reasonable consideration of labour standards or environmental, social or ethical considerations are taken into account in the selection, retention or realisation of investments in relation to the above investment options.

6. FEES AND COSTS

6.1 Consumer Advisory Warning

(a) Did you know?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns.

For example, total annual fees and costs of 2% of your fund balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100 000 to \$80 000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower contribution fees and management costs where applicable. Ask the Fund or your financial adviser.

(b) To find out more

If you would like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) website (www.fido.asic.gov.au) has a superannuation investment fee calculator to help you check out different fee options.

6.2 Fee structure

SMSFs can be costly to run depending on the size of the fund involved. The fees associated with a SMSF depend on the size of the fund.

These costs arise from establishing the trust, the administration of the trust, obtaining advice in relation to the trust, brokerage and commissions payable for the acquisition and sale of assets in the trust, insurance, audit and accounting fees and updating and maintaining the trust deed.

The costs associated with the Fund may be obtained via request to the Trustee of the Fund.

7. HOW SUPER IS TAXED

There are a number of ways that your superannuation funds may be taxed. As the tax treatment of superannuation is complex, it is recommended that you obtain advice from a financial advisor, accountant or tax agent in relation to tax matters.

You should provide us with your tax file number (TFN) to avoid paying a higher rate of tax on contributions or when accessing benefits. A failure to provide a TFN will result in us being unable to accept any personal contributions from your account. Additionally, it also makes it difficult to trace superannuation amounts.

Providing that the relevant before or after-tax contributions limit is not exceeded the following tax rules will apply:

- (a) The Fund will pay the tax related to your superannuation balance directly to the Australian Taxation Office (ATO).
- (b) Contributions made into the Fund prior to tax will be taxed at a rate of 15%.
- (c) Contributions made into the Fund after tax will not be taxed.
- (d) Earnings on your investment will be taxed at a maximum rate of 15%.
- (e) Withdrawals from your account will only be taxed if benefits are accessed prior to reaching the relevant preservation age. Upon reaching the prescribed preservation age, superannuation withdrawals will be tax-free.

If the before or after-tax contributions limit is exceeded, you will be liable for greater tax.

For more information on how tax applies to superannuation contributions, investment earnings and withdrawals, see www.ato.gov.au/super.

8. CHANGING INFORMATION

Information in this PDS may change. The Trustee will notify you of any changes that have a materially adverse impact on you or the other significant events that affect the information in this PDS.
